See Our Low Advertising Rates On The Next Page

Greetings:

It's hard to believe that summer is now over, fall is here and winter…let's not talk about that yet. The nights are already getting cool here. There are many forecasts floating around so we will either have a very warm fall or a cooler than normal one. Or maybe something totally different. The weather has become so unpredictable

So how is mailorder treating you? With the economy doing what it's doing now, many are seeing a decline in orders, while others see a steady or increase in business. Why the difference? It could be a number of factors. Perhaps pricing. Maybe the product itself. Or the approach to advertising and promotion. Do I have the answer? No, but I have a solution that seems to be working.

I still believe that constant advertising and mailing will bring you more business that cutting back, or doing nothing at all. Of course, you must work within your budget. But cutting advertising when business is slow will never be the answer. A better approach is to do as much as you can with what you have to work with. This means making choices and stretching those ad dollars.

With printing and postage prices increasing almost monthly, it makes complete sense to use the most cost efficient means available to get your advertising message out to the people. I would like to think that my advertising services are very cost effective and can help you realize a profit.

I seem to be receiving more and more orders without the correct payment. When I do, I will hold the payment for 30 days. If I don't hear from you by then, or receive the rest of the payment, I will return the order after deducting my postage and handling costs, unless the amount received is less that these costs. In those cases, I won't return the order. Bottom line: Be Sure To Send The Correct Cash Payment And Stamps as stated in the offer. Remember, I am here to help you best I can, and I price my services as low as I can. Please don't take an extra discount on your own.

Be sure to check out all the offers and specials in this issue.

Until next time, **Mike**

Why Keying Your Ad Matters

Keying your ad means adding a small identifying code to your advertisement so you can track exactly where each response comes from, and this simple step turns guesswork into real data by showing which adsheets, issues, or versions of your ad are actually producing results; with a key code, every order or inquiry tells you which placement pulled, allowing you to measure performance, compare different ads, drop the weak ones, and invest confidently in the ones that consistently deliver.

5 WAYS TO MAKE MONEY **While You Sleep**

5 Ways to Make Money While You Sleep

Who doesn't want to make money while they sleep? ***If you want to really make a lot of money, it's easier if you can do it 24/7.*** Any stream of income you can create that doesn't require your regular attention will take you a long way towards your goal.

Here are just a few ideas to get you thinking:

1. **Hire an assistant.**The idea here is to ***get the contract for some work that pays reasonably well and then simply hire someone else to do the work.*** You pay them less than what you're getting paid and keep the rest. If you can get enough work, you won't have to do much and you can really make some money, all while you sleep.
    - For contracts involving offline work, bookkeeping, landscaping, and many other service businesses work well with this concept. Your work would be in meeting with current clients and getting new clients while your assistant does all the service work. ***Picking up ongoing, monthly contracts is where you make the most money.***
    - For contracts involving online work, such as programming, design, or graphics for websites, the least expensive virtual assistants are typically found in foreign countries where a day's pay is considerably less than it is here. There are many qualified and skilled people all over the world that would love to help you out.
        - Look at marketplaces like elance.com and others to obtain your online contracts. There are also marketplaces specifically for workers in foreign countries. An Internet search will lead you to all

the marketplaces you could use.

2. **Create a blog.** ***If you can get readers, you can make money.*** With a high traffic site, you can make a lot of money from advertising revenue. Pay per click ads can really amount to a significant income on a popular site.
    - With that regular audience, you can also sell products and services to them. The products and services don't even have to be your own! There are probably products related to your blog content that you could sell and take a cut of the proceeds.

3. **Buy a small business.**Most people focus on the Internet when trying to make money while they sleep. Any small business where you can hire other people to run it will work. Do you think the owner of 10 McDonald's franchises is in there flipping burgers? Your own bricks-and-mortar business might be the answer.

4. **Create affiliate websites.**This is similar to the blog idea, but an affiliate website is commonly dedicated to selling a single product. Maybe it's for a diet product or a dating strategy product. By creating a website with worthwhile content, you can attract people looking to spend money on the type of product that you're offering.
    - You can find products on websites like clickbank.com and commissionjunction.com. There is no shortage of products and you're sure to find something that you can sell.

5. **Write a book.**Specifically, write an eBook and sell online. Amazon.com makes it extremely easy to sell your eBook and they take care of everything. It's not likely that you'll make a ton unless you really strike a chord with people, but you might be surprised.
    - Create a mini-empire. If you have an eBook on raising chickens, why not have a website and a blog about raising chickens? You can establish yourself as an expert and have a lot of cross advertising going on. Sometimes 1+1+1 = 5.

