

SINGLE - USER
LICENSE

RHINO 9

Rhino licenses are upgradeable regardless of type. **You can get an academic update to the latest version if you are still a student or teacher**, or upgrade your license to the latest commercial version if you have graduated or hold an older professional license. You can also test and evaluate the new features using the trial version before completing your upgrade.[UPGRADE, EVAL, TEST]

You can use the **Educational and Commercial** license on Windows or Mac using a Rhino account with Cloud ZOO. However, you can only use one platform at a time; we will show you how to do it below.[UPGRADE, [EVAL, TEST, ZOO, CLOUD]

SINGLE - **USER LICENSE**

TIP: Use the magnifying glass icon in the toolbox to the left of the magazine to search.

1. First, go to **www.Rhino3D.com** and create your Rhino Account. Follow these instructions.
2. Select -> **sign in**

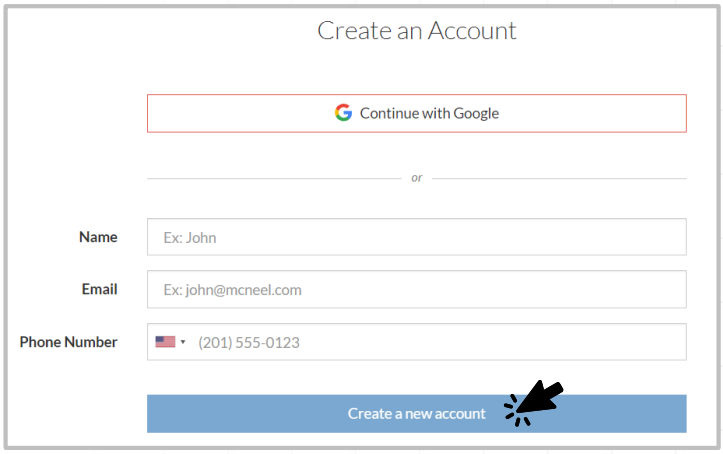

3. Select **"Login or Create a Rhino Account".** This link will take you to the page **accounts.rhino3d.com,** where you will need to enter your email address.

