Welcome to Academic Year 2027

Dear Parents,

Welcome to Academic Year 2027. Our focus remains constant: helping every student build strong foundations, make steady progress, and grow in confidence.

This year, our lessons continue to evolve with the latest exam trends, incorporating more hands-on, interactive elements to keep students engaged and strengthen their understanding.

Learning at AGrader doesn't stop when the lesson ends. EverLoop is becoming an even richer companion — distilling your child's weekly worksheets into a focused revision set, paired with clear, step-by-step video explanations for every question, so they can revisit and reinforce what they've learnt anytime, anywhere.

The AGrader App is also getting an upgrade. Our new Progress Report gives students and parents a clearer view of performance, helping students understand their strengths, identify areas for improvement, and focus where it matters most.

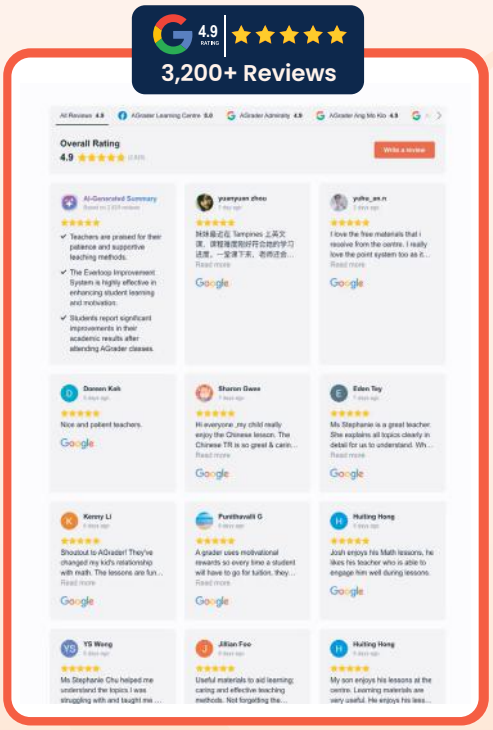
From classroom lessons, to independent revision, to progress tracking — every part of the AGrader experience is designed to work together.
We're excited for what's ahead in AY2027, and look forward to continuing as your trusted partner in your child's education.

Warmly,
The AGrader Team

www.agrader.sg/enquiry

A BIG *Thank you* to Our Students & Parents

Thank you for trusting us with your child's education. Your reviews mean the world to us, and we're proud that, over **14 years**, more than **30,000 students** have learnt with us across **20 centres islandwide**. With **3,200+ positive reviews** and a **4.9/5 rating on Facebook and Google**, your feedback keeps us raising the bar. We're glad to have made a difference to your child's progress, and we'll keep listening to your feedback so we can serve you even better.



EverLoop by AGrader

Kai Jie Leck recommends **AGrader Learning Centre**
July 9, 2022
I love the AGrader Everloop Improvement System, it provides me a conducive environment to go back and re-listen to the topic and revise the topic by working through revision papers. I can pick the time that I'm available and pick the topics that I need extra help and revision. I love Everloop!

Ang Sabrina recommends **AGrader Learning Centre**
June 11, 2024
After attended lessons for a month, my boy has been looking forward to every weeks lesson and was excited to do everloop worksheet which helps him to improve alot. Teacher does feedback bout the progress of my boy which is a great kudos. So i would know more about his progress.

Anthony Wong recommends **AGrader Learning Centre**
July 9, 2022
I love how Everloop helps my kid to revisits the topics that he had learnt before previously. He gets to practice and have detailed explanations through the teaching videos for questions that he had done wrongly. This makes him understand the topic even more. Booking of Everloop lesson at the learning center can be done conveniently online. Recommended!

Holiday Programmes

Fiona Lim recommends **AGrader Learning Centre**
June 24, 2023
My girl attended the P5 Science Bootcamp on June 23. She really enjoyed the 2 days' lessons. I can see her improvement in answering techniques after the lesson. And we also can always recap what had learned during the lessons as the lesson was recorded and provided for unlimited review.

