ANNUAL REPORT 2026-2027

Welcome to the Paulding County School District's 2026-2027 Annual Report. This publication contains a wealth of information, including facts and figures, that provide a synopsis of the district's efforts to "Engage, Inspire, and Prepare" students and put them on a pathway for "Success, today and tomorrow."

This is a high-level snapshot, for there are so many accomplishments of our more than 30,000 students and 4,000-plus staff members that simply would never fit in a document this size. Some of those 2026-2027 highlights include:

- **Graduation Rate -** The Paulding County School District's 2026 graduation rate climbed to 92.4 percent, a record high for the district and well above the state average of 88.5 percent.
- **CCRPI -** The district achieved notable growth in several key performance areas in 2025, including gains at the elementary and middle school levels in Content Mastery, significant improvements in middle and high school levels in Progress, and continued strong outcomes in Readiness and Graduation Rate. Results for 2026 CCRPI will be released in December.)
- **SAT -** PCSD seniors defied state and national trends, posting a six-point increase in the district's average SAT score for 2026, topping state, national, and regional averages.
- **HOPE Eligibility -** The district attained a record high percentage of HOPE-eligible graduates, with 51.2 percent of seniors qualifying.
- **AP Honors -** State Superintendent Richard Woods has named all five Paulding County School District high schools to the Advanced Placement (AP) Honor Schools list for 2026.
- **AP Performance -** College-level AP instruction resulted in 78.5 percent of Advanced Placement exams scoring a 3+, accelerating students toward post-secondary degrees.
- **STEM Certification -** Paulding has eight Cognia STEM-certified schools and academies: Burnt Hickory ES, McGarity ES, Roberts ES, Shelton ES, PB Ritch MS, Hiram High School Computer Science Academy, PCHS Academy of Science, Research, and Medicine, and the SPHS HS Academy of Engineering and Technology. The Cognia STEM Certification process involves a rigorous evaluation for schools, focusing on building a high-quality STEM learning ecosystem through criteria like problem-based learning and integrated activities.
- **Recognitions -** The Board of Education recognized hundreds of students and staff members for extraordinary accomplishments in academics, athletics, fine arts, character education, and much more.

Mission

Engage. Inspire. Prepare.

Vision

The vision of the Paulding County School District is to prepare ALL students for success today and tomorrow.

Beliefs

- We believe preparing students for success is our first priority.
- We believe in fostering a culture of high expectations in student achievement and personal development.
- We believe all students are inspired to learn when provided rigorous and relevant instruction and positive relationships.
- We believe in providing an environment which is safe, challenging, inclusive and, both physically and mentally healthy.
- We believe in the use of collaborative learning communities where best practices are partnered with data driven decisions.

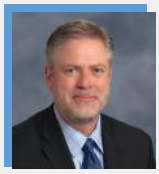

MESSAGE FROM THE SUPERINTENDENT

As Superintendent of the Paulding County School District, I am honored to serve alongside the dedicated educators, staff, families, and community members who make our schools exceptional. Together, we support more than 30,000 students across 35 schools, all united by a commitment to providing outstanding educational opportunities in safe, supportive, and engaging learning environments.

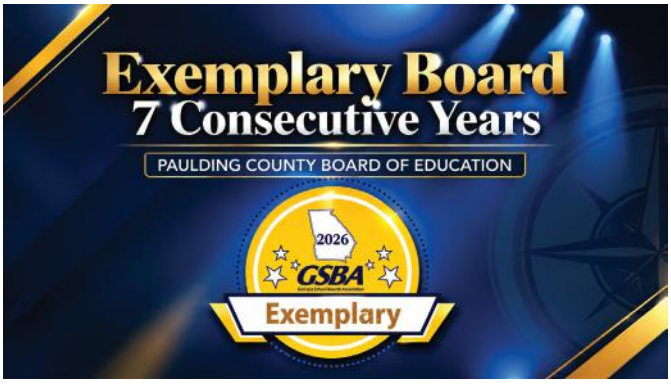

Throughout the past school year, our students and staff achieved remarkable success in the classroom, on the stage, on the field, and in service to our community. From innovative learning experiences and career pathways to athletics, fine arts, and extracurricular programs, our schools continue to inspire, challenge, and prepare students for success in an ever-changing world.

This annual report highlights many of the accomplishments that reflect the dedication and hard work of our entire school community. Thank you for your continued support and partnership.

Steve Barnette
Superintendent

"Our Focus is Their Future"

The Paulding County Board of Education has earned the Georgia School Boards Association's (GSBA) Exemplary School Board recognition for seven consecutive years.

BOARD of EDUCATION

From left: Adam Clayton (Vice Chair - District 3), Steve Barnette (Superintendent), Trudy Sowar (District 5), Dan Nolan (District 6), Deborah Collett (District 4), Jeff Fuller (Chair - At-Large), Theresa Lyons (District 1), Nicholas Chester (District 2).

MESSAGE FROM THE BOE CHAIR

As Chair of the Paulding County Board of Education, I am grateful for the strong support our community provides to our students, educators, and schools. The success of our district is rooted in a shared commitment to educational excellence, and we are fortunate to have engaged families, community partners, and stakeholders who help make that possible.

As we reflect on the accomplishments of the past school year and prepare for the opportunities ahead, we are pleased to share this annual report highlighting the progress, achievements, and continued growth of our district.

Your support has been instrumental in our success, and on behalf of the Board of Education, I thank you for your partnership. Together, we will continue building a strong future for the students and families of Paulding County.

Chair, Board of Education

ACCREDITATION:
In 2025, the Paulding County School District was awarded a six-year accreditation by Cognia, formerly AdvancED. The district earned an Index of Education Quality (IEQ) score of 269 on a 100–400 scale, based on Cognia's evaluation of 30 performance standards and evidence collected through the engagement review.

ACADEMIC PERFORMANCE

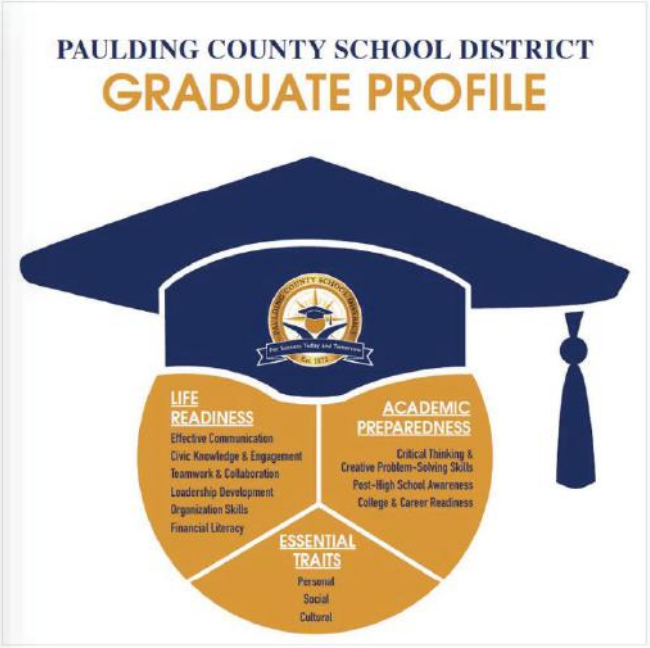

The Paulding County School District leads the state in literacy innovation, with rising AP course enrollment and a consistently high graduation rate. Early literacy initiatives, including the science of reading, ensure that a significant percentage of students read on or above grade level, building a strong foundation for success.