4. Select **"Create a new account"** to be directed to the account creation page. We will guide you through the process.

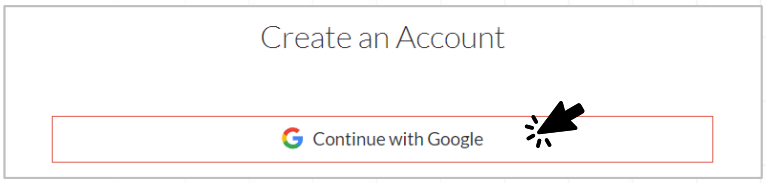

SINGLE - **USER LICENSE**

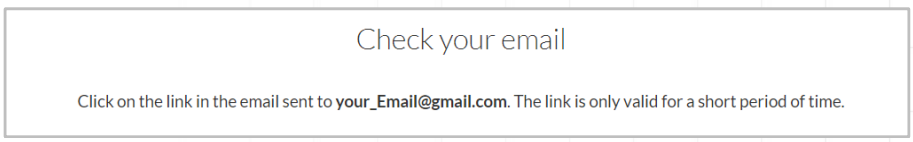

5. Carefully enter your information and double-check for accuracy, then select "**Create a new account.**"

6. Please note that you have the option to continue using your **Google** account.

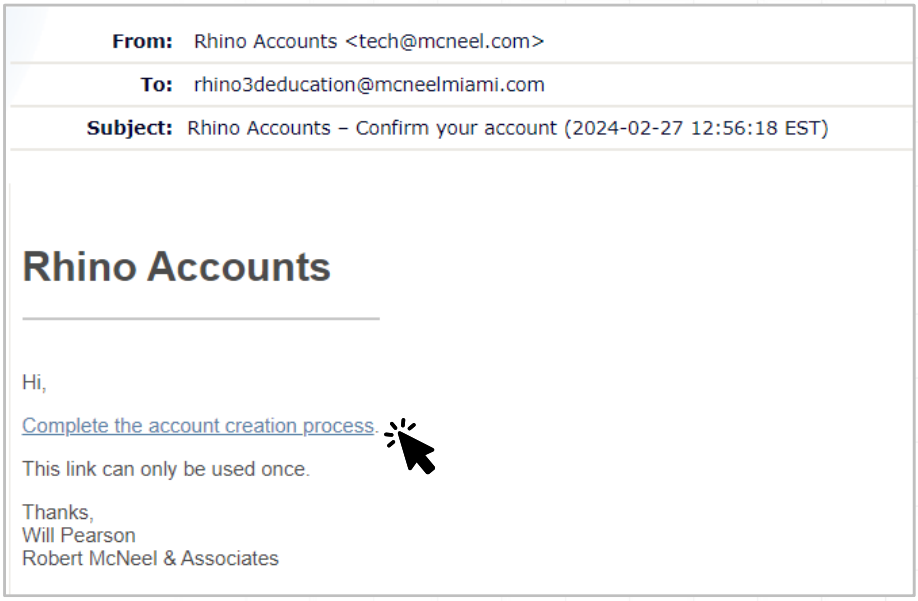

7. After confirming your information and creating your account, you will receive an email from **tech@mcneel.com**. It is essential to verify your account by clicking on the link provided in the email. You will only have a few minutes to complete the verification process. In case you do not see the email in your inbox, please check your spam folder.

SINGLE - **USER LICENSE**

8. Kindly check your email inbox and search for an email from tech@mcneel.com. You will need to click on the link in the email to verify your Rhino account.

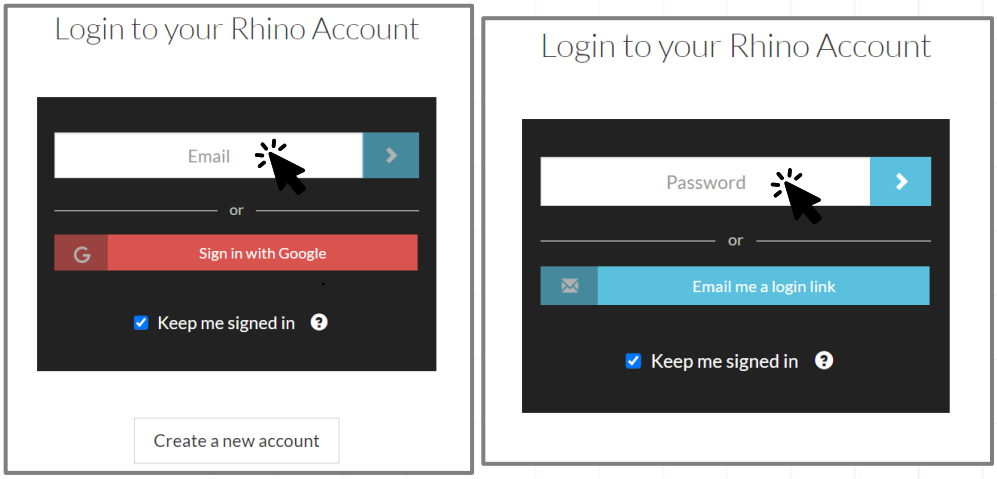

9. In your browser, a message will appear indicating that your account is ready to be edited. The first thing you need to do is **create and confirm your password**.

