With over 85 million batteries sold and a fast-growing alliance, AMPShare is the 18V battery system you can build on. In addition, AMPShare tools have been **fully compatible with Bosch Professional 18V batteries and chargers since 2008**. This allows you to switch flexibly between professional tools and brands.

THE MULTI-BRAND BATTERY ALLIANCE

FULLY COMPATIBLE

AMPShare batteries are fully compatible with all tools within the multi-brand alliance – including the entire Bosch Professional 18V System.

LEADING BATTERY TECH

Extreme power, long runtimes, outstanding durability.

PROFESSIONAL EXPERTISE

All members of the AMPShare alliance are leading expert brands in their field – meeting the highest demands of trade and industry.

SAVE TIME AND MONEY

No more buying new batteries for every new tool. No more searching for the "right" battery. With AMPShare, one battery does the job.

SAVE SPACE AND EFFORT

Reduce clutter and complexity. With AMPShare, you never need to carry different batteries and chargers on the job again.

A GROWING ALLIANCE

Your AMPShare battery today will be compatible with even more tools from even more brands in the future.

SUPERIOR TECHNOLOGY

Powered by Bosch Professional.

Discover the advantages of ProCORE18V – the leading battery technology.

Compact, lightweight, and compatible: AMPShare batteries are compact and lightweight for more ergonomic and comfortable working, especially in uncomfortable positions.

They are fully compatible with all tools in the multi-brand alliance – including the entire Bosch Professional 18V system since 2008.

POWER

- up to **864 W** of power

CELLS

- 18650 standard cells
- no memory effect
- no self-discharge

HEAT-MANAGEMENT

- **COOLPACK 1.0** improves heat dissipation from the inside to the outside of the battery for battery lifetime and runtime

SUPER-FAST CHARGING TIME

In Power Boost mode, the GAL 18V-160 C Professional charges the ProCORE18V 4.0Ah to 50% within 9 minutes.

Pro **CORE** 18V

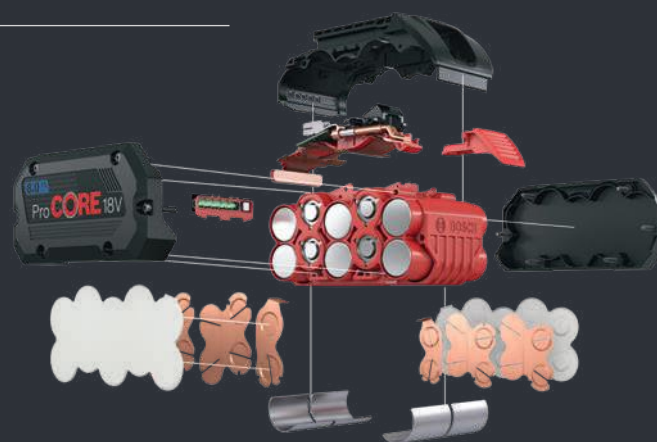

- up to **1,800 W¹** equivalent corded power with ProCORE18V ≥ 5.5 Ah, optimally suited for BITURBO tools
- up to 864 W with ProCORE18V 4.0Ah, but more compact and lightweight than a standard battery

- 21700 high-performance cells
- no memory effect
- no self-discharge
- lower inner-cell resistance and less power loss
- higher currents for a longer time for more demanding applications

- **COOLPACK 2.0 technology** more than doubles the lifetime of standard batteries without COOLPACK
- special HDPE material with large outside surface area for improved heat dissipation
- no air gaps between the cells: every cell is fully covered with HDPE material for optimal heat dissipation
- Cooper cell connectors for lower resistance, less power loss, and highly efficient heat release

¹ depending on the tool

AREAS OF APPLICATION FOR AMPSHARE COMPATIBLE BRANDS AND PRODUCTS

- Drilling
- Screwing
- Grinding
- Sawing
- Cutting
- Separating
- Milling
- Core drilling
- Pressing
- Bending
- Riveting
- Welding
- Spraying
- Cleaning
- Inspection
- Multitools
- Work organization and much more

AMPSHARE FOUNDING MEMBERS

AMPShare is the shared battery system that lets you run many tools from many pro brands on just one battery.

BOSCH

BOSCH PROFESSIONAL

Bosch Professional develops innovative, high quality power tools that are guaranteed to produce professional results in all fields of craftsmanship. Our tools are reliable, powerful and robust, fulfill the highest demands, and make your work easier. Our Bosch cordless tools excel especially due to their long lifetime, high performance capability, and very long runtime.

FEIN

FEIN

Since its beginnings in 1867, FEIN has had one mission: To be the preferred partner for power tools in the metalworking industry and skilled trades. FEIN is globally recognized as a manufacturer of high-quality performance driven and durable power tools.

As one of the three founding members of AMPShare, FEIN utilizes AMPShare battery technology to deliver compatibility, flexibility, and maximum battery power across all machines on the AMPShare battery platform – placing the customer and their needs at the center.

ROTHENBERGER
pipetool technologies at work

ROTHENBERGER

As a leading manufacturer of pipe tools and machines, ROTHENBERGER has stood for quality and innovation for more than 75 years. The tools offer professional users efficient solutions for the most demanding requirements and cover all HVAC and refrigeration applications: from pressing, bending, and cutting to evacuating and inspecting pipes.

Efficiency for ROTHENBERGER means quality, performance, flexibility, and compatibility in order to meet the highest demands and achieve professional results. For ROTHENBERGER, as one of the three founding members of the AMPShare Alliance, the powerful and efficient battery technology and full compatibility with other partner products in which it is used are important key components of its customer-oriented product strategy.

BOSCH

CORDLESS DRILL/DRIVER GSR 18V-150 C PROFESSIONAL

The GSR 18V-150 C Professional shows optimal results when screwing and drilling in wood and metal, especially for drilling large diameters, e.g., hole saws up to 150 mm.

Torque (soft/hard/max.)*	84/100/150 Nm
No-load speed (1st gear / 2nd gear)*	0 – 550 / 0 – 2,200 rpm
Battery type	Lithium-Ion
Chuck capacity, min./max.	1.5 / 13 mm
Battery voltage	18.0 V
Weight excl. battery*	2.1 kg
Torque settings	25+1

* You can find more information about the deviations in the following link:

CORDLESS ROTARY HAMMER BITURBO WITH SDS MAX GBH 18V-36 C PROFESSIONAL

This tool combines extreme compactness and high power for tough jobs in concrete. Lightweight at 6.1 kg, its design is significantly more compact and lighter than any other cordless SDS max hammer on the market. The hammer's brushless technology delivers an outstanding performance of 7.0 J max.

ANGLE GRINDER GWS 18V-15 C (125 MM) PROFESSIONAL

The GWS 18V-15 C Professional is Bosch's high-performing cordless grinder that offers industrial power in the 18 V category. It delivers cordless power equal to a 1,500 W corded grinder due to its strong brushless motor that is fully optimised for ProCORE18V battery technology, making use of the battery's complete power. The tool can be refitted with an optional Bluetooth Connectivity module. Equipped with KickBack Control, Drop Control, an intelligent brake system, and a tool-free quick clamping nut, this grinder offers full tool control.

CORDLESS CIRCULAR SAW GKS 18V-68 PROFESSIONAL

High performance – the GKS 18V-68 Professional saw delivers faster cutting speeds than corded saws and outstanding runtime. This powerful, brushless BITURBO18V tool offers an exceptionally strong performance equal to corded 1,800 W saws, yet provides complete manoeuvrability and cordless freedom. The saw's outstanding ergonomics and innovative auxiliary handle enable ideal tool control in all cutting positions. With a cutting depth of up to 70 mm in 90° cuts, this circular saw achieves an outstanding cutting performance.

ANGLE GRINDER

CORDLESS ANGLE GRINDER GWS 18V-11

Designed for the widest range of light-to-medium cutting and grinding tasks, this angle grinder is a versatile all-rounder suitable for MRO and final onsite installations.

- Versatile all-rounder with balanced design for wide range of applications
- Excellent durability thanks to 1100 W of power with optimized overload capacity
- More comfort and less fatigue assured by anti-vibration handle and slimmer grip
- Lower risk of injury while you work thanks to full suite of safety features

CORDLESS ANGLE GRINDER BITURBO GWS 18V-15 P PROFESSIONAL

- Powerful BITURBO Brushless technology delivers cordless performance equal to 1,500 W corded power
- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings
- PROtection switch, intelligent brake, KickBack Control, Drop Control, soft start, and Vibration Control

CORDLESS ANGLE GRINDER BITURBO GWS 18V-15 C

The GWS 18V-15 C Professional is Bosch's high-performing cordless grinder that offers industrial power in the 18 V category.

- 50% faster cutting and more metal removal than our previous cordless grinders due to new BITURBO Brushless technology
- Sets new health & safety standards with unique sensor-based KickBack Control and Drop Control plus an intelligent brake system

CORDLESS ANGLE GRINDER BITURBO GWS 18V-15 PSC

In your job, do you need the freedom of a cordless tool that matches the supreme performance of a corded one? Our powerful GWS 18V-15 PSC Professional with BITURBO Brushless technology delivers high-class cordless performance equal to 1,500 W corded power.

- Powerful BITURBO Brushless technology delivers cordless performance equal to 1,500 W corded power
- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings
- PROtection switch, intelligent brake, KickBack Control, Drop Control, soft start, and Vibration Control

CORDLESS ANGLE GRINDER BITURBO GWS 18V-15 SC (125 MM)

In your job, do you need the freedom of a cordless tool that matches the supreme performance of a corded one? Our powerful GWS 18V-15 SC Professional with BITURBO brushless technology delivers high-class cordless performance equal to 1,500 W corded power.

- Powerful BITURBO brushless technology delivers cordless performance equal to 1,500 W corded power
- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings
- Superior handling: Individual speed setting adjustments with human machine interface and Bluetooth connectivity

ANGLE GRINDER

CORDLESS ANGLE GRINDER BITURBO GWS 18V-15 SC (150MM)

In your job, do you need the freedom of a cordless tool that matches the supreme performance of a corded one? Our powerful GWS 18V-15 SC Professional with BITURBO brushless technology delivers high-class cordless performance equal to 1,500 W corded power.

- Powerful BITURBO brushless technology delivers cordless performance equal to 1,500 W corded power
- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings
- Intelligent brake, KickBack Control, Drop Control, soft start, and Vibration Control

CORDLESS ANGLE GRINDER BITURBO GWS 18V-180 P

With its 180-mm disc and its small gear head, the GWS 18V-180 P reaches the same cutting depth as a 230-mm large angle grinder but with up to 35% less weight.

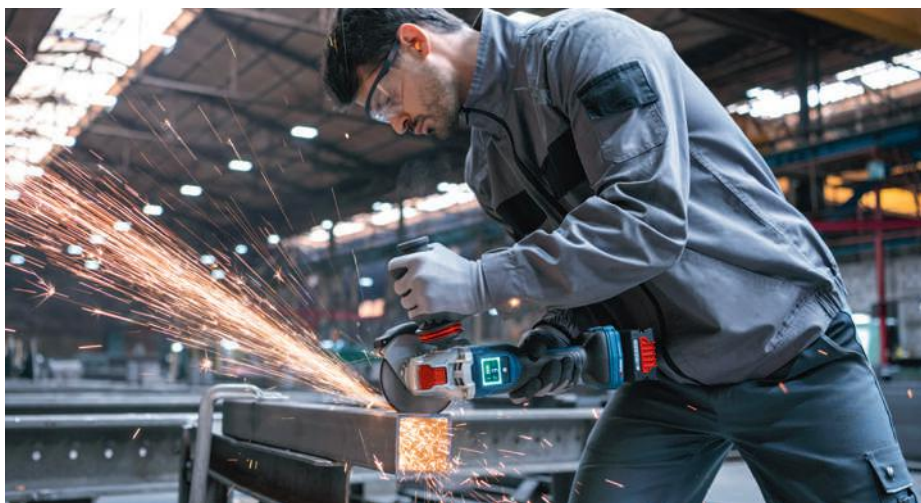

- Thanks to 180-mm disc and small gear head, the same cutting depth as a 230-mm large angle grinder but up to 35% less weight
- BITURBO Brushless technology for fast cutting in multiple materials like metal, concrete, bricks, and tiles

CORDLESS ANGLE GRINDER BITURBO GWX 18V-15 C WITH X-LOCK

The GWX 18V-15 C Professional is Bosch's high-performing cordless grinder that offers industrial power in the 18 V category. It delivers cordless power equal to a 1,500 W corded grinder due to its strong brushless motor that is fully optimised for ProCORE18V battery technology, making use of the battery's complete power. This small angle grinder comes with a keyless X-LOCK click system that enables fast and convenient accessory changes.

- 50% faster cutting and more metal removal than our previous cordless grinders due to new BITURBO Brushless technology
- Ultimate X-LOCK convenience: Easy change of accessories without any key or losable parts – up to 5 times faster; Sets new health & safety standards with intelligent "X-Brake" and unique sensor-based KickBack Control and Drop Control

CORDLESS ANGLE GRINDER BITURBO GWX 18V-15 P (125 MM)

In your job, do you need the freedom of a cordless tool that matches the supreme performance of a corded one?

- Powerful BITURBO brushless technology delivers cordless performance equal to 1,500 W corded power
- X-brake immediately brings the disc to a standstill so you can store your tool with peace-of-mind
- PROtection switch, X-LOCK, KickBack Control, Drop Control, soft start, and Vibration Control

CORDLESS ANGLE GRINDER BITURBO GWX 18V-15 PSC (125 MM)

In your job, do you need the freedom of a cordless tool that matches the supreme performance of a corded one? Our powerful GWX 18V-15 PSC Professional with BITURBO brushless technology delivers high-class cordless performance equal to 1,500 W corded power.

- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings

ANGLE GRINDER

CORDLESS ANGLE GRINDER BITURBO WITH X-LOCK GWX 18V-15 SC

The GWX 18V-15 SC Professional is Bosch's high-performing cordless grinder that offers industrial power in the 18 V category. It delivers cordless power equal to a 1,500 W corded grinder due to its strong brushless motor that is fully optimised for ProCORE18V battery technology, making use of the battery's complete power.

- Powerful BITURBO brushless technology delivers cordless performance equal to 1,500 W corded power
- 3 speed levels per default, retrofittable Bluetooth module for up to 6 individual speed settings
- Super-fast X-brake, X-LOCK, KickBack Control, Drop Control, soft start and Vibration Control

CORDLESS ANGLE GRINDER GWS 18V-10 (125 MM)

66% more power and 30% longer runtime on cutting and grinding than GWS 18V-LI thanks to the new brushless motor delivering 1000W equivalent power.

- New friendly switch button design
- Premium tool control – keyless protective cover, keyless clamping nut (M14 only), slimmer grip design
- Premium user protection - Drop Control, Fast Brake and KickBack Control; The next level of power & run time – new brushless motor and EXPERT batteries

CORDLESS ANGLE GRINDER GWS 18V-10 P

The GWS 18V-10 P Professional cordless small angle grinder offers an improved level of power and tool control in the 18 V category.

- Cordless Small angle grinder delivers power equal to a 1,000 W corded grinder via brushless motor and ProCORE18V battery
- PROtection switch instantly turns the grinder off when released, further maximising user protection
- Increased level of user protection and convenience due to KickBack Control, drop control and intelligent brake system

CORDLESS ANGLE GRINDER GWS 18V-10 SC

This cordless small angle grinder offers an improved level of power and tool control in the 18 V category.

- Drop Control, KickBack Control, and intelligent brake system provide maximum user protection and convenience
- Small angle grinder delivers power equal to a 1,000 W corded grinder via brushless motor and EXPERT battery

CORDLESS ANGLE GRINDER GWX 18V-10 SC (125 MM)

This cordless small angle grinder with X-LOCK offers an improved level of power and tool control in the 18 V category.

- Changing accessories is fast and convenient thanks to keyless X-LOCK click system
- Delivers power equal to a 1,000 W corded grinder due to powerful brushless motor

ANGLE GRINDER

CORDLESS ANGLE GRINDER GWS 18V-7

The GWS 18V-7 Professional cordless angle grinder is Bosch's handy answer that offers the convenient combination of solid 18 V cutting performance and compact design.

- Strong brushless motor delivers the equal of 700 W from corded angle grinders for excellent cutting results
- Light weight, slim grip size, and keyless guard ensure convenient and comfortable working
- Optimised for versatile cutting: perfect ergonomics safeguarded by balanced design and slim handle

CORDLESS ANGLE GRINDER WITH X-LOCK GWX 18V-10 P PROFESSIONAL

The GWX 18V-10 P Professional cordless small angle grinder with X-LOCK offers an improved level of power and tool control in the 18 V category. It delivers power equal to a 1,000 W corded grinder thanks to its brushless motor.

- Delivers power equal to a 1,000 W corded grinder due to brushless motor technology
- Changing accessories is fast and convenient thanks to keyless X-LOCK click system

CORDLESS ANGLE GRINDER WITH X-LOCK GWX 18V-10

The GWX 18V-10 Professional cordless small angle grinder with X-LOCK offers an improved level of power and tool control in the 18 V category.

- Delivers power equal to a 1,000 W corded grinder due to brushless motor and ProCORE18V battery technology
- Changing accessories is fast and convenient thanks to keyless X-LOCK click system

CORDLESS ANGLE GRINDER WITH X-LOCK GWX 18V-10 PSC

The GWX 18V-10 PSC Professional cordless small angle grinder with X-LOCK offers an improved level of power and tool control in the 18 V category.

- Delivers power equal to a 1,000 W corded grinder due to brushless motor and ProCORE18V battery technology
- Changing accessories is fast and convenient thanks to keyless X-LOCK click system
- Bluetooth Connectivity for setting adjustments directly via Toolbox App; user interface provides active tool feedback

CORDLESS ANGLE GRINDER WITH X-LOCK GWX 18V-7

The GWX 18V-7 Professional cordless angle grinder is Bosch's solution for compact and handy cutting with solid 18 V performance and the X-LOCK system. Its brushless motor provides the equal of 700 W output from a corded angle grinder for reliable working.

- Strong brushless motor provides equal of 700 W output from a corded tool
- Changing accessories is fast and convenient thanks to keyless X-LOCK click system
- Lightweight design and the slim grip size for convenient and versatile cutting

ANGLE GRINDER/ORBIT SANDER/STRAIGHT GRINDER

ANGLE GRINDER WITH X-LOCK GWX 18V-8

- Changing accessories is fast and convenient thanks to keyless X-LOCK click system
- Extremely robust and durable 4-pole high-performance motor for a long lifetime
- Low weight and compact housing design are optimised for overhead working and operating in tight spaces

CORDLESS RANDOM ORBIT SANDER GEX 18V-125

The GEX 18V-125 Professional random orbit sander provides users with optimal tool control, specifically, when working on larger surfaces. The random orbit sander's outstanding balance close to the workpiece as well as the supreme ergonomics of its palm rest and grip offer optimal tool control. Fast work progress and a longer tool life-time are ensured by its brushless motor and Bosch's Professional 18V system. The GEX 18V-125 Professional can be easily and intuitively operated.

- Outstanding balance close to the workpiece and supreme ergonomics of palm rest and grip offer optimal tool control
- Brushless motor and Bosch's Professional 18V system ensure fast work progress and high endurance
- Easy and intuitive operation

CORDLESS RANDOM ORBIT SANDER GEX 18V-150-3

The GEX 18V-150-3 Professional random orbit sander's outstanding balance and gripping area close to the workpiece offers optimal control in all working positions.

- Excellent ergonomics of the gripping area and most compact tool height for superior tool control
- High removal rates made possible by brushless motor and 3 mm orbit
- Easy and intuitive operation due to HMI and innovative dust box with integrated Click&Clean interface

CORDLESS STRAIGHT GRINDER GGS 18V-10 SLC

The next level of power: the GGS 18V-10 SLC Professional is Bosch's first cordless straight grinder with gearbox, offering maximum mobility, high torque at lower speeds, and excellent performance.

- High-powered brushless motor optimised for ProCORE18V battery technology ideal for working with heavy brushes; Intuitive User Interface with different speed settings enables smooth operation; preparation for Bluetooth®-connectivity via smartphone
- PROtection features (KickBack and Drop Control; Brake System; Restart Protection) support optimal tool control

CORDLESS STRAIGHT GRINDER GGS 18V-20

The GGS 18V-20 Professional's brushless motor is optimised for ProCORE 18V battery technology, which in combination giving it cordless power equivalent to that of a 700W corded grinder.

- The brushless motor combined with ProCORE 18V battery technology provides cordless power equal to that of a 700W corded grinder
- A compact and lightweight ergonomic design for ease of use even in overhead applications
- The brushless motor and overload protection (EMP) ensure a long lifetime

STRAIGHT GRINDER/ORBITAL SANDER/ROTARY HAMMER

CORDLESS STRAIGHT GRINDER GGS 18V-23 LC

The GGS 18V-23 LC and GGS 18V-23 PLC are Bosch's long neck cordless straight grinders with corded performance. With its high-power brushless motor, it is equivalent to a 1000 watts corded straight grinder. It comes with Drop & KickBack Control and brake.

- Next level of power – 1,000 W equivalent: Stronger than standard corded straight grinders due to high-power brushless motor
- Best tool control: With Drop & KickBack Control, Brake and also execution with PROtection switch available
- Best convenience: Thanks to preparation for Connectivity and small grip size for easy handling

CORDLESS STRAIGHT GRINDER GGS 18V-23 PLC

The GGS 18V-23 LC and GGS 18V-23 PLC are Bosch's long neck cordless straight grinders with corded performance. With its high-power brushless motor, it is equivalent to a 1000 watts corded straight grinder. It comes with Drop & KickBack Control and brake. Also a PROtection switch version is available. For perfect tool control it has an extremely small grip size and is prepared for Bluetooth connectivity.

- Next level of power – 1,000 W equivalent: Stronger than standard corded straight grinders due to high-power brushless motor
- Best tool control: With Drop & KickBack Control, Brake and also execution with PROtection switch available

CORDLESS ORBITAL SANDER GSS 18V-10

The GSS 18V-10 is Bosch's Professional compact and ergonomic cordless orbital sander in the 18 V category. It features an ergonomic palm rest and compact design for easy, comfortable handling. A robust metal sheet provides for durability with extensive use. Its clamping system with hook-and-loop foam pad is designed for the easy changing and replacing of sanding paper.

- The cordless orbital sander – suitable for any corner
- Flexible to use in any situation due to 18 V battery
- Bosch Microfilter System for efficient dust extraction

CORDLESS ORBITAL SANDER GSS 18V-13

The GSS 18V-13 Professional offers optimal control on larger surfaces. This is achieved through an excellent tool balance, with the centre of gravity close to the workpiece and the superior ergonomics of the palm rest and grip.

- Optimal control through superior ergonomics and excellent tool balance
- Fast work progress thanks to brushless motor and Bosch's Professional 18V system
- Intuitive operation with three interchangeable sanding plates

CORDLESS ROTARY HAMMER BITURBO WITH SDS MAX GBH 18V-40 C

The GBH 18V-40 C Professional offers corded performance thanks to its BITURBO Brushless technology providing powerful 9.0 J impact energy.