Students continue to excel in core subjects, demonstrating strong growth and performance on state assessments, including Math and Science Milestones and English Language Arts. These achievements reflect the district's commitment to rigorous academics and student success today and tomorrow.

Growth and Success for ALL

- We aim to prepare future-ready graduates for college, careers, military service, and life.
- Designed with district leaders, CTAE/PCCA, K-12 Principals, all school facilities, Wellstar Hospital, Greystone Power, Chattahoochee Tech, and approved by the Board of Education.
- Teams leveraged the most current research on high-demand employability skills.
- The Graduate Profile expands basic academic requirements to include employability skills, life skills, and essential traits.

PAULDING COUNTY SCHOOL DISTRICT
Engage Inspire Prepare

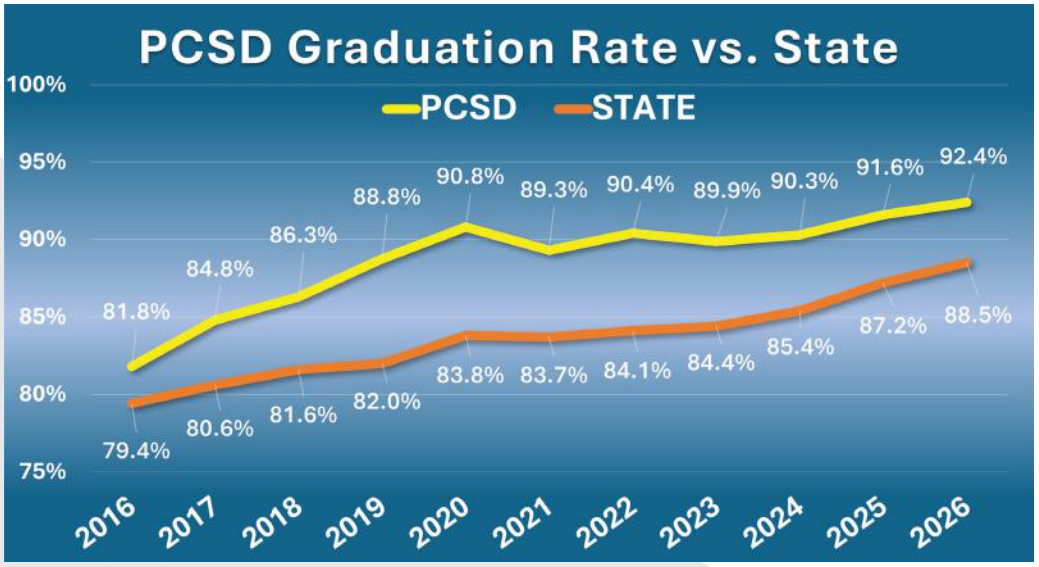

ACADEMIC PERFORMANCE

Graduation Rate

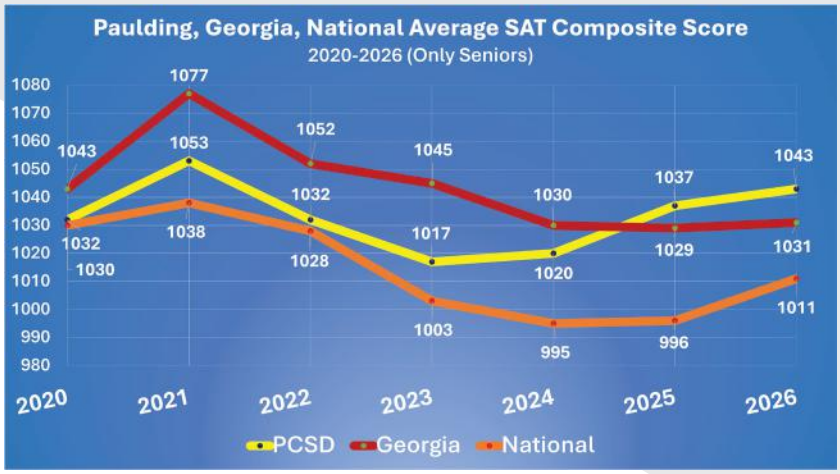

Paulding County School District's Class of 2026 has boosted the school district's graduation rate to a record high! The school district's five high schools achieved an average graduation rate of 92.4 percent, according to data released by the Georgia Department of Education. PCSD's 2026 graduation rate topped the state average graduation rate of 88.5 percent, and, for the first time, all five PCSD high schools posted a graduation rate higher than 90 percent.

SAT

Paulding County School District's SAT scores for the Class of 2026 climbed six points, outperforming state and national peers for the second consecutive year.

According to results released this week by the College Board, the PCSD Class of 2026 earned an average total score of 1043. The district's SAT scores topped both the national average of 1011 and the state average of 1031. These results mark the seventh consecutive year that PCSD results exceeded the national average and the second year higher than the state.

In 2026, all five Paulding County high schools topped the national SAT average performance.

ACADEMIC PERFORMANCE

Reading and English Language Arts

The Paulding County School District began transitioning to the Science of Reading and systematic literacy instruction in 2016. The Georgia Early Literacy Act further emphasized the need for intensive, K-3 Science of Reading professional learning. PCSD surpassed the minimum state requirements and trained all elementary teachers in the Science of Reading.

Because the 2025-2026 school year marked the first administration of Georgia Milestones English Language Arts assessments aligned to the state's new K-12 English Language Arts Standards, additional test development activities must be completed before ELA scores can be calculated and reported in December 2026.

Reading and ELA Performance (2025): Despite low Pre-K participation rates within the community, 64 percent of PCSD students reach reading proficiency by 3rd grade. By high school, 72 percent of students read on grade level, 5 percent higher than their state peers. Intensive professional learning in writing instruction resulted in ELA Milestone scores at or above state performance across all tested grade levels.

College and Career Readiness (2025): Research indicates that the materials students first encounter when entering college or the workforce are written at the Reading Readiness level of 1300L. The average PCSD 10th grader is prepared to read in college/career with a median Reading Readiness level of 1310L, five points higher than their state peers.

