

CUITÉ

Cuité exala sua história. De fundação e desenvolvimento semelhantes aos de outras cidades do interior nordestino, suas singularidades e condições intransferíveis vêm se revelando nos eventos dos quais Cuité foi e é palco e nas vozes e expressões que tecem suas memórias.

Erguida sobre uma serra, a cidade normalmente apresenta clima ameno, vento frio e paisagens únicas - onde o céu, a vegetação típica e as construções de baixa estatura criam cenários oportunos à reflexão e à contemplação da vida e das belezas naturais. Aqui, cada rua (sem dizer nada) conta sua história, e cada pessoa (cedo ou tarde) um verso. Onde o passado e o presente de gerações dialogam em cima do mesmo chão e sob o mesmo céu, quase que diariamente, azul.