- BITURBO Brushless technology with ProCORE18V for corded performance providing powerful 9.0 J impact energy
- Optimal power-to-weight ratio due to an improved impact mechanism and highly capable drive train

ROTARY HAMMER

CORDLESS ROTARY HAMMER BITURBO WITH SDS MAX GBH 18V-36 C

This tool combines extreme compactness and high power for tough jobs in concrete.

- Extremely compact – significantly more compact than any other cordless SDS max hammer on the market
- Soft start and lock-on button for permanent chiselling
- Maximum power with lightweight design – brushless hammer with top performance of 7.0 J max at 6.1 kg

CORDLESS ROTARY HAMMER BITURBO WITH SDS MAX GBH 18V-45 C

This rotary hammer delivers cordless freedom with corded performance.

- Cordless freedom with corded performance
- KickBack Control for reduced hazard of sudden tool reactions and Soft Start EPC & ASC for a comfortable and precise work process
- Lighter than comparable corded products thanks to a highly optimized drive train

CORDLESS ROTARY HAMMER BITURBO WITH SDS PLUS PLUS GBH 18V-34 CF

Perfect for demanding jobs in concrete – Bosch's GBH 18V-34 CF Professional is the most powerful cordless SDS plus hammer, ideal for tough applications.

- Paramount performance with 5.8 J – the most powerful cordless SDS plus hammer in its range for tough jobs in concrete
- Perfect control – soft start for precise chiselling and 3 different working modes to ensure the right setting for any job

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-22

The GBH 18V-22 Professional is packed with power and features, elevating the drilling experience to a next level, with extra efficiency, safety and control. More holes are drilled per fully charged battery and stable power output delivered by its potent Bosch 18V brushless motor combined with constant speed.

- More holes per charge and continuous power output thanks to motor with constant speed
- Better drilling experience due to Vibration Control, designed to absorb pulsation
- Enhanced safety against accidental jams thanks to KickBack Control

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-26 D

This cordless rotary hammer with D-handle is the ideal all-rounder in Bosch's SDS plus category, delivering high-powered performance, especially for vertical drilling and chiselling applications.

ROTARY HAMMER

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-26

This is the all-round performer in the Bosch SDS plus cordless rotary hammer category, making it perfect for daily use.

- Delivers 2.6 J of impact energy for fast drilling and high chisel removal performance
- KickBack Control and Electronic Precision Control for better tool handling and increased user protection
- Optional GDE 18V-16 Professional dust extraction unit integrates with the hammer for a self-contained HEPA dust solution

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-28 C

Bosch's cordless GBH 18V-28 C Professional is for those who desire corded performance with cordless freedom. This rotary hammer has a powerful brushless motor delivering 3.3 J impact energy from its proven striking mechanism.

- Brushless motor and striking mechanism with 3.3 J impact energy for impressive performance
- KickBack Control and Vibration Control for increased user protection
- Perfect control and the right setting for every job with three different work modes (Auto, Favorite, Soft)

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-24 C

This tool is a high performer whenever it comes to hammer drilling and light chiselling in concrete or drilling in wood and metal.

- Battery status at a glance on HMI and smart app for customised setting
- Better protection by KickBack Control and Vibration Control
- Compatible with dust extractor solution GDE 18V-16 Professional
- Efficiency champion for drilling holes fast with just one battery charge
- Optimised brushless motor and mechanism for faster work

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-26F

This tool with a quick-change chuck is the universal performer in Bosch's SDS plus cordless rotary hammer category, making it perfect for daily use.

- Delivers 2.6 J of impact energy for fast drilling and high chisel removal performance
- KickBack Control and Electronic Precision Control for better tool handling and increased user protection
- Optional GDE 18V-16 Professional dust extraction unit integrates with the hammer for a self-contained HEPA dust solution

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-28 CF

This tool is for those who desire corded performance with cordless freedom. This rotary hammer has a powerful brushless motor delivering 3.3 J impact energy from its proven striking mechanism.

- Brushless motor and striking mechanism with 3.3 J impact energy for impressive performance
- Perfect control and the right setting for every job with three different work modes (Auto, Favorite, Soft)
- Vibration Control and KickBack Control for increased user protection

ROTARY HAMMER/DRILL/DRIVER

CORDLESS ROTARY HAMMER WITH SDS PLUS GBH 18V-28 D

The GBH 18V-28 DC Professional is Bosch's powerhouse in the D-handle rotary hammer class: It delivers powerful performance, even stronger than the corded GBH 2-28, with its brushless motor, providing 3.4 J of impact energy and an optimised power-to-weight ratio of 1.1 J/kg.

- Compatible to the additional and extremely lightweight dust extractor GDE 28 D with filter cleaning mechanism for dustless drilling

CORDLESS DRILL/DRIVER GSR 18V-110 C

The GSR 18V-110 C Professional is an extremely powerful and robust cordless drill driver with brushless motor in Bosch's 18 V category.

- 110 Nm maximum torque and brushless motor make the tool extremely strong
- Full-metal chuck makes drill driver highly durable and capable of handling even the toughest applications on the jobsite
- Bluetooth Connectivity option to connect directly to a smartphone for additional tool control

CORDLESS DRILL/DRIVER GSR 18V-21

The GSR 18V-21 Professional is the reliable entry-level cordless drill driver in Bosch's 18 V category.

- 55 Nm of hard torque delivers the performance necessary for the basic drilling and drill driving applications
- Reliability, durability, and professional quality for daily use due to full-metal gear box and Electronic Cell Protection
- Professional design with keyless 13-mm chuck enables quality work

CORDLESS DRILL/DRIVER GSR 18V-150 C

The GSR 18V-150 C Professional shows optimal results when screwing and drilling in wood and metal, especially for drilling large diameters, e.g., hole saws up to 150 mm.

- Enormously fast work progress due to ProCORE18V batteries and a powerful brushless motor with a maximum torque of 150 Nm
- Unmatched control at every step due to precise Electronic Angle Detection and switchable KickBack Control
- Metal drill chuck and metal gearbox for more reliability and robustness

CORDLESS DRILL/DRIVER GSR 18V-55

The cordless and powerful GSR 18V-55 Professional drill driver with brushless motor is the ideal starter tool in Bosch's 18 V category.

- Tough and powerful: high performance of 55 Nm and 1,800 RPM ensures maximum efficiency for work in wood and metal
- Robust 13-mm Roehm metal chuck offers ideal power transfer for drilling and screwdriving
- Features brushless motor for extended tool lifetime and longer battery runtimes

CORDLESS DRILL/DRIVER GSR 18V-45

This tool delivers top results when screwdriving in wood up to 10 mm or drilling in wood up to 35 mm and in metal up to 10 mm in depth.

- Easy handling and operation due to compact design
- High-efficiency brushless motor extends work hours and tool life;
- Maximum performance and efficiency with working speed of up to 1,900 rpm
- Next-level compactness with strong performance and brushless motor
- Optimal for screwdriving in wood or drilling in wood and metal in narrow spaces

ROTARY HAMMER/IMPACT DRILL/DRIVER

CORDLESS DRILL/DRIVER GSR 18V-90 C

The GSR 18V-90 C Professional is a powerful cordless drill driver with a brushless motor that delivers top performance with 64 Nm and 2,100 rpm. Its compact head length of 163mm provides perfect tool handiness. The robust 13-mm metal chuck ensures great torque transfer for every job.

- Powerful brushless motor delivers high power with 64 Nm and 2,100 rpm maximising your efficiency on the job site
- 13-mm metal chuck ensures increased robustness and great torque transfer for every job
- Switchable Kickback Control and switchable Precision Clutch ensure perfect control and high protection for user and tool

CORDLESS DRILL/DRIVER GSR 18V-90 FC

The powerful GSR 18V-90 FC Professional is part of the Bosch Professional FlexiClick System, which prepares for all challenges on the jobsite: The Excenter attachment allows to work closely to edges and walls, while the Right angle attachment turns the drill driver into an angle drill. These attachments can be locked in 16 different positions at a 360° angle, without removing them from the tool.

- The Bosch Professional FlexiClick System is a versatile system with easy-to-change attachments
- The GFA 18-H turns the tool into a rotary hammer - the only 18V drill driver ready for effortless hammer drilling into concrete up to Ø 10 mm

CORDLESS DRILL/DRIVER GSR 18V-65

If you're looking for a cordless drill driver that delivers the power you need for even tough screw applications, look no further than the Bosch GSR 18V-65 Professional drill driver.

- Performs tough drilling applications with ease thanks to improved 63 Nm torque
- Compact and handy in tight spaces with a head length of only 166 mm
- Keeps you protected and in control with switchable KickBack Control
- Maximizes illumination coverage with dual working lights
- Powerful performance thanks to durable brushless motor and robust drive train

CORDLESS IMPACT DRILL/DRIVERS GSB 18V-45

This compact and powerful performer drives screws into wood up to 10 mm and drills in wood of up to 35 mm, as well as metal or masonry up to 10 mm. It's made for tradesmen and artisans who demand a higher performance on challenging jobs, and for working in hard-to-reach areas.

- Easy handling and operation due to compact design
- High-efficiency brushless motor enables longer work hours per charge and tool life
- Ideal in narrow spaces for screwdriving in wood and drilling in wood, metal and masonry
- Increased efficiency thanks to maximum working speed of up to 1,900 rpm
- Next-level compactness with powerful performance and brushless motor

CORDLESS COMBI GSB 18V-21

The GSB 18V-21 Professional is the reliable entry-level cordless combi drill with impact drilling function in Bosch's 18 V category.

- Affordable: Bosch Quality at affordable price!
- Highly Serviceable: Motor has changeable carbon brushes for easy maintenance and serviceability!

IMPACT DRILL/DRIVER/IMPACT WRENCH

CORDLESS COMBI GSB 18V-110 C

The GSB 18V-110 C Professional is an extremely powerful and robust cordless impact drill driver with brushless motor. 110 Nm of maximum torque and a brushless motor offer an extremely strong performance.

- 110 Nm maximum torque and brushless motor make the tool extremely strong
- Full-metal chuck for high durability make the impact drill driver capable of handling even the toughest applications on the jobsite
- Bluetooth Connectivity option to connect directly to a smartphone for additional tool control

CORDLESS COMBI GSB 18V-150 C

This is a clever impact drill driver providing unrivalled power and control and thereby making versatile working easy.

- Extremely fast work progress through a powerful brushless motor with a maximum torque of 150 Nm
- Precise Electronic Angle Detection and switchable KickBack Control enable unrivalled control at each work stage
- Reliable and robust thanks to metal drill chuck and metal gearbox

CORDLESS COMBI GSB 18V-55

Tough and powerful – the cordless GSB 18V-55 Professional drill driver with brushless motor is the ideal starter tool in Bosch's 18 V category.

- Tough and powerful: performance of 55 Nm and 1,800 RPM for highest efficiency when working in wood, metal, and masonry
- Robust 13-mm Roehm metal chuck offers ideal power transfer for drilling and screwdriving
- Brushless motor ensures extensive tool lifetime and longer battery runtimes

CORDLESS COMBI GSB 18V-90 C

The GSB 18V-90 C Professional is a powerful cordless impact drill with a brushless motor that delivers top performance with 64 Nm and 2,100 rpm.

- Powerful brushless motor delivers high power with 64 Nm and 2,100 rpm maximising your efficiency on the job site
- 13-mm metal chuck ensures increased robustness and great torque transfer for every job
- Switchable Kickback Control and switchable Precision Clutch ensure perfect control and high protection for user and tool

IMPACT WRENCH GDR 18V-220 C

For smooth fastening of screws in wood and sheet metal, you need a tool that combines power with control. The GDR 18V-220 C Professional with 1/4" hex drive is a high-torque, compact impact driver with additional features.

- Faster work progress thanks to powerful motor
- Optimised for convenience with one-handed bit insertion and two LED lights
- More control and versatility via three-speed/torque settings and adjustable screw modes

CORDLESS IMPACT DRILL/DRIVERS GSB 18V-65

If you're looking for a versatile cordless drill driver that delivers the power you need for even tough screwdriving applications, look no further than the Bosch GSB 18V-65 Professional drill driver.

- Performs tough drilling applications with ease thanks to improved 65 Nm torque
- Compact and handy in tight spaces with a head length of only 175 mm
- Keeps you protected and in control with switchable KickBack Control

IMPACT WRENCH

CORDLESS IMPACT WRENCH GDS 18V-1000

The GDS 18V-1000 Professional is the powerful 1/2" impact wrench with BITURBO Brushless technology. Its cordless freedom with outstanding power is the outcome of the high-performing brushless motor fully maximised for ProCORE18V batteries.

- High power with cordless freedom thanks to ProCORE18V batteries and brushless motor
- Best performance for heavy duties with a tightening torque of 1,000 Nm and a breakaway torque of up to 1,600 Nm
- High versatility and controlled power due to 3-speed/torque settings

CORDLESS IMPACT DRIVER GDR 18V-200

This cordless impact driver offers an excellent power-to-size ratio with 1/4" bit holder. With a head length of 126 mm, this cordless impact driver is suitable for even tight spaces.

- Compact head length of 126 mm for working in tight spaces
- Strong 200 Nm tightening torque, excellent battery runtime and long tool lifespan due to the brushless motor
- Variable speed trigger for better control over speed and torque

CORDLESS IMPACT WRENCH GDS 18V-1000 C

The GDS 18V-1000 C Professional 1/2" impact wrench with BITURBO Brushless technology and adjustable modes goes full power on tough jobs.

- BITURBO Brushless technology providing 1,000 Nm tightening torque and 1,600 breakaway torque
- User interface with two default modes, metal (A) and wood (B). Additional modes can be adjusted and individualised via the Toolbox App
- More flexibility and control via three speed/torque settings

CORDLESS IMPACT WRENCH GDS 18V-1050 H

The GDS 18V-1050 H Professional is the outstanding 3/4" impact wrench with brushless motor for the most diverse fields of application.

- Impressive power with cordless freedom thanks to ProCORE18V batteries and brushless motor

IMPACT WRENCH

CORDLESS IMPACT WRENCH GDS 18V-1050 HC

For tough, full-power application, the GDS 18V-1050 HC Professional impact wrench with BITURBO Brushless technology delivers a high-level performance and adjustable mode control.

- BITURBO Brushless technology for powerful tightening and breakaway torque of 1,050 Nm and 1,700 Nm
- User interface with two default modes, metal (A) and wood (B). Further modes can be adjusted and individualised via the Toolbox App
- Three speed/torque settings for high versatility and controlled power

CORDLESS IMPACT WRENCH GDS 18V-1600 HC

The GDS 18V-1600 HC Professional is the exceptionally powerful ¾" impact wrench with BITURBO Brushless technology for the toughest, heavy-duty applications.

- Maximised power with cordless freedom thanks to BITURBO Brushless technology and ProCORE18V batteries
- Exceptionally powerful impact wrench with a 1,600 Nm tightening and 2,200 Nm breakaway torque
- Auto Bolt Release (ABR) mode ensures comfortable handling by avoiding the loss or drop-down of metal bolts or nuts

CORDLESS IMPACT WRENCH GDS 18V-210 C

Offering maximum control and damage prevention, the GDS 18V-210 C Professional with ½" tool holder is the powerful solution for impact screwing.

- User interface with two default modes, selftapping and wood screw. Further modes can be adjusted and individualised via the Toolbox App
- Powerful 210 Nm tightening and 370 Nm breakaway torque performance
- Versatile three speed/torque settings for more flexibility and control

CORDLESS IMPACT WRENCH GDS 18V-330 HC

The compact and lightweight GDS 18V-330 HC Professional cordless impact wrench makes work easier.

- Two default screw modes for multi-purpose use. Each mode can be adjusted and individualised via the Bosch Toolbox App
- Powerful 330 Nm tightening and 560 Nm breakaway torque performance
- Versatile three-speed/torque settings for more flexibility and control

CORDLESS IMPACT DRIVER/WRENCH GDS 18V-750 C

The compact impact wrench GDS 18V-750 C Professional is the perfect tool to cover a wide range of applications. It delivers up to 750 Nm tightening and 1000 Nm breakaway torque and has a head length of only 156 mm.

- 750 Nm tightening torque and 1000 Nm breakaway torque combined with a head length of only 156 mm
- Ideal for metal workshops/locksmiths, industrial metal fabrication, vehicle maintenance, and general construction
- Innovative Secure Socket Release (activation via App) prevents the socket to get stuck on the bolt/nut

IMPACT WRENCH

CORDLESS IMPACT WRENCH GDS 18V-350

While you enjoy the convenience of small tools that you can carry around, ultimately, their limited power loses you time. With the Bosch GDS 18V-350, you get an intuitive impact wrench with a brushless motor that is compact and highly efficient.

- Easy to use, efficient and versatile thanks to multiple torque settings and speed control
- Handy, powerful tool with small 131 mm head size, compact gearbox, and efficient brushless motor

CORDLESS IMPACT DRIVER/WRENCH GDX 18V-285

Whether you work outdoors or indoors, transporting and carrying multiple tools is a hassle. The 2-in-1 GDX 18V-285 keeps things simple, because for both screw-driving and bolting, you only need a single tool.

- Convenient and saves time with single tool, GDX 2-in-1 tool holder for both screw-driving and bolting application
- Powerful bolting tool with 285 Nm torque performs bolting applications with ease; 2-Speed Selector. High speed for productivity, medium for delicate jobs

CORDLESS IMPACT DRIVER GDR 18V-215

When your job involves driving in vast numbers of screws every day, you need a tool that gets the job done fast and accurately.

- Fast and efficient, also for long screws and hard wood thanks to 3,300 RPM and 215 Nm torque
- Easily handles tight spaces thanks to cordless compact design
- Good quality finish due to two Auto Driving Modes that come with Automatic Shut Down & Automatic Slow Down functions

CORDLESS IMPACT WRENCH GDS 18V-450 HC

Make work easier with the GDS 18V-450 HC Professional cordless impact wrench.

- Two default screw modes for consistent driving. Each mode can be adjusted and individualised via the Bosch Toolbox App
- Powerful 450 Nm tightening and 800 Nm breakaway torque performance
- Versatile three-speed/torque settings for more flexibility and control

CORDLESS IMPACT DRIVER/WRENCH GDX 18V-200

This tool combines brushless power, a compact design and a 2-in-1 tool holder for highest flexibility.

- 2-in-1 tool holder with 1/4" internal hex and 1/2" square drive guarantees flexibility for the widest range of applications
- Better control of speed and torque due to the variable speed trigger
- Brushless motor with 200 Nm tightening torque and 350 Nm breakaway torque for excellent battery runtime and long tool lifetime

CORDLESS IMPACT DRIVER/WRENCH GDX 18V-210 C

Built for strength, this powerful impact driver delivers a high level of flexibility and damage prevention.

- 2-in-1 tool holder with 1/4" internal hex and 1/2" square drive for highest flexibility and broadest application
- Convenient three speed/torque settings for superior power control
- User interface with two default modes, selftapping and wood screw.

DRYWALL SCREWDRIVER/MITRE SAWS/JIGSAWS

CORDLESS DRYWALL SCREWDRIVER GTB 18V-45

This screwdriver with 4,500 rpm power output is ideal for efficient drywall installation and accurately driving up to 4.2 mm diameter drywall screws into plasterboard with 0.5 mm light steel.

- Efficient and powerful with 4,500 rpm for faster drywall screwing
- Ergonomically built for less exertion and more comfortable grip; High runtime with 3x more screws per charge, thanks to PowerSAVE technology
- No longer needed to remove depth gauge during reversing, thanks to the new reversible depth stop
- Weight of 0.95 kg, thanks to Bosch in-line drive design

CORDLESS MITRE SAW BITURBO GCM 18V-216 DC

GCM 18V-216 DC Professional reaches a large cutting capacity of 70x300 mm and the power of a corded 1,600 W mitre saw thanks to its BITURBO Brushless technology.

- Power of a corded 1,600 W mitre saw thanks to its BITURBO Brushless technology
- Two-point dust extraction for a cleaner and healthier working environment
- User interface for speed selection including ECO mode and tool-less saw blade change for best user experience

CORDLESS MITRE SAW BITURBO GCM 18V-216 D

The cordless GCM 18V-216 D Professional offers maximum cutting performance thanks to its BITURBO Brushless drive train combined with a ProCORE18V battery. The mobile miter saw can easily control long materials during cutting due to its detachable workpiece supports and long table extensions. Its dual bevel setting with ergonomic bevel lock wheel allows more comfort and flexibility for demanding cuts.

- Corded cutting performance thanks to the BITURBO Brushless drive train
- Easy control of long materials during cutting
- Higher convenience and flexibility at challenging cuts due to dual bevel function

CORDLESS MITRE SAW BITURBO BITURBO GCM 18V-254 D

Its BITURBO Brushless drive train combined with its ProCORE18V battery provides the cordless GCM 18V-254 D Professional with strong cutting performance. The detachable workpiece supports, and long table extensions allow, the mobile miter saw to easily control long materials during cutting. Even challenging cuts are done with more comfort and flexibility thanks to the dual bevel setting with the ergonomic bevel lock wheel.

- Strong corded cutting performance due to BITURBO Brushless drive train
- Even long materials can be easily controlled during cutting
- More comfort and flexibility for demanding cuts due to dual bevel function

CORDLESS MITRE SAW BITURBO GCM 18V-305 GDC

The GCM 18V-305 GDC Professional BITURBO cordless mitre saw offers powerful cutting depth with cuts up to 120 mm. Fully optimised for the ProCORE18V technology, the mitre saw's brushless motor delivers cordless power equal to 2000 W corded mitre saw.

- Brushless motor powered by ProCORE18V battery delivers cordless power equal to 2000 W corded mitre saw
- User Interface and connectivity for battery status check; speed selection including ECO mode
- Tool-less saw blade change; upfront bevel control; motor brake; space-saving glide arm for safe and convenient operation

CORDLESS JIGSAW GST 18V-125 S

This tool is the choice for curved and cross cuts in solid wood, chipboard, and wood composites as well as for thicker or harder materials. The cordless jigsaw's brushless motor and time-proven mechanical system deliver the same performance level as corded tools. The tool-free Bosch SDS-system makes changing saw blades easy.

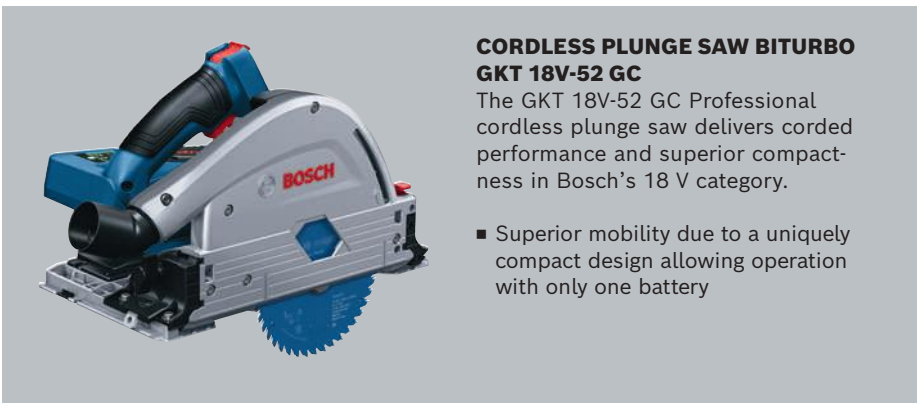

- 4-stage orbital action for choosing between fast cutting or clean cutting
- Features Speed Selection for different material applications
- Great choice for curved and cross cuts in various materials
- Powerful brushless motor for outstanding performance

CORDLESS JIGSAW GST 18V-125 B

This tool is the choice for curved and cross cuts in solid wood, chipboard, and wood composites as well as for thicker or harder materials. The cordless jigsaw's brushless motor and time-proven mechanical system deliver the same performance level as corded tools.

