## A HERITAGE OF KNOW-HOW

*The story of Pidy takes root in the 1950s, at the heart of a modest artisanal bakery in Ypres, West Flanders, near the French border. It was there that a passionate pastry chef imagined a new way of working with the traditional vol-au-vent. His idea: to create a light, crispy, pre-baked puff pastry shell, ready to be filled according to the chef's inspiration.*

*A simple yet visionary innovation that already answered what would become the very essence of Pidy: making professionals' work easier without ever limiting their creativity.*

### 1967

#### A growth to match its success

As the reputation of its puff pastry bites, recognized for their quality and practicality, spreads throughout the region, demand from catering professionals continues to grow.

To support this success while preserving its know-how and product quality, the company gradually scales up and develops a production model capable of meeting an ever-increasing demand.

In November 1967, this adventure officially takes shape with the creation of **Pidy**.

### 1985

#### Pidy crosses the border

In 1985, Pidy continues its development in France and establishes itself in the North, in **Halluin**, just a few kilometers from its historical birthplace.

This new step allows Pidy to progressively expand its know-how in the ready-to-fill sector. To the traditional puff pastry bites are added new specialties: **tart shells, éclairs, gluten-free quiches**, and many other solutions intended for professionals.

The Halluin site thus contributes to evolving Pidy toward a broader expertise: **that of ready-to-fill products in all their forms.**

### 2016

#### An international expansion

Over the generations, Pidy grows from a local family business into **an international player in the ready-to-fill sector.**

Its know-how now shines across the globe, driven by its operations in **Belgium, France, and the United States**, serving catering and pastry professionals.

In **2016**, its integration into the **Biscuits Bouvard Group** marks a new milestone, giving Pidy fresh ambitions to pursue its international development.

### 2027

#### Innovation and diversity

Today, Pidy offers **more than 400 products in over 60 countries** around the world.

While puff pastry remains at the heart of its history, its expertise has significantly diversified: **choux pastry, shortbread tart shells, sponge cakes, and biscuit sheets** now enrich its product range.

Pidy also innovates to meet the new expectations of professionals with **clean label, plant-based, and gluten-free** solutions, without ever compromising on quality.

## MINI COLOURED PUFF PASTRY SHELLS

## MINI PUFF PASTRY PESTO ITALIAN STYLE

### Ingredients

96 Pidy pesto flavour mini puff pastries • 800 g stracciatella cheese • 80 cl olive oil • 8 cloves garlic • 400 g basil • 400 g rocket • 160 g parmesan • 48 slices prosciutto • Sprouts Mustard Cress • Salt & pepper

### Steps

## COLOURFUL TRENDY TARTLETS

### MINI TRENDY RASPBERRY FILLED WITH PISTACHIO GANACHE

#### Ingredients

96 Pidy mini Trendy round raspberry flavour • 230 g raspberry puree • 75 g frozen blackcurrants • 265 g sugar • 6 g NH pectin • 20 g lemon juice • 1,25 kg UHT cream (35 %) • 265 g white chocolate (34 %) • 4 vanilla pods • 18 g powdered gelatin 200 bloom • 183 g cold water • 60 g pistachio paste (100%) • 150 g glucose syrup • 100 g sweetened condensed milk • 150 g white SINFONIA chocolate (RCA) • Pink cornflower petals • Dehydrated raspberry bits

#### Steps

Make a raspberry and blackcurrant confit by heating 230 g raspberry purée, 75 g frozen blackcurrant, and 90 g sugar to 45 °C. Add 6 g pectin mixed with the remaining 25 g sugar, then bring to the boil. Add the lemon juice off the heat, blend, and chill. For the pistachio ganache, bring 207 g cream to the boil and pour over 90 g white chocolate. Rest for 2 minutes, then whisk. Add 208 g cold cream, 60 g pistachio paste, and 200 g gelatine powder. Blend and refrigerate at 4 °C (prepare the day before). To make the vanilla whipped ganache, heat 415 g cream with the scraped vanilla pods and bring to the boil. Infuse for 15 minutes, strain, then bring back to the boil. Pour over 175 g 34% white chocolate, rest for 2 minutes, and whisk until smooth. Add the cold cream, blend, and chill at 4 °C. Once cold, whip and pipe into 3.5 cm dome moulds. Leave to set overnight. The next day, whip the pistachio ganache and refrigerate. To make the vanilla glaze, soak the gelatine for 15 minutes. Heat 75 g water, 150 g glucose syrup, and 150 g sugar to 105 °C. Add 9 g gelatine, then pour over the SINFONIA white chocolate, vanilla, and condensed milk. Blend, cover with cling film in contact, and rest for 12 hours at 4 °C. To assemble, pipe the confit into the raspberry tartlet, then add the whipped pistachio ganache. When the glaze reaches 28 °C, dip the vanilla ganache domes and place them gently on the tartlet. Finish with a cornflower petal and a piece of dehydrated raspberry.