- Pick something that a lot of people are willing to spend money on. ***Things like money, love, and health are goldmines.*** Who isn't interested in these things? There's more competition for sure, but that's where the big money is located.

- Choose a topic you're passionate about. If you love it, then it's not really work.

Can you come with some more ideas? ***Making money while you sleep can create the additional income you crave.*** Imagine if you spent your spare time creating passive income instead of watching TV every night. You'd be wealthy before you know it!

Selling Your Household Items Online?
Read This First!

Selling Your Household Items Online? Read This First!

Are you interested in creating extra income by selling some of your household items online? ***Listing them on the internet can be a creative way to generate money, but it's important to do it safely.***

Use these techniques to protect yourself and your family:

1. **Research sales websites carefully.** Each website has different policies for the types of items that can be listed. Pay attention to fees for using the website and selling an item. Shipping or delivery rules can also vary.
    - Niche websites that are geared toward specific audiences or markets can help you sell some items. Do you have a rare antique doll you want to sell? Consider using a website that only sells antiques or dolls. ***This may help you sell the item faster and find legitimate buyers.***

2. **Post photos carefully.** As you post photos of your items online, avoid using pictures of yourself or family members.
    - Your children may look adorable playing with the toys you're selling, but as a safety precaution, it's wiser to avoid images of your family in the photos.
    - Avoid posting images of your home, other belongings, or pets as well. Criminals can track things easily, and any of these images can provide clues about you or your belongings.
    - Be careful with the background you use in the photos because it can provide information about you or your family. ***Find neutral backgrounds such as bare walls or clean tables.***

3. **Find a safe spot for business transactions.** If selling your items online involves meeting the buyers in person, then seek out safe spots where you can meet.
    - ***It's popular to use public parking lots and other public locations to do business.*** However, you may also want to check with your local police department. Departments around the country are starting to create safe havens for online transactions.

4. **Choose safe payments.** If the website you selected allows for safe online transactions that don't require meeting the buyer, then you may want to consider this option. ***Some websites allow the use of an escrow service that protects you from fraud.***
    - Online sales can be a target for scams, so it's important to carefully consider how you'll accept payments. You may not feel comfortable with checks, debit cards, or credit cards. Money orders and cashier's checks might be forged, even if they look identical to the real versions.
    - ***Cash is one of the most popular payment methods for household items.*** You can make sure the money is real by going to an ATM with the buyer to withdraw it.

5. **Watch out for common scams.** The type of item you sell may attract specific scams. It's important to research them and be aware of the tactics.

6. **Notify friends or family about meetings.**If you plan to meet the buyer in person, notify your friends or family first. They should be aware of the meeting location, time, and purpose. They can call and check in on you during the meeting.
    - Better still, bring a friend or family member to the meeting for safety purposes.

Selling items online can help you increase your income and pay your bills. Be safe with your transactions, so everyone benefits.

How Many 20's Do You Want?

Maybe 5, 10, 20…..a hundred? How about a dozen or so every week? It's all possible…….if you really want it.

With this little program, you can work at your own pace, set your own goals, start small or go all in. It's up to you.

But I can assure you that everyone likes the idea of getting twenty dollar bills in their mail every day. And those people will eagerly pay the small amount required to achieve this accomplishment.

So, what's the catch? There is none. You simple pay a small fee of $20 + 10 new, straight from the post office, first class stamps. In return, you receive all the following:

- A copy of this flyer with your name and address in the space below. This is your ticket to receiving all those 20's you want.
- Advertising coupons worth $25 to help you promote this and other programs you might choose.
- A second program that brings you in $5.00 bills like crazy.

Then what happens? You promote this program by mailing out copies of your flyer (like this one), or having someone print and mail copies for you. When people send you $20 dollar bills and 10 stamps, YOU KEEP ALL THE MONEY! You send the customer information and the 10 stamps to the prime source who fills the order for your customers. You spend or bank all those 20's coming to you and life gets much better. But it all starts when you take the first step. Just send $20 (cash only) plus 10 new first class "Forever" stamps and this ad to:

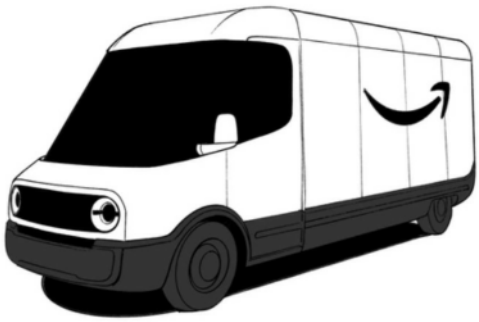

BAKER - PO Box 196 - Pittsburg KY 40755-0196

You will receive the above mentioned program and other items listed by first class mail. Note that this program is void where prohibited by law. No claim of earnings is made. Your success will depend upon your efforts to market your product. No refunds..

