THE COLLEGE GOD...
BOOM BOOM BOOM !!!

The Class of 1993 would like to dedicate this year's book to our favorite International Relations teacher, softball coach, and college counselor extraordinaire! Thank you for all your patience, wisdom and most valued advice. We'll miss you!

Head's Message

It has been with pride and pleasure that I have observed increasing interest and responsibility assumed by students and faculty of PCDS for the environment, local and universal. Man made and natural disasters, either current or potential, belong to all residents of earth and must be solved by cooperative efforts. Every effort made, no matter how small they may seem like recycling cans or paper, can and do make a major difference when combined with similar acts worldwide. We must continue to conserve and protect the environment for our future and that of generations to come. Bravo for the growing role of PCDS on this important issue.

THE MIGHTY SIXTH!

Last year they joined the middle school and shocked the section, this year they had plans to take it over. It is the attack of the sixth graders. They trample the fifth, stomp the seventh, and push aside the eighth graders in their conquest of the middle school. Where are they, you ask? They're everywhere. They can be seen on the sports field rocking any foe in their path. They can be seen in the lunch room eating their way to the top. And they can be seen in the classroom surprising their teachers with such excellence. You have been forewarned, they are coming for...

YOU.

Resting in the sun is a relaxing pastime for these Middle Schoolers.

The world is round
It was made that way.

The seas are blue.
They were made that way.

Everything was balanced
by the delicate ring of life.
It was made that way.

Cars were invented to make our life easier.
We are ruining the atmosphere and
causing high risks of skin cancer.

Furniture is being made out of mahogany and redwood.
These trees provide the air for us to breathe.

Large factories and entertainment centers are built.
We make the air we have gray, and unhealthy to breathe.

We are making the earth square to fit our needs.
We are making the seas brown with our foolish wastes.
We are taking our blowtorches to that delicate ring of gold.
Back to the universe the earth will be sold.

"What is REAL?" Asked the Rabbit one day..."Does it happen all at once, or bit by bit?" "It doesn't happen all at once," said the Skin Horse. "You become. It takes a lone time. That's why it doesn't happen to people who break easily, or have sharp edges, or who have to be carefully kept. Generally, by the time you are real, most of your hair has been loved off, and your eyes drop out and you get loose in the joints and very shabby. But these things don't matter at all, because once your Real you can't be ugly, except to those who don't understand."--The Velveteen Rabbit

Junior and Senior LEADERSHIP

Leadership is an important part of PCDS. Junior leaders meet once a week to learn how to be a leader, trust each other as well as others, talk to each other about problems, and much more. These meetings are the training a junior must go through in order to become a Senior leader. Senior leaders go and help out on the freshman and seventh grade trips.

Juniors Erin Dulaney, Neeka Najmi and Johanna Brosie prove that "sharing is caring" in junior leadership.

The Senior Leaders. First row: Aubrey Joy Corcoran, Andrew Crimmins, Rochelle Molle, Christiane Wassmann, Mukesh Vidyasagar, Jimmy Bojala. Back row: Heather Yourison, Patrick Koppula, Ryan Hart. Not Pictured: Matt Rankin and Anne Salzmann.

World Issues

The World Issues Club meets every other Monday after school. At these meetings we discuss issues such as animal rights, the environment, and human rights. We also raise money through bake sales and other fundraisers and give the profits to charity.

One of the jobs of the World Issues Club is to empty the recycling bins around campus. Above, Rebecca Chornenky is taking care of that job.

At the World Issues bake sale, sixty-five dollars was raised and donated to a charity. To the left are Julie Levenberg, Rebecca Chornenky, and Anne Salzmann selling; while Yen Tran waits to buy a doughnut.

Get a Macintosh Computer!

The Apple® Macintosh® Advantage.

- easy to set up, learn, and use
- easy to expand
- spend more time working
- compatible with other computer systems

The Apple Macintosh Advantage.

Macintosh computers are used at nearly all grade-levels at Phoenix Country Day School. By getting a Macintosh computer for home, you will be able to write papers, learn spanish, and even do your Calculus homework right in the convenience of your own home. Long hours after school in the computer room would become a thing of the past.

Macintosh computers are the preferred choice in many fine universities. Whether you are trying to get through English, Math, or Science class, the Macintosh is the ideal computer.

All over the world, more people than ever are buying Apple® Macintosh® computers. And with good reason: Macintosh is one of the most graphically intuitive, most understandable personal computers ever invented.

Macintosh computers are easy to set up and easy to learn. They come with system software installed, so all you do is plug in your Macintosh computer and turn it on.

And Apple makes it easy to expand your system as your needs grow—with scanners, hard disk drives, modems, displays, and printers.

Applications for the Macintosh all work in essentially the same way, too. They're intuitive, consistent, and designed to let you spend more time working and less time figuring out how your computer works.

Apple Macintosh PowerBook Computers

The Apple® Macintosh® PowerBook™ computers give you Macintosh power with notebook convenience.

PowerBook computers are fully compatible Macintosh computers, so they let you run virtually all Macintosh software. And with a program like SoftPC from Insignia Solutions, they'll let you run MS-DOS software.