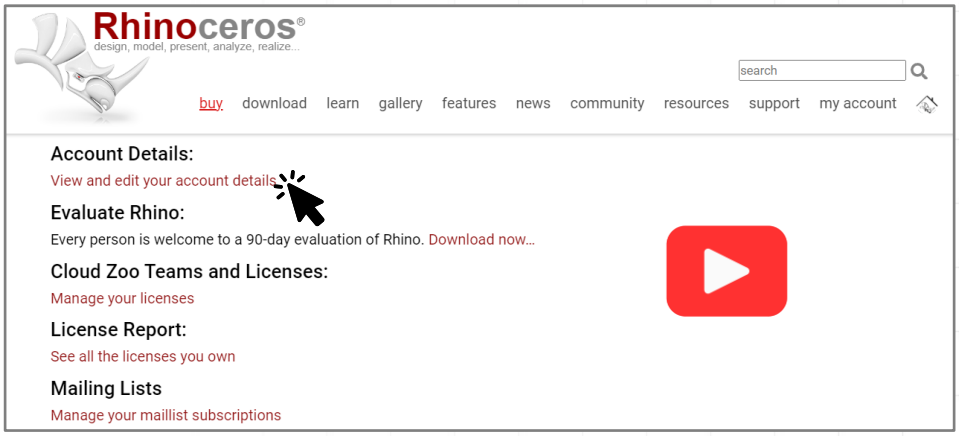

SINGLE - **USER LICENSE**

10. Congratulations on creating your **Rhino Account**! To access and edit your personal account details, please enter your email and password.

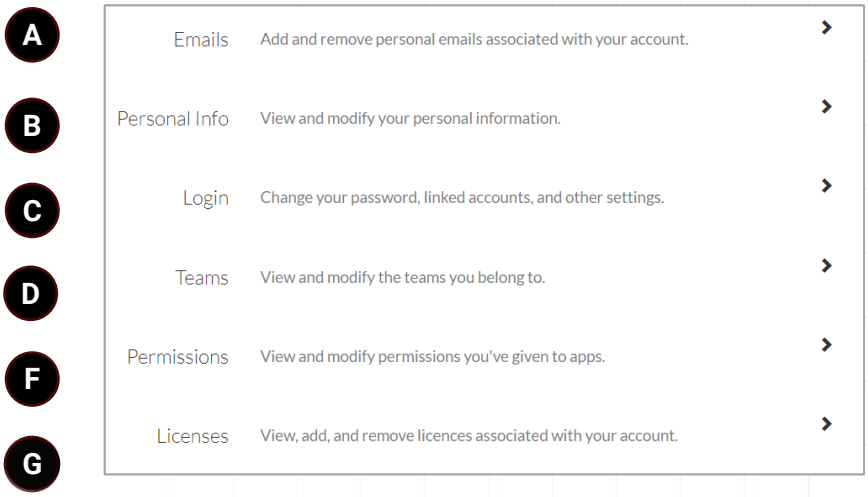

11. Now that you are logged into your **Rhino Account,** we can edit some of your personal information by selecting View and edit your account information.

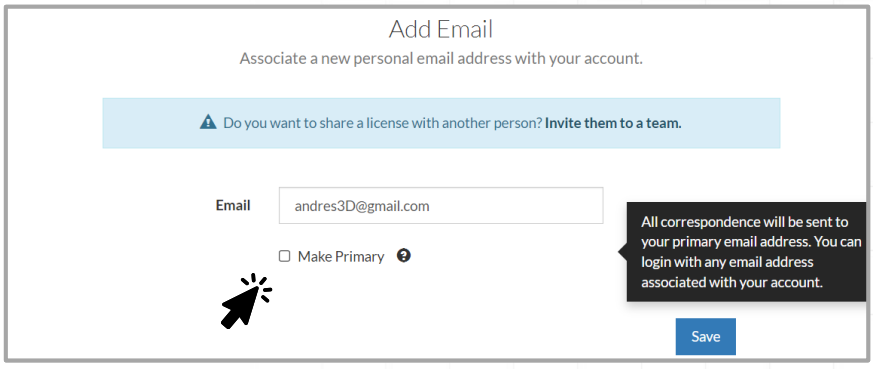

SINGLE - **USER LICENSE**

This is the account editing page. For security, **add another email**.