SUPER CA$H GENIE!

HE'S GRANTED YOUR WISH FOR "MORE MONEY"!

UPGRADE YOUR WAY TO BIGGER PROFITS!

Watch As Your $100 Commissions Grow Exponentially!

Here is an **"OPTIONAL"** upgrade offer to ***THE ALL CASH GENIE***, with **MORE AND BIGGER CASH PAYOUTS!** You have received this page either for your consideration to join THE ALL CASH GENIE and SUPER CASH GENIE, or because you are already a member of THE ALL CASH GENIE and wish to upgrade to EXTRA streams of income with $100 CASH COMMISSIONS! It works the same as THE ALL CASH GENIE (a Reverse 1-up program) with 2 small exceptions. First, to participate in & upgrade to SUPER CASH GENIE, ***one must already be a participant in THE ALL CASH GENIE***. Second, commissions and pass-ups go ONLY to those qualified to receive them. To qualify, first join THE ALL CASH GENIE program so that you can receive unlimited $50.00 cash commissions. Then, simply pay a **one-time program cost of $120.00 cash or money order to upgrade to SUPER CASH GENIE** and to be eligible for unlimited $100 cash commissions. Let's simplify this a bit… Suppose you have upgraded to SUPER CASH GENIE (totally optional on your part). You're now qualified to receive $100 payouts from those you personally sponsor and those who pass up to you (except the 2nd personal, which passes up to your sponsor OR THE NEXT QUALIFIED UPLINE who is a member of SUPER CASH GENIE). In other words, say you sponsor Sue. Sue joins THE ALL CASH GENIE but doesn't want to upgrade at this time. That is perfectly fine. Sue will receive $50 cash commissions that she earns from her program sales. Now say Sue sponsors Joe, who not only joins THE ALL CASH GENIE, but also upgrades to SUPER CASH GENIE. Since Sue is not in SUPER CASH GENIE, she will NOT receive the $100 commission, but it will pass up to YOU instead, because you are the first qualified upline above her to receive the commission. You will continue to receive all of your $50 commissions from the ALL CASH GENIE, but can now receive additional streams of $100 from SUPER CASH GENIE as well! That means more pay lines and more pass-ups, which means MORE MONEY! Rush a copy of this flyer with payment for the option you are choosing below to:

THE ROAD TO A DIFFERENT LIFESTYLE! Get Cash Daily!

How it works

First you send $5 CASH to each 5 members listed below. Then send $5 CASH to the monitor who will send you a flyer with your name in the #1 position. Then you invite 5 new members, who each will invite 5 new members, and so on. When your name reaches the 5th position you will be asked by the monitor to join level 2. At this level you will send each member on your original list $50 for a total of $250. This will come out of your $19,525 you received from level 1

Level 1

5 members	x $5 each = $25
25 members	x $5 each =$125
125 members	x $5 each = $625
625 members	x $5 each = $3,125
3,125 members	x $5 each = $15,625
Total----------	= $19,525

Level 2

5 members	x $50 each =$250
25 members	x $50 each = $1,250
125 members	x $50 each = $6,250
625 members	x $50 each = $31,250
3,125 members	x $50 each = $156,250

You will then start receiving $50 CASH from each member under you for 5 levels. When your name reaches the 4th position in level 2, the monitor will ask you to join level 3. At level 3, you will send each member on your original list $500 CASH. Now when you are on level 3, you'll also start receiving $500 CASH from each member under you for 5 levels for a total of $1,952,500. THAT'S A TRUCKLOAD OF CASH!

As you can see Level 2 put another $195,250 in your pocket. You have completed level 2

Level 3

5 members	x $500 each = $2,500
25 members	x $500 each = $12,500
125 members	x $500 each = $62,500
625 members	x $500 each = $312,500
3,125 members	x $500 each = $1,952,500
Total----------	$1,952,500

Save this page: you will need to use the same names when you enter level 2 with profits from level 1 and enter level 3 with profits from level 2.