- 4-stage orbital action for choosing between fast cutting or clean cutting
- Features Speed Selection for different material applications
- Great choice for curved and cross cuts in various materials

CORDLESS PLUNGE SAW BITURBO GKT 18V-52 GC

The GKT 18V-52 GC Professional cordless plunge saw delivers corded performance and superior compactness in Bosch's 18 V category.

- Superior mobility due to a uniquely compact design allowing operation with only one battery

CORDLESS JIGSAW GST 18V-155 BC

GST 18V-155 BC Professional (with bow handle) comes with brushless motor and well-balanced tool design.

- Top handle gripping area and variable speed trigger ensure perfect tool control
- For perfect precision: Saw blade guidance prevents blade bending even in small curves
- Large saw blade ejection lever, drop control feature and external dust extraction ensure increased user health and safety

CORDLESS JIGSAW GST 18V-155 SC

GST 18V-155 SC Professional (with barrel grip) comes with brushless motor and well-balanced tool design.

- Ergonomic design: Allows 360° gripping circumference to ensure perfect tool control – even when sawing upside down
- Perfect precision: Saw blade guidance prevents blade bending even in small curves
- Large saw blade ejection lever, drop control feature and external dust extraction ensure increased user health and safety

CORDLESS JIGSAW GST 18V-LI B

This cordless jigsaw is the powerful choice in the 18 V category. Its bow handle with variable speed trigger provides optimum and easy tool control. The jigsaw's tool-free Bosch SDS-system makes changing saw blades easy.

- Bow handle with variable speed trigger provides optimum and easy tool control
- Strong 18 V performance for fast work progress
- Tool-free Bosch SDS-system makes changing saw blades easy

CIRCULAR SAWS

CORDLESS CIRCULAR SAW GKS 18V-68

High performance – the GKS 18V-68 Professional saw delivers faster cutting speeds than corded saws and outstanding runtime. This powerful, brushless BITURBO18V tool offers an exceptionally strong performance equal to corded 1,800 W saws, yet provides complete manoeuvrability and cordless freedom.

- Maximum cordless cutting performance, fully equal to corded 1,800 W due to new BITURBO Brushless technology
- Outstanding ergonomics, due to a new auxiliary handle concept which ensures perfect control in all cutting positions
- Best cutting capacity in class with up to 70 mm cutting depth in 90° cuts

CORDLESS CIRCULAR SAW BITURBO GKS 18V-68 C

High performance – the GKS 18V-68 C Professional circular saw delivers faster cutting speeds than corded saws and outstanding runtime. This powerful, brushless BITURBO18V tool offers an exceptionally strong performance equal to corded 1,800 W saws, yet provides complete manoeuvrability and cordless freedom.

- Maximum cordless cutting performance, fully equal to corded 1,800 W due to new BITURBO Brushless technology
- Outstanding ergonomics, due to a new auxiliary handle concept which ensures perfect control in all cutting positions
- Best cutting capacity in class with up to 70 mm cutting depth in 90° cuts

CORDLESS CIRCULAR SAW BITURBO GKS 18V-68 GC

Highest performance – this circular saw delivers cordless flexibility with corded power. This powerful, brushless tool offers an exceptionally strong performance equal to corded 1,800 W saws, yet provides complete manoeuvrability and cordless freedom.

- Maximum cordless cutting performance, fully equal to corded 1,800 W due to brushless technology
- Outstanding ergonomics, due to a new auxiliary handle concept which ensures perfect control in all cutting positions

CORDLESS CIRCULAR SAW GKS 18V-57-2 GX

As a carpenter, roofer, or wall framer, you need a powerful circular saw that makes accurate angled cuts in all cutting positions and is compatible with guide-rails.

- Enables precision work with accurate angled cuts in all cutting positions
- Mobile use for full range of applications thanks to and compatibility with Bosch guiderail FSN and cross-cutting guiderail system FSN X
- Maximizes power and precision with robust brushless motor

CORDLESS CIRCULAR SAW GKS 18V-51

If you cut through plywood boards every day, you need a circular saw that is powerful enough to handle large quantities yet small enough and light enough for effortless work.

- Provides effortless cutting with the 18V brushless motor
- Easy to carry and comfortable to use thanks to the compact design and ergonomic handle
- Keeps dust away due to the better dust extraction port design
- Smooth starting and stopping with optimized soft start and brake functions

CORDLESS CIRCULAR SAW BITURBO GKS 18V-70 L

The GKS 18V-70 L Professional with the saw blade on the left offers cordless flexibility with corded power.

- High cordless cutting performance, due to the BITURBO Brushless technology equal to a corded circular saw with 1,800 W
- Outstanding control in all cutting positions thanks to an ideal ergonomically auxiliary handle
- First 190 mm left blade side-winder saw with 70 mm cutting depth in 90° cuts

CIRCULAR SAWS/BAND SAWS

CORDLESS CIRCULAR SAW GKS 18V-57-2 L

The compact sized GKS 18V 57-2 L Professional cordless circular saw – with its saw blade on the left – delivers impressive performance thanks to its powerful brushless motor. The 165 mm saw blade allows a cutting depth of 57 mm in 90° cuts and is optimized for cordless working which ensures both, a fast cutting progress and maximized battery runtime.

- Compact size & impressive performance thanks to powerful brushless motor
- Easy-to-use external dust extraction with all BOSCH vacuum cleaners ensures increased user health protection
- Fast cutting progress combined with maximized battery runtime

CORDLESS BAND SAW GCB 18V-127

When you're sawing metal profiles and pipes, you need a powerful tool that comfortably handles even high cutting depths fast. With its powerful, brushless motor and its cutting capacity of 127 x 127 mm, our cordless GCB 18V-127 Professional enables you to realize high-depth cuts fast so you can up your work pace.

- Powerful brushless motor for fast cuts and high cutting capacity up to 127 x 127 mm
- Designed for your comfort with low vibrations and almost spark-free cutting in metal
- LED-light, different speed modes, and a material guide give you control for cleaner cuts and more accuracy

CORDLESS BAND SAW GCB 18V-63

Bosch's most ergonomic and compact cordless band saw – experience comfortable work, even in tight spaces, with the 18V, lightweight GCB 18V-63. Its blades can be changed tool-free thanks to a blade tension release and the protective guard with metal clips.

- Bosch's most ergonomic and compact cordless 18V band saw for comfortable working
- Tool-free blade change via blade tension release and protective guard with metal clips
- Vibration-free blade action and LED light for convenient working

CORDLESS CIRCULAR SAW GKM 18V-50

The GKM 18V-50 Professional metal circular saw makes work fast and cuts precise.

- Nearly spark-free working thanks to an integrated and easy-to-empty chip collection box
- Accurate cuts thanks to a cutting line indicator, a viewing window, and an integrated LED light
- Ergonomic handling due to optimised grip and a compact, well-balanced design for cutting in all positions

CORDLESS CIRCULAR SAW GKS 18V-57-2

This tool makes straight cuts to a depth of 57 mm and bevel cuts to a depth of 41 mm, delivering a bevel cutting angle of 22.5°, 45°, 50° and 90° through hard and soft wood, including OSB and MDF.

- Compact size and low weight result in optimized cutting experience

CUT AND GRIND/RECIPROCATING SAWS

CORDLESS CUT AND GRIND GCS 18V-230

The Bosch GCS 18V-230 cutoff saw is the go-to tool for fast and efficient cutting performance in metal or concrete thanks to its powerful C1000 brushless motor.

- Fast, easy wheel change with accessible, patented spindle lock lever

CORDLESS RECIPROCATING SAW BITURBO GSA 18V-28

Thanks to the new brushless technology, this tool offers maximum cordless cutting performance – equivalent to that of a 1,100 W corded reciprocating saw. The toolless snap-in function ensures simple, one-handed insertion and ejection of the saw blade. This cordless reciprocating saw has a great power-to-weight ratio which makes it easier and less exhausting to work with in any position.

- Brushless technology ensures maximum cordless cutting performance – equal to 1,100 W corded power
- Less fatigue while working in any position due to perfect power-to-weight ratio
- Toolless snap-in function allows simple one-handed insertion and ejection of the saw blade

CORDLESS RECIPROCATING SAW GSA 18V-32

Top performance and smooth operation in one: the GSA 18V-32 Professional cordless reciprocating saw offers the ideal combination of high power and comfortable handling. Its unique, ergonomically shaped handle and extra-long switch enable more control for difficult work overhead or in tight spaces.

- Unique, ergonomically shaped handle and extra long switch enable more control for work overhead or in tight spaces
- Brushless motor delivers corded power with cordless freedom

CORDLESS RECIPROCATING SAW GSA 18V-LI C

The extremely compact GSA 18 V-LI C Professional cordless reciprocating saw ensures low-vibration for comfortable operation. Equipped with a strong motor, this 18V-reciprocating saw allows for a fast work progress. Its tool-free Bosch SDS system makes changing saw blades fast and easy.

- Handy design and reduction of vibrations for smoother operation
- Strong motor enables fast progress when sawing
- Tool-free Bosch SDS system makes changing saw blades fast and easy

CORDLESS RECIPROCATING SAW GSA 18V-LI

This cordless reciprocating saw offers strong cutting performance and long runtimes. Its 18 V battery enables over 100 cuts into spruce beams of up to 100 x 100 mm in one charge, ensuring fast work progress.

- Battery's long runtime enables over 100 cuts into spruce beams of up to 100 x 100 mm for fast work progress
- Electronic Motor Protection provides a long lifetime
- Tool-free Bosch SDS system makes changing saw blades fast and easy

MULTI-CUTTER/DRYWALL ROUTER/NAILERS

CORDLESS MULTI-CUTTER GOP 18V-34

This top-performing, cordless multi-cutter is ideal for plunge cutting, trimming, sanding wood, cutting PVC, or scraping off paint.

- Easy, accurate cutting with enhanced, low-vibration design
- Fast exchange of compatible Starlock accessories with Snap-in SDS system
- Increased cutting efficiency in small areas with 3.4° oscillating angle
- Smooth operation and control with slim, ergonomic grip

CORDLESS DRYWALL ROUTER GCU 18V-30

The GCU 18V-30 provides all-day performance to cut over 100 meters of 12 mm drywall with a 1/8" (3.17 mm) bit on one ProCORE18V 4.0Ah battery, thanks to its powerful brushless motor spinning at 30,000 rpm.

- All-day performance: Cut over 100 meters of 12 mm drywall with 1/8" (3.17 mm) bit on one ProCORE18V 4.0Ah battery
- Ergonomic design: Lightweight, compact, cylindrical design for comfortable gripping
- Pro-grade tool: Brushless motor, IP5X dust-sealed switch, and efficient dust collection for maximum lifetime on dusty job sites

CORDLESS WOOD NAILER GNH 18V-50 M

As a professional tradesperson, you want to drive your nails efficiently and without too much strain on your hand and arm. We designed the powerful, brushless GNH 18V-50 M Professional with very low recoil, so it is gentle on your wrist. We also made sure that you can switch on and operate the tool with just one hand. With this tool, you get the full power of a pneumatic nail gun while being free of compressors, gas cartridges, or cords.

- Cordless freedom with the power of a pneumatic tool – without compressors, gas cartridges, or cords
- Activate and operate the tool with just one hand thanks to the thumb-actuated power switch
- Gentle on your wrist and lungs thanks to very low recoil and gasless operation

CORDLESS CONCRETE NAILER GNB 18V-38

Fastening your steel tracks on tough materials like concrete and steel has to be easy, efficient, and intuitive. The GNB 18V-38 Professional helps you to get this job done.

- Efficient direct fastening applications – all you need is one ProCORE18V battery
- BITURBO Brushless technology for fast, direct fixation of steel tracks on tough material like concrete and steel
- Reliable and optimised system with tool and certified nails for peace of mind at your jobsite

CORDLESS WOOD NAILER GNH 18V-64 MD

As a professional tradesperson, you want to drive your nails efficiently and without too much strain on your hand and arm. We designed the powerful, brushless GNH 18V-64 MD Professional with very low recoil, so it is gentle on your wrist.

- Cordless freedom with the power of a pneumatic tool – without compressors, gas cartridges, or cords
- Activate and operate the tool with just one hand thanks to the thumb-actuated power switch
- Gentle on your wrist and lungs thanks to very low recoil and gasless operation

CORDLESS WOOD NAILER GNH 18V-64-2 M

As a professional tradesperson, you want to drive your nails efficiently and without too much strain on your hand and arm. We designed the powerful, brushless GNH 18V-64-2 M Professional with very low recoil, so it is gentle on your wrist.

- Cordless freedom with the power of a pneumatic tool – without compressors, gas cartridges, or cords
- Activate and operate the tool with just one hand thanks to the thumb-actuated power switch
- Gentle on your wrist and lungs thanks to very low recoil and gasless operation

WOOD NAILER/NIBBLER/METAL SHEAR/WOOD STAPLER/BLOWER

CORDLESS WOOD NAILER GNH 18V-64-2

As a professional tradesperson, you want to drive your nails efficiently and without too much strain on your hand and arm. We designed the powerful, brushless GNH 18V-64-2 Professional with very low recoil, so it is gentle on your wrist.

- Cordless freedom with the power of a pneumatic tool – without compressors, gas cartridges, or cords
- Activate and operate the tool with just one hand thanks to the thumb-actuated power switch
- Gentle on your wrist and lungs thanks to very low recoil and gasless operation

CORDLESS NIBBLER GNA 18V-16 E

The GNA 18V-16 E cordless nibbler delivers the same powerful performance as a 700 W corded tool thanks to its efficient brushless motor technology.

- Strong metal cutting performance equal to a 700 W corded tool thanks to its highly efficient brushless motor technology
- Ergonomically optimised for perfect handling with a slim 156-mm grip size and light tool weight
- Robust, high-quality design, brushless motor technology, and maintenance-free components deliver superior tool lifetime

CORDLESS METAL SHEAR GSC 18V-16 E

The GSC 18V-16 E cordless metal shear cuts as powerfully as a 700 W corded tool thanks to efficient brushless motor technology.

- Powerful metal cutting that equals 700 W corded tool performance due to its highly efficient brushless motor technology
- Modern ergonomics, a slim 156-mm grip size, and light tool weight deliver comfortable tool handling
- High-quality design, brushless motor technology, and maintenance-free components ensure superior tool lifetime

CORDLESS WOOD STAPLER GTH 18V-38 M

As a professional tradesperson you want to drive your staples efficiently and without too much strain on your arm and hand.

- Cordless freedom with the power of a pneumatic stapler – without compressors, gas cartridges, or cords

CORDLESS BLOWER GBL 18V-750

The GBL 18V-750 Professional with BITURBO Brushless motor and axial fan delivers strong performance with a volumetric flow of 780 m³/h and an air speed of up to 198 km/h.

- Powerful – BITURBO Brushless motor and axial fan deliver volumetric flow of 780 m³/h and air speed of up to 198 km/h
- Full control – Variable speed control allows selection of optimal power, noise level, and runtime depending on your task

HEAT GUN/ROUTERS

CORDLESS BLOWER GBL 18V-800

It can take time and effort to remove leaves and debris from lawns, driveways and other outdoor areas. The Bosch GBL 18V-800 axial blower has the high performance features you need to tackle debris fast.

- Fast outdoor debris clearance thanks to powerful Brushless motor combined with axial fan delivering 800 m³/h volumetric airflow and air speed of up to 200 km/h
- Controlled adjustment of power, noise level and runtime via variable speed control

CORDLESS BLOWER GBL 18 V-120

This cordless blower is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System).

- Compact and balanced design makes handling blower easy for added control

- For tidying up jobsites and cleaning drill holes
- Very powerful with an air speed of 270 km/h, making it very powerful for good results when cleaning an area
- Very versatile with four accessories

CORDLESS HEAT GUN GHG 18V-50

Work on the go – the GHG 18V-50 Professional is designed for flexible usage in any environment.

- Save time: Fast heating up to 300 °C within 6 seconds
- Portability and flexibility in every working environment
- Two temperature levels (300/500 °C) and LED light for easy operation

CORDLESS PALM ROUTER GLF 18V-8

Whether you're trimming edges, making grooves, or profiling templates, you want a cordless router that is powerful enough to handle all these applications.

- Smooth, efficient routing thanks to powerful brushless motor
- Stable cutting speed is ensured by the constant speed function; The tool doesn't heat up easily thanks to the cooling ventilation design with optimised airflow
- Makes sure you stay safe when tool drops with drop protection function

CORDLESS PALM ROUTER GKF 18V-8

Combining the benefits a high-end feature set, powerful brushless motor, and compatibility to a wide range of accessories that satisfy all aspects of palm routing, from light edge profiling to more demanding surface routing tasks.

- The most compact height of any 18V palm router, for reduced top heaviness and excellent tool control
- Best-in-class dust collection and accessory compatibility, thanks to purpose-built surface and edge routing vacuum adaptors, and the markets broadest range of optional palm routing accessories

JOINER/CAULK GUNS/VACUUM CLEANERS

BISCUIT JOINER GFF 18V-22

Your mobility is limited when you use a corded biscuit joiner to cut slots. That's inconvenient. With our cordless GFF 18V-22 Professional with dust bag, not only do you get maximum freedom, but also superior precision.

- Maximum mobility while cutting thanks to cordless design
- Convenient and precise thanks to variable adjustment of cutting depth, height and angle, smooth plunge function, aluminium angle guides, and indication of cutting position
- Increased workplace protection with less dust thanks to direct interface of dust port to dust bag or dust extractor

CORDLESS CAULK GUN GCG 18V-310

The compact GCG 18V-310 caulk gun delivers cordless convenience for cartridges of up to 310 ml. Controlling material flow is easy thanks to the gun's speed selection with nine speed settings and a variable speed trigger.

- Easy material flow control thanks to speed selection with 9 speed settings and variable speed trigger
- Fast working progress even with high viscosity adhesives via push force of 3.5 kN and maximum feed of 7 mm per second
- Auto-reverse function relieves pressure from plunger rod when trigger is released, eliminating dripping and material overflow

CORDLESS CAULK GUN GCG 18V-600

- Easy control of material flow: Speed selection with 9 speed settings and variable speed trigger
- Fast working progress even with high viscosity adhesives: 3.5 kN push force combined with a maximum (no load) feed of 7 mm/sec
- No dripping or material overflow: Plunger rod auto-reverse function relieves pressure when trigger is released

CORDLESS VACUUM CLEANER GAS 18V-1

Bosch's compact solution for broom-clean work areas: the handheld GAS 18V-1 Professional is perfect for preliminary dry cleaning. With a particularly compact design, excellent maneuverability, cordless freedom, and a dust container that can be quickly and easily emptied, this vacuum cleaner offers ideal handling.

- 3 strong rotational airflows for high cleaning efficiency with minimal loss of suction power throughout usage!
- Powerful motor delivering a vacuum pressure of 6 kPa and long runtime of 7 minutes per Ah
- Quick release dust-emptying function and washable dust cap provide an easy-to-clean tool

CORDLESS DUST EXTRACTOR GAS 18V-10 L

This is Bosch's cordless 18 V L-class vacuum cleaner with full suction power. It features a rotational airflow technology that prevents the filters from clogging and provides persistent and uninterrupted suction power.

- Rotational airflow technology prevents the filters from clogging for persistent and uninterrupted suction power

CORDLESS DUST EXTRACTOR GAS 18V-12 MC

The cordless GAS 18V-12 MC dust extractor guarantees M-class dust protection. It takes care of a vast majority of types of dust on the jobsite – concrete, bricks, filler, plaster, tile cement, and more.

- Just one 18V battery: powerful and compact BITURBO M-class dust extractor

- Simply pair it with the Auto-Start tag and it will start and stop automatically once you operate your tool
- Superior suction power thanks to BITURBO brushless technology, enlarged filter, and cyclone technology

RADIO GPB 18V-2 C

The GPB 18V-2 C Professional is the flexible and portable solution to fill the air of any working environment with music and sound via Bluetooth®. Compatible with a wide range of sources, including Bluetooth®, FM, and AUX, this set is as versatile as the art of music itself.

- Versatility thanks to wide range of compatible sources, including
- Bluetooth®, FM, and AUX
- Features intuitive operation and quick setup in combination with a handle and hook for vertical and horizontal placement
- Unique stereo sound due to the possibility to couple two radios with one smartphone

RADIO GPB 18V-2 SC

The GPB 18V-2 SC Professional provides flexible, portable, and digital radio entertainment with DAB+ and Bluetooth® reception. This unit delivers the perfect soundtrack to pleasant working all day long, thanks to its extreme flexibility that enables sourcing from DAB+, Bluetooth®, FM, and AUX.

- Extreme flexibility for pleasant working: sourcing from DAB+, Bluetooth®, FM, and AUX
- Features intuitive operation and quick setup in combination with a handle and hook for vertical and horizontal placement
- Unique stereo sound due to the possibility to couple two radios with one smartphone

BLUETOOTH® SPEAKER GPB 18V-6 C

Fill your workspace with your favourite music the hassle-free way. Our GPB 18V-6 C Professional jobsite speaker delivers outstanding crystal-clear sound via Bluetooth®, USB or Multi-Speaker Sound. Multi-Speaker Sound allows you to share and connect music streams on multiple compatible devices via Bluetooth®.

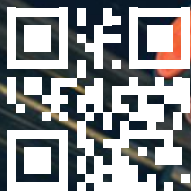

- Enjoy outstanding sound via Bluetooth®, USB or Multi-Speaker Sound
- Share and connect music streams via Bluetooth® on multiple compatible devices with Multi-Speaker Sound
- Easy to use thanks to simple set-up and LED battery state-of-charge indicator

RADIO GPB 18VH-6 SRC

Fill your workspace with your favourite music the hassle-free way. Our GPB 18VH-6 SRC Professional hybrid radio delivers outstanding crystal-clear sound via multiple sources: DAB+, FM, Bluetooth®, AUX as well as Multi-Speaker Sound. Multi-Speaker Sound allows you to share and connect music streams on multiple compatible devices via Bluetooth®.

- Enjoy outstanding sound with DAB+, FM, Bluetooth®, AUX as well as Multi-Speaker Sound
- Charge your 12V and 18V batteries when the jobsite radio is running on mains
- L-BOXX compatibility makes it easy for you to transport your radio to every jobsite

FEIN

4-SPEED CORDLESS DRILL/ DRIVER ASCM 18-4 QM AS

Battery interface	18 V AMPShare
Battery compatibility	Li-ion/ProCORE Li-ion
Motor	brushless
Gearbox	4-speed
Accessory interface	QuickIN
Speed, no load	430/850/2000/4000 rpm
Max. torque (hard/soft)	130 (70 / 50) Nm
Torque levels	15 + 1
Drill chuck clamping width	1.5 – 13 mm
Fastening	10 x 400 mm
Drill Ø steel twist drill	13 mm
Drilling diameter in steel, core drill bit	30 mm
Drilling diameter in steel, hole saws	80 mm
Capacity in wood Ø	60 mm
Tapping	M14
Weight without storage battery	1.30 kg

4-speed cordless drill/driver with brushless motor and QuickIN interface. No compromise on performance for tapping up to M14 and drilling with carbide hole saws up to 80 mm.