Literacy Demonstration District

Paulding County School District has been selected by **Kennesaw State University** in the Georgia Southern University Literacy Center initiative. The GSU Literacy Center was tasked by the Georgia legislature with establishing an infrastructure to support evidence-based literacy instruction across Georgia.

Through this partnership, PCSD will connect educator competency data, student learning evidence, differentiated professional learning, and literacy coaching to strengthen classroom instruction. The work will contribute to the development of a visible, data-informed demonstration model that can support continued literacy improvement within Paulding and inform efforts across the state.

PAULDING COUNTY SCHOOL DISTRICT
Engage Inspire Prepare

ACADEMIC PERFORMANCE

Mathematics

The 2025-2026 school year was the third year of implementation for the Georgia Department of Education's (GaDOE) new Georgia Mathematics Standards and the district's aligned K-12 mathematics curriculum, Illustrative Mathematics. Considering the significant shifts in instruction and curriculum, PCSD students in grades 3rd-5th and 6th-8th still performed above the region.

Science and Social Studies

Paulding County students continue to demonstrate strong performance in Science and Social Studies compared to regional peers. In 2026, PCSD students outperformed the region in Grade 8 Science (39% vs. 31%), Grade 8 Social Studies (42% vs. 35%), and High School U.S. History (48% vs. 36%), with the largest advantage seen in U.S. History. PCSD students also performed at levels comparable to the region in High School Biology (42% vs. 43%).

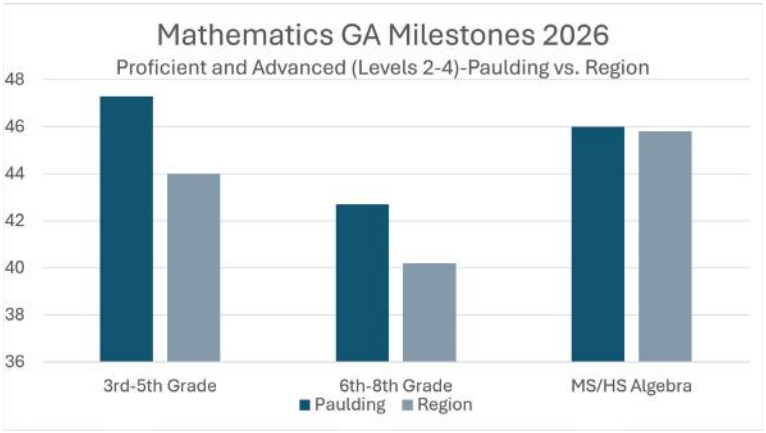

As the district continues implementation of new Social Studies instructional resources and expands the use of newly adopted K-12 science materials, these results reflect a strong foundation for continued growth and achievement across both content areas.

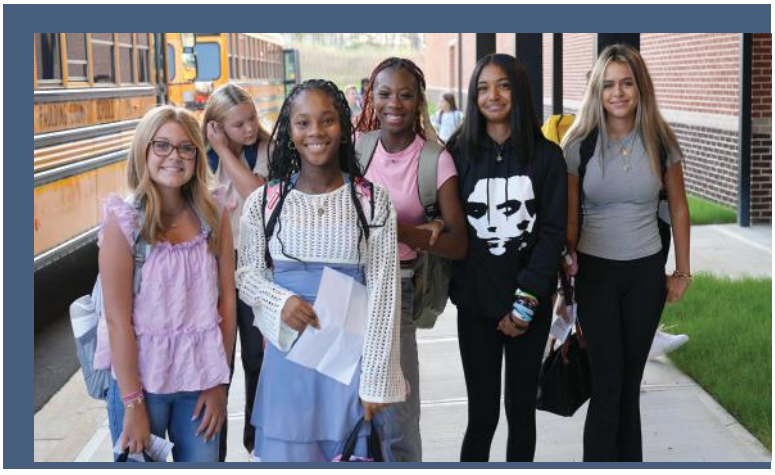

STEM Certification

PCSD has eight Cognia STEM-certified schools and academies: Burnt Hickory ES, McGarity ES, Roberts ES, Shelton ES, PB Ritch MS, Hiram High School Computer Science Academy, PCHS Academy of Science, Research, and Medicine, and the SPHS HS Academy of Engineering and Technology. The Cognia STEM Certification process involves a rigorous evaluation for schools, focusing on building a high-quality STEM learning ecosystem through criteria like problem-based learning and integrated activities.

ACADEMIC PERFORMANCE

Advanced Placement

High school students take more rigorous Advanced Placement (AP) courses to earn college credit by scoring 3 or above.

2026 AP Honor Schools

AP HONOR SCHOOL CATEGORY	SCHOOLS
AP ACCESS AND SUPPORT SCHOOLS *Schools with at least 30 percent of AP exams taken by students who identified as African American and/or Hispanic and 30 percent of all AP exams earning scores of 3 or higher.*	• East Paulding High School • Hiram High School • Paulding County High School
AP EXPANSION SCHOOLS *AP school with 25 percent growth in AP student participation from May 2023 to May 2024 and minimum of 25 students testing in May 2024.*	• South Paulding High School
AP HUMANITIES SCHOOLS *Schools with at least five exams administered in each of the following AP categories: one ELA course, two social studies courses, one fine arts course, and one world language course.*	• South Paulding High School
AP HUMANITIES ACHIEVEMENT SCHOOLS *AP Humanities schools (see above definition) with at least 50 percent of all AP Humanities exams earning scores of 3 or higher.*	• South Paulding High School
AP STEM SCHOOLS *Schools with a minimum of five students testing in at least four AP STEM courses. (AP Calculus AB, AP Calculus BC, AP Statistics, AP Biology, AP Chemistry, AP Environmental Science, AP Physics 1, AP Physics 2, AP Physics C, AP Computer Science A, AP Computer Science Principles).*	• East Paulding High School • Hiram High School • North Paulding High School • Paulding County High School • South Paulding High School
AP STEM ACHIEVEMENT SCHOOLS *AP STEM schools (see above definition) with at least 50 percent of all AP STEM exams earning scores of 3 or higher.*	• East Paulding High School • Hiram High School • North Paulding High School • Paulding County High School • South Paulding High School

State Superintendent Richard Woods named all five Paulding County School District high schools to the list of Advanced Placement (AP) Honor Schools for 2026, and all five high schools earned honors in both STEM categories. In a press release, Superintendent Woods announced that East Paulding High School, Hiram High School, North Paulding High School, Paulding County High School, and South Paulding High School all received honors in the state's multiple AP Honor School categories.

Notably, all five PCSD high schools earned honors as both AP STEM Schools and AP STEM Achievement Schools, and South Paulding High School earned AP Honors in five categories.

