

DESIGN HOME SPACE

A FEW WORDS FROM GOSIA

Why work with Design Home Space?

Designing a home isn't about pushing a generic style; it's about creating a space that feels uniquely yours.

Here is how I work with you:

- I listen to your brief: I focus entirely on your lifestyle, your needs, and what makes a space functional for you.
- I respect your budget: I carefully source materials and products that balance design, quality, and your realistic financial scope—no stressful surprises.
- Your vision, brought to life: I don't design for my portfolio; I design for your daily life. Think of me as your dedicated design assistant, guiding you toward your dream interior.
- Full support along the way: I'm with you throughout the whole process—answering questions, solving technical puzzles, and exploring options until we find the perfect solution.

CRAWFORD

DESIGN KIDS SPACE

Complete, ready-to-use kids' room & nursery concepts, sustainable furniture sourcing, and space optimization.

DIGITAL & PRINTABLE WALL ART:

High-resolution wall art collections for home interiors and kids' rooms, available for instant digital download. 100% original designs you won't get anywhere else, with personalizations available to create something extra special for your child and make the room truly their own.

ART FOR COSY & PEACEFUL INTERIORS

A home should feel like a gentle exhale. Our curated wall art sets layer soft textures and subtle emotion into your living rooms and nurseries—bringing light to quiet corners and creating a peaceful sanctuary. Simply choose your mood, print, and enjoy.

COMMERCIAL & GRAPHIC DESIGN

Brand identity, window display design and customised wall graphic solutions.