These fully compatible computers are not just the lightest, smallest, Macintosh computers ever. They're also the freedom to work with the power of Macintosh anywhere you want, any time you want.

In Loving Memory of
Benjamin Joseph Inske
July 13, 1975
March 6, 1992

Do not stand at my grave and weep;
I am not there. I do not sleep.
I am a thousand winds that blow,
I am the diamond glints on snow.
I am the sunlight on ripened grain;
I am the gentle autumn's rain.
When you awaken in the morning's hush,
I am the swift uplifting rush
Of quiet birds in circled flight.
I am the soft star that shines at night.
Do not stand by my grave and cry.
I am not there; I did not die.

TOGETHERNESS

Death is nothing at all.
I have only slipped away into the next room.
Whatever we were to each other, that we are still.
Call me by my own familiar name.
Speak to me in the easy way which you
always used.
Laugh as we always laughed at the little
jokes we enjoyed together.
Play, smile, think of me.
Let my name be the household word that
it always was.
Let it be spoken without effort.
Life means all that it ever meant, it is the same as it ever
was; there is absolutely unbroken continuity.
Why should I be out of your mind because I am out of your
sight?
I am but waiting for you, for an interval, somewhere very
near - just around the corner.
All is well.
Nothing is lost; nothing is lost.
One brief moment and all will be as it was before - only
better, infinitely happier and for ever - we will all be one
together with Christ.

God took him home, it was His will,
But in our hearts we love him still;
His memory is as dear today
As in the hour he passed away,
We often sit and think of him
When we are all alone,
For memory is the only friend
That grief can call its own.

After months of hard work the Mock Trial Teams of PCDS went to the Maricopa County Superior courthouse to engage in seven and a half hours of grueling competition. Phoenix Country Day School became the talk of the courthouse as both teams won their way into the finals after just one year of involvement. In the end Team A took third place in the region and Team B walked away with a fourth place award; putting both teams in the state competition. Congratulations Mock Trial !

Varsity Basketball: Coach Hendrickson discusses strategy as Matthew Weinberg, Ryan Hart, Carlos Armenta, Gideon Rubin, and Frazier Bain listen carefully.

The thrill of victory, the agony of defeat. Men's Varsity Basketball went on quite a ride this season, with an overall record of 19 and 6. As with every other sports team, the Eagles had their ups and downs, and a heartbreaking loss in the last game of the quarter finals of the state tournament. But the season was not a total loss. It ended with a great record and a continued love for the game.

U.S. Jazz Band: (back row) Valeska French, Mukesh Vidyasager, Erin Loback, Sarah Burnham, Hollye Schumacher, Ariel Levy (middle row) Adam Schwartz, Rusty Silverstein, Tony Koppula, Carlos Armenta, Ken Allison, Anne Allison, Jeff Gimbel, Zach Thomas, Konrad Lee (front) Patrick Koppula

This year due to several conflicts, the Upper School Jazz Ensemble had to work especially hard. Practices were twice a week and met at 7:00am before school. What was the incentive? This year the Jazz Ensemble will be competing at a National Festival in New Orleans. The festival will be in late April and Phoenix Country Day will be competing with several schools from around the country. Best of Luck!

Yearbook 1993

It's surprising, but we finally made it! With all the Tuesdays, Thursdays and especially SATURDAYS, we *mostly* met our deadlines. Since last spring, we had to choose everything from editors to the theme. Where are we, where are we going? That's what we tried to express throughout this book. It took a long time and even more work, but only a few really made the difference."Yes, we have a staff of 50..well 25..well actually only the few and the brave have survived!"

Frazier and Nicolle-the senior copy connection-we had lots of laughs over captions but you always helped finish off the endless copy.

Ellen and Liz-the layout ladies-I know it was hard to switch to the flats but you made it a success and showed your dedication.

Vicki-photographer extraordinaire-It was definitely a struggle, but you were a great and so were your last minute pictures.

Kiran-you helped take us over the top in Ads money and were there even with all your conflicts.

Mark- You weren't an editor but you should have been. Your exhuberance and dedication were greatly appreciated. All the pictures, all the Ads! What would we have done without you?

Ariel-You took charge and lead your group, good work.

Deadline Specialists who I am also very grateful to: Matt Rankin, Tracey Piccinati, Yen Tran, Trista Eaden, Sarah Michet, Jessi Greene, Erin Hill, Anne Allison, Jake Weiner...and special thanks to Whitney Pozgay. And last but hardly least-Dr. Cags and Mrs. Zink. Without the two of you, the yearbook would not have existed. I can't thank you enough!

HOW CAN WE SAY GOODBYE?

Hasta la vista, Arrivederci, Ciao, Au Revoir, Shalom, C-Ya, We're Outta Here!

FRIENDSHIP AT P.C.D.S.

Sometimes you win, sometimes you lose and sometimes you get caught with pie on your face--but through it all you'll always have your friends. So where ever your travels take you, whatever you choose to do, never forget these days and these memories. "Best Friends are made through smiles and tears, and sometimes that fades over miles and years, but I knew right away when I saw you again--we'll always be friends. " --Beth Nielson Chapman.

Best Wishes and Good Luck in the Future.
