The poster features a central photograph of a modern building with a distinctive dark, slatted facade. The building is surrounded by greenery and a red car is parked in front. The overall design is clean and professional, with a green and white color scheme.

ABOUT ICOTENS

About ICOTENS 2026

The **2nd International Conference on Technology and Science (ICOTENS 2026)** is proudly hosted by the **Faculty of Mathematics and Natural Sciences, Universitas Pakuan**. This premier scientific platform facilitates research dissemination and global collaboration across technology, science, sustainability, artificial intelligence, and green technology.

Theme: "Sustainable Natural Sciences in the Era of Artificial Intelligence and Green Technology" and **Tagline:** "Harmony of Science, Technology, and Culture for Sustainability".

Scientific Dissemination

Showcasing groundbreaking research through keynote, invited, oral, and poster presentations.

AI & Green Innovation

Celebrating student creativity, school engagement, and publication opportunities in emerging fields.

Global Collaboration

Strengthening networks and partnerships among international academic, industry, and policymakers.

A Welcoming Community for all Participants

- Universities
- Research Institutions
- Professional Associations
- Government Agencies
- Industry Partners
- Schools
- Academic Communities