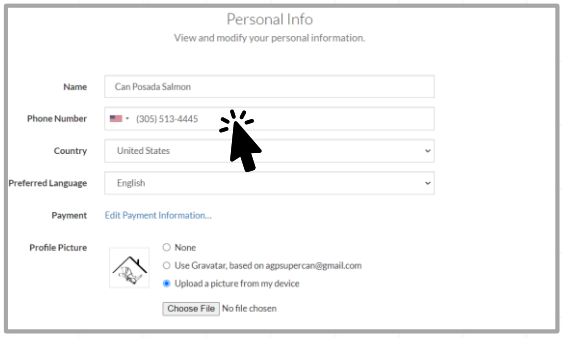

a) Please provide a second email address for security purposes or if your primary email address becomes inactive.

Please select which email will be your primary email, where all notifications and information about free updates available for your version of Rhino will arrive.

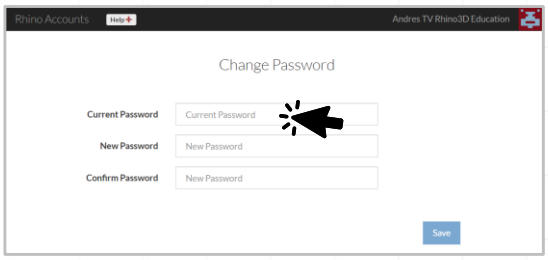

SINGLE - **USER LICENSE**

b) View and edit your personal information: name, phone number, country, language, and photo. [avatar]

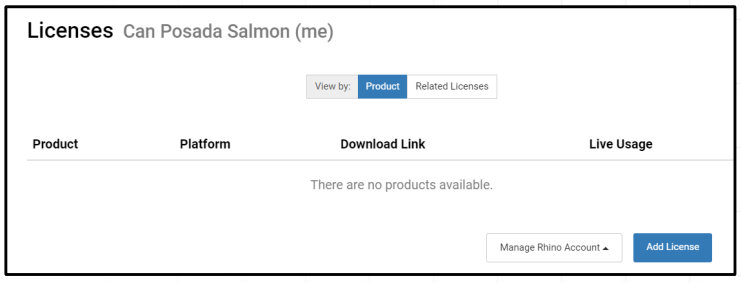

c) Change your password and make sure to save it securely. You may need it later.

d) It is not possible to assign single-user Educational and Commercial licenses to a TEAM in the **Cloud Zoo.**

e) View, add, and delete the license associated with your **Rhino Account**.

SINGLE - **USER LICENSE**

If you need to use **Rhino 8**, **Rhino 7** or Rhino 6, you don't need a legacy key. With your Rhino 9 license in your Rhino Account (Cloud Zoo), open the older Rhino and log in with the same Rhino Account.

1. **Add your Rhino 9 license to your Rhino Account.**
   Rhino Account > Licenses > Add license.

2. **Open Rhino 8, 7 or 6 on your computer.**
   Windows or Mac.

3. **In the license window, choose to use a Rhino Account.**
   Log in with the same email and password.

4. **Rhino runs with your Rhino 9 license.**
   One computer at a time - log out to use it on another.

SINGLE - **USER LICENSE**

Please take a moment to view these short videos, as they can be very helpful.

1. How to create a **Rhino Account**.

2. For security, add another **email address** to your Rhino account.

3. How to add a license to your **Rhino Account.**

4. Install and validate your **Rhino license**.

5. Get a Rhino 7 or Rhino 6 if I have a **Rhino 8 license**.[LEGACY KEY]

6. I have **lost or forgotten my password**. How can I retrieve it?

7. How to change your **password**.

8. **Choose the Rhino Account** that you would like to utilize.