Product number: **71161561000**

COMPACT CORDLESS CIRCULAR SAW FOR METAL F-IRON CUT 57 AS

Powerful cordless metal circular saw for rapid, precise cold cuts in sheet metals, pipes and profiles with a cutting depth of up to 57 mm.

Product number: **71360461000**

CORDLESS ANGLE GRINDER, 125 MM IN DIAMETER CCG 18-125-12 PD AS

Dust-resistant and powerful, compact cordless angle grinder with dead man's switch for effective cutting, grinding and deburring work in assembly jobs.

Product number: **71221861000**

CORDLESS UNIVERSAL MAGNETIC CORE DRILL FOR UP TO 35 MM AKBU 35 PMQW AS

Small and powerful cordless universal magnetic core drill with forward/reverse running, MT2 tool mounting, permanent magnet and maximum functionality for mobile working on the construction site.

Product number: **71700461000**

DRILL/DRIVER

4-SPEED CORDLESS DRILL/DRIVER ASCM 18-4 QM AS

With brushless motor and QuickIN interface. No compromise on performance for tapping up to M14 and drilling with carbide hole saws up to 80 mm.

- Enjoy the greatest versatility with the FEIN QuickIN system for multi-functional use on all drilling, core drilling, tapping, countersinking and screwdriving jobs.

- The QuickIN headers can be changed in a matter of seconds and without the need for tools when users switch between applications in metal and timber and have just one tool.
- Very safe working. Kickback monitoring stops the tool.

Product number: **71161561000**

ASCM 18-4 QM AS METAL ADVANCED TOP SET

Price includes

- 1 ASCM 18-4 QM AS (incl. handle, belt clip, bit holder)
- 1 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS
- 1 8-piece bit set
- 1 QuickIN bit holder
- 1 QuickIN tapping collet 4.5 mm
- 1 QuickIN tapping collet 6 mm
- 1 HSS cobalt 5% twist drill set 6 pieces
- 1 HSS tap set 7-piece
- 1 tool case (L-Boxx 136)

Product number: **71161563000**

ASCM 18-4 QM AS SET 5 AH

Price includes

- 1 QuickIN drill chuck (120 Nm)
- 1 belt clip
- 1 magnetic bit storage
- 1 x telescopic handle
- 1 tool case (L-Boxx 136)
- 1 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71161567000**

ASCM 18-4 QM AS METAL ADVANCED SET

Price includes

- 1 ASCM 18-4 QM AS (incl. handle, belt clip, bit holder)
- 1 8-piece bit set
- 1 QuickIN bit holder
- 1 QuickIN tapping collet 4.5 mm
- 1 QuickIN tapping collet 6 mm
- 1 HSS cobalt 5% twist drill set 6 pieces
- 1 HSS tap set 7-piece
- 1 tool case (L-Boxx 136)

ASCM 18-4 QM AS QUICKIN TOP SET

Price includes

- 1 ASCM 18-4 QM AS (incl. handle, belt clip, bit holder)
- 1 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS
- 1 QuickIN Accessory Set 7 pieces
- 1 tool case (L-BOXX 136)
- 1 iBOXX 72
- 1 iBOXX Rack

Product number: **71161565000**

ASCM 18-4 QM AS QUICKIN SET

Price includes

- 1 ASCM 18-4 QM AS (incl. handle, belt clip, bit holder)
- 1 QuickIN Accessory Set 7 pieces
- 1 tool case (L-BOXX 136)
- 1 iBOXX 72
- 1 iBOXX Rack

Product number: **71161566000**

COMBI DRILL

4-SPEED CORDLESS HAMMER DRILL/DRIVER ASCM 18-4 QMP AS

With brushless motor and QuickIN interface. No compromise on performance for tapping up to M14 and drilling with carbide hole saws up to 80 mm.

- 4-speed solid metal gearbox. With speeds of up to 4000 rpm for optimum cutting speeds in metal for any holes between 1.5 and 80 mm.
- Enjoy the greatest versatility with the FEIN QuickIN system for multi-functional use on all drilling, core drilling, tapping, countersinking and screwdriving jobs.

- Very safe working. Kickback monitoring stops the tool.
- The QuickIN headers can be changed in a matter of seconds and without the need for tools when users switch between applications in metal and timber and have just one tool.
- Switchable striking mechanism for drilling in stone and masonry up to 13 mm.

Product number: **71161661000**

ASCM 18-4 QMP AS SET 5 AH

Price includes

- 1 QuickIN drill chuck (120 Nm)
- 1 belt clip
- 1 magnetic bit storage
- 1 x telescopic handle
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Bestell-Nr. **71161665000**

DRILL/DRIVER

4-SPEED CORDLESS DRILL/DRIVER ASCM 18 QSW AS

Small and light 4-speed cordless drill/driver with brushless motor and QuickIN interface. Perfectly suited to universal drilling and screwdriving.

- 4-speed solid metal gearbox for optimum cutting speeds for drilling in metal and self-drilling screws up to 6 mm.
- Enjoy the greatest versatility with the FEIN QuickIN system. Work at speed in metal and timber with just one tool.
- With the compact and lightweight design, weighing 0.99 kg, the ASCM 18 QSW is the lightest 4-speed drill/driver in its sector.

Product number: **71161461000**

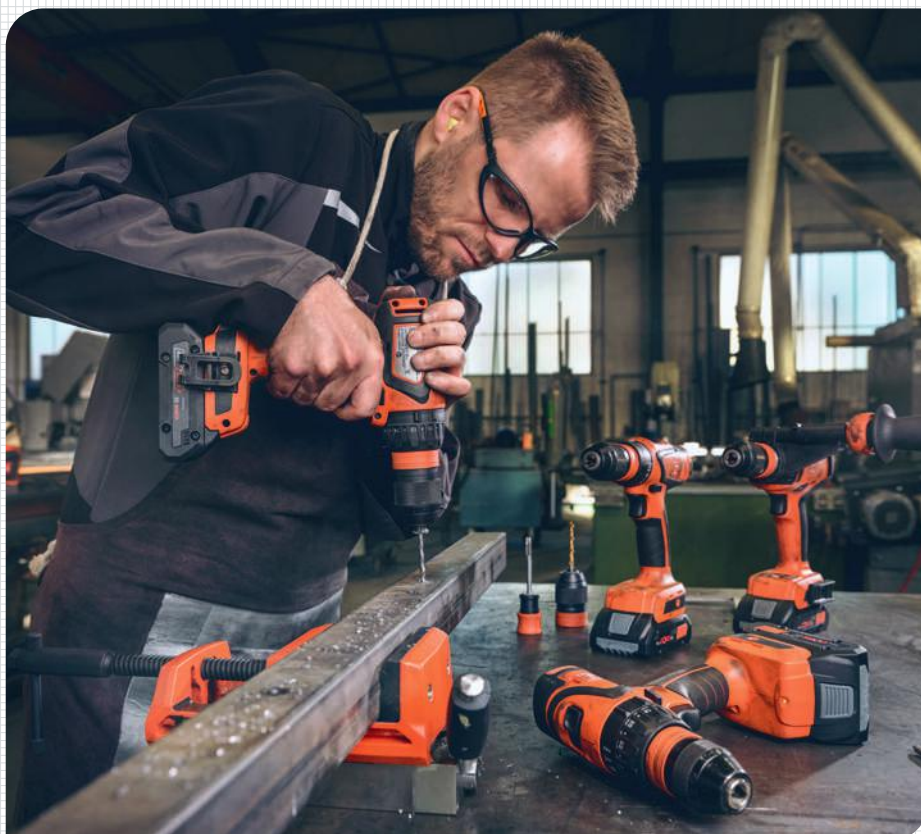

ASCM 18 QSW AS SET 5 AH

Price includes

- 1 QuickIN drill chuck (120 Nm)
- 1 belt clip
- 1 magnetic bit storage
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71161462000**

2-SPEED CORDLESS DRILL/DRIVER ABS 18 Q AS

With brushless motor and QuickIN interface. Perfectly suited to drilling up to 13 mm and tapping up to M10.

- Two-speed solid metal gearbox perfectly suited to drilling up to 13 mm and tapping up to M10 in metal.
- Enjoy the greatest versatility with the FEIN QuickIN system. Work at speed in metal and timber with just one tool.
- QuickIN solid metal drill chuck (120 Nm) with carbide-tipped clamping jaws and high clamping forces.

Product number: **71132461000**

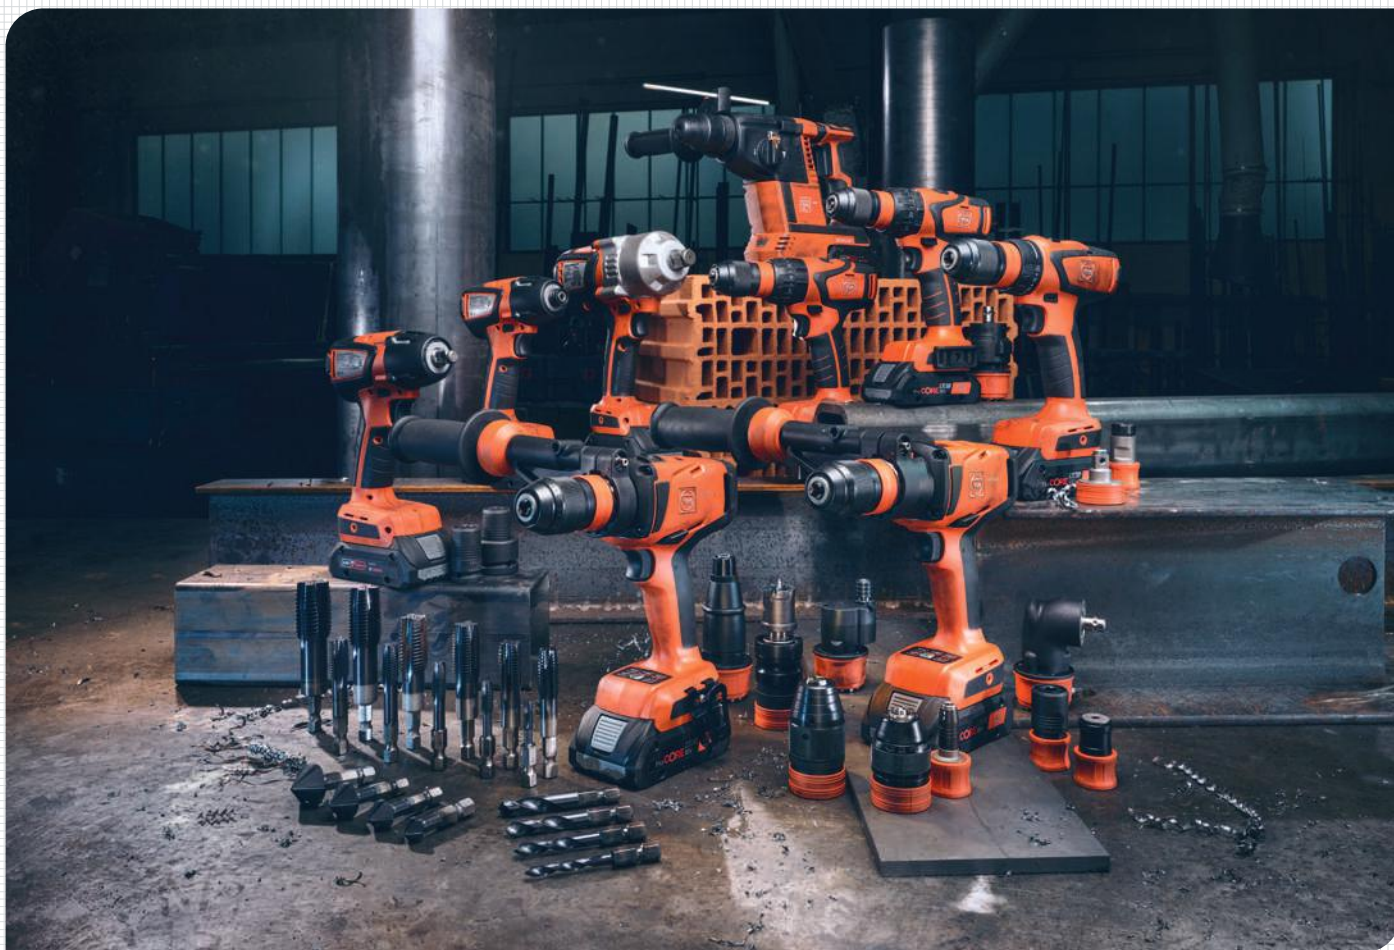

ABS 18 Q AS SET 5 AH

Price includes

- 1 QuickIN drill chuck (120 Nm)
- 1 belt clip
- 1 magnetic bit storage
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71132462000**

COMBI DRILL

2-SPEED CORDLESS COMBI DRILL ASB 18 Q AS

With brushless motor and QuickIN interface. Perfectly suited to drilling up to 13 mm in metal, stone and masonry.

- 2-speed solid metal gearbox and switchable striking mechanism for optimum drilling in metal, stone and masonry.
- Enjoy the greatest versatility with the FEIN QuickIN system. Work at speed in

metal and timber with just one tool.

- QuickIN solid metal drill chuck (120 Nm) with carbide-tipped clamping jaws and high clamping forces.
- Ideally equipped for every form of use. Mobile working with the L-BOXX system.

Product number: **71040761000**

ASB 18 Q AS SET 5 AH

Price includes

- 1 QuickIN drill chuck (120 Nm)
- 1 belt clip
- 1 magnetic bit storage
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71040762000**

IMPACT WRENCH/DRIVER

CORDLESS IMPACT WRENCH/DRIVER ASCD 18-1000 W34 AS

Up to max. 1050 Nm with brushless motor and 6-stage torque setting. For metric screwdriving applications up to M27.

- For extreme precision work: The ASCD 18-1000 W34 AS with electronic torque setting (6 levels) prevents screw heads from shearing off.
- VARIO 3/4" adapter, available as an extra and developed by FEIN. Suitable for all VARIO accessories for simple

and mechanical drilling, countersinking, tapping, recutting and cleaning through threads up to a maximum of M30. Turns the impact wrench/driver into a tapper, thereby adding a whole new tool to the range of applications.

Product number: **71151261000**

ASCD 18-1000 W34 AS SET 8 AH PROCORE

Price includes

- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 tool case (L-BOXX 136)

Product number: **71151263000**

CORDLESS IMPACT WRENCH/DRIVER ASCD 18-200 W4 AS

Up to max. 210 Nm with brushless motor and 6-stage torque setting. For universal screwdriving applications including self-drilling screwdriving.

- For extreme precision work: The ASCD 18-200 W4 AS with electronic torque setting (6 levels) prevents screw heads from shearing off.
- Brushless motor with 30% higher efficiency and long service life.

Product number: **71151161000**

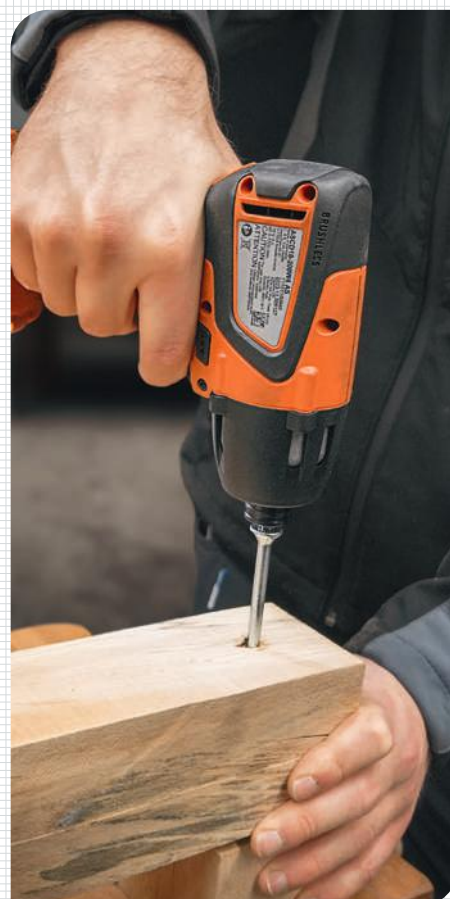

ASCD 18-200 W4 AS SET 5 AH

Price includes

- 1 belt clip
- 1 magnetic bit storage
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71151162000**

IMPACT WRENCH/DRIVER

CORDLESS IMPACT WRENCH/DRIVER ASCD 18-300 W2 AS

Up to max. 290 Nm with brushless motor and 6-stage torque setting. For metric screwdriving applications up to M18.

- For extreme precision work: The ASCD 18-300 W2 AS with electronic torque setting (6 levels) prevents screw heads from shearing off.
- VARIO 1/2" adapter, available as an extra and developed by FEIN, suitable for all VARIO accessories for simple and mechanical drilling, countersinking,

tapping, recutting and cleaning of through holes up to a maximum of M18. Turns the impact wrench/driver into a tapper, thereby adding a whole new tool to the range of applications.

- Brushless FEIN PowerDrive motor with 30% higher efficiency and long service life.

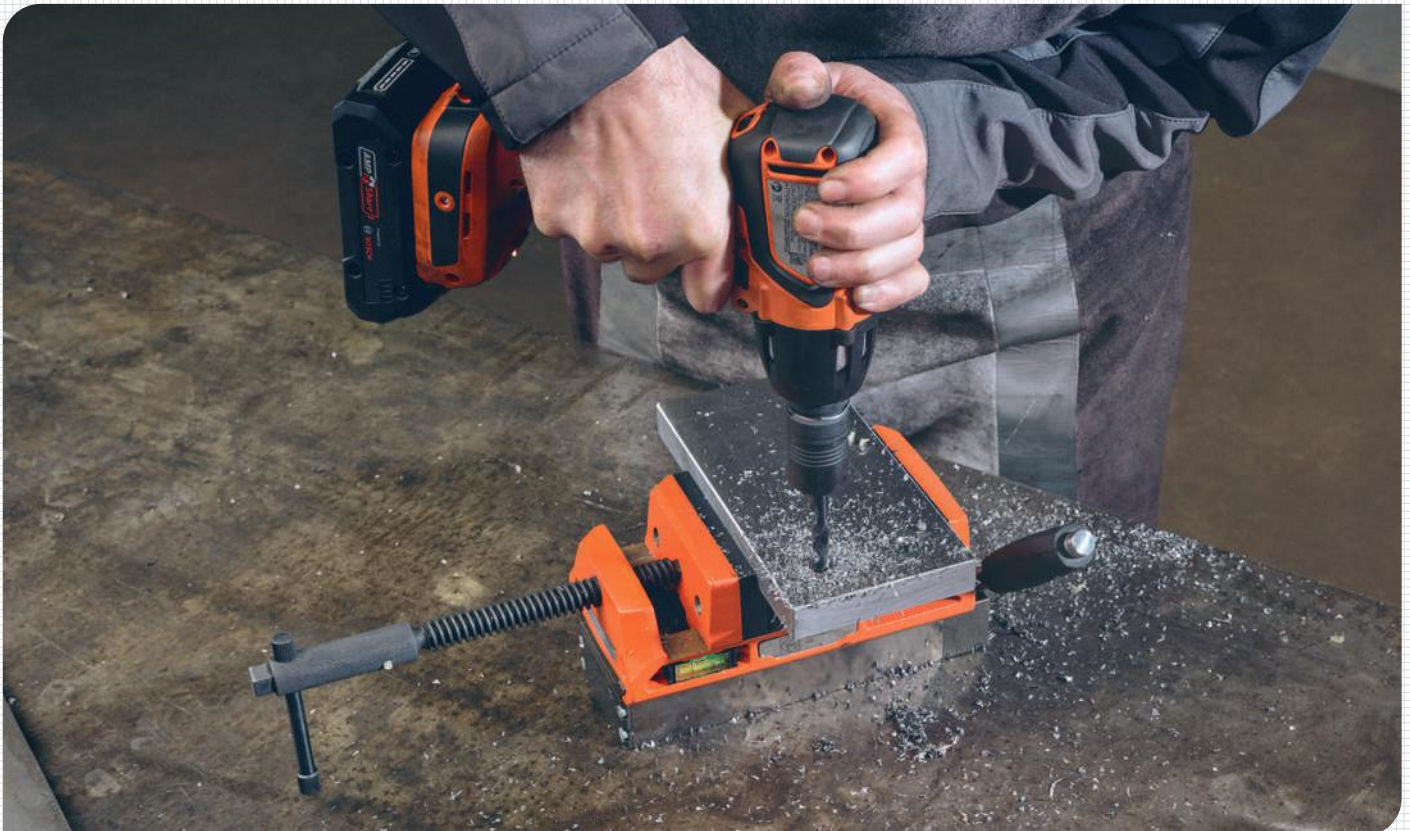

Product number: **71151061000**

ASCD 18-300 W2 AS SET 5 AH

Price includes

- 1 belt clip
- 1 magnetic bit storage
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS

Product number: **71151066000**

IMPACT WRENCH/DRIVER

ASDC 18-300 W2 AS READY-TO-USE-TOP SET

Price includes

- 1 x ASDC 18-300 W2 AS (including belt clip, bit holder)
- 1 Li-Ion storage battery GBA 18V 5.0 Ah AS
- 1 rapid charger GAL 1880 CV AS
- 1 x set of impact sockets
- 1 x locking spring
- 1 tool case (L-Boxx 136)

Product number: **71151062000**

ASDC 18-300 W2 AS READY-TO-USE SET

Price includes

- 1 x ASDC 18-300 W2 AS (including belt clip, bit holder)
- 1 x set of impact sockets
- 1 x locking spring
- 1 tool case (L-Boxx 136)

Product number: **71151063000**

ASDC 18-300 W2 AS IMPACT-TAPPING-TOP SET

Price includes

- 1 x ASDC 18-300 W2 AS (including belt clip, bit holder)
- 1 BATTERY PACK GBA 18 V 5.0 AH AS
- 1 rapid charger GAL 1880 CV AS
- 1 X 1/2" VARIO adapter
- 1 x 5-part VARIO tapper set (M8, M10, M12, M14, M16)
- 1 x locking spring
- 1 tool case (L-Boxx 136)

Product number: **71151064000**

ASDC 18-300 W2 AS IMPACT-TAPPING SET

Price includes

- 1 x ASDC 18-300 W2 AS (including belt clip, bit holder)
- 1 X 1/2" VARIO adapter
- 1 x 5-part VARIO tapper set (M8, M10, M12, M14, M16)
- 1 x locking spring
- 1 tool case (L-Boxx 136)

Product number: **71151065000**

ROTARY HAMMER DRILL

CORDLESS ROTARY HAMMER DRILL ABH 18-26 AS

With SDS plus and an impact energy of 2.6 joules for drilling up to 26 mm in concrete.

- The powerful, brushless motor delivers 2.6 joules of impact energy and ensures rapid drilling progress as well as high chisel grinding capacity.
- Kickback monitoring with intelligent

rapid shutdown should the hammer drill kick back suddenly for optimum user protection.

