Handicraft

Created with Heart, Perfected by Hand

Every space holds energy.
Every detail carries meaning.

Noa Asia is an Indonesian based **manufacturing and wholesale company** with over **25 years of experience** in creating **handcrafted decorative products** of exceptional beauty and quality.

We do not merely create pieces to enhance spaces, but to bring **atmosphere, emotion, and soul** into them.

Rooted in **spiritual values, cultural wisdom, and harmony with nature**, **Noa Asia** presents a diverse range of creations from **Buddha and Hindu statues, Modern Art sculptures, fountains and water features, home and garden décor**, to **wood panels and wall art** that strengthen the character and identity of a space.

This journey began more than 25 years ago under the name **Stonework Asia**. From the very beginning, we have carried the **art and beauty of Indonesia** across borders and continents.

The year **2025** marked a milestone in our evolution. **Noa Asia** was born a renewed expression of our commitment to **uncompromising beauty and quality**.

Rooted in spiritual values, cultural wisdom, and harmony with nature, this is our dedication to bringing the **soul of Indonesia to the global stage**.

Noa Asia creations have found their place in a wide range of settings **private residences, villas, resorts, hotels, spas, and commercial spaces**. Each piece is designed to blend seamlessly with nature and architecture, suitable for both **indoor** and **outdoor** environments.

We believe **true quality is born from honest processes and meticulous craftsmanship**.

From our factory in **Yogyakarta**, Noa Asia journeys to become a living presence in your space.