Name: _____

Address: _____

City/St./Zip: _____

At this level you have received $1,952,500 in cash! You completed level 3 and received a total of $2,167,275

Nine Tips to Save Time Each Day

If you have more to do than you have time to do it in, you're not alone. Regardless of how much society advances with new technology that's supposed to enable us to do more in less time, there never seems to be enough time to do everything that needs to be done.

But what if you could essentially add another hour or two to your day? How would you use that time?

While you can't actually add time, you can free up additional time with these techniques:

1. **Eliminate unnecessary tasks.** Maybe you just have too many things to do! Take a detailed look at your life and determine if there are any tasks that you're doing that are simply unnecessary. There are bound to be a few things you can eliminate from your life without suffering any negative impact.

2. **Delete social media accounts. Social media platforms can be valuable, but they are also great timewasters.** There's also a lot of evidence that social media use can be harmful to your mental health.

    - Consider deleting your social media accounts and picking up the phone once in a while to check in on your friends and family the old-fashioned way.

3. **Disable notifications.** Do you really need to be notified of every text, email, and app activity in real time? Turn all of it off and take a quick peek every few hours to see if you're missing something important.

4. **Avoid perfection.** Some tasks require a high level of attention. Others do not. It's not necessary to clean out your closet with the same level of perfection as a surgeon performing a liver transplant. **Ask yourself how well a task really needs to be done** and perform it at an appropriate level of effort and detail.

5. **Ask yourself how you can do this task better and faster.** Are you sure you're taking the best route to work? Are you cleaning your house efficiently? Think about every task you do on a regular basis and search for a more efficient way of

doing it.

6. **Outsource.** It's possible to outsource much of your life. No one can eat, sleep, or exercise for you, but you can pay others to do a lot of things for you.

    - There are people that will clean, do laundry, mow grass, drive, shop, cook, do your taxes, and build your new deck for you.

    - You might even have a partner or children that can carry some of your load.

7. **Schedule your day. A decent plan is lightyears better than no plan at all.** Think about what you need to accomplish and make a list. Stick to your list and you're bound to get more done in less time each day.

8. **Track your time.** Where are you wasting time? How are you spending all of your time? You might be surprised where your time is going if you've never taken a hard look at it.

    - Spend a couple of days logging your tasks and how much time you spend on them. Pay particular attention to the time spent on electronic devices and other amusing activities.

9. **Consider your mealtimes.** Eating takes more time than people realize. You have to shop for the food, cook it, eat it, and clean up afterwards. If you eat three meals a day, that's a lot of time.

    - Some meals are much quicker than others. A sandwich and an apple eaten on a paper plate is less time and work than roasting a chicken, making mashed potatoes, and washing pots and pans.

    - Shop for foods that are easy to prepare and have minimal cleanup. Also, shop as infrequently as possible. Each trip to the store can take an hour or more.

Everyone gets the same 24 hours each day to live life. **Whether your 24-hour day is easy and carefree or extremely busy, it's also helpful to find additional time to use as you see fit.**

You can't make a day last longer, but you create additional hours by being more effective, more efficient, and reducing unnecessary tasks and responsibilities.

SAVING MONEY
Made Easy

Saving Money Made Easy

Do you struggle to save money? At the end of each month, do you wonder where all your money went? Perhaps you spend beyond your means?

If so, then this guide is for you! Discover how saving money is as much a product of the mind as well as your financial habits. And speaking of habits, you'll see how small positive changes, turned into habits, can automatically add up to big savings!

Consider these ideas:

1. **Track your spending.** Record every penny you spend for a month. Divide your spending reports into categories, such as restaurants, groceries, entertainment, clothing, house payment, utilities, and other categories. You might be surprised to learn where all your money went!

    - **At the end of a month, analyze your reports.** Identify areas where you could cut down. Next month, cut down on those expenses and put the money you saved into your savings.

2. **Clarify wants versus needs.** There are certain things in life that you need to survive, such as food, water, clothing, and shelter. There are also the things that you want. Learn to differentiate between the two and you'll automatically make some choices that will save you money.

3. **Buy only what you can afford.** You may think that you have to get every new gadget and gizmo available, but if you cannot afford it, the financial struggles they cause will outweigh the enjoyment that you receive from them.

- **Consider using the cash envelope method of planning for your spending.** Divide your expenses into categories and use a different envelope for each category. With each paycheck, divide out your money into the various envelopes.