Product number: **71400361000**

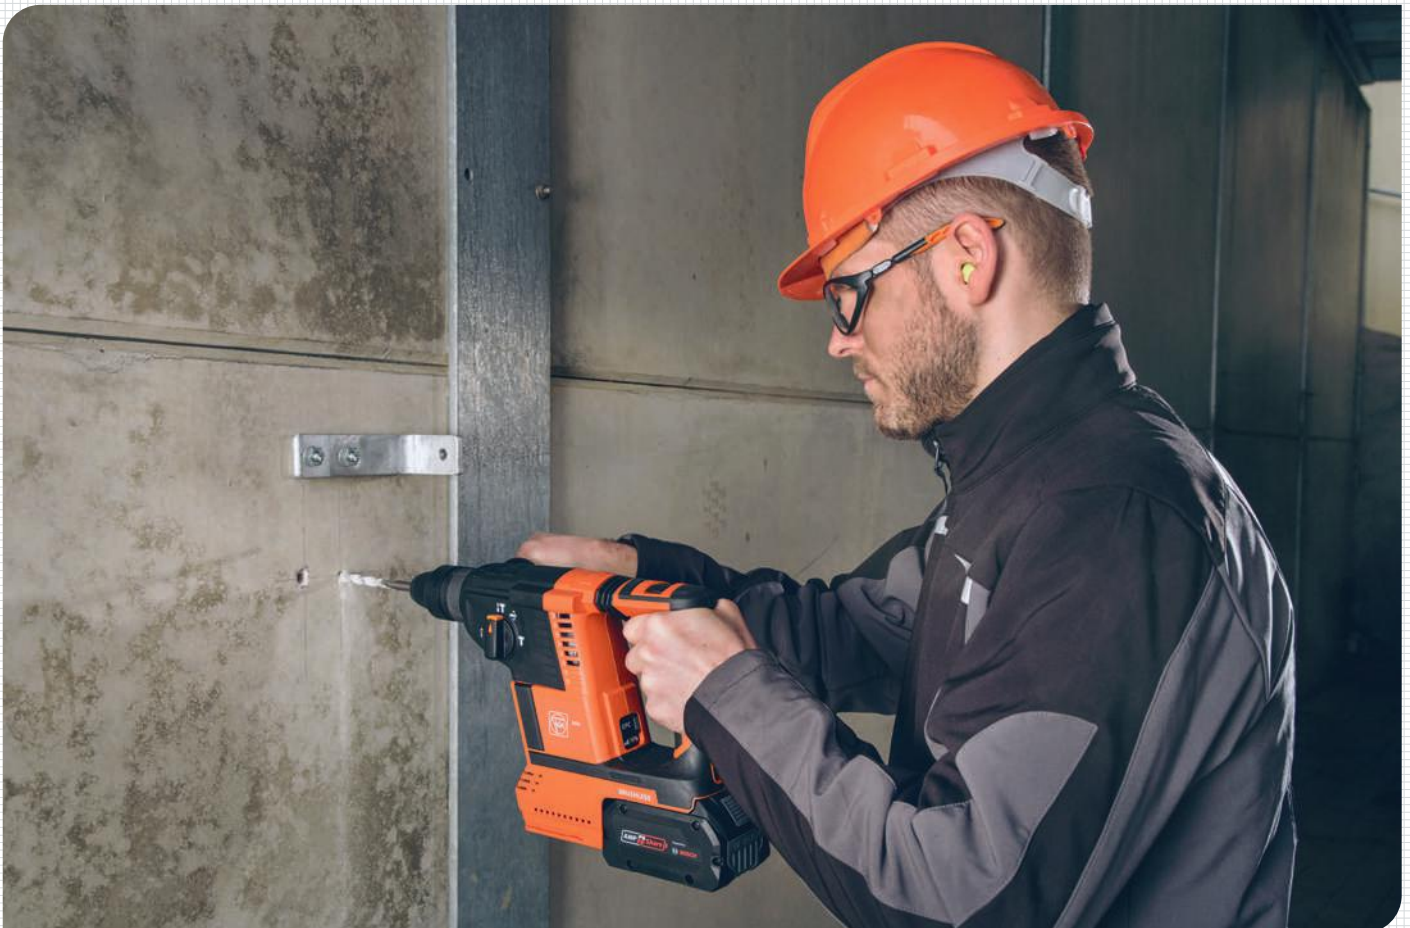

ABH 18-26 AS SET 5 AH

Price includes

- 1 handle
- 1 depth stop
- 1 x tool cloth
- 1 tool case (L-Boxx 136)
- 2 Li-Ion storage battery GBA 18V 5.0 Ah AS

Product number: **71400362000**

ANGLE GRINDERS

CORDLESS ANGLE GRINDER CCG 18-115-12 AS

Dust-resistant and powerful, compact cordless angle grinder for effective cutting, grinding and deburring work in assembly jobs.

- Long-life and robust thanks to the fully enclosed motor housing. This protects the motor from aggressive ceramic and mineral dusts. Innovative cooling ribs ensure optimum heat dissipation, including temperature monitoring.

Product number: **71221561000**

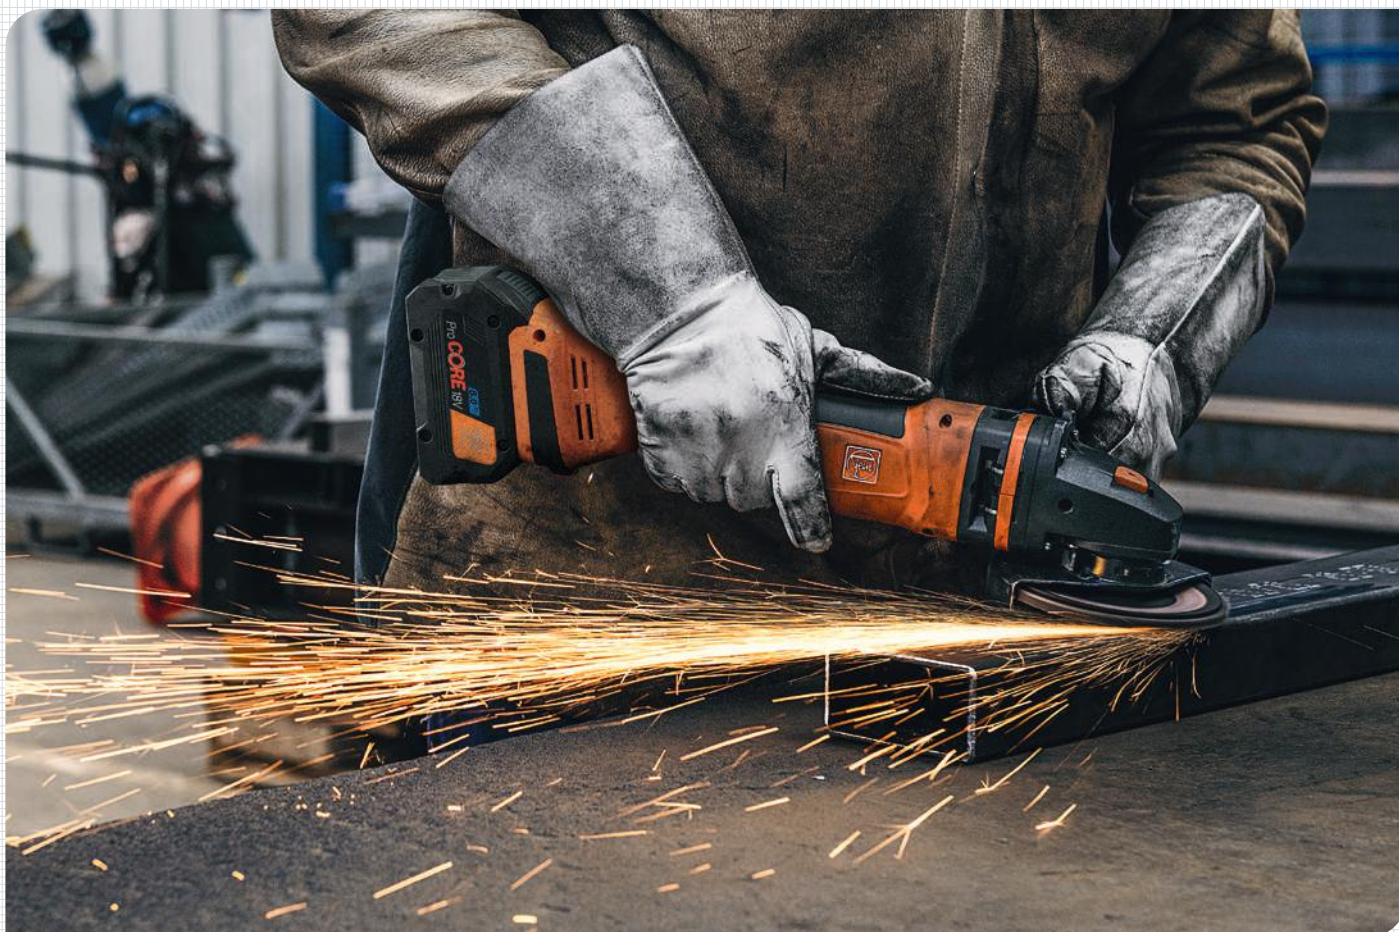

CORDLESS ANGLE GRINDER CCG 18-115-12 PD AS

Dust-resistant and powerful, compact cordless angle grinder with dead man's switch for effective cutting, grinding and deburring work in assembly jobs.

- Up to 45% more cuts than with the previous system (CCG 18 + FEIN High-Power batteries) thanks to the perfect combination of a powerful tool and the powerful ProCORE battery system. Cutting is up to 16% faster than with comparable competitor devices.

Product number: **71221761000**

ANGLE GRINDERS

CORDLESS ANGLE GRINDER CCG 18-125-12 AS

Dust-resistant and powerful, compact cordless angle grinder for effective cutting, grinding and deburring work in assembly jobs.

- Low-maintenance FEIN Power Drive motor and AMPShare battery system delivers the same power as a corded 1,200 watt tool for maximum performance and robustness. Optimum

speeds, matched to a huge number of different materials using the infinitely variable, electronic speed preselection.

- Safety hood, which can be adjusted without the use of tools, and quick-clamping nuts make for short setup times.

Product number: **71221661000**

Ø 125 MM CCG 18-125-12 AS SET PROCORE

Price includes

- 1 safety hood for cutter
- 1 Tool-free quick-clamping nut
- 1 anti-vibration handle
- 1 key
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71221662000**

Ø 125 MM CCG 18-125-12 PD AS

Price includes

- 1 x protective cover for cutting work
- 1 Tool-free quick-clamping nut
- 1 anti-vibration handle
- 1 key
- 1 plastic tool case (L-BOXX 238)

Product number: **71221861000**

Ø 125 MM CCG 18-125-12 PD AS SET PROCORE

Price includes

- 1 x protective cover for cutting work
- 1 Tool-free quick-clamping nut
- 1 anti-vibration handle
- 1 key
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71221862000**

ANGLE GRINDERS

CORDLESS ANGLE GRINDER CCG 18-125-7 AS

Compact and easy-to-use cordless angle grinder for light-duty grinding and cutting work.

- High power, mobile use: The brushless high-power motor delivers the same power as a comparable corded 700 W tool for light-duty grinding and cutting work.
- Slimline handle and balanced design for perfect ergonomics.

Product number: **71221361000**

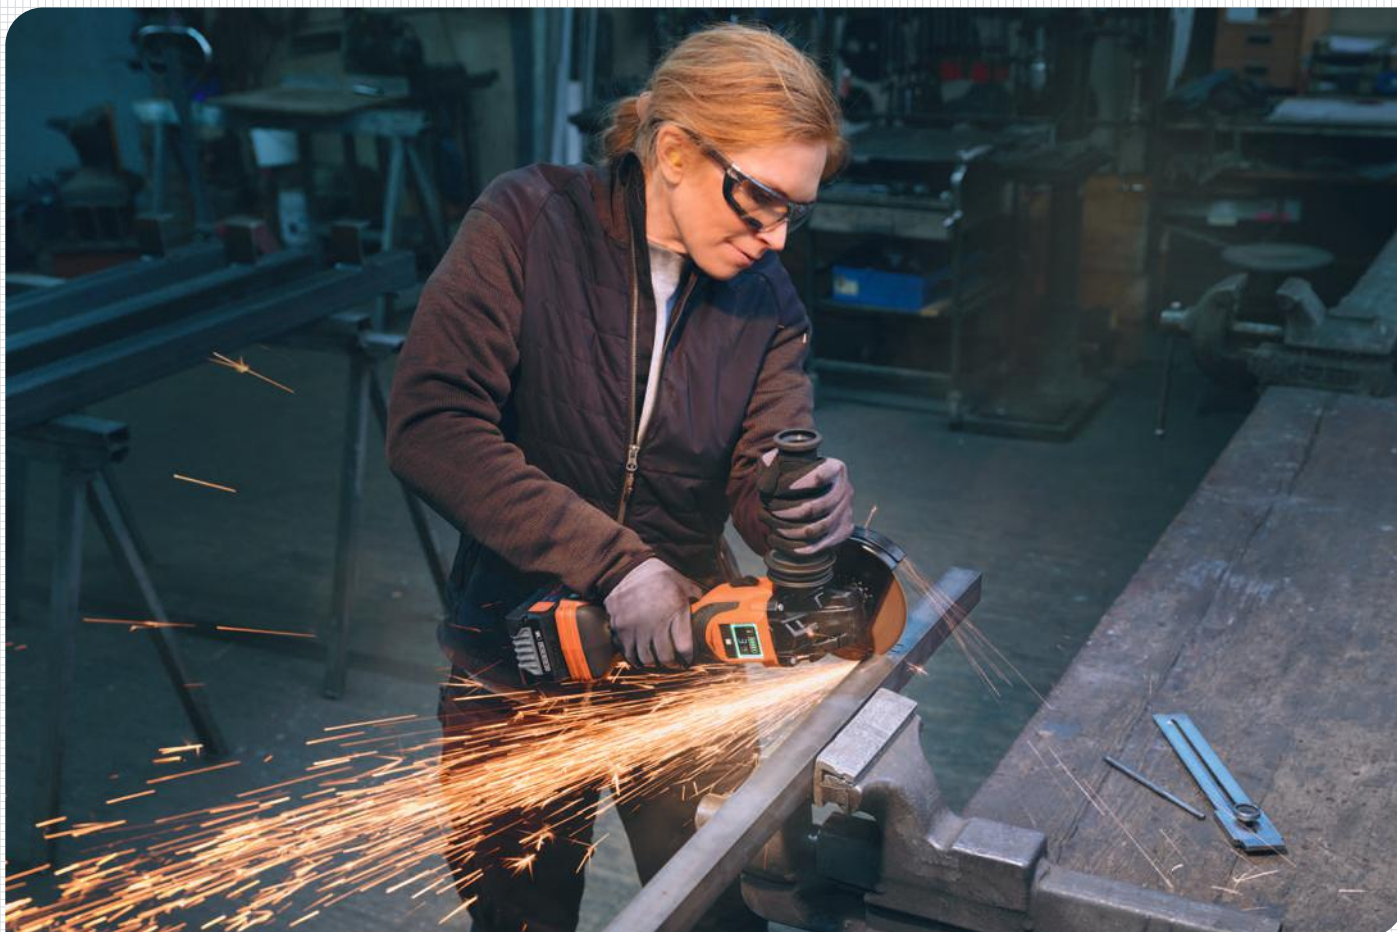

CORDLESS ANGLE GRINDER CCG 18-125-15 AS

Powerful cordless angle grinder with the same output as a corresponding corded 1500 W device, for effective dividing, grinding and deburring tasks.

- Powerful cordless angle grinder with brushless motor, which can handle very tough requirements and industrial applications, especially in combination with the ProCORE 18 V battery technology.

Product number: **71220961000**

ANGLE GRINDERS

PROTAGO CORDLESS ANGLE GRINDER CCG 18-115-12 PD-SEC AS

Powerful cordless angle grinder with unique operating concept for particularly safe working.

- Extensive user protection provided by two-handed operation with AutoStop (dead man's switch) and permanently fitted additional handle, non-removable safety hood as well as kick-back monitoring, soft start, restart protection, electronic overload protection and braking function.
- Safe guidance in all work situations thanks to the additional handle, which can be adjusted into 6 positions.

Product number: **71221961000**

PROTAGO CORDLESS ANGLE GRINDER CCG 18-115-12 PD-SEC AS SET PROCORE

Price includes

- 1 x protective cover for cutting work
- 1 Tool-free quick-clamping nut
- 1 key
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger

Product number: **71221962000**

PROTAGO CORDLESS ANGLE GRINDER CCG 18-125-12 PD-SEC AS

Powerful cordless angle grinder with unique operating concept for particularly safe working.

- Long-life and robust thanks to the fully enclosed motor housing. This protects the motor from aggressive ceramic and mineral dusts. Innovative cooling ribs ensure optimum heat dissipation, including temperature monitoring.
- Ideal ergonomics for cutting work thanks to narrow grip dimensions, compact design and a well-balanced low weight.

Product number: **71222061000**

PROTAGO CORDLESS ANGLE GRINDER CCG 18-125-12 PD-SEC SET 8AH PROCORE AS

Price includes

- 1 Tool-free quick-clamping nut
- 1 key
- 1 x protective cover for cutting work
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71222062000**

CORDLESS DIE GRINDER AGSZ 18-280 BL AS

Dust-resistant and powerful, compact cordless die grinder for effective cutting, grinding, deburring and milling work.

- Guarantees very long life with the next generation of brushless FEIN PowerDrive motors. Totally closed motor housing protects the motor from aggressive ceramic and mineral dusts.

Product number: **71230461000**

CORDLESS DIE GRINDER AGSZ 18-280 LBL AS

Dust-resistant and powerful, compact cordless die grinder with large plunge depth for effective cutting, grinding, deburring and milling work.

- Ideal for every application. Optimum speeds, matched to a large number of abrasive materials and other materials using the infinitely variable, electronic speed preselection.

Product number: **71230561000**

CORDLESS DIE GRINDER AGSZ 18-90 LBL AS

Dust-resistant and powerful, compact cordless die grinder with large plunge depth for grinding and polishing work.

- Powerful. 30% more efficiency than comparable universal motors with a rated output of 1 100 W.

Product number: **71230661000**

BEVELLER

CORDLESS BEVELLER UP TO 5 MM AKFH 18-5 AS

Powerful cordless beveller for perfectly preparing subsequent coatings for flexible jobs in the workshop and on the construction site.

- For the production of bevels and radii on flat materials, sheet metals and containers, of inner and outer edges, contour shapes and for rounding off holes.

- High sanding capacity requiring little force and infinitely variable speed setting for different materials.
- Ergonomic thanks to low weight and compact design.

Product number: **71380262000**

AKFH 18-5 AS BASIC CHAMFER SET

Price includes

- 1 AKFH 18-5 AS including 45° milling head
- 3 x clamping screws SX
- 1 x 4 mm socket head wrench
- 1 x TX 15 Torx screwdriver
- 1 cutting paste
- 1 pack of 10 SX indexable tips, chamfer for universal use
- 1 guide roller, 21.69 mm in diameter for 45° chamfers and a radius of 2.5 mm

Product number: **71380561000**

AKFH 18-5 AS BASIC CHAMFER SET WITH 1 X 8 AH PROCORE BATTERY

Price includes

- 1 AKFH 18-5 AS including 45° milling head
- 3 x clamping screws SX
- 1 x 4 mm socket head wrench
- 1 x TX 15 Torx screwdriver
- 1 cutting paste
- 1 pack of 10 SX indexable tips, chamfer for universal use
- 1 guide roller, 21.69 mm in diameter for 45° chamfers and a radius of 2.5 mm
- 1 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger

Product number: **71380562000**

AKFH 18-5 AS BASIC CHAMFER SET WITH 2 X 8 AH PROCORE BATTERY

Price includes

- 1 AKFH 18-5 AS including 45° milling head
- 3 x clamping screws SX
- 1 x 4 mm socket head wrench
- 1 x TX 15 Torx screwdriver
- 1 cutting paste
- 1 pack of 10 SX indexable tips, chamfer for universal use
- 1 guide roller, 21.69 mm in diameter for 45° chamfers and a radius of 2.5 mm
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71380563000**

CORDLESS JIGSAW F-IRON JIG 26 AS

Powerful, versatile jigsaw for metal and wood for precise and curved cuts, also overhead.

- Optimum control thanks to narrow and ergonomic baton handle for precise cuts, as well as cornered cuts in very tight spaces.
- Thanks to speed and pendulum stroke adjustment options, optimal work

results are guaranteed on a variety of materials without the need for rework.

Product number: **71360561000**

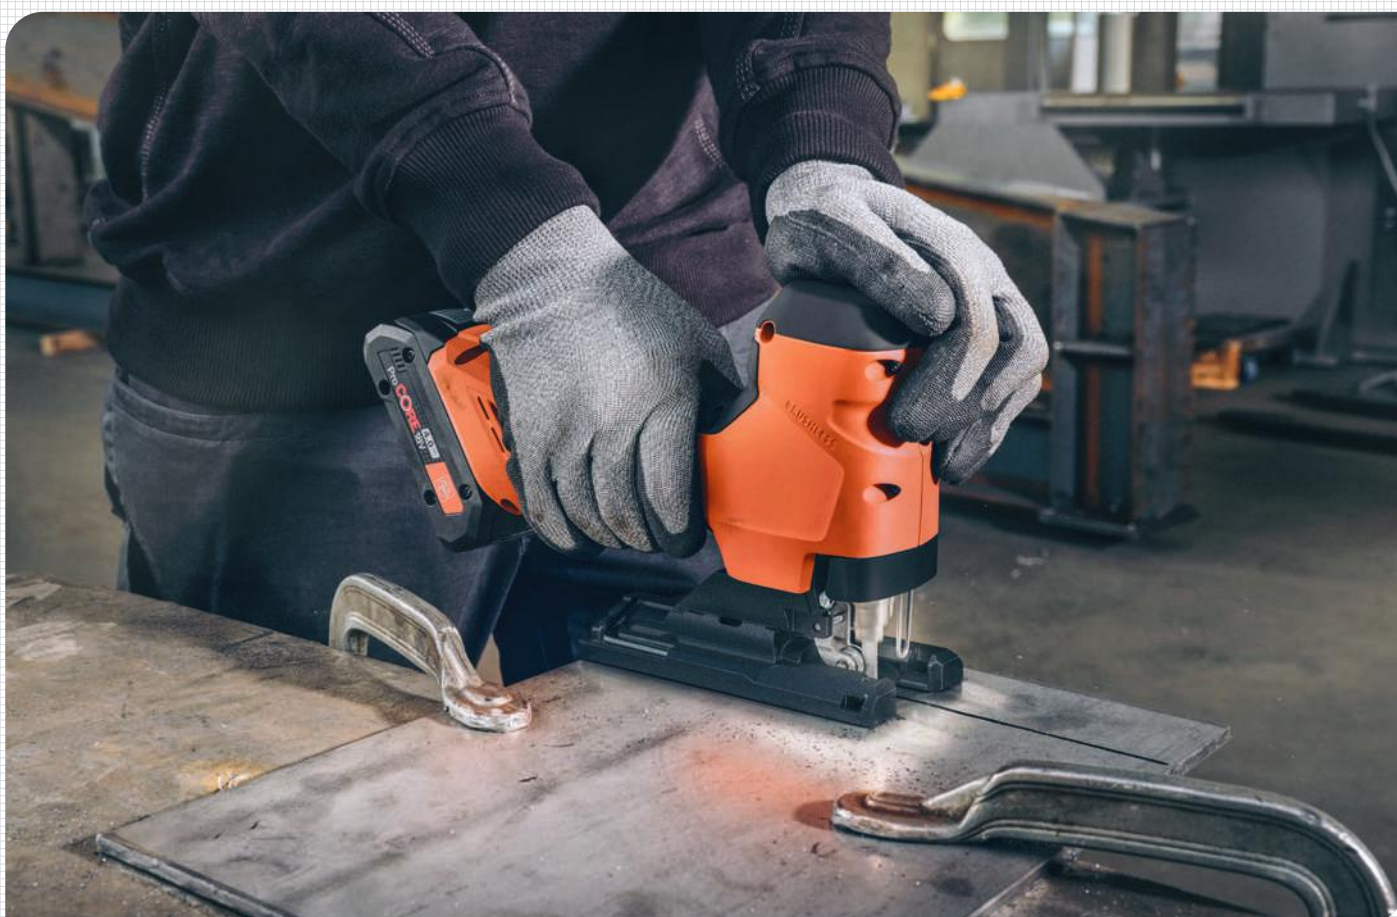

F-IRON JIG 26 AS SET 2 X 4 AH

Price includes

- 1 Best of jigsaw blades, 5 parts (63503188010)
- 1 x 4 mm socket head wrench
- 1 x plastic sliding shoe
- 1 anti-chipping protector
- 1 x extraction adapter
- 2 x ProCORE 18 V 4.0 Ah AS battery pack
- 1 rapid charger GAL 1880 CV AS
- 1 tool case (L-Boxx 136)

Product number: **71360562000**

RECIP SAW/CIRCULAR SAW

COMPACT CORDLESS RECIP SAW ASAS 18-21 K AS

Compact, low-vibration recip saw for mobile and universal use for cutting various materials, particularly well suited to hard-to-reach places.