DUAL ENROLLMENT

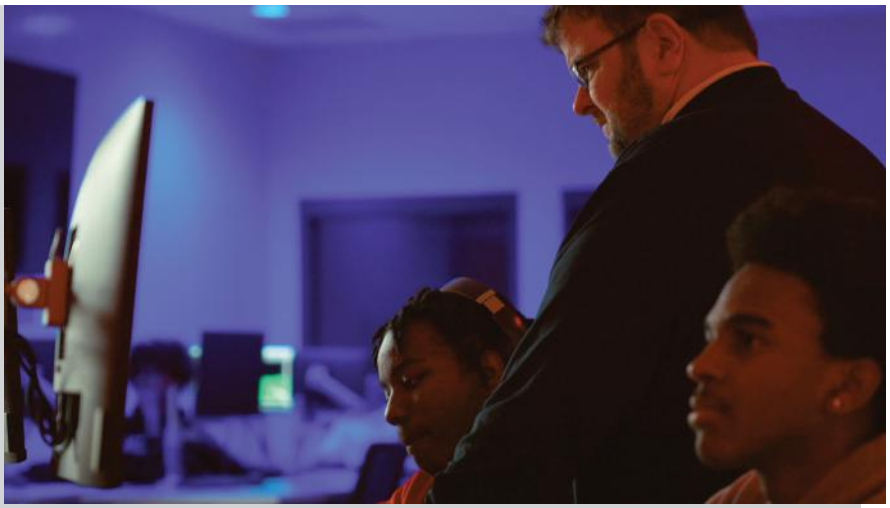

The Dual Enrollment program is a joint partnership with regional colleges and universities to allow qualifying students in grades 9-12 to enroll part-time or full-time to earn high school and college credit. Dual Enrollment students may graduate from high school with a significant number of college credits or with an associate degree from a college, university, or technical college. Students who take technical college classes may graduate from high school with a certificate or diploma in a particular area. Nearly 3,000 college courses were completed tuition-free by PCSD high school students. The chart shows students who completed Dual Enrollment classes and earned credit during the 2025-2026 school year.

ECONOMIC DEVELOPMENT

PCSD Earns Prestigious Economic Development Partnership Designation

The Georgia Department of Education, in partnership with the Georgia Economic Developers Association (GEDA) and Georgia Power, has granted the Paulding County School District its prestigious Economic Development Partnership (EDP) designation for Fiscal Year 2026. PCSD is one of just six school districts statewide to receive the designation this year.

The EDP Designation recognizes school districts that demonstrate a strong and sustained commitment to workforce development by creating meaningful connections between education, business, and industry. Districts earning this distinction provide students in grades K-12 with experiences, opportunities, and career-focused programs that help prepare them for success in college, careers, and life after graduation.

"Earning the Economic Development Partnership Designation reflects our district's commitment to preparing students for meaningful opportunities after graduation while supporting the workforce needs and continued economic growth of Paulding County," said Superintendent Steve Barnette. "This recognition belongs not only to our schools and staff, but also to the business, industry, postsecondary, and economic development partners who work alongside us to create relevant, real-world opportunities for our students."

The EDP designation is part of Georgia's Career, Technical, and Agricultural Education (CTAE) program and lasts for five years. The six districts selected represent each of Georgia's economic development regions and were celebrated at GEDA's annual fall conference in Savannah on September 18.

