SPECIALIST COACHING, SPECIALIST RESULTS

Craig Hignett

MC ELITE First Team Football Academy Coach

Craig has always been involved in professional football, from being signed to Everton at just 11 years old to scoring in the first game at the Riverside Stadium for Middlesbrough Football Club.

Now, as First Team Coach for Middlesbrough College's Football Academy, Craig brings decades of top-level experience to the team, inspiring and developing the next generation of football talent.

“With the experience I’ve got, I’m able to teach players in new ways that they might not necessarily be used to. It’s always great to challenge people to be better – whether that’s as an individual or as a team.

“I played in every game I could play in. As a kid, I always wanted to play in the FA Cup Final – and I managed to do it with Boro and win the league cup with Blackburn.

“Now I want to give back to the next generation of professional footballers – telling them everything I wish someone told me when I was a kid.”
