‘Leaning In’

Edition | 35, 3AP, 2HC

Mackenzie created 'Leaning In' in his studio, perfecting the look of the figures and taking the time and care to capture all their finer details.

*Leaning In makes me smile,
I took time to perfect their accesories like
the hat, bag and flowers, these elements
add so much to the characters story. Their
stance is so open, I like to think it'll instill all
of our inner kindnesses to those around us.*
