MEET THE *Creator.*♥

Hi, I'm Katrina—creator of
KaLa's Cake Bar & Events.

KCBE grew from something I've always loved: creating experiences that bring people together. I'm an educator and instructional technology leader by profession, so designing engaging, hands-on experiences has been part of my world for years. KCBE gives me a completely different—and much sweeter—way to do it.

I wanted to create more than beautiful event setups or great desserts. I wanted guests to participate. To choose. To create. To laugh with the person standing next to them. To walk away saying, "That was fun."

That idea became KCBE.

Whether I'm helping a child build the sundae of their dreams, watching friends design hats together, or laughing with guests over which toppings belong in the perfect popcorn mix, my favorite part is always the same: watching people connect through the experience.

That's what KCBE is really about.