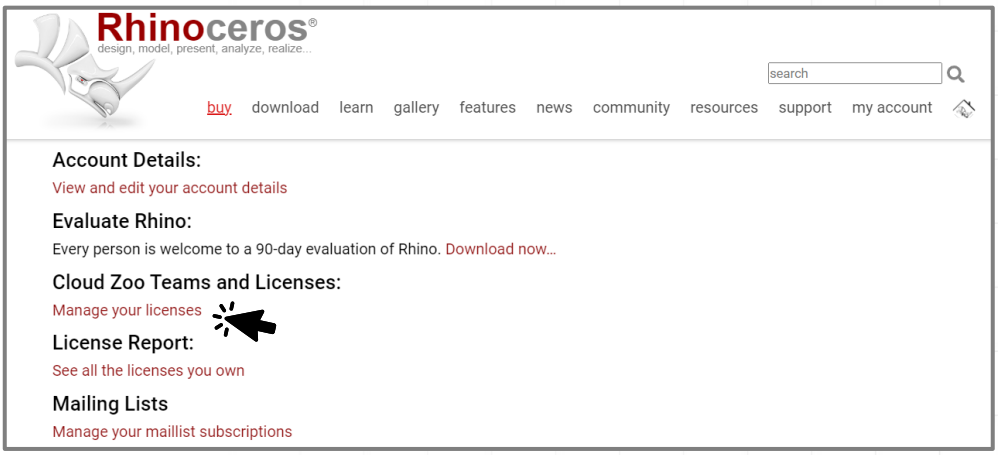

SINGLE - **USER LICENSE**

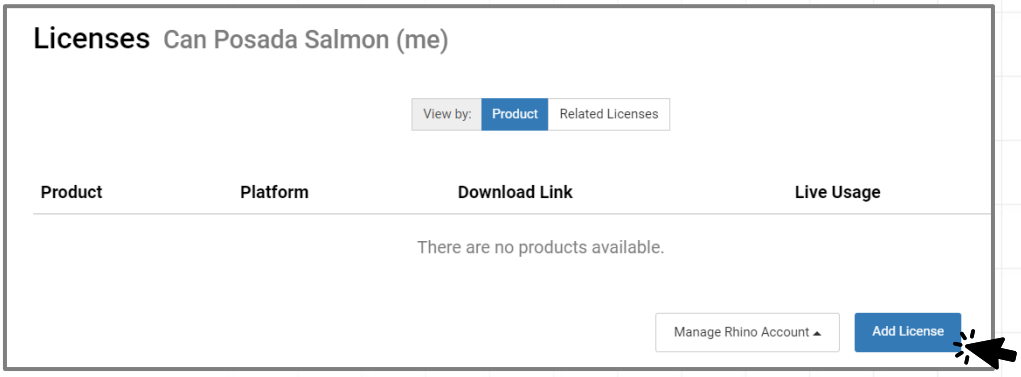

Here are the step-by-step instructions for **upgrading to Rhino 9** and **connecting it to a previous version of Rhino**.