- Rapid work progress when sawing thanks to the powerful DC motor.
- The right solution for virtually all materials and applications: the SDS system for rapid, tool-free saw blade changes.

Product number: **71330161000**

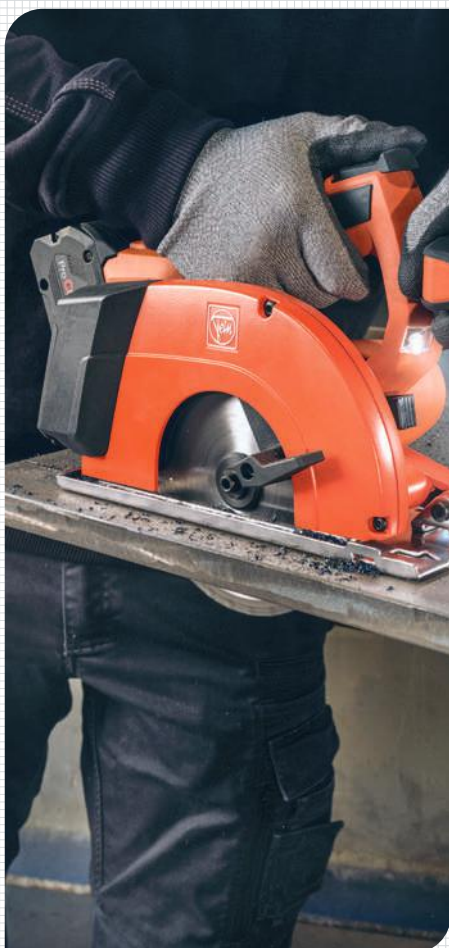

ASAS 18-21 K AS SET 2 X 4 AH

Price includes

- 1 x BIM 130 T18 MS sabre saw blade
- 1 x BIM 130 T5/8 WP sabre saw blade
- 1 rapid charger GAL 1880 CV AS
- 2 x ProCORE 18 V 4.0 Ah AS battery pack
- 1 tool case (L-Boxx 136)

Product number: **71330162000**

COMPACT CORDLESS CIRCULAR SAW F-IRON CUT 57 AS

Powerful cordless metal circular saw for rapid, precise cold cuts in sheet metals, pipes and profiles with a cutting depth of up to 57 mm.

- High performance – low weight: 50% more material is removed than with standard metal circular saws as the brushless motor, ProCORE battery and optimally coordinated saw blade interact perfectly. And the tool weighs just 3 kg.

Product number: **71360461000**

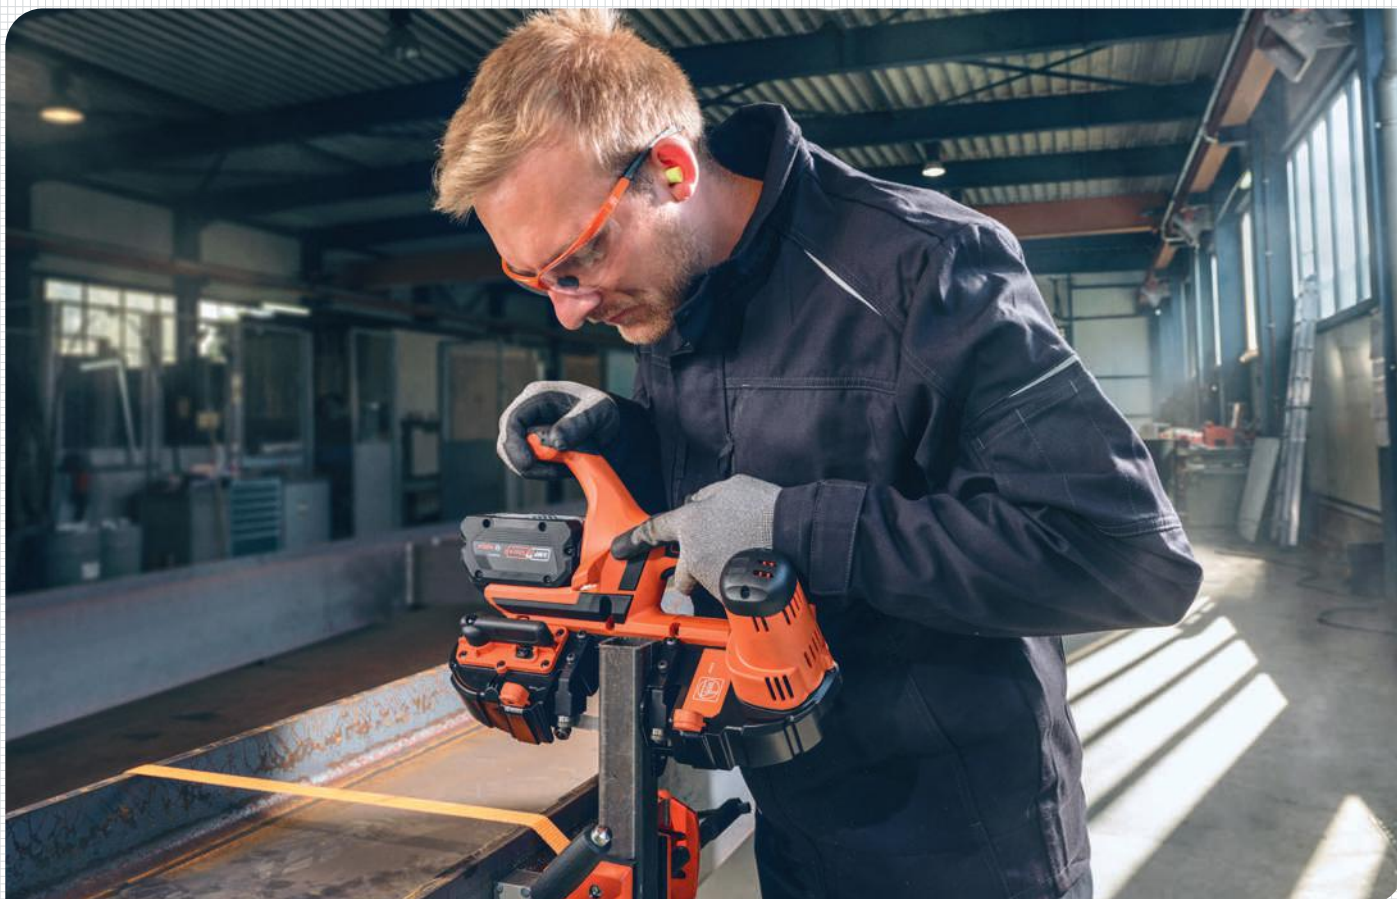

F-IRON CUT 57 AS SET 2 X 8 AH

Price includes

- 1 circular saw blade for construction steel
- 1 swarf collecting vessel, fitted
- 1 socket head wrench 5 mm
- 1 guide rail adapter
- 1 parallel stop
- 2 x ProCORE 18 V 8.0 Ah AS battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71360462000**

CORDLESS BAND SAW ABAS 18-63 AS

Ergonomic and compact band saw for conveniently cutting various materials and mobile applications.

- Compact size and convenient two-handed operation for safe and low-fatigue working.
- More options – there are no limits on the flexible machining of a huge range

of materials (e.g. steel, aluminium and plastic) thanks to rapid saw blade changes without the need for tools.

- Precise sawing results thanks to low-vibration saw blade motion and LED light on the working area.

Product number: **71350161000**

ABAS 18-63 AS SET 2 X 8 AH

Price includes

- 1 x BIM 733T14 MS band saw blade
- 2 ProCORE 18 V 8.0 Ah battery pack
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic tool case (L-BOXX 238)

Product number: **71350162000**

NIBBLERS

CORDLESS NIBBLER UP TO 1.3 MM ABLK 18 1.3 CSE AS

Compact and curve-compatible nibbler for roof and façade construction. Precise cuts in corrugated sheet metal up to 1.3 mm.

- 66 m cutting capacity (in 0.8 mm sheet metal) with one battery charge (5 Ah).

- Cutting direction setting can be changed in 45° steps up to 360° using tool-free pivoting cutting head.
- Optimum handling due to extremely slim gearbox head.

Product number: **71321061000**

ABLK 18 1.3 CSE AS SET

Price includes

- 1 die for corrugated sheet metal (30109169009) fitted
- 1 punch (6 36 02 050 00 0)
- 1 punch and die set (30109169030)
- 1 permanent marker (32133037000)
- 1 painter's tape (32133038000)
- 1 metre rule (18750283000)
- 1 tool case (L-Boxx 136)

Product number: **71321062000**

ABLK 18 1.3 CSE AS SET 1 X 5 AH

Price includes

- 1 die for corrugated sheet metal (30109169009) fitted
- 1 punch (6 36 02 050 00 0)
- 1 punch and die set (30109169030)
- 1 permanent marker (32133037000)
- 1 painter's tape (32133038000)
- 1 metre rule (18750283000)
- 1 Li-Ion storage battery GBA 18 V 5.0 Ah AS (92604346020)
- 1 rapid charger GAL 1880 CV AS (92604335010)
- 1 tool case (L-Boxx 136)

Product number: **71321063000**

ABLK 18 1.3 CSE AS SET 2 X 5 AH

Price includes

- 1 die for corrugated sheet metal (30109169009) fitted
- 1 punch (6 36 02 050 00 0)
- 1 punch and die set (30109169030)
- 1 permanent marker (32133037000)
- 1 painter's tape (32133038000)
- 1 metre rule (18750283000)
- 2 Li-Ion storage battery GBA 28V 5.0 Ah AS (92604346020)
- 1 rapid charger GAL 1880 CV AS (92604335010)
- 1 tool case (L-Boxx 136)

Product number: **71321064000**

NIBBLERS

CORDLESS NIBBLER UP TO 1.6 MM ABLK 18 1.6 E AS

Compact and curve-compatible nibbler for roof and façade construction. Precise cuts in trapezoid and corrugated sheet metals and profiles.

- 66 m cutting capacity (in 0.8 mm sheet metal) with one battery charge (5 Ah).
- Cutting direction setting can be changed in 45° steps up to 360° using tool-free pivoting cutting head.
- Optimum handling due to extremely slim gearbox head.

Product number: **71321161000**

ABLK 18 1.6 E AS SET ABLK 18

Price includes

- 1 die (30109141003) fitted
- 1 punch (63602048004) fitted
- 1 cutting head (30109154007) mounted
- 1 socket head wrench 6 mm
- 1 punch and die set (63602048013)
- 1 permanent marker (32133037000)
- 1 painter's tape (32133038000)
- 1 metre rule (18750283000)

Product number: **71321164000**

SHEET METAL SHEARS

CORDLESS SHEET METAL SHEARS UP TO 1.6 MM ABL 18 1.6 E AS

Ergonomic, curve-compatible cordless sheet metal shears for cutting and trimming thin sheets.

- 221 m cutting capacity (in 0.8 mm sheet metal) with one battery charge (5 Ah).
- Good curve precision with low sheet-metal distortion.

- Outstanding ergonomics through compact and simple construction for optimal mobility of the shears.
- Four-fold reversing blade for clean and burr-free cutting with low operating costs.

Product number: **71300661000**

ABL 18 1.6 E AS SET

Price includes

- 2 plunger blade and bench blade (31308072000) fitted
- 1 socket head wrench 2 mm
- 1 x 3 mm socket head wrench
- 1 hand guard
- 1 permanent marker (32133037000)
- 1 painter's tape (32133038000)
- 1 metre rule (18750283000)

SLITTING SHEARS

**CORDLESS SLITTING SHEARS UP TO
1.6 MM ABSS 18 1.6 E AS**

Easy-to-use, curve-compatible cordless slitting shears for distortion-free cuts and cut-outs in sheet metal up to 1.6 mm.

- 180 m cutting capacity (in 0.8 mm sheet metal) with one battery charge (5 Ah).
- Rapid work progress due to excellent view of the cutting line through the open-fronted cutting head.
- Left and right curve cuts and distortion-free cutting possible with just one continuous chip.
- Excellent ergonomics and low weight.

Product number: **71300561000**

ABSS 18 1.6 E AS SET

Price includes

- 1 cutter blade (31308150009) fitted
- 1 pair of cutting jaws (31308153014) fitted
- 1 socket head wrench 2,5 mm
- 1 blade for curves (31308151008)

MAG DRILLS

CORDLESS UNIVERSAL MAGNETIC CORE DRILL AKBU 35 PMQ AS

Small and powerful single-speed cordless universal magnetic core drill with forward/reverse running, MT2 tool mounting, permanent magnet and maximum functionality for mobile working on the construction site.

- Extremely wear-resistant and durable tool concept thanks to brushless motor as well as high material quality and workmanship. Designed for up to 60,000 holes during a 300 h usage period.

Product number: **71700361000**

CORDLESS UNIVERSAL MAGNETIC CORE DRILL AKBU 35 PMQW AS

Small and powerful single-speed cordless universal magnetic core drill with forward/reverse running, MT2 tool mounting, permanent magnet and maximum functionality for mobile working on the construction site.

- Extremely wear-resistant and durable tool concept thanks to brushless motor as well as high material quality and workmanship. Designed for up to

60,000 holes during a 300 h usage period.

- Weighing 12.2 kg, it's the lightest cordless universal core drill in the world. Maximum flexibility for all mobile drilling work, such as core drilling, twist drilling, tapping, countersinking and reaming thanks to forward/reverse running, electronic speed setting and a 260 mm stroke range.

Product number: **71700461000**

AKBU 35 PMQW 18 V AS SET 1 X 12 AH

Price includes

- 1 cordless magnetic core drill
- 1 x coolant pump
- 1 lashing strap
- 1 swarf hook
- 1 centring pin 100 mm
- 1 contact guard
- 1 drift key
- 1 ProCORE 18 V / 12.0 Ah Li-Ion battery
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic carrying case

Product number: **71700463000**

AKBU 35 PMQW 18 V AS SET 2 X 8 AH

Price includes

- 1 cordless magnetic core drill
- 1 x coolant pump
- 1 lashing strap
- 1 swarf hook
- 1 centring pin 100 mm
- 1 contact guard
- 1 drift key
- 2 ProCORE 18 V / 8.0 Ah Li-Ion batteries
- 1 x GAL18 V-160 AS rapid charger
- 1 plastic carrying case

Product number: **71700464000**

MAG DRILLS

AKBU 35 PMQW AS CONSTRUCTION SITE SET 3/4 IN WELDON/ HSS NOVA 50

Price includes

- 1 cordless magnetic core drill
- 1 x coolant pump
- 1 lashing strap
- 1 swarf hook
- 1 centring pin 100 mm
- 1 contact guard
- 1 drift key
- 1 plastic carrying case
- 1 set of twist drills, 6 parts
- 1 SUPRA-SK quick-clamp drill chuck, 1–13 mm with 3/4 in Weldon
- 1 HSS twist drill, 35 mm cutting depth (diameter 10 mm)
- 6 HSS NOVA 50 core drill bits, 50 mm cutting depth (diameter 12 / 14 / 16 / 18 / 20 / 22 mm)
- 2 x 100 mm centring pins
- 1 cutting paste
- 1 L-BOXX 136 for accessories

MULTIMASTER

CORDLESS MULTIMASTER AMM 700 MAX AS

Our best cordless MultiTool for the most rapid work progress in interior work and renovation in the variant without battery or charger –with a bimetal saw blade for wood, metal and plastics.

- 18 V FEIN PowerDrive motor: very powerful and virtually wear-free, brushless motor offering great efficiency, ability to handle extreme loads and a long service life.
- Tacho generator: constant speeds even under load and infinitely variable electronic speed control.

Product number: **71293662000**

CORDLESS MULTIMASTER AMM 700 MAX AS 4 AH WITH NYLON BAG

Powerful 18-accessory battery multitool for sawing and grinding. Always on the go with everything at your fingertips in the convenient nylon bag, including an 18 V 4 Ah battery and charger.

- Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.
- QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

Product number: **71293665000**

CORDLESS MULTIMASTER AMM 700 MAX TOP 4 AH AS

Price includes

AMM 500 PLUS 4 AH WITH NYLON BAG**

Powerful 18-accessory battery multitool for sawing and grinding. Always on the go with everything at your fingertips in the convenient nylon bag, including an 18 V 4 Ah battery and charger.

- Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.
- QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

Product number: **71293870000**

**CORDLESS MULTIMASTER
AMM 500 AS 2 AH WITH NYLON BAG**

Powerful 18-accessory battery multitool for sawing and grinding. Always on the go with everything at your fingertips in the convenient nylon bag, including an 18 V 2 Ah battery and charger.

- Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.
- QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

Product number: **71293869000**

MULTIMASTER

CORDLESS MULTIMASTER AMM 700 1.7 Q AS

Our best oscillating cordless MultiMaster for the automotive sector.

- Designed for cutting out windows and work on the car body.
- Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.
- QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

Product number: **71293761000**

MULTIMASTER AMM 700 1.7 Q JOINT RENOVATION SET

Price includes

- 5 Cutter blades, straight (form 117) 63903117015
- 1 Cutter blade, straight, long (form 116) 63903116011
- 1 Cutter blade, mushroom shaped 63903128012
- 1 handle
- 1 protective cover for tool changes
- 1 sharpening stone (63719010014)
- 1 rapid charger GAL 1880 CV AS
- 2 Li-ion battery packs (18 V / 5 Ah)
- 1 plastic tool case (L-BOXX 238)

Product number: **71293763000**

MULTIMASTER AMM 700 1.7 Q JOINT RENOVATION

Price includes

- 5 Cutter blades, straight (form 117) 63903117015
- 1 Cutter blade, straight, long (form 116) 63903116011
- 1 Cutter blade, mushroom shaped 63903128012
- 1 handle
- 1 protective cover for tool changes

- 1 plastic tool case (L-BOXX 238)

Product number: **71293764000**

CORDLESS MULTIMASTER AMM 700 1.7 Q AUTOGLAS AS

Price includes

- 1 protective cover for tool changes
- 1 Straight cutter blade, Z-bend, toothed (form 081)
- 1 each U-shaped cutter blade, reinforced design (forms 157 and 111)
- 1 L-shaped cutter blade, toothed (form 209)
- 2 L-shaped cutter blades, toothed (form 208)
- 2 U-shaped cutter blades, reinforced design, toothed (form 212)

- 3 L-shaped cutter blades, toothed (form 207)
- 1 Straight cutter blade, Z-bend, with adjustable roller stop (form 143)
- 1 sharpening stone (63719010014)
- 1 rapid charger GAL 1880 CV AS
- 2 Li-ion battery packs (18 V / 5 Ah)
- 1 tool case (L-BOXX 136)

Product number: **71293762000**

SEALANT GUN/ DUST EXTRACTOR

CORDLESS SEALANT GUN AKP 18-600 AS

Powerful and flexible cordless sealant gun for rapid and precise application of sealing materials and adhesives of various viscosities and for filling gaps.

- With a maximum compressive force of 3500 N and a no-load feed of up to 8 mm/s, the powerful motor guarantees rapid work progress – even when working with particularly viscous materials.

Product number: **71460161000**

AKP 18-600 AS SET FOR GROUTING RENEWERS

Price includes

- 1 cordless MultiMaster AMM 700 1.7 Q AS
- 1 cordless sealant gun AKP 18-600 AS
- 50 cutter blades
- 1 protective cover for tool changes

Product number: **71902260000**

AKP 18-600 AS TOP SET FOR GROUTING RENEWERS

Price includes

- 1 cordless MultiMaster AMM 700 1.7 Q AS
- 1 cordless sealant gun AKP 18-600 AS
- 2 battery pack GBA 18 V 4.0 AH AS
- 1 rapid charger GAL 1880 CV AS
- 50 cutter blades
- 1 protective cover for tool changes

Product number: **71902360000**

AKP 18-600 AS SET FOR VEHICLE GLAZIERS

Price includes

- 1 cordless MultiMaster AMM 700 1.7 Q AS
- 1 cordless sealant gun AKP 18-600 AS
- 2 vehicle glazing accessory sets
- 1 protective cover for tool changes

Product number: **71902460000**

AKP 18-600 AS TOP SET FOR VEHICLE GLAZIERS

Price includes

- 1 cordless MultiMaster AMM 700 1.7 Q AS
- 1 cordless sealant gun AKP 18-600 AS
- 2 battery pack GBA 18 V 4.0 AH AS
- 1 rapid charger GAL 1880 CV AS
- 2 vehicle glazing accessory sets
- 1 protective cover for tool changes

Product number: **71902560000**

WET / DRY DUST EXTRACTOR ASBS 18-10 AS

Light and compact, dust class L cordless dust extractor with high suction force for mobile use.

- The rotary air flow ensures a powerful, constant suction power and therefore low dust levels and a clean working environment at all times.
- Different accessories and working without a dust bag make various wet and dry applications possible and help achieve perfect results.

SUPERTRONIC 2000 E AMPSHARE

BSPT R, 1/2-2", 4 Ah, EU

The SUPERTRONIC 2000 E AMPShare is the cordless hand-held electric tapping machine with a working range of 1/2-2 inch. Equipped with a powerful brushless motor, the SUPERTRONIC enables more efficient and material-friendly work.