Aiyun Tan recommends **AGrader Learning Centre**
March 19, 2023
Both my kids enrolled in Agrader since July last year. Have seen improvements in their results. My son tried the March online booster Math and Science programme. It helps to deepen his understanding and also to revise what he has learnt and how to apply the correct key points in Science. I hope he can achieve better grades in the coming PSLE!

Al Oy recommends **AGrader Learning Centre**
April 1, 2023
My daughter joined science march booster program and although it quite compact and long straight hours of study but she still enjoys it. interactive lesson with Kahoot quiz makes it fun for children. The material seems not an easy question which is good and to learn new topics.

My Science teacher from A grader CCK is kind and gentle. She has helped me improve my science.She is dedicated and patient to make sure that I fully understand the topic learned. Thank you teacher Sheryl- From Hillary Ho— feeling blessed.

Xris Ng recommends **AGrader Learning Centre**
December 30, 2023
My daughter wanted to improve her Maths and attended tuition at the Tiong Bahru branch during the December holidays. We are pleased to be able to chat with the teacher who was patient and understanding.
My daughter enjoyed the lessons and we have now decided to continue with the weekly lessons!!

Kathy Kong recommends **AGrader Learning Centre**
January 30, 2021
The teachers from A Grader are experienced and patience to teach the students. My daughter has shown improvements after taking tuition at A Grader. Moreover the tuition fee at A Grader is reasonable. Highly recommended!

Three *Unbeatable* AGrader Benefits

2 Weekly Lessons Accompanied With Comprehensive Learning Materials

Every weekly lesson at **AGrader** is curated & meticulously planned to be relevant & build on the latest MOE syllabus.

Lessons are taught ahead of school, accompanied by **high-quality in-house curated weekly worksheets and additional materials** such as cheat sheets and concept maps, depending on the subject enrolled.

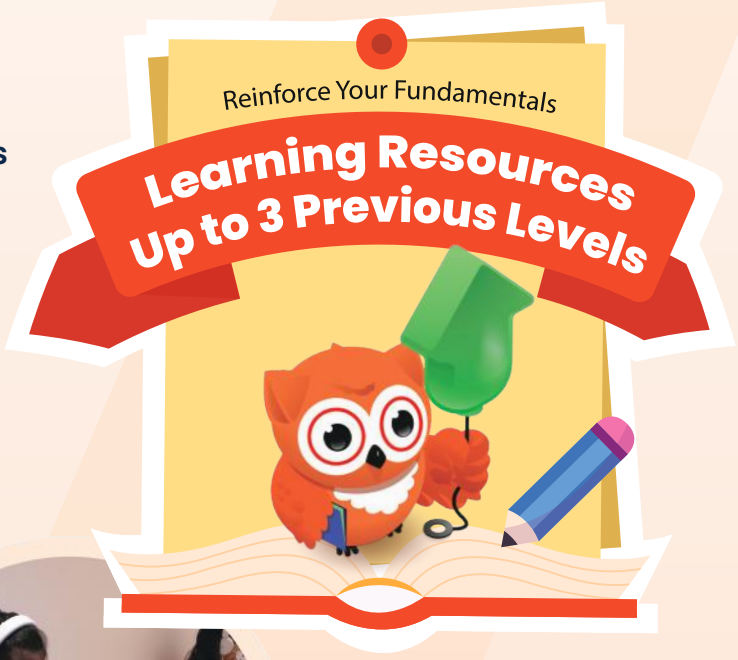
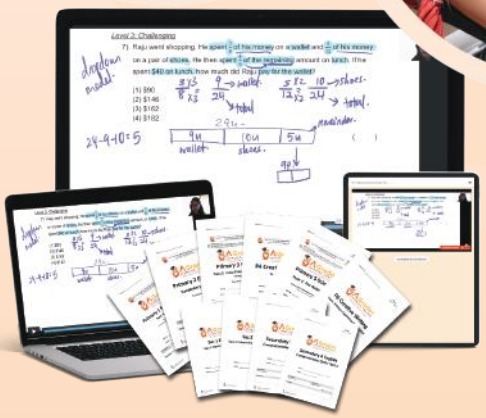
Three *Unbeatable* AGrader Benefits

3 BONUS: Access to Learning Resources of 3 Previous Levels

In addition to the weekly lessons, we also provide Comprehensive Learning Materials. We give extra resources to revise previous levels and reinforce your child's core fundamental knowledge. For example, if your child is in P6, they can request learning resources from P3 to P5.





www.agrader.sg/enquiry

Supporting *Effective Learning* with Motivators

At AGrader, we believe children thrive when they're inspired from within and encouraged through recognition.