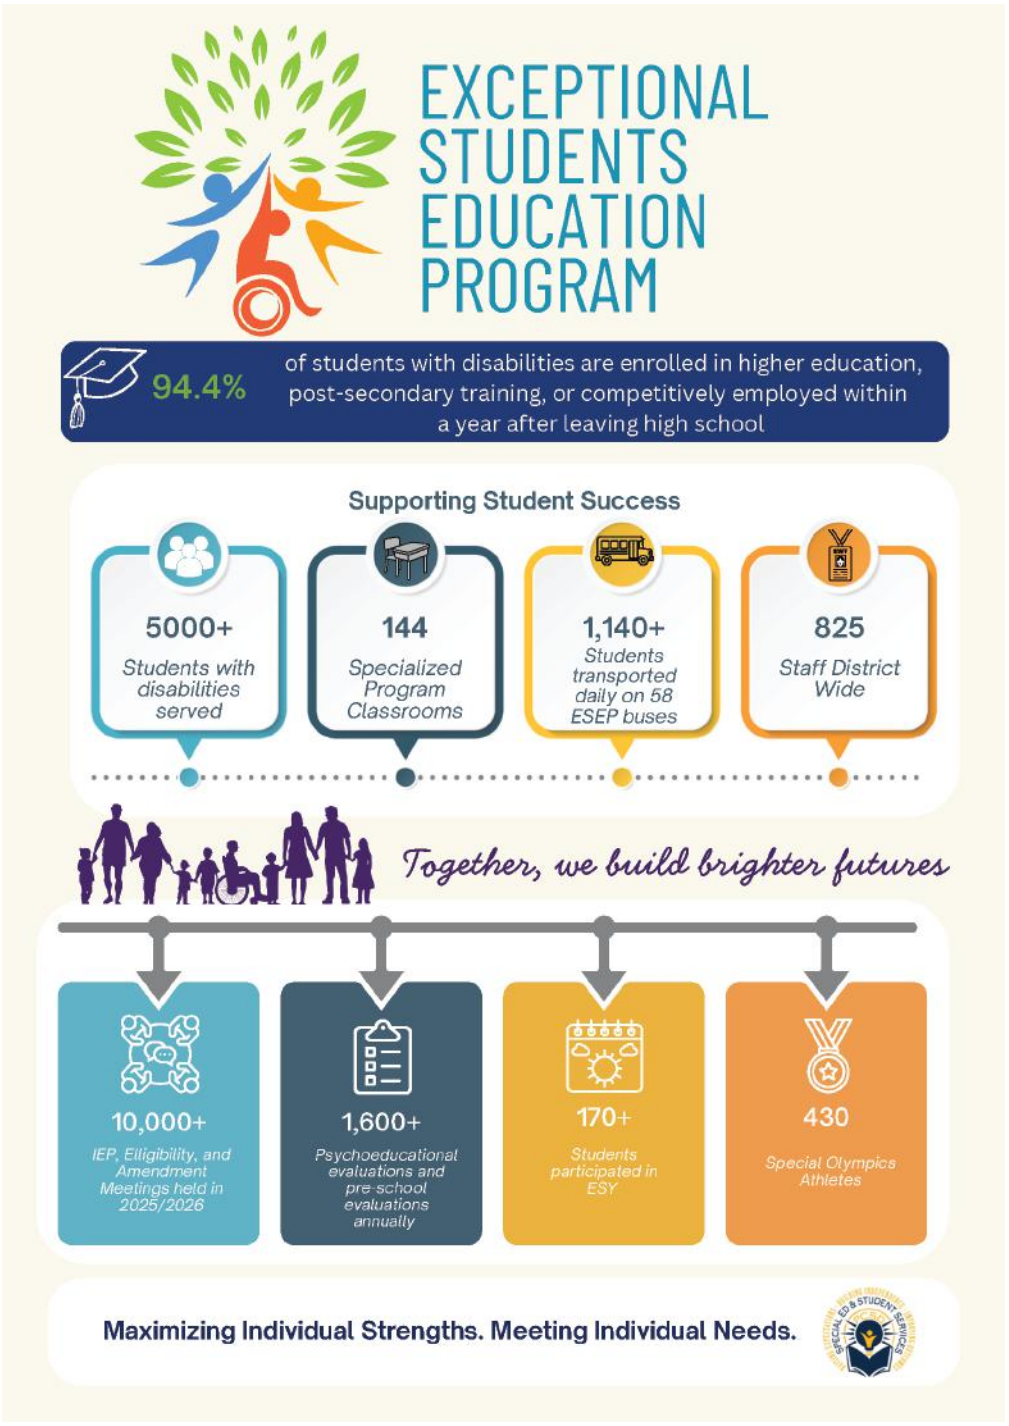

According to the Georgia Department of Education, districts receiving the designation participated in a certification process that prepared them to adopt best practices and behaviors that support economic development and align education with key regional industries. EDP elevates the capacity of school systems to serve as essential partners in their communities' business recruitment and expansion strategies and as catalysts for talent pipeline development.

For students, EDP promotes increased Work-Based Learning and Youth Apprenticeship opportunities, additional exposure to local business and industry, access to high-demand career opportunities, and career-relevant classroom content.

STUDENT SUPPORT SERVICES

Paulding County School District is committed to student well-being through comprehensive counseling services that provide mental health and emotional support. Our Exceptional Students Program offers tailored resources to ensure all students with disabilities receive the support they need to succeed. Beyond the classroom, students can engage in a variety of extracurricular activities, including clubs, sports, and other programs that foster personal growth and community involvement.

2025–2026

PCSD STUDENT SUPPORTS IMPACT REPORT

WE BELIEVE:

- Every student should be known, supported, and empowered.
- Schools should be safe and healthy learning environments.
- Academic and behavioral successes are achieved through a foundation of collaboration, connection, relationships, and resilience.

STUDENT SUPPORTS

Educate to Empower. Collaborate to Belong.

BY THE NUMBERS: MAKING AN IMPACT

2,495+ GRADUATES SUPPORTED
Every graduating senior received personalized advisement meetings to support graduation and postsecondary success.

855 DUAL ENROLLMENT STUDENTS
Counselors facilitate advanced academic pathways, including REACH Scholars and the Governor's Honors Program.

400+ SPECIALIZED SMALL GROUPS
Targeted support for students navigating grief, anger, social skills, and family transitions.

31 SCHOOLS WITH THERAPY SUPPORT
School-based therapy services provided to strengthen student mental health.

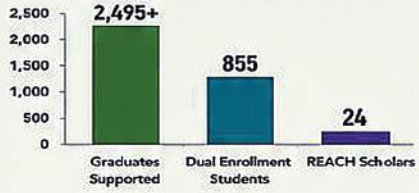

ACADEMIC EXCELLENCE

Counselors are instrumental in helping students achieve their academic milestones.

2,495+ Graduates Supported
Facilitating Senior Advisement Meetings for every graduating student, and managing transcript submissions and letters of recommendation.

855 Dual Enrollment Students
Counselors facilitate advanced academic pathways, including:
- 24 REACH Scholars
- Governor's Honors Program

ACADEMIC IMPACT AT-A-GLANCE

COLLEGE & CAREER READINESS

Ensuring students are prepared for the future through essential career-planning initiatives.

YouScience Career Assessments
Administered to all 8th and 10th grade students to help them discover their strengths and interests.

Top State for Talent Requirements
Dedicated research into colleges and careers to ensure requirements are met.

College & Career Fairs
Connecting students with colleges, training programs, and future opportunities.

CAREER ASSESSMENTS COMPLETED

- 8th Grade (YouScience)
- 10th Grade (YouScience)

All 8th and 10th grade students completed YouScience Career Assessments.

SOCIAL, EMOTIONAL & PREVENTATIVE SUPPORT

Providing proactive education and responsive crisis intervention to support student well-being.

Suicide Prevention Lessons
Provided to all 7th and 9th graders to promote awareness and preventative education.

Backpack Program
Serving families in need by providing essential items through the Backpack Program.

400+ Specialized Small Groups
Targeted support for students navigating grief, anger, social skills, and family transitions.

Sources of Strength & Character Education
Promoting positive school cultures and drug awareness through Red Ribbon Week.

31 Schools with Therapy Support
School-based therapy services provided to strengthen student mental health.

A STRONGER SUPPORT NETWORK

We extend our sincere appreciation to our Coordinators, Counselors, School Social Workers, and Homeless & Foster Care Liaison for their unwavering dedication and collaboration in removing barriers, supporting student well-being, and connecting students and families with the

SCHOOL SOCIAL WORKERS

- Provide crisis intervention and responsive student support
- Coordinate mental health referrals and community-based services
- Lead attendance interventions to improve student engagement
- Collaborate with families, schools, and community partners
- Advocate for students to ensure equitable access to resources and support

HOMELESS & FOSTER CARE LIAISON

- Organizes TIES (Teaming for Educational Interventions and Supports) meetings
- Facilitates transportation services to promote school stability
- Connects students and families with community resources and supports
- Provides ongoing advocacy and assistance for students experiencing homelessness and those in foster care

STUDENT SUPPORT TEAM IMPACT

Together, our Student Support Team works hand-in-hand with schools, families, and community partners to ensure every student is known, supported, empowered, and prepared for success.

COMMUNITY COLLABORATIONS

We partner with local organizations to provide resources and support for students and families in need.

Wellstar / Goodr Mobile Food Pantry
Providing nutritious food access for PCSD students and families through community-based mobile pantry distributions.

Paulding United Food Pantry
Connecting students and families with essential food resources and ongoing community support.

SCHOOL CLIMATE WALKTHROUGHS

34 SCHOOL CLIMATE WALKTHROUGHS
Conducted across all elementary, middle, and high schools.

1,024 STUDENT INTERVIEWS
Gathered student perspectives regarding school culture, climate, and belonging.

622 FACULTY & STAFF INTERVIEWS
Collected valuable feedback regarding school climate and learning environments.

REVISED CLIMATE WALKTHROUGH PROCESS
Updated the former PBIS Walkthrough process to better assess and support positive school climate practices.

WHAT WE DO WITH THE CLIMATE DATA

- Real-time insights into how school climate practices are experienced by students, faculty, and staff.
- Includes feedback from: Students • Staff • Environment
- Specific feedback and observations are shared, grounded in the strengths we observee foe observed during our visits, and next steps.