- 4-times faster retraction due to reverse gear unit
- User-friendly operation thanks to large changeover switch for forward and reverse motion
- Firm seating of the cut

No. **1000004186**

ROBEND 4000 E SET AMPSHARE

12-14-16-18-22-28 mm, 4 Ah, EU

The ROBEND 4000 E AMPShare bending machine with bending sets for 12-14-16-18-22-28 mm is suitable for bending copper, stainless steel and carbon steel pipes in the dimensions 12 – 28 mm (1/2-1.1/8 inch) with a maximum bending radius of 180°.

- Tool-free presetting of the bending angle
- Deformation- and crease-free bending thanks to patented ROLUB technology for better sliding properties of the bending shoe
- AMPShare battery for up to 60 bends with 28 mm copper pipe

No. **1000004192**

ROCAM MINI HD SET AMPSHARE

with MODULE 20/16, 2Ah, EU

The pipe inspection set, consisting of the ROCAM MINI HD AMPShare and the AMPShare reel module 20/16 HD, combines both items into a highly efficient pipe inspection set. The ROCAM MINI HD AMPShare is the monitor unit with a 7-inch touch display and simplifies professional and expert inspection at the customer's site.

- 20 mm Diameter camera head with unit of measurement; high resolution and TrueColor for fast, accurate analysis
- 16 m reel for inspecting pipelines in multi-story family houses
- Optimized cable stiffness and head geometry for performing up to three 90° bends (40 mm tubes)

No. 1000005070

ROCAM MINI HD SET AMPSHARE

with MODULE 25/22, 2Ah, EU

The pipe inspection set, consisting of the ROCAM MINI HD AMPShare and the AMPShare reel module 25/22 HD, combines both items into a highly efficient pipe inspection set. The ROCAM MINI HD AMPShare is the monitor unit with a 7-inch touch display and simplifies professional and expert inspection at the customer's site.

- 25 mm Diameter camera head with unit of measurement; high resolution and TrueColor for fast, accurate analysis
- 22 m reel for inspecting pipelines in multi-story family houses
- Optimized cable stiffness and head geometry for performing up to three 90° bends (40 mm tubes)

No. 1000004127

PIPE INSPECTION

ROCAM MINI HD AMPSHARE

with Module ROLOC PLUS, 2 Ah, EU

This EU type pipe inspection set, consisting of the ROCAM MINI HD, a battery with charger, and the ROLOC PLUS AMPShare location module, combines both items into a single, highly efficient pipe inspection set.

- Pinpoint localization of probes
- Exact depth measurement
- Different frequencies selectable
- Optimized menu design guides step by step through the locating process
- Telescope function for convenient transport in the case

No. 1000004133

ROCAM MINI HD AMPSHARE

with Module ROLOC PLUS, Bare Tool

This EU-type pipe inspection set, consisting of the ROCAM MINI HD bare tool and the ROLOC PLUS AMPShare location module, combines both items into a single, highly efficient pipe inspection set.

- Pinpoint localization of probes
- Exact depth measurement
- Different frequencies selectable
- Optimized menu design guides step by step through the locating process
- Telescope function for convenient transport in the case

No. 1000004137

MODULE ROLOC PLUS HD

Locator Ampshare

With the ROLOC PLUS AMPShare locating module, the position of the transmitter attached to the camera head can be precisely located. No unnecessary digging, no unnecessary prying. The ROLOC PLUS AMPShare module provides a professional and fast way to identify the problem so that immediate action can be taken to fix it.

- Pinpoint localization of probes
- Exact depth measurement
- Different frequencies selectable
- Modular Design (ROCAM MINI HD not included)

No. 1000004132

DRILL DRIVER/PIPE BENDING

RO DD55 CORDLESS DRILL DRIVER AMPSHARE

CORDLESS DRILL DRIVER

Versatile drill drive as the perfect complimentary tool for every HVAC installer. The RO DD55 AMPShare cordless drill driver with battery functions as both a screwdriver and a drill. The powerful 4-pole motor generates a maximum torque of 55 Nm (hard / steel) and 35 Nm (soft/wood).

- Precise work thanks to integrated work light, even in poor lighting conditions
- Always at hand thanks to the belt clip

No. 1000004712

ROBEND 4000 E A NEW KIND OF BENDING: INDEPENDENT POWERFUL, DURABLE.

ROBEND 4000 E AMPSHARE

Bare Tool

The ROBEND 4000 E AMPShare bending machine is suitable for bending copper, stainless steel and carbon steel pipes in dimensions 12–35 mm (1/2–1.3/8 inch) with a maximum bending radius of 180°. The brushless motor ensures a longer service life and work with less wear on the machine.

- Tool-free presetting of the bending angle
- Deformation- and crease-free bending is guaranteed by the patented ROLUB technology
- 7-fold drive for a strong power transmission even with bigger diameters

No. 1000004190

ROBEND 4000 E SET AMPSHARE

1/2-5/8-3/4-7/8-1.1/8", 4 Ah, EU

The ROBEND 4000 E AMPShare bending machine with bending sets for 1/2–5/8–3/4–7/8–1.1/8 inch is suitable for bending copper, stainless steel and carbon steel pipes in the dimensions 1/2–1.1/8 inch with a maximum bending radius of 180°. The brushless motor ensures a longer service life and work with less wear on the machine.

- Tool-free presetting of the bending angle
- Deformation- and crease-free bending thanks to patented ROLUB technology for better sliding properties of the bending shoe
- AMPShare battery for up to 60 bends with 28 mm copper pipe

No. 1000004193

ROMAX 4000 FAST, POWERFUL AND DURABLE – A PERFECT ALLROUNDER.

ROMAX 4000 BASIC SET AMPSHARE

BASIC SET 4 Ah, EU

The electro-hydraulic, radial pressing machine ROMAX 4000 AMPShare is ideal for system-compliant pressing of fittings made of metal, plastic and multilayer composite systems (MSR) up to 110 mm. The ROMAX 4000 AMPShare crimps fittings with a piston force of 32-34 kN and a crimping cycle of 5 seconds.

- Low weight of 3.6 kg (with 4.0 Ah battery) for fatigue-free working even in difficult situations
- Fast work thanks to crimping in under 5 seconds
- Increased power capacity thanks to improved battery technology
- Increased service interval after 40,000 crimping operations/ 2 years

No. 1000004165

ROMAX 4000 BASIC SET AMPSHARE

2 Ah battery, 4 Ah battery, EU

This ROMAX 4000 Set AMPShare contains one 2 Ah and one 4 Ah battery. The electro-hydraulic, radial pressing machine ROMAX 4000 AMPShare is ideal for system-compliant pressing of fittings made of metal, plastic and multilayer composite systems (MSR) up to 110 mm. The ROMAX 4000 AMPShare crimps fittings with a piston force of 32-34 kN and a crimping cycle of 5 seconds.

- Low weight of 3.6 kg (with 4.0 Ah battery) for fatigue-free working even in difficult situations
- Fast work thanks to crimping in under 5 seconds
- Increased power capacity thanks to improved battery technology
- Increased service interval after 40,000 crimping operations/ 2 years

No. 1000004167

ROMAX COMPACT III SET AMPSHARE

BASIC SET 1, 2 Ah Akku, EU

This ROMAX COMPACT III Set EU AMPShare contains one 2 Ah battery and one charger. The electro-hydraulic, radial pressing machine ROMAX COMPACT III AMPShare is ideally suited for system-compliant pressing of fittings up to 35 mm (metal) or 40 mm (plastic), even in constrained positions. The ROMAX COMPACT III AMPShare presses fittings with a piston force of 19 kN and a press cycle of 3 seconds.

- Bare tool in ROCASE
- 2 Ah battery
- Charger

No. 1000004267

PRESSING

ROMAX COMPACT III AMPSHARE

Bare tool

Bare tool without battery and charger. The electro-hydraulic, radial pressing machine ROMAX COMPACT III AMPShare is ideally suited for system-compliant pressing of fittings up to 35 mm (metal) or 40mm (plastic), even in constrained positions. The ROMAX COMPACT III AMPShare presses fittings with a piston force of 19 kN and a press cycle of 3 seconds.

- Connected: Pressing data acquisition in real time via ROTHENBERGER App
- Fast: 3-second pressing by means of effective pressure build-up
- Strong: Presses fittings up to Ø 35 mm (metal) / Ø 40 mm (plastic)
- Handy: Only 2.5 kg weight distributed over 34 cm length

No. 1000004266

ROMAX COMPACT III SET AMPSHARE

BASIC SET 1, 2 X 2 Ah Akku, EU

The ROMAX COMPACT III Set EU AMPShare contains one 2 Ah battery, and one charger. The electro-hydraulic, radial pressing machine ROMAX COMPACT III AMPShare is ideally suited for system-compliant pressing of fittings up to 35 mm (metal) or 40 mm (plastic), even in constrained positions.

- Bare tool in ROCASE
- 2 x 2 Ah batteries
- Charger

No. 1000004272

ROMAX COMPACT III SET AMPSHARE

M, 15-22-28mm, 2 Ah Akku, EU

The ROMAX COMPACT III Set EU AMPShare contains one 2 Ah battery, one charger and the press jaw set M for dimensions 15-22-28 mm. The electro-hydraulic, radial pressing machine ROMAX COMPACT III AMPShare is ideally suited for system-compliant pressing of fittings up to 35 mm (metal) or 40 mm (plastic), even in constrained positions.

- Bare tool in ROCASE
- Press jaw set M, Dimensions: 15-22-28 mm
- 2 Ah battery
- Charger

CargoMaster

STAIR CLIMBER FOR PROFESSIONALS

As a leading manufacturer of electric stair climbers, we offer effective, cost-saving, and back-friendly transport solutions for loads of all kinds and up to 400 kg. Even spiral staircases or high-quality wooden stairs pose no obstacle for our stair climbers, which move heavy loads almost effortlessly and without complaining.

www.cargomaster.de

CARGOMASTER CC2002 LI-ION

- Safe transport of loads up to 200 kg on stairs
- ComfortStep for smooth and gentle climbing
- Integrated multi-level battery indicator
- Step edge braking system for maximum safety

Order no. **100964**

Max. lifting capacity	200 kg
Climbing speed	9–20 steps/min
Range with 75 kg load	approx. 71 floors (mixed operation)*
Range at maximum load	approx. 22 S floors (mixed operation)*
Maximum step height	0,21 m

CARGOMASTER CC1602 LI-ION

- Safe transport of loads up to 160 kg on stairs
- ComfortStep for smooth and gentle climbing
- Integrated multi-level battery indicator
- Step edge braking system for maximum safety

Order no. **100963**

Max. lifting capacity	160 kg
Climbing speed	12–25 steps/min
Range with 75 kg load	approx. 75 floors (mixed operation)*
Range at maximum load	approx. 36 floors (mixed operation)*
Maximum step height	0,21 m

*Mixed operation means the stair climber has been tested in both upward and downward use.

“World of Machines” – Stürmer Maschinen has been operating under this motto for more than 40 years as a reliable partner of the machine trade. With our Aircraft brand, we always offer the right solution in the field of compressed air technology. Our philosophy is to offer machines and tools for both DIY enthusiasts and professional applications.

www.aircraft-kompressoren.com

- Extremely quiet, only 60 dB(A) (sound pressure level Lp)
- Energy-efficient brushless motor with 400 W ensures long battery runtimes
- High battery performance: Up to 17 tank fillings with one 5.5 Ah battery charge or up to 23 tank fillings with one 8.0 Ah battery charge.
- High compressor lifetime thanks to low speed, two-cylinder design.
- Convenient handling: Large, simple-to-read pressure gauges, easily accessible pressure reducer and condensate drain, low weight
- Environmentally friendly and low maintenance – no oil in the condensate and no need to change the oil
- Powder-coated tank
- Vibration-damping rubber feet
- The Airboy Silence 111 AS OF E supports all Bosch 18V Professional and AMPShare 18V battery packs with at least 4.0 Ah

Order no. **2000108**

Suction capacity	approx. 120 l/min
Filling capacity at 6 bar	approx. 50 l/min
Maximum pressure	8 bar
Tank capacity	6 l
Compressor speed	1.600 min ⁻¹
Sound pressure level Lp	60 dB(A)
Supply voltage	18V
Dimensions (L x B x H)	approx. 370 x 355 x 410 mm
Weight	approx. 14,9 kg

AIRBOY SILENCE 111 AS OF E

ALMI was founded in 1946 and has been an OEM manufacturer of block splitters for over 50 years. At ALMI, every professional in road construction, landscaping, building, and prefabricated construction can find the ideal block splitter for their needs. We offer a wide range of block splitter series suitable for paving stones, bricks, tiles, sand-lime bricks, kerbstones, granite, and natural stone. All our products are manufactured in a highly automated production process at our factory in the Netherlands.

<https://almi.nl/en/block-cutters>

EL33 ZERO

The EL33 Zero is a revolutionary block splitter powered by a high-performance 18V battery. With an impressive splitting force of 10,000 kg, you can effortlessly split stones at the push of a button.

This innovative splitter has been designed with your convenience in mind. It features a retractable handle for easy portability and a single-spindle height adjustment that allows you to precisely set the cutting height for accurate splitting.

Discover the future of stone splitting with the EL33 Zero – efficient, powerful, and user-friendly.

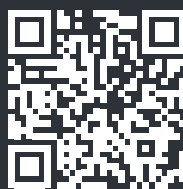

- Easy to operate – splits a stone at the push of a button
- Compact hydraulic stone splitter
- Easy to transport thanks to the retractable handle

Order no.: **A010.00115**

Splitting force	10 tons
Cutting width	330 mm
Cutting height	20 – 120 mm
Blades	4-sided usable
Support plates	fixed support plates, or spring-loaded support plates
Suitable for	paving bricks, granite setts, concrete pavers, interlocking stones

BEPO – unique and innovative power tools. Indispensable for window renovations and assembly work for joiners, carpenters, floor fitters, tilers, metalworkers, and other trades. The development of BEPO power tools is based on long experience in the trade and detailed knowledge of the practical requirements. BEPO power tools are real problem solvers for various crafts.

www.bepo-elektrowerkzeuge.de

BEPO UFS 18V LI TWIST UNIVERSAL JOINT CUTTER

- Equipped with carbide saw blade for wood
- Ideal for cutting shadow gaps, adjusting doors without taking them off the hinges, cutting joints
- Cuts joints from 4,5 – 28 mm

Order No. **BEP4115/000**

Cutting depth continuously variable	0 – 28 mm
Joint width	4,5 – 28 mm
Weight (machine only)	3,5 kg
Diameter blade	115 mm
Motor turns 180 ° (90° in 2 directions)	180 °
Batteries	18 V 4,0 Ah

BEPO FFS 151 2E BATTERY JOINT CUTTER

- Equipped with diamond blade
- For removal of old window frames by cutting into the reveal
- The tool can be swiveled into the corner without setting it down or reconfiguration. Cutting always takes place in the enclosed housing with effective dust extraction.

Order No. **BEP6154/000**

Cutting depth continuously variable	0 – 45 mm
Diameter blade	150 mm
Weight (machine only)	3,8 kg
Diameter blade	115 mm
Motor turns 180 ° (90° in 2 directions)	180 °
Batteries	18 V 8,0 Ah

Quality and experience for over 60 years. Brennenstuhl is one of the leading brands in the field of lighting and power supply. We ensure flexibility and efficiency in the trade. Our aim is to develop power and lighting tools to meet the needs of professional users.

www.brennenstuhl.com

BRENNENSTUHL MULTI BATTERY LED HYBRID CONSTRUCTION WORK LIGHT 10050 MH

12500LM, IP55, 5M RN CABLE

The extremely robust and powerful Multi Battery LED rechargeable work light 10050 MH for professional use ensures maximum flexibility in the trade thanks to the Brennenstuhl Multi Battery 18V system. The LED work light with 100 W allows you to use the battery system of your choice – even in the high-performance range. No matter which battery system the professional has chosen, the Brennenstuhl Multi Battery 18V system enables full compatibility with leading battery technologies such as AMPShare – powered by Bosch Professional.

- Rechargeable LED construction light compatible with various 18V rechargeable batteries (various Ah classes)
- The construction light with 12500 lm offers a light duration of approx. 1.6h/4Ah (approx. 0.8h/4Ah at 100% light) – the lighting duration depends on the rechargeable battery used (delivery without rechargeable battery)

Order no. **1173700001**

Luminous flux	12,500 lumens
Colour	6500 Kelvin
Power consumption	100 watts
Temperature	18 V
Input voltage type	Alternating current (AC)
Protection class	II
Protection class (IP)	IP55
Impact resistance	IK08
Power supply	Hybrid
Suitable for outdoor use	Yes

CONSTRUCTION WORK LIGHT

BRENNENSTUHL LED HYBRID CONSTRUCTION WORK LIGHT BS 8050 MH, BOSCH PROFESSIONAL 18V SYSTEM, 7900LM, IP55, 5M RN CABLE

The extremely robust and powerful BS 8050 MH LED hybrid work light provides efficient light output with maximum compatibility with batteries from the Bosch Professional 18V system. Thanks to its removable protective cover, the 80 W construction light is compatible with 18V Li-Ion GBA and ProCORE 18V batteries from the Bosch Professional 18V battery range.

Order no. **1171630802**

BRENNENSTUHL LED RECHARGEABLE WORK LIGHT BS 5000 MA, BOSCH PROFESSIONAL 18V SYSTEM, 6000LM, IP55

The extremely robust and powerful Multi Battery LED Hybrid work light 6050 MH for professional use ensures maximum flexibility in the trade.

Order no. **1173140600**

BRENNENSTUHL MULTI BATTERY LED HYBRID WORK LIGHT 6053 MH, 6200LM, IP65, 5M PLUG-IN CABLE *GB*

The extremely robust and powerful Multi Battery LED Hybrid work light 6053 MH for professional use ensures maximum flexibility in the trade (Type G Plug System).

Order no. **1173143600**

BRENNENSTUHL MULTI BATTERY LED 360° HYBRID WORK LIGHT 12050 MH, 12000LM, IP54, 5M RN CABLE

The powerful Multi Battery LED 360° Hybrid Construction work light 12050 MH from Brennenstuhl is ideal for demanding and robust indoor and outdoor use.

Order no. **1173700003**

BRENNENSTUHL MULTI BATTERY LED 360° HYBRID WORK LIGHT 12053 MH, 12000LM, IP54, 5M RN-CABLE *GB*

The powerful Multi Battery LED 360° Hybrid Construction work light 12053 MH from Brennenstuhl is ideal for demanding and robust indoor and outdoor use (Type G Plug System).

Order no. **1173703003**

BRENNENSTUHL MULTI BATTERY LED RECHARGEABLE HANDLAMP HL 4000, 1140 + 2160LM, IP54

The hand-held Multi Battery rechargeable work light HL 3000 from Brennenstuhl is compatible with various 18 V batteries (different Ah classes) thanks to the Brennenstuhl Multi Battery 18V system.

Order no. **1173730000**

BRENNENSTUHL MULTI BATTERY LED RECHARGEABLE TELESCOPIC WORK LIGHT 6050 MA, 7700LM, IP54, EXTENDABLE UP TO 140CM

The bright and extremely robust Multi Battery LED rechargeable telescopic work light 6050 MA from Brennenstuhl is ideal for demanding and robust indoor and outdoor use.

Order no. **1173700004**

BRENNENSTUHL MULTI BATTERY LED BATTERY-POWERED CONSTRUCTION LIGHT 3000 MA, 3150LM, IP65

The extremely robust and powerful Multi Battery LED rechargeable work light 3000 MA for professional use ensures maximum flexibility in the trade thanks to the Brennenstuhl Multi Battery 18V system.

Order no. **1173700007**

BRENNENSTUHL MULTI BATTERY LED HYBRID CONSTRUCTION WORK LIGHT 10053 MH, 12500LM, IP55 *GB*

The extremely robust and powerful Multi Battery LED rechargeable spotlight 10053 MH for professional use ensures maximum flexibility in the trade thanks to the Brennenstuhl Multi Battery 18 V system (Type G Plug System).

Order no. **1173703001**

BudakTools is a brand of BM-Sondermaschinen, a modern company specialising in the development and manufacture of insulation cutting equipment and special-purpose machines.

All our products feature extensive patents and property rights from our own research and development. Our products are characterised by practical, high-quality, user-friendly technology. Quality at the highest level is our standard.

www.budaktools.de

THE STYCUTTER 1310-A – THE ALL-ROUNDER

- Second contact surface with bevel cut adjustment
- Welded stand-swivel base, stable and easy to use

Item number: **S-1310-A**

Cutting height	1130 mm (1000 mm panels can be cut diagonally)
Cutting depth	310 mm at 90°, 230 mm at 45° & 135°
Mitre	45° – 90 – 135°
Storage screw	1x
Working height	530 mm
Total weight	13.6 kg (without battery)
Power supply	18V Li-ion battery
Base plate	Multi-layer birch, lacquered

THE STYCUTTER UL55-22 – IF YOU WANT MOBILITY, THIS IS THE ONE!

- Mobile and ready for use in no time
- Wireless freedom ensures clear traffic routes and reduced risk of accidents
- Cutting is done directly on your material (polystyrene stack)

Item number: **S-UL55-22**

Cutting height	550 mm at 90°, 500 mm at 33°
Cutting depth	220 mm at 90°, 130 mm at 45°
Mitre	45° – 90°
Angle cut	33° – 90°
Total weight	3.9 kg (without battery)
Power supply	18V Li-ion battery
Base plate	Stainless steel

Delivered in a sturdy protective case

In the 2024 financial year, the fischer group of companies achieved gross sales of 1.11 billion euros with a total of 4,700 people worldwide in its four divisions. fischer fixing systems, the largest division, stands for safe and innovative connections in construction and has established itself as the global technology leader over the course of around seven decades. The product range includes plastic anchors, steel anchors and chemical systems.

BATTERY-ACTUATED SETTING TOOL FXC85 SINGLE TOOL

- Single Tool without battery and charger
- In carton

Order-Nr. **567476**

BATTERY-ACTUATED SETTING TOOL FXC85 SINGLE TOOL IN XL-BOXX

- Single Tool without battery and charger
- In XL-Boxx

Order-Nr. **567477**

BATTERY-ACTUATED SETTING TOOL FXC85 SET IN XL-BOXX

- With 2x 4Ah ProCore Akkus
- With 1x GAL 18V-40 charger
- In XL-Boxx

Order-Nr. **567478**

The fischer FXC 85 is a fully battery-operated setting tool for quick and easy fastening in concrete & steel.

- Eliminating the gas cartridge reduces both consumption and effort
- With service intervals after every 15,000 fixings under standard conditions, the tool has a long service life
- Standard DFN nails and high performance DFNH nails from 15 mm to 40 mm can be processed

Professional / DIY	Professional
Content	1
Functionality	85 Joule setting energy, 4.6 kg with battery, capacity of 26 nails
AMPSHare compatible	Yes

Over 90 years of experience in the development and production of high-quality rivets and fasteners, as well as processing solutions – from sturdy one hand riveters, through pneumatic-hydraulic blind rivet tools and modern battery-powered Rivdom family riveters, to process-controlled riveting automation for industrial series production.

www.honsel.de/en

RIVDOM EVNG 2

Rivdom eVNG 2 is the ultimate battery-powered riveting tool for blind rivet nuts (and -studs M4-M8) from M3 to M12 (standard equipment M4 – M10).