Our unique system blends **intrinsic and extrinsic motivators** to keep every child excited about learning.

Intrinsic Motivation

Through **hands-on activities, engaging experiments, and real-world applications,** we spark curiosity and make learning meaningful.

Students don't just memorise: they explore, think critically, and discover!

How do students receive Bonus Bucks?

They will receive Bonus Bucks after each lesson for good conduct, and even more if they have actively participated in class.

- Good conduct and active participation in class will earn you Bonus Bucks.
- In-class quizzes are also opportunities to earn even more!
- Attend the EverLoop Revision Session and receive 5 extra Bonus Bucks if you get fewer than 6 questions wrong.

Extrinsic Motivation

Through a **fun, points-based reward system,** we motivate students to stay engaged and proactive in class.

They don't just show up, they participate, contribute, and earn Bonus Bucks!

How to use the Bonus Bucks?

Redeem Bonus Bucks at the counter for snacks, stationery, or toys etc.

Better Support, Smoother Learning with AGrader

In AY2027, **AGrader** is introducing new enhancements designed for families. Parents can look forward to **greater convenience, transparent fees, and complete peace of mind**, while every child enjoys **make-up options, uninterrupted learning support, and proven results.**

Make Up Lessons

Missed a class? No worries!
Parents can book a make-up within the **same week** at your child's **enrolled branch.**

Can't secure a slot? Fret not!
Your child will automatically receive access to **LessonTube** — our library of recorded lessons, so they can **catch up anytime, anywhere** without missing a beat.

Peace of Mind with Credit Notes

Worried about lesson fees if your child is absent?

You're covered!

Parents can **receive up to 2 Credit Notes per term** with supporting documents:

School letter | Medical certificate | Travel documents *(travel period must be at least 5 days).*

Public Holidays

No lessons or charges on public holidays.

Best of all: No new topics will be introduced, and students can still **access the full lesson via LessonTube** to stay on track.

Fee Structure You Can Trust

Lesson fees will be **calculated based on the actual number of academic weeks in each month.**

Months with **more weeks** → fees will be slightly higher

Months with **fewer weeks** → fees will be lower

With this straightforward and transparent approach, parents can enjoy **peace of mind and fairness.**

LessonTube Guarantee

Missed a class and the make-up timings don't fit your schedule?

If make-up slots don't work, **LessonTube** lets your child watch the full lesson — just like being in class!

All enrolled students enjoy **24/7 access to our high-quality recordings** for worry-free learning.

www.agrader.sg/enquiry

The AGrader Curriculum:

Structured for Success

Pre-Primary
K1 - K2

Nurturing Early Success in Pre-Primary English & Math

Key Highlights

1 Weekly Spelling Flashcards & Spelling Videos

Short videos paired with each week's flashcards, turning rote memorising into quick, repeatable home practice.

2 Interactive Phonics Readers

Phonics readers & reader pen let students decode and read along at their own pace, building letter-sound confidence.

3 Hands-on Tools

Manipulatives and take-home items that move learning off the page, so tricky concepts click faster than with worksheets alone.

4 Celebration & Giveables

Special educational giveables tied to Singapore's festivals and major events, linking learning to the culture around them.

What's New in 2027

Optional Weekly Homework

Reviews the week's lessons at home, and each completed set earns Bonus Bucks toward rewards!

The AGrader Curriculum:

Structured for Success

Pre-Primary
K1 - K2

Nurturing Early Success in Pre-Primary Chinese

Key Highlights

☑ **主题教学PPT动画 Thematic Teaching PPT Animations**

用动画生动讲述主题，打造沉浸式课堂体验
Animations bring each theme to life for an immersive classroom experience.

