C U S T O M W O R L D

offers the most comprehensive overseas bag program in the industry. We source from various countries taking advantage of the benefits of manufacturing in each.

MOST COMPREHENSIVE OVERSEAS BAG MANUFACTURING PROGRAM

For promotional products, retail and private label markets

We source from various countries taking advantage of the benefits of each country

Offering the best prices on high volume imports as well as the opportunity to purchase lower minimums from the same qualified factories

Lead times range from 8-10 weeks for simple bags in stock fabric colors

We also offer a fully custom bag program which walks you thru our design process

We may sure you factory is following all the compliance and labor laws for the country in which your product is being made.

We handle all communication with the manufacturers in reference to timelines, production requirements, and packaging requirements.

We offer quality control with our team on the ground.

We handle the entire importing process of shipping from overseas, customs clearance, paying duties and tariffs for your order and make your product available at our west coast warehouse which is the most cost effective location to ship to the rest of the USA and your final destination.

We make sure your product is compliant and meets all safety requirements.

We make sure all products are labeled correctly for distribution in commerce for your county.

ALL AVAILABLE OPTIONS

Finishing, weight, print methods,
packaging and lead times.

1. FINISHING OPTIONS

- Available in three finishing options: standard texture, shiny laminated, and matte laminated.
- Choose the finish that best matches your branding, durability, and visual goals.

2. WEIGHT OPTIONS (GSM)

- 80 GSM, 100 GSM, 120 GSM, and 160 GSM weight options.
- The heavier the material, the more durable and more costly it becomes.
- Our most popular weight is 80 GSM because it offers the best balance of cost and utility.

3. PRINT OPTIONS

A SCREEN PRINTING

Best for textured-face non-woven PP. Ideal for one- or two-color logos that do not require close registration. Not recommended for thin lines because textured surfaces have peaks and valleys.

B HEAT TRANSFER

Best when your logo has close color registration, more than two spot colors, or a four-color process logo. Offers vibrant multi-color decoration with tight registration.

C FULL-COLOR ALL-OVER PRINTING

Looks best on laminated non-woven PP. The entire bag is your canvas — front, back, straps, gussets, and bottom can all be printed in four-color process. Best value for large-volume orders. Setup cost is high, so a 10,000-piece order is recommended to offset the setup cost.

D DIGITAL PRINTING

Ideal for lower-volume orders. Full-color printing with a very low setup cost. Quantities can be as low as 100 pieces, though the per-unit cost is higher.

4. PACKAGING & SHIPPING

- All non-woven PP bag orders are shipped bulk packed in corrugated master cartons.
- Each carton includes specific exterior markings to help your warehouse or coordination company identify contents and next steps.
- Typical carton packing is 100–200 pieces, depending on the bag size.
- Recycled materials available on request at no extra cost.

5. LEAD TIMES

- 6–10 weeks if made in China.
- 12–14 weeks if made in Vietnam or elsewhere.