SUMMARY

Through academic support, college and career readiness initiatives, mental health services, crisis response, community partnerships, and school climate improvement efforts, the PCSD Student Support Team continues to ensure every student is known, supported, empowered, and prepared for success.

SAFETY & SECURITY

School District Launches PCSD Police Department

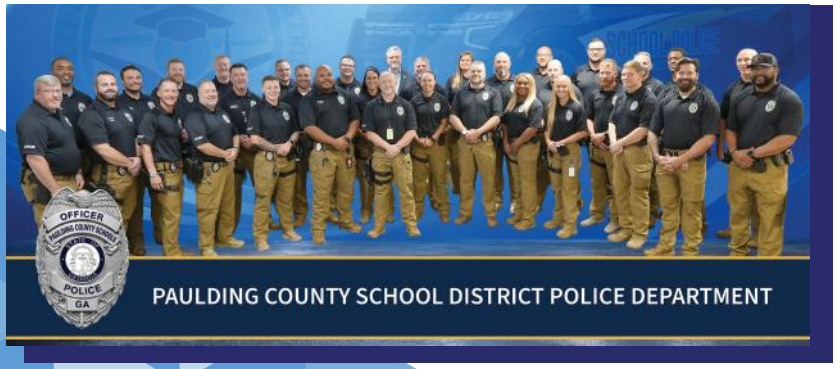

The Paulding County (PCSD) Board of Education approved a resolution on May 19, 2026, to establish the Paulding County School District Police Department, a dedicated law enforcement agency focused exclusively on protecting the district's more than 30,000 students, 4,000 staff, and campus visitors.

The creation of a district police department ensures that officers remain fully dedicated to school campuses and student safety. The transition is also facilitating the Paulding County Sheriff's Office's ability to allocate resources across the broader community as needed.

The Paulding County School District Police Department is implementing a unified approach to safety and security, allowing for faster decision-making, consistent policies, and specialized training tailored specifically to school environments and juvenile interactions. Officers gain institutional knowledge of the communities they serve, including student needs, transportation systems, extracurricular activities, and potential vulnerabilities. Beginning with the 2026-2027 school year, every campus has a dedicated school resource officer.

The creation of the Paulding County School District Police Department is the culmination of a three-year process that has strategically and comprehensively enhanced safety and security throughout the district. Along with bolstering security personnel, the district has implemented access control systems at every school, installed a crisis alert system, and has significantly upgraded its campus security camera system for the 2026-2027 school year.

PCSD POLICE DEPARTMENT RESOURCES:

- 64 PCSD Police Department Staff, including:
  - 42 Sworn PD Officers + 1 Canine
  - 15 Security Guards + 5 Safety Advisors
- Crisis Alert System
- District-Wide Interior/Exterior Camera System
- Window Filming
- Anonymous Tip Line
- Access Control
- Campus fencing
- Canine
- Emergency mass notification system
- Training

ATHLETICS

The interscholastic activities in the Paulding County School District are an important part of the overall educational process. The activities provide expanded learning opportunities which include teamwork, respect for self and others, the desire to win, mental and physical self-discipline, and pride in their school. In the 2025-2026 school year, North Paulding High School produced PCSD's only two state champions, in cheerleading and girls basketball.

The five high schools in Paulding County are Paulding County High School (6A-Region 3), East Paulding High School (5A-Region 5), Hiram High School (4A-Region 7), North Paulding High School (6A-Region 5) and South Paulding High School (5A-Region 5).

All schools are members of the Georgia High School Association (GHSA).

FALL 2025

- **GIRLS BASKETBALL:** To close out 2025, the North Paulding High School Lady Wolfpack basketball team defeated Grayson in Macon to win the Class 6A State Championship!

SPRING 2026 SUMMARY

- **TENNIS:** Advanced to the first round of state for the 2026 school year: NPHS (Boys and Girls), PCHS (Boys and Girls), SPHS (Boys)
- **SOCCER:** Advanced to the first round of state for the 2026 school year: PCHS (Girls), NPHS (Boys), NPHS (Girls *Sweet 16)
- **BASEBALL:** Advanced to the first round of the state tournament for the 2026 school year: EPHS, NPHS (State Runner-up), SPHS (Sweet 16), PCHS
- **LACROSSE:** NPHS Boys (Elite 8- Areas Champions), NPHS Girls (Sweet 16)
- **GOLF:** EPHS (Carliegh Christ top 20), NPHS Boys (3rd in state, Luke Friend, Individual State Champion), NPHS Girls (state tournament)
- **TRACK & FIELD:** EPHS (Evan Pengelly 1st in Pole Vault, Kirk Thomas 3rd in Triple Jump, Devyn Jackons 15th in 300 hurdles, La'Zarria Wiggins, Danica Harris, Brianna Bayardelle, Keli Oluku 8th in the Girls 4x400 relay) Hiram (top 16 or better Kai Leet Girls 100 m hurdles, Cornelius Stapleton boys 5th in state 110m hurdles and 5th in 110m hurdles, Boys 4x100 relay, Shryeia George 200 meter dash), PCHS Talan Macklin 5th place in 110 meter hurdles and 6th Place in 300 meter hurdles, NPHS Boys 14th in the state, NPHS Girls 22nd in state, SPHS 1 athlete state qualifier in high jump
- **E-SPORTS:** NPHS (Splatoon 3- 17th in the state, Marvel Rival 13th in state), PCHS (2nd round of state tournament)

PAULDING COUNTY SCHOOL DISTRICT
Engage Inspire Prepare

TECHNOLOGY

The 2025-2026 school year was a big year for Technology advancements in the Paulding County School District. The district's Technology division closed 19,197 support tickets out 19,210 submitted. The average response time was 3.1 hours. Since the start of the 2026-27 school year, 8,102 support tickets have been submitted, with 7,767 tickets closed. The average response time is 3.1 hours. PCSD currently provides more than 30,000 student laptops and iPads that are used daily to support student learning and instruction across our schools.

Network Operations

- Fiber optic network
  - Underground fiber now connects all district locations and the backup data center, providing greater storm resilience than the previous aerial cabling.
  - A local provider maintains service equipment and trucks nearby, offers immediate phone support from a live representative, and reduces connection-related response delays.
- Access Control/Cameras
  - Access control has been installed at every school. All exterior doors are monitored, with badge access limited to designated entrances.
  - Sixteen locations have received upgraded camera systems as part of our district's security video surveillance refresh. Each location will also receive an upgraded front-door intercom to simplify visitor access for parents.

Enterprise Applications

- Enterprise Applications include:
  - Microsoft 365, Canvas, Infinite Campus, Canva, Adobe Express
- Cybersecurity
  - The district uses a layered approach to protect systems, data, staff, and students. This includes securing account access, managing devices, enforcing data & network protection, continuously monitoring, responding to incidents, and providing staff awareness. New software requests are reviewed by Technology and other appropriate departments for security, privacy, accessibility, instructional value, integration needs, cost, and duplication of existing tools before approval and implementation.