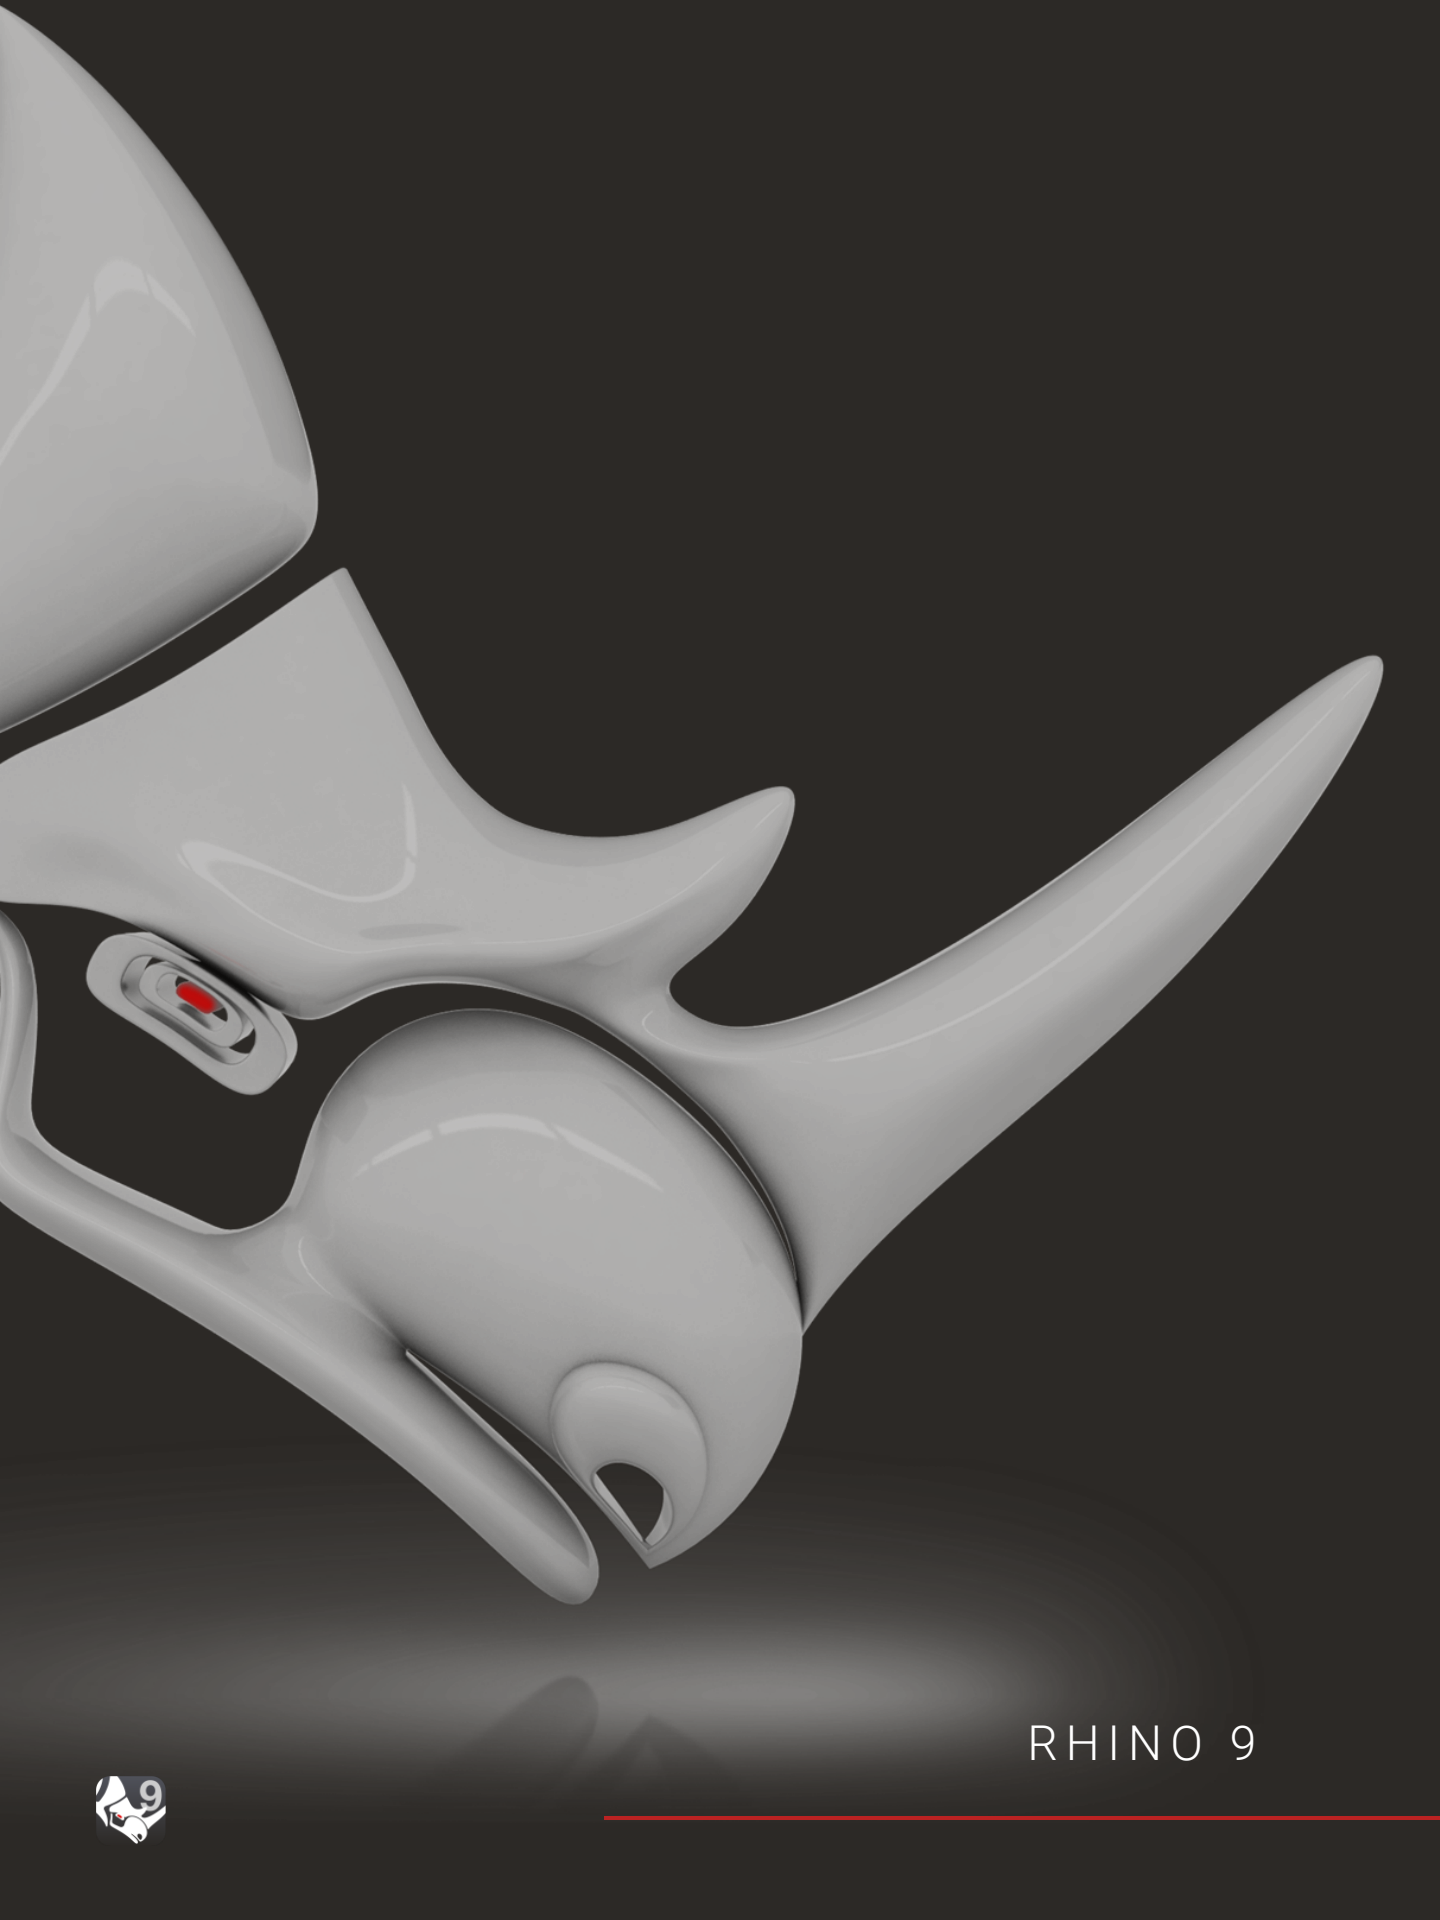

1. If you purchased an upgrade to **Rhino 9**, you must have had a license lower than 9. If you do not have a previous license, you will **not be able to install your upgrade**, and you will need to contact your representative.

2. Please log in to your **Rhino Account.**

3. Add your **upgrade license** to your **Rhino Account.**