- 1 x Battery 2.0 AH
- 1 x Charger
- In L-Boxx

Klauke®

HONSEL / KLAUKE

140 years of experience in connection technology and with tools. All over the world, Klauke is renowned for its high-quality electrical connection systems and tools for crimping, cutting and punching. We offer special purpose solutions for connection technology and tools to meet requirements in the most diverse sectors.

www.klauke.com

EBS 8 BATTERY POWERED HYDRAULIC BOLT CUTTER

For cutting cable trays, bolts and medium-hard steel wire (e.g. ST 37). Ideal in confined areas: narrow crimping head.

Order number: **EBS8CFB**

Operation/Execution	Battery-hydraulic
Suitable for max. bolt diameter	8 mm
Head width/Head height	35 mm/75 mm
With adjustable jaws	false
Total length	332 mm
Cutting shape	Front cutting edge
Weight	1610 g

EBS 12 BATTERY POWERED HYDRAULIC BOLT CUTTER

For cutting cable trays, bolts and medium-hard steel wire (e.g. ST 37). Slim Cutting head – ideal when space is critical

Order number: **EBS12CFB**

Operation/Execution	Battery-hydraulic
Suitable for max. bolt diameter	12.7 mm
Head width/Head height	56 mm/109 mm
With adjustable jaws	false
Total length	366 mm
Cutting shape	Front cutting edge
Weight	2110 g

CRIMPING TOOLS/UNIVERSAL TOOLS

EK 120/32 BATTERY POWERED HYDRAULIC CRIMPING TOOL 16 – 400 MM², BOSCH BATTERY 5 AH

Very large crimping range to 400 mm². Up to 60% fewer crimps thanks to wide crimping in comparison to 6 t tools. Simple and safe: automatic retraction when operation is complete.

Order number: **EK12032CFB**

EK 120/42 BATTERY POWERED HYDRAULIC CRIMPING TOOL 16 – 400 MM², BOSCH BATTERY 5 AH

C-head with very wide crimping range to 400 mm². Up to 60% fewer crimps thanks to wide crimping in comparison to 6 t tools. Easy handling by optimum weight distribution. Suitable for 13-series interchangeable crimping dies, wide crimping. Open head, rotatable.

Order number: **EK12042CFB**

EK 120 ID BATTERY POWERED HYDRAULIC CRIMPING TOOL 35 – 500 MM², BOSCH BATTERY 5 AH

Indent crimping for superfine-stranded conductors up to 500 mm². Universally applicable without changing dies, no crimping dies required.

Order number: **EK120IDCFB**

EK 120 U BATTERY POWERED HYDRAULIC CRIMPING TOOL 16 – 400 MM², BOSCH BATTERY 5 AH

H-head for deep groove crimps. Up to 60% fewer crimps thanks to wide crimping in comparison to 6 t tools.

Order number: **EK120UCFB**

EK 120 UNV BATTERY-POWERED HYDRAULIC UNIVERSAL TOOL 10 – 400 MM², BOSCH BATTERY 5 A

One head for crimping, cutting and punching – one tool for all. Ideal in the assembly field where all common jobs can be carried out using one tool.

Order number: **EK120UNVCFB**

EK 135 FT BATTERY POWERED HYDRAULIC CRIMPING TOOL 10 – 630 MM², BOSCH BATTERY 5 AH

Very large crimping range to 630 mm². Very powerful with a crimping force of 13.5 t.

Order number: **EK135FTCFB**

EK 35/4 BATTERY POWERED HYDRAULIC CRIMPING TOOL 6 – 150 MM², BOSCH BATTERY 2 AH

Slim crimping head – ideal when space is critical. Large cross section range up to 150 mm².

Order number: **EK354CFB**
Order number: (LBOXX)
LBOXXEK354CFB

EK 60/22 BATTERY-POWERED HYDRAULIC CRIMPING TOOL 6 – 300 MM², BOSCH BATTERY 5 AH

Large crimping range up to 300 mm². Fast crimp cycles due to Automatic Retraction Stop (ARS). Suitable for 22-series interchangeable crimping dies, narrow crimping.

Order number: **EK6022CFB**

EK 60 UNV BATTERY POWERED HYDRAULIC UNIVERSAL TOOL 6 – 300 MM², BOSCH BATTERY 5 AH

One head for crimping, cutting and punching – one tool for all. Ideal in the assembly field where all common jobs can be carried out using one tool.

Order number: **EK60UNVCFB**

EK 60 VP BATTERY POWERED HYDRAULIC CRIMPING TOOL 10 – 240 MM², BOSCH BATTERY 5 AH

Crimps optimised at all times due to the patented centering system. Fast crimp cycles due to Automatic Retraction Stop (ARS).

Order number: **EK60VPCFB**

CRIMPING TOOLS/CUTTING TOOLS/UNIVERSAL TOOLS

EKM 60 VP/FT BATTERY POWERED HYDRAULIC CRIMPING TOOL 16 – 300 MM², BOSCH BATTERY 5 AH

Crimps optimised at all times due to the patented centering system. Suitable for crimping tubular cable lugs and connectors “standard type” and fine and superfine stranded conductors to 300 mm².

Order number: **EK60VPFTCFB**

EKM 60/22 BATTERY POWERED HYDRAULIC CRIMPING TOOL 6 – 300 MM², BOSCH BATTERY 2 AH

Slim crimping head – ideal when space is critical. Suitable for 22-series interchangeable crimping dies, narrow crimping. Closed head, flip top style, rotatable.

Order number: **EKM6022CFB**
Order number: (LBOXX) **LBOXXEKM6022CFB**

EKM 60 ID BATTERY POWERED HYDRAULIC CRIMPING TOOL 10 – 240 MM², BOSCH BATTERY 2 AH

Extra large crimping area due to innovative 2-stage telescopic cylinder. Indent crimping – no change of crimping dies required.

Order number: **EKM60IDCFB**
Order number: (LBOXX) **LBOXXEKM60IDCFB**

EKM 60 UNV BATTERY POWERED HYDRAULIC UNIVERSAL TOOL 6 – 300 MM², BOSCH BATTERY 5 AH

One head for crimping, cutting and punching – one tool for all. Ideal in the assembly field where all common jobs can be carried out using one tool.

Order number: **EKM60UNVCFB**
Order number: (LBOXX) **LBOXXEKM60UNVCFB**

ES 105 BATTERY POWERED HYDRAULIC CUTTING TOOL 105 MM DIA. , BOSCH BATTERY 5 AH

Cuts copper and aluminium cables with lightweight steel armouring and fine-stranded conductors (depending on cable type).

Order number: **ES105CFB**

ES 20 BATTERY POWERED HYDRAULIC CUTTING TOOL 20 MM DIA. , BOSCH BATTERY 2 AH

For cutting Al/St conductors (ACSR) to DIN EN 50182, solid Al/Cu cables to EN 60228, Class 1 and laminated copper bus bars.

Order number: **ES20CFB**

ES 20 RMC BATTERY-POWERED HYDRAULIC CUTTING TOOL WITH REMOTE CONTROL 20 MM DIA. , BOSCH BATTERY 2 AH

Tool with remote control, e.g. for telescopic rods. For cutting Al/St conductors (ACSR) to DIN EN 50182.

Order number: **ES20RMCCFB**

ES 32 BATTERY POWERED HYDRAULIC CUTTING TOOL DIA. 32 MM, BOSCH BATTERY 2 AH

To cut stranded Cu and Al cables. Slim cutting head – ideal when space is critical.

Order number: **ES32CFB**

ES 32 F BATTERY POWERED HYDRAULIC CUTTING TOOL 32 MM DIA. FOR FINE AND SUPERFINE STRANDED COPPER CABLE, BOSCH BATTERY 2 AH

Cuts fine and superfine stranded copper cables. Slim cutting head – ideal when space is critical.

Order number: **ES32FCFB**

ES 32 RMC BATTERY-POWERED HYDRAULIC CUTTING TOOL WITH REMOTE CONTROL 32 MM DIA. , BOSCH BATTERY 2 AH

Tool with remote control, e.g. for telescopic rods. Cuts multi-stranded Al/Cu cables Class 2.

Order number: **ES32RMCCFB**

ES 65 BATTERY POWERED HYDRAULIC CUTTING TOOL 65 MM DIA. , BOSCH BATTERY 5 AH

Cuts copper and aluminium cables with lightweight steel armouring (depending on cable type). Also suitable for fine-stranded cables (depending on cable type). Extremely robust design with low weight.

Order number: **ES65CFB**

ES 85 BATTERY POWERED HYDRAULIC CUTTING TOOL 85 MM DIA. , BOSCH BATTERY 5 AH

Cuts copper and aluminium cables with lightweight steel armouring (depending on cable type). Large cutting area. Also suitable for fine-stranded cables (depending on cable type).

Order number: **ES85CFB**

CUTTING TOOLS/PUNCHING TOOLS

ESG 105 BATTERY POWERED HYDRAULIC CUTTING TOOL 105 MM DIA. , BOSCH BATTERY 5 AH

Cuts armoured copper and aluminium cables. 120 kN cutting force for extremely wide cutting range up to 105 mm dia. Remarkably lightweight for tools in this performance class.

Order number: **ESG105CFB**

BATTERY-OPERATED HYDRAULIC CUTTING TOOLS WITH REMOTE CONTROL 65 AND 105 MM DIA. CAN ONLY BE OPERATED BY REMOTE CONTROL, BOSCH BATTERY 5 AH

Tool can only be controlled via remote control – no operation via trigger possible. Worldwide unique real end position detection.

Order number: **ESG105RMPCFB**

ESG 25 BATTERY POWERED HYDRAULIC CUTTING TOOL 25 MM DIA. , BOSCH BATTERY 2 AH

For cutting Al/St cables (ACSR), round materials (Cu, Al, St) as well as armoured cables, mass construction steel and fine stranded copper cables.

Order number: **ESG25CFB**

ESG 45 BATTERY POWERED HYDRAULIC CUTTING TOOL 45 MM DIA. , BOSCH BATTERY 5 AH

High cutting force cuts armoured copper and aluminium cables and Al/St cables (ACSR). Also suitable for round material made of Al, Cu and steel.

Order number: **ESG45CFB**

ESG 55 BATTERY POWERED HYDRAULIC CUTTING TOOL 55 MM DIA. , BOSCH BATTERY 5 AH

High cutting force cuts armoured copper and aluminium cables and Al/St cables (ACSR). Also suitable for round material made of Al, Cu and steel.

Order number: **ESG55CFB**

ESG 85 BATTERY POWERED HYDRAULIC CUTTING TOOL 85 MM DIA. , BOSCH BATTERY 5 AH

Cuts copper and aluminium cables with lightweight steel armouring (depending on cable type). Large cutting area.

Order number: **ESG85CFB**

ESGM 45 BATTERY POWERED HYDRAULIC CUTTING TOOL 45 MM DIA. , BOSCH BATTERY 2 AH

High cutting power for cutting Al/St cables (ACSR), round materials (Cu, Al, St) as well as armoured cables and mass construction steel.

Order number: **ESGM45CFB**

ESM 25 BATTERY POWERED HYDRAULIC CUTTING TOOL 25 MM DIA. , BOSCH BATTERY 2 AH

For cutting Al/St wires (ACSR), round materials (Cu, Al) as well as armoured cables, and stay wires.

Order number: **ESM25CFB**

ESM 35 BATTERY POWERED HYDRAULIC CUTTING TOOL 35 MM DIA. FOR COPPER AND ALUMINIUM CABLE, BOSCH BATTERY 2 AH

Cutting copper and aluminium cables of all conductor classes. Protected cutting mechanism through plastic housing.

Order number: **ESM35CFB**

ESM 50 BATTERY POWERED HYDRAULIC CUTTING TOOL 50 MM DIA. FOR COPPER AND ALUMINIUM CABLE, BOSCH BATTERY 2 AH

For cutting copper and aluminium cables (fine-stranded also). Saves time with multiple cuts thanks to innovative opening mechanism.

Order number: **ESM50CFB**

LS 100 FLEX BATTERY POWERED HYDRAULIC PUNCHING TOOL, BOSCH BATTERY 5 AH

High flexibility using rotating head. An integrated pressure sensor increases the service life of the hole punch. Automatic stop makes the punching tools last longer.

Order number: **LS100FLEXCFB**

LS 50 FLEX BATTERY POWERED HYDRAULIC PUNCHING TOOL, BOSCH BATTERY 2 AH

High flexibility using rotating head. An integrated pressure sensor increases the service life of the hole punch. Automatic stop makes the punching tools last longer.

Order number: **LS50FLEXCFB**

KUMMERT

KLAUKE / KUMMERT

With genuine innovations and user-friendly solutions, the Kummert Group has secured its place among the leading manufacturers of sewer inspection systems in Europe in recent years. Equipment and software made for Germany and emerging international markets are all developed, produced, and distributed under one roof.

www.kummert.de

EASY HD

The Easy HD is small and lightweight, making it perfect for all applications in and around buildings. Nevertheless, the Easy HD is extremely robust and of high quality. Aluminum side plates give the device stability, and non-slip rubber feet ensure secure positioning. With a total weight of less than 15 kg and an extra-wide carrying handle, it can be easily transported to any location. The small footprint of only 27 x 47 cm allows the device to be used even in very confined spaces. Equipped with the K-28 HD and K-50 HD cameras, all pipes commonly found in buildings can be inspected. Its application range extends from DN 40 to DN 200.

Order no. **21933**

The Leister brand stands for more than 70 years of worldwide market and innovation leadership in plastic welding. The product offering for plastic welding includes hot-air hand tools, extruders and welding machines, including a wide range of accessories for construction and Industrial markets.

www.leister.com/en

VACUUM PLATE 100-LP

The compact, quiet VACUUM PLATE 100-LP vacuum testing device is designed for leak testing welding seams on roofs and in swimming pools.

Order number **144.800**

Voltage Battery	18 V
Frequency	50/60 Hz
Max. Vacuum	0.02 bar
Noise emission level	78 dB (A)
Weight	1.5 kg

VACUUM PLATE 100-LP

The compact, quiet VACUUM PLATE 100-LP vacuum testing device is designed for leak testing welding seams on roofs and in swimming pools. The AMPShare battery (only in Europe) from Bosch enables cordless operation.

Order number **144.000**

Voltage Battery	18 V
Battery Capacity	72 Wh
Frequency	50/60 Hz
Max. Vacuum	0.02 bar
Noise emission level	78 dB (A)
Weight	2 kg

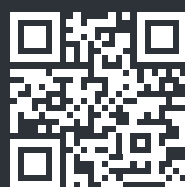

LENA LIGHTING

LEISTER / LENA LIGHTING

Magnum Future family.
Always one step ahead.

Compact LED floodlight for professional use, ensuring stable and homogeneous illumination. Specially suitable as a universal work light to illuminate the workplace, workshop or garage.

www.lenalighting.com

MAGNUM BATTERY XS

Compact and lightweight LED floodlight for professional applications. Provides efficient and stable directional lighting. Made of impact-resistant polypropylene (PP).

- Luminous flux: 2300 Lm
- Anti-reflective diffuser
- Small size
- Handy in use

Order No. **249006**

MAGNUM BATTERY M

Compact and lightweight LED floodlight for professional applications. Provides efficient and stable directional lighting. Made of impact-resistant polypropylene (PP).

- Luminous flux: 4050 Lm
- 4-steps lumious flux regulation
- The movable arm

Order No. **249228**

MAGNUM BATTERY L

Compact and lightweight LED floodlight for professional applications. Provides efficient and stable directional lighting. Made of impact-resistant polypropylene (PP).

- Luminous flux: 9250 Lm
- Impact resistance rate: IK10
- The movable arm
- 4-staps lumious flux regulation

Order No. **249259**

TOWER LITE MULTIBATTERY

A range of compact floodlights, that provide efficient and stable directional illumination. The lamp body is made of copolymer with rubber for high durability.

- Luminous flux: 10285 Lm
- Higher IK impact resistance rate
- With 2 meter stand
- With a glare-free, frosted PC diffuser

Order No. **250248**

Technology in Motion

In the field of lubrication technology, MATO is one of the world's leading manufacturers of hand lever and battery-operated grease guns. With the MATO Accu-Greaser, you can enjoy the benefits of modern, efficient lubrication at the touch of a button.

www.en.mato.de

ACCU-GREASER 18V PROFESSIONAL-LS

cartridge protection tube and plug for 400 g Lube-Shuttle® cartridge includes AMPShare battery pack GBA 18 V 4.0 Ah and AMPShare charger GAL 18V-40 and shoulder strap.

- The version features a powerful drive unit that reaches peak pressure rates well above 700 bar.
- The greaser drive unit is equipped with an electric overload protection.
- LED light beam
- The greaser drive unit is equipped with an electric overload protection.

Item Code: **3424121**

ACCU-GREASER 18V PROFESSIONAL-S

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease includes AMPShare battery pack GBA 18 V 4.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424022**

Weight	6.326 kg
Length	250 mm
Width	210 mm
Depth	80 mm

ACCU-GREASER 18V PROFESSIONAL-SP

protection tube and plug for 500 g screw-cap cartridges includes AMPShare battery pack GBA 18 V 4.0 Ah and AMPShare charger GAL 18V-40 and shoulder strap.

- The version features a powerful drive unit that reaches peak pressure rates well above 700 bar.
- The greaser drive unit is equipped with an electric overload protection.
- LED light beam
- The greaser drive unit is equipped with an electric overload protection.

Item Code: **3424220**

BATTERY OPERATED GREASE GUNS

ACCU-GREASER 18V PROFESSIONAL-S-LS

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge filling-/and air venting nipple and plug includes AMPShare battery pack GBA 18 V 4.0 Ah and AMPShare charger GAL 18V-40 and shoulder strap.

Item Code: **3424329**

ACCU-GREASER 18V PROFESSIONAL-S-LSP

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge filling-/and air venting nipple and plug adaptor for 500 g screw-neck cartridges includes AMPShare battery pack GBA 18 V 4.0 Ah and AMPShare charger GAL 18V-40 and shoulder strap.

Item Code: **3424428**

ACCU-GREASER 18 V PREMIUM-S

grease barrel for 400 g pull-off cartridges or 500ccm bulk grease includes AMPShare battery pack GBA 18V 2.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424015**

ACCU-GREASER 18V PREMIUM-LS

cartridge protection tube and plug for 400 g Lube-Shuttle® cartridge includes AMPShare battery pack GBA 18V 2.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424114**

ACCU-GREASER 18V PREMIUM-SP

protection tube and plug for 500 g screw-cap cartridges includes AMPShare battery pack GBA 18V 2.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424213**

ACCU-GREASER 18 V PREMIUM-S-LS

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge filling-/and air venting nipple and plug includes AMPShare battery pack GBA 18V 2.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424312**

ACCU-GREASER 18 V PREMIUM-S-LSP

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge filling-/and air venting nipple and plug adaptor for 500 g screw-neck cartridges includes AMPShare battery pack GBA 18V 2.0 Ah and AMPShare charger GAL 18V-40.

Item Code: **3424411**

ACCU-GREASER 18 V BASIC-S

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease without AMPShare battery pack, nor AMPShare charger.

Item Code: **3424008**

ACCU-GREASER 18 V BASIC-LS

cartridge protection tube and plug for 400 g Lube-Shuttle® cartridge without AMPShare battery pack, nor AMPShare charger.

Item Code: **3424107**

ACCU-GREASER 18 V BASIC-SP

protection tube and plug for 500 g screw-cap cartridges without AMPShare battery pack, nor AMPShare charger.

Item Code: **3424206**

ACCU-GREASER 18 V BASIC-S-LS

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge including filling-/and air venting nipple without AMPShare battery pack, nor AMPShare charger.

Item Code: **3424305**

ACCU-GREASER 18 V BASIC-S-LSP

grease barrel for 400 g pull-off cartridges or 500 ccm bulk grease cartridge protection tube for 400 g Lube-Shuttle® cartridge filling-/and air venting nipple and plug adaptor for 500 g screw-cap cartridges without AMPShare battery pack, nor AMPShare charger.

Item Code: **3424404**

MESTO®

MESTO is the specialist for portable sprayers made in Germany and the first choice for efficient spraying of all kinds of liquids. MESTO offers high-performance, robust, and durable sprayers, a 20-year availability guarantee for all spare and accessory parts, various retrofit options for additional applications, and a repair service. Because conserving resources and ensuring reparability are as important to us as the guiding principle of our sprayers: as much spray agent as necessary, as little as possible.

www.mesto.de/en

MESTO E.AQUA 20

BATTERY WATER TANK FOR DUST SUPPRESSION AND COOLING WHEN CUTTING OR CORE DRILLING

The MESTO e.AQUA 20 is the smart battery-powered water tank for professionals in construction, landscaping, and diamond drilling applications. With its 20 L tank, robust 4.8 bar pump, and 4 m hose with AquaStop coupling, it reliably supplies water to cut-off saws, core drills, or watering nozzles – ideal for cooling, dust suppression, or irrigation. The unit is compatible with all AMPShare batteries from BOSCH Professional – offering maximum flexibility without cables. A translucent housing with fill level indicator, fine-mesh filling strainer, and integrated hose holder ensure easy handling. Compact, durable, and mobile.

- 20 L tank with fill level indicator and filling strainer
- Pump delivering up to 4.8 bar pressure
- AMPShare-compatible with BOSCH Professional batteries
- 4 m hose for cut-off saws, core drills, watering nozzles
- Integrated hose holder, compact for carrying or mobile with transport trolley (3628TW)

Type **3628W**

Tank Capacity	20 litres
Max. Operating Pressure	4,8 bar / 0,48 MPa
Hose Length	4 m with AquaStop coupling
Battery Compatibility & Type	AMPShare 18 V, 2-12 Ah (Lithium-Ion)
Runtime with 4 Ah Battery (depending on flow rate)	approx. 60 – 140 minutes equals about 130 – 160 litres

A leading manufacturer of a wide range of consumables, equipment, software, and machinery for transport packaging designed to optimize final packaging and protect products during transport. Signode combines this comprehensive product portfolio with hundreds of well-known brands to offer its customers complete transport packaging solutions. We produce strapping, stretch, and protective packaging.

CORDLESS HOT GLUE GUN MOBILEGLUE 5011 AMP

Mobile. Versatile. Professional. Perfect for skilled tradespeople thanks to its short heat-up time, high glue output, and adjustable temperature settings.

- Cordless operation for up to 100 minutes per battery charge
- Heat-up time: 2 minutes/extra-high output of 20 g/min
- Two temperature levels – 130 °C/200 °C – for even more gluing applications
- Suitable for Ø11 mm glue sticks in various colors and melting temperatures (130 °C/200 °C)
- Ergonomic design for fatigue-free work
- Equipped with temperature and battery level display
- Comes with long nozzle; optional precision nozzle available separately

Order no. **088361**

CORDLESS HOT AIR GUN MOBILEHEAT 7

Mobile. Powerful. Temperature-safe. Ideal for quick and flexible reworking on roofs, as well as for electrical installations and repairs. Ready to use in just 4 seconds thanks to the Temperature Boost.

- Ready to go: heating up to 350°C in less than 4 seconds
- Adjustable temperature: 9 levels from 150 – 550 °C
- Airflow: 200 l/min
- One-hand operation and ergonomically designed for continuous use
- Status LED for temperature – ensures optimal battery use