TECHNOLOGY

Instructional Technology

PCSD's instructional technology coaches provide annual formal training sessions for school-based certified staff. School leaders may request school-specific will call training. Teachers may also book one-on-one coaching sessions. The team's shared goal is to have 75% of certified staff attend the formal sessions, and each semester, recognize the schools with highest level of participation at each level.

FINE ARTS & EXTRACURRICULARS

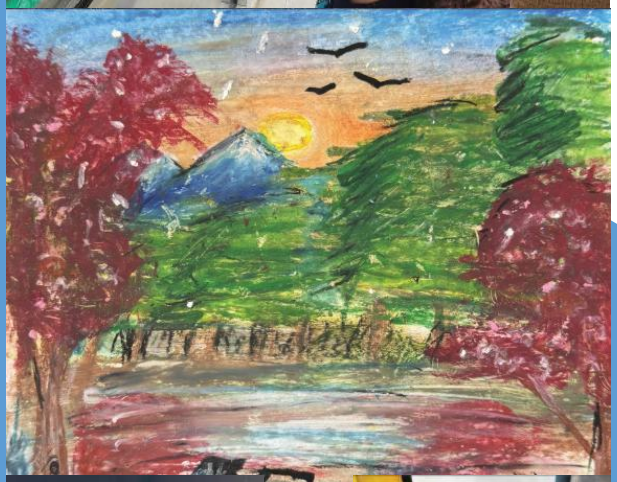

Paulding County School District remains committed to providing all students with equitable access to high-quality fine arts education from Kindergarten through Grade 12. Through strategic planning, program development, and community partnerships, the district continues to foster creativity, innovation, and artistic excellence while preparing students for college, careers, and lifelong engagement in the arts.

Fine arts pathway completers are well-positioned for opportunities in Georgia's growing creative economy, which spans industries such as design, film, digital media, visual arts, theater, and music. The district's comprehensive programs help students develop the skills and experiences needed for future success.

2025-2026 Highlights

- Named a Best Community for Music Education by the NAMM Foundation for the third consecutive year.
- Hosted county-wide Honor Chorus (250+ students) and Honor Band (400+ students) events.
- Hosted county-wide Marching Exhibition – approximately 700 students.
- Conducted the annual Fine Arts Day celebration for students, families, and community members.
- Analysis of district fine arts data revealed approximately 275,000 student-created artworks, 1,000+ performances, and 65% student participation in fine arts courses and activities.
- Completed an Elementary Music Curriculum Review and Refresh.
- Continued maintenance and upgrades of fine arts equipment, including stage floors, kilns, and pottery wheels.
- Initiated theater sound, lighting, and curtain modernization projects.

Paulding's fine arts programs are recognized at the local, state, and national levels through performances, exhibitions, competitions, conferences, and collaborative initiatives. These opportunities are strengthened through partnerships with organizations such as GAEA, GMEA, the Georgia Department of Education, NAfME, NAMM, and the Fine Arts Leadership Alliance, as well as cultural institutions and higher education partners including the High Museum of Art, ArtsBridge, Kennesaw State University, the University of Georgia, the University of West Georgia, Berry College, and Shorter University.

Together, these partnerships expand learning opportunities, provide access to specialized resources and experiences, and reinforce the arts as a vital component of student achievement, community engagement, and college and career readiness.

FINANCIAL OVERVIEW

WHAT MAKES PAULDING COUNTY UNIQUE?

The District continues to be a low wealth school district due to a limited commercial and industrial tax base and the large number of school-aged children per household. At right are FY2025 rankings against the 37 large school districts in Georgia with more than 10,000 students.

By the Numbers

- 30,596 students (11th largest in Georgia)
- 3-year growth rate of -0.8% versus -0.8% average
- Non-residential tax digest of 14% versus 35% average

Funding

- 26th of 37 largest districts in revenue per student
- PCSD collects $1,722 less per student than the large district average
- 5th largest recipient of Equalization Grant funds of all Georgia districts
- 115th of 180 school districts in Georgia in total revenue per pupil

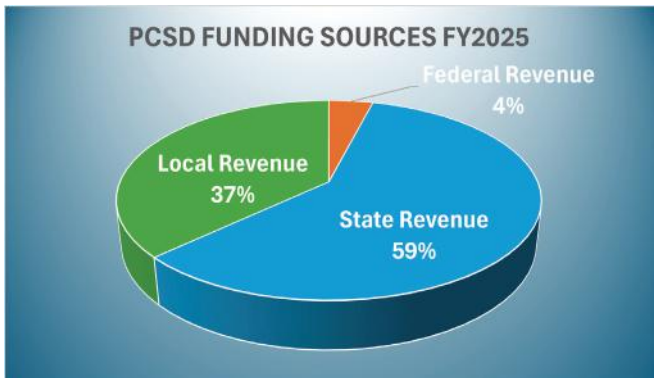

Spending

- 67.0% of the budget is spent on instruction (8th of 37)
- 5.8% of budget spent on total school/district administration (29th of 37)
- 3.0% of the budget is spent on General Administration (30th of 37)
- 6.4% of the budget is spent on Maintenance and Operations (37th of 37)

PCSD PER PUPIL FUNDING BY SOURCE			
Revenues:	2022-2023	2023-2024	2024-2025
TOTAL	$399,648,636	$442,144,003	$463,518,384
State	$7,164	$7,710	$8,704
Local	$4,425	$5,173	$5,401
Federal	$1,044	$903	$579
Total Per Pupil	$12,634	$13,785	$14,684
Variance to Avg.	($1,396)	($1,553)	($1,127)

Engage *Inspire* *Prepare*

The Business Services Department has been awarded the Meritorious Budget Award for excellence in the preparation and issuance of the budget for six consecutive years. Additionally, the school district boasts an Aa1 Very High credit rating, and district finances have been audited for 19 consecutive years with zero findings, which means that an independent auditor has reviewed a company's financial statements and found them to be accurate, complete, and in compliance with generally accepted accounting principles (GAAP). A clean audit gives stakeholders confidence that the school district's financial position is fairly and accurately represented.

PAULDING COUNTY SCHOOL DISTRICT
Engage Inspire Prepare

FINANCIAL OVERVIEW

PCSD is one of the largest and fastest-growing school districts in the State of Georgia. However, it may surprise you to learn that we are also one of the lowest-wealth districts in the state. When compared to the average of our large neighboring school districts* our tax levy of $5,051 per student is 24 percent lower than the average. While the school district has no control over home values, when compared to the average of our neighboring school districts, our gross residential digest per student is 19 percent lower. Again, the lagging non-residential tax base in Paulding County creates a large deficit when compared to the average. Our gross non-residential digest per student is 72 percent lower than the average.

