

CHURCH PLANTING

Reaching Communities.
Transforming Generations.

CICM
INTERNATIONAL

Church planting is at the heart of CICM International's mission. We believe lasting transformation begins when the Gospel takes root in a community and local leaders are equipped to build communities of faith that continue reaching people for generations.

Across South Asia, millions of people still live with limited access to the Gospel and a local church. CICM is committed to reaching underserved communities, sharing Jesus Christ, discipling believers, raising local leaders, and establishing churches that become centers of faith and hope.

A GROWING CHURCH-PLANTING MOVEMENT

Today, CICM's church-planting ministry extends throughout **India, Nepal, Bhutan, Afghanistan, Sri Lanka, Dubai, Bangladesh, and Tibet**. Through God's faithfulness, CICM has helped plant **6,645 churches and 70,000 house churches**. On any given Sunday, **more than 1.8+ million people** gather through these communities of faith to worship our resurrected Savior.

At the heart of this movement are dedicated local pastors, evangelists, and church planters. These leaders understand the cultures and spiritual needs of the people they serve. CICM equips and supports them as they build relationships, share the Gospel, disciple believers, develop new leaders, and establish thriving congregations within their own communities.

Some churches begin in homes. Others are planted in villages, towns, cities, or major metropolitan areas. Regardless of size or location, every church has the same purpose: to create a sustainable community of believers that worships Christ and reaches others with the Gospel.

MORE THAN A CHURCH

Each new congregation becomes more than a place for Sunday worship. It becomes a center for prayer, biblical teaching, discipleship, evangelism, leadership development, fellowship, and compassionate outreach.

As believers grow in their faith, they begin reaching their families, neighbors, and surrounding communities. New leaders emerge and additional churches can be planted. This multiplication allows one investment in a church plant to potentially influence families and communities for generations.

PARTNER TO PLANT A CHURCH

$5,000 — Village Church

Provides one year of support to help plant a church in a rural village community, bringing the Gospel to areas where access to a local church may be limited.

$10,000 — Town or City Church

Provides one year of support to help establish a church in a town or city where larger populations create opportunities for evangelism, discipleship, and outreach.

$15,000 — Mega-City Church

Provides one year of support to help establish a church in a metropolis such as **New Delhi**, where the opportunity for Gospel impact is tremendous.

OUR VISION

Although CICM celebrates what God has already accomplished through **6,645 churches and 70,000 house churches**, the mission continues. Millions of people across South Asia still need the opportunity to hear about Jesus and become part of a local community of believers.

Church planting is not simply about establishing a building. It is about establishing a living, multiplying community of faith.

Your partnership can help equip local leaders, proclaim the Gospel, disciple new believers, and establish churches that continue reaching others.

Plant a Church. Reach a Community.
Impact Generations.
