ABOUT US

Welcome to The Classic Box

THE CLASSIC BOX (Brand Name: House of Gulnara) candles are more than simple décor. They are moments captured in wax, emotions expressed through fragrance, and warmth glowing in every flame. Our brand was born from a deep love for creativity, design, and storytelling.

Founded in 2025 by Sanchita Dey and Moumita Dey, The Classic Box brings together modern elegance and the comforting essence of Indian traditions. Every candle we create reflects a blend of artistry and passion—turning wax into beautiful pieces that fill homes with fragrance, light, and meaning.

From luxurious candle bouquets and elegant jars to playful dessert-inspired creations and festive designs, each candle is carefully handcrafted in India. Every piece is created to bring joy, beauty, and a touch of magic to everyday spaces and special celebrations.

We use 100% natural soy wax along with lead-free, smoke-free wicks to create candles that are clean-burning and environmentally mindful. Our collections draw inspiration from everyday joys and cultural traditions—from festive sweets to comforting dessert fragrances and elegant decorative designs.

The Classic Box was created with a purpose beyond making candles. Our mission is to create candles that evoke emotions and beautiful memories, encourage creativity and entrepreneurial spirit, inspire women and dreamers to pursue their passions, and contribute positively to communities and meaningful causes.

Dal Lake Lotus Urli