Why are we so far below the average?

The answer lies in the extraordinary housing growth in Paulding County, coupled with a non-residential tax base that has not kept pace. On average, 35 percent of the tax base of our neighboring school districts comes from non-residential properties, compared to just 14% in Paulding County. In other words, they have far more industry and commercial businesses to support their school systems. This imbalance also negatively impacts our E-SPLOST collections, which generate only $0.56 for every $1.00 collected per pupil on average by our neighboring school districts.

How extraordinary is the housing growth?

Over the last 30 years, if Paulding County had grown at the same rate as the average school district in Georgia, we would have around 17,000 fewer students today. Even if we had grown at double that average rate, our PCSD would still only be about half the size it is now. That illustrates how extreme the housing growth has been. It is also important to note that the school district has no control over the number of residential housing permits issued, yet we are significantly impacted by it.

Why do most of my taxes go to the school district?

Our share of the overall county tax levy – about 68 percent – has stayed the same for more than 30 years. That's because about 70 percent of the added cost of every new household in Paulding County falls on the school system, whether it is 1996 or 2026.

** Bartow, Douglas, Cherokee & Cobb*

FINANCIAL OVERVIEW

Are exemptions higher in other counties?

The percentage of our gross digest that is exempted is slightly lower in Paulding County than the average of our neighboring school districts, totaling 19 percent and 25 percent, respectively.

How do you spend our tax dollars?

We spend approximately 75 percent of our operating budget on school-based, direct instruction and support, transportation, and maintenance. The remaining budget funds technology, business services, human resources, student services, school leadership, and teaching and learning. We spend the same percentage of our operating budget on instruction as the average of our neighboring school districts, with far less resources. We spend significantly less on administrative costs than the average of our neighboring school districts.

Does the district have a surplus?

The district does not maintain a surplus or reserve fund. As of June 30th – the end of our fiscal year – we typically carry a fund balance equal to about 1.5 months of operating expenses, compared to the statewide average of nearly 4 months. This fund balance is essential to sustain district operations until the next funding cycle begins in September/October. Among Georgia's 180 school districts, we recently ranked 153rd in available fund balance at fiscal year-end, despite being the 11th largest district in the state.

Do you make up the difference in the millage rate?

This rapid, uncontrolled growth, combined with a lagging non-residential tax base, is the main reason our tax levy per student is 30 percent below average. But we have not made up for that deficit by raising the tax rate. In fact, our total millage rate is 4 percent lower than the average of our neighboring school districts. We currently have our lowest millage rate in 18 years, the highest exemption percentage in the last 30 years, and continue to maintain a 0.000 bond millage rate.

PAULDING COUNTY SCHOOL DISTRICT
Engage Inspire Prepare

COMMUNITY ENGAGEMENT

The Paulding Partners In Education program, a partnership between the Paulding County School District and the Paulding County Chamber of Commerce, makes it easy for anyone in the community to become involved in our school district. Partners in Education share their expertise, time, ideas, experience, and resources with the students and education staff by partnering with one school, multiple schools, or the entire District. Another partnering option is providing PCSD Employee Incentives to our staff.

Goals for PPIE:

Engage: Connect students, educators, staff, and community partners through impactful relationships and collaborative opportunities.

Inspire: Encourage growth, curiosity, and achievement by exposing students, educators, and staff to real-world experiences and career pathways.

Prepare: Equip students for college, career, and life success while empowering educators and staff with resources and partnerships that enhance learning and workforce readiness.

Partnership Criteria:

The Partners in Education (PIE) Program is designed to foster meaningful collaboration between schools, businesses, organizations, and community leaders to support students, educators, and staff. Partners are expected to actively contribute to the success of the school community through engagement, inspiration, and preparation initiatives.

Partners May Include:

- Businesses and corporations
- Nonprofit organizations
- Higher education institutions
- Government agencies
- Community organizations
- Professional associations
- Individual community leaders

Ways Partners In Education Support Schools and District:

- Career fairs
- Mentoring programs
- Student internships
- Job shadowing experiences
- Classroom presentations
- Teacher appreciation initiatives
- Scholarship sponsorships
- Student recognition programs
- STEM events
- Literacy programs
- Campus improvement projects

CHALLENGES & PLANNING

In addition to the financial challenges highlighted in the above section, "What Makes Paulding County Unique," the school district also faces a range of academic challenges. Some schools are designated Title I schools which means they receive federal funding to be applied to additional services, support, and resources in support of enabling all students to achieve academic success. More information about PCSD's Title I program, including accountability data, can be found here: https://www.paulding.k12.ga.us/Page/384

Additionally, there are currently zero Paulding County schools on the Georgia Department of Education's Comprehensive Support & Improvement list, which identifies for additional support the lowest-performing Title I schools, high schools with graduation rates below 67 percent, and schools with persistently underperforming subgroups. One Paulding County school is currently listed on the GaDOE's Targeted Support & Improvement list, which identifies schools for additional support if they have low-performing subgroups. Click here for more information about the TSI identification process.

To address academic, financial, and operational challenges and set targets for improvement, PCSD has implemented a five-year Strategic Plan to guide operations in five critical areas: Growth and Success for All; Communication and Engagement; Attracting, Developing and Retaining Quality, Diverse Professionals; Operational and Organizational Excellence; and Innovative Practices and Resource Implementation. More information on each Strategic Goal Area can be found at the link below.

In November 2026, PCSD commenced a planning process to develop a new five-year strategic plan, with a target date for approval in 2027. The development of the new plan will be a comprehensive process that involves collaboration from a wide range school district stakeholders.

CAPITAL IMPROVEMENTS

Inspire
Engage
Prepare

E-SPLOST

E-SPLOST is a one-cent sales tax to help fund capital improvements and debt repayment, and is the primary funding source for capital projects, in addition to various state grants, including the State Capital Outlay Program.

In recent years, E-SPLOST has been the primary funding source for:

- Construction of Crossroads Middle School;
- Construction of Crossroads Elementary School;
- Construction of classroom additions at Moses MS, Russom ES, Burnt Hickory ES, Northside ES, Roberts ES, and North Paulding HS;
- Major renovations at Allgood ES, Baggett ES, Dobbins MS, Hiram HS, Moses MS, Poole ES, Roberts ES, and South Paulding HS;
- Construction of multi-Purpose buildings with female locker rooms at HHS, NPHS, PCHS and SPHS;
- High school Fine Arts theater upgrades;
- Replacement of high school turf fields.
- Replacement of high school field lighting with LED units.

In coming years, E-SPLOST will result in:

- More than $60 million in debt retired;
- Construction of a new elementary school to serve southwest Paulding County.