- Spend only the money that you've planned for each category. Once the cash is gone, it's gone until more money can be added to that envelope.

- You may want to save for a few weeks to get enough cash in your envelope for a desired purchase, at which time, you'll know that you can afford it.

4. **Do you need that expensive car?** If you're struggling each month to repay the high-interest loan that you had to take out to pay for your car, perhaps you'll want to rethink whether you need such an expensive car.

    - In some situations, you might need an expensive car. For example, if you're a real estate agent and you take clients to look at high end houses for sale, an expensive, luxury car might help you make sales.

    - On the other hand, in reflection, if you bought the car to impress the neighbors, you might feel that the additional expense and resulting financial struggles aren't really worth it. If this is the case, a downgrade to an attractive, less expensive car may work better for you.

    - **Consider what a car is really for:** to get you from one place to another, usually for short jaunts within your city. A less expensive car can get you there as well as a high-end car. Plus, you'll have the extra money to do with as you please.

5. **Consider downsizing.** A smaller home can save tens of thousands of dollars on the purchase price and monthly payment, plus costs for maintenance and repairs are less. Even if you rent, a smaller place will likely cost less.

    - Imagine the amount of money that you could save with a smaller house! All this money can then be used for other things that are important to you, like vacations or to add to your savings for retirement.

    - **Downsizing is an important decision that only you can make.** Decide what's more important to you - the larger house or the savings. For example, you might need extra room because you frequently have guests. An office space might be vital to the success of your business.

    - Figure out if downsizing might work for you and, if so, go for it!

6. **Figure out ways in which you can enjoy life while still saving money.** Money does not dictate how much you enjoy life. Remember, it's not the material things in your life that matter most, but rather your friends, family, and the cherished times you have with each other.

    - **Research shows that the experiences in our life bring greater happiness than material items.**

    - For example, instead of going out to dinner and a movie, invite your friends over for a potluck dinner and movie night at your house. You can still enjoy a rollicking good evening together while saving money. You might even enjoy it more than sitting in the restaurant and theater!

    - There are many other ways to substitute something less expensive and still have fun, like game night, sports (playing volleyball, basketball, baseball, football, soccer, bowling), card games, going camping or to the beach, and more.

- Create your own list of activities that are fun for you without costing a lot of money. Invite your friends to do the same and then choose those activities whenever you want to get together. You'll all have fun and save money too!

7. **Adopt some small, financially savvy habits, such as:**

- **Save first.**Automatically have a small amount of each paycheck deposited into your savings. You won't miss what you never see!

- **Let your money work for you.** Invest regularly so that money will grow by itself into more money! Over the years, this can add up to many thousands, or tens of thousands, more than what you put in.

- **Cook at home most of the time.** Saving money by cutting down on fast food and coffee runs will add up.

- **Buy when things are on sale.** Try to avoid ever having to pay full price.

- **Use free or streaming services for watching television.** You can likely get the entertainment you want for a much smaller price and pocket some substantial savings.

Saving money doesn't have to be a burden. Try these tips and you'll find that you'll actually have more money for the things you really want in life!

YOU NEVER PAY BACK

SIMPLE AND FAST
$18,000 TO $25,000

Just follow the instructions and in weeks you will have $18,000 to $25,000. Almost everyone will respond due to the low cost, high profit, and one-sheet flyer to mail!!

Lend the person named below $5.00 and 5 First Class stamps...THAT'S ALL! Never worry about finance charges or repaying the money. After the first time, you will see how easy it is and that it does work!

SIMPLE, EASY INSTRUCTIONS

- Write your name and address on the blank sheet of paper with a note saying, "Here is your $5.00 loan." Wrap this around the 5-dollar bill and 5 stamps and mail it to the person named below.
- Replace the name on the flyer with your own name and address.
- Mail the flyer to at least 50 prospects. After you receive the free stamps. Use those stamps to mail your flyer to at least 200 more persons.

DO IT NOW!! WATCH HOUR MAILBOX BURST!

The loans and stamps will be sent by approximately 2,000 people like you who are willing to lend $5.00 in order to receive $18,000 to $25,000 and 1,000s of First Class stamps.

AWESOME IS THE WORD

Because there is ONLY ONE name on the list, you can anticipate your loan coming to you faster than lighting...much faster than programs with four, five, or six names on the list. So when you are short on cash, just take out your $25,000 loan program and mail it to at least 50 prospects. Can you imagine the return on $100 or 1,000 letters?
