Maintains consistent stitch lengths by adjusting the needle timing to match the fabric's feeding speed. It includes three modes (Continuous, Intermittent, and Basting) and three free-motion feet (Regular, Open-Toe, and Echo). (sold separately).

- **Easy Needle Plate Removal**

The easy removal, exchange, and hassle-free cleaning of the two needle plates (a straight stitch plate and a needle plate) ensure your machine runs smoothly.

- **External Laser Guideline Marker**

Attaches to your machine and provides a projected, adjustable laser guideline to help sew straight lines or stitch along the fabric edge. This stitching can be done using the straight stitch or decorative stitches.

- **My Custom Stitch & Stitch Tapering**

With the advanced My Custom Stitch feature, you can create your own decorative stitches or patterns, save them, and use them across all your projects. The Stitch Tapering feature automatically widens or narrows decorative stitches at the beginning or end of a seam, delivering smooth, professional finishes.

Exact Position with Scaling

Adjust your design's position and rotation with stitch-point accuracy, reducing the time and effort spent achieving perfect hooping. If any elements extend beyond the hoop limits, the enhanced Exact Position feature allows you to easily scale the design to fit. Scaling also makes final design parts fit easily when multi-hooping.

* Reduced noise and vibrations when compared to the PFAFF® creative icon™, creative icon 2 and creative performance™ 950 embroidery units. The industry's largest embroidery area is 450 x 450 mm when compared to Brother Aveneer, Babylock Radiance, Bernina B990 and Janome Continental M17, and requires the optional creative™ Grand Turnable Hoop.

CUSTOMER SPOTLIGHT

Nancy Kalbach

I purchased the Sallie Tomato Lego like sewing machine.

Had a lot of fun putting it together but was missing a piece.

Called them and they were more than happy to send it to me.

This past week I entered it in the Lego division of our county Farm Fair.

Not only did I win first place but I won best in the division also.

Had to laugh a little out of all the things that were there my little sewing machine won.