## GRAPEFRUIT MERINGUE TART

### Ingredients

3 Trendy sweet tarts 20 cm Pidy • 1 plain Pidy joconde sheet • Grapefruit confit: 2 pink grapefruits (juice + zest), 80 g caster sugar, 60 ml water, 15 g acacia honey • Grapefruit cream: 200 ml pink grapefruit juice, Zest of 2 pink grapefruits, 4 whole eggs, 2 egg yolks, 150 g caster sugar, 200 g cold diced unsalted butter, 2 sheets of gelatin • Italian meringue: Egg whites (from the 2 separate eggs), Sugar, Water • Grapefruit supremes • Grapefruit confit dots • Edible flower petals

### Steps

Start by making the grapefruit confit, cook the zest and juice of the grapefruits with 80 g of sugar, water and honey for 40 to 45 minutes until you get a syrupy texture. Leave to cool and then put in a bag. Then prepare the grapefruit cream, starting by rehydrating the gelatin. Heat the juice, zest, eggs, yolks and 150 g of sugar, whisking until thickened (82-84 °C). Remove from the heat, add the gelatine and then the butter at 40-45 °C using a hand blender. Place a joconde disc in each tart shell, garnish with cream and set aside for 2 hours in the refrigerator. To finish, make an Italian meringue. Make a sugar and water syrup. Beat the egg whites until stiff when the syrup reaches 90 °C. At 119 °C, pour the syrup over the egg whites while whisking until you get a firm and shiny meringue. To serve, pipe the meringue on the tarts, colour it with a blowtorch and then decorate with the confit, grapefruit segments and a few edible flower petals.

## COCOA PUFF PASTRY SHEET

## TIRAMISU MILLEFEUILLE FINGER

### Ingredients

1 Pidy's raw cocoa puff pastry sheet • Chocolate cream: 3 egg yolks, 30 g sugar, 150 g liquid cream, 150 g whole milk, 120 g 60% dark chocolate • Coffee pastry cream: 320 g whole milk, 60 g egg yolks, 50 g sugar, 30 g cornflour, 1 tablespoon coffee extract • Mascarpone whipped cream: 200 g of full-fat liquid cream, 50 g of mascarpone, 20 g of icing sugar, 1 tablespoon of Amaretto • Unsweetened cocoa powder

### Steps

Start by baking the puff pastry sheet at 180 °C for 40 minutes between two baking trays to limit its development. Leave to cool and then cut into 3×10 cm rectangles. Then make the chocolate cream by blanching the egg yolks with the sugar. Bring the milk and cream to the boil, pour over the yolk-sugar mixture and cook again at 82-85 °C. Pour over the chopped chocolate, blend until smooth, cover with cling film and set aside in the fridge. For the coffee pastry cream, bring the milk to a simmer. Blanch the yolks with the sugar and corn starch, add the hot milk and cook until thickened. Stir in the coffee extract, cover with cling film and leave to cool. For the mascarpone whipped cream, whip the cream and mascarpone cold. Add the icing sugar and Amaretto, mix briefly and set aside in a cold bag. To assemble, divide the rectangles into groups of three equal pieces. Pipe the chocolate cream on the first third, the coffee pastry on the second and the mascarpone whipped cream on the last. Layer in order: chocolate, coffee and whipped cream. Sprinkle with unsweetened cocoa just before serving.

## LEMON & VANILLA SWISS ROLL

### Ingredients

1 Pidy lemon joconde sheet • Lemon confit: 250 ml lemon juice, 150 g sugar • Vanilla cream: 320 g milk, 60 g egg yolks, 50 g caster sugar, 30 g corn starch, 1/2 teaspoon vanilla paste, 200 g butter at room temperature • Pidy Mini Meringues • Edible flowers (optional)

### Steps

Start by preparing the lemon confit by cooking the lemon juice and sugar over low heat for about 45 minutes until you get a slightly thick syrup. Mix hot, let cool and then cover with cling film. Then prepare the vanilla cream. Heat the milk. Mix the yolks, sugar and starch, then pour the hot milk over them. Return to cook, whisking until thickened. Add the vanilla, cover with cling film and leave to cool. Then whisk with the butter until you get a light and airy cream. To serve, soak the joconde sheet with the lemon confit and cover with a thin layer of vanilla cream. Roll the sheet to obtain an even snail. Set aside in the freezer until the roll is set. Cut out sections 2.5 cm wide. Decorate with a few rosettes of cream, lemon confit, mini meringues and, if desired, edible flowers.
