Our partnership with Vermont artist Laura Zindel began ten years ago when JK Adams first started carrying her pottery in our Dorset, Vermont flagship store. We have proudly carried many different shapes and designs of Laura's work over the years.

Laura has worked with us to create these stunning collections engraved on our wood products. Winter, Spring, Summer and Fall are highlighted throughout.

We hope you and your customers enjoy this selection of engraved instant heirlooms that are sure to be stunning showstoppers in any home.