☑ **系统的汉语拼音教学 Systematic Hanyu Pinyin Teaching**

分结构进行教学并搭配《汉语拼音手册》，
让学生在校学习与在家复习相结合，更全面更清晰的学习汉语拼音
Structured lessons paired with a《Hanyu Pinyin Handbook》, so learning in class carries over to revision at home.

☑ **双面认读字卡 Double-Sided Word Recognition Cards**

双面认读字卡，包含字词 、拼音 、组词 、
造句及笔顺笔画 ，方便学生居家学习
Theme-linked flashcards covering words, pinyin, word formation, sentence making and stroke order — easy for home practice.

☑ **绘本故事 Picture-Book Stories**

紧扣主题教学内容的绘本故事，通过老师声情并茂地讲述，
以引起学生学习兴趣的同时，拓展语言
Theme-aligned stories told expressively by teachers to spark interest and expand vocabulary

What's New in 2027

全新《课程绘本》
All-New Term Picture Book

全彩卡通画 + 系统教学内容 + 每课专属朗读视频，
三重助力提升自主学习兴趣，让孩子主动翻开绘本，
爱上说华语，爱上学华文。
Full-colour cartoon illustrations paired with structured content — reinforcing classroom learning and building independent reading interest.

www.agrader.sg/enquiry

The AGrader Curriculum:

Structured for Success

Primary English P1 – P6

Our Primary English Success Formula

Key Highlights

1 Coloured Grammar Cheat Sheets
Summaries of important grammar concepts, designed for fast recall before exams.

2 Detailed notes and targeted drilling that builds on prior knowledge
Clear teaching notes that link the new concept back to what students already know, then move to questions target common mistakes so kids learn to spot traps.

3 Monthly Concept Checks
Regular checkpoints such as topical quizzes and assessments that track progress and catch gaps early

4 Learning Through Games & Rewards
Spark interest, reinforce concepts, and motivate students — through games (Kahoot) and rewards (Bonus Bucks).

What's New in 2027

1 Monthly Composition Writing for all levels
Every composition lesson teaches one of the seven core writing skills, comes with a model composition and a topic-specific word bank — ready-made vocabulary, phrases and story ideas matched to each theme

2 Brand-New Reading Passages for Primary 1
Purpose-written reading passages build reading, oral skills, and comprehension together through spiral learning.

www.agrader.sg/enquiry

The AGrader Curriculum:

Structured for Success

Primary Math
P1 – P6

Mastering Concepts with Primary Math

Key Highlights

1 Coloured Topical Cheat Sheets
Summaries of key formulas and concepts, designed for fast recall and stress-free revision before exams.

2 Hands-on Learning Tools
Turn abstract ideas into something children can see and touch — building deeper understanding, not just memorisation.

3 Higher Order Thinking Questions
Challenging questions that stretch students beyond the basics, sharpening problem-solving and reasoning skills for tougher exam-style problems.

4 Learning Through Games & Rewards
Kahoot quizzes, interactive activities, and Bonus Bucks rewards that keep learning fun and motivate consistent practice.

What's New in 2027

The AGrader Curriculum:
Structured for Success

Primary Science
P1 – P6

Curiosity and Discovery in Primary Science

Key Highlights

1 Hands-on Experiments
Every term, students carry out real hands-on experiments that bring science to life — sparking curiosity and building deeper understanding, not just memorisation.

2 Coloured Concept Map & Cheat Sheet
Each topic's key concepts distilled into one full-colour page — laminated and portable, giving students a quick, handy reference wherever they work.

3 Regular Checkpoints
Built-in topical quizzes and spelling tests to reinforce keywords.

4 Learning Through Games & Rewards
Spark interest, reinforce concepts, and motivate students — through games (Kahoot/Blooket) and rewards (Bonus Bucks).

What's New in 2027

Termly Concept Infographics
Each term, students receive full-coloured infographics — one visual page per topic — summarising key ideas at a glance for easy revision at home. Covers the full P3–6 syllabus.

Exam-Focused Resources
PSLE packs introduced to help our P6 students prepare for their exams. Look forward to detailed, annotated answers for past PSLE papers and learning videos!

The AGrader Curriculum:

Structured for Success

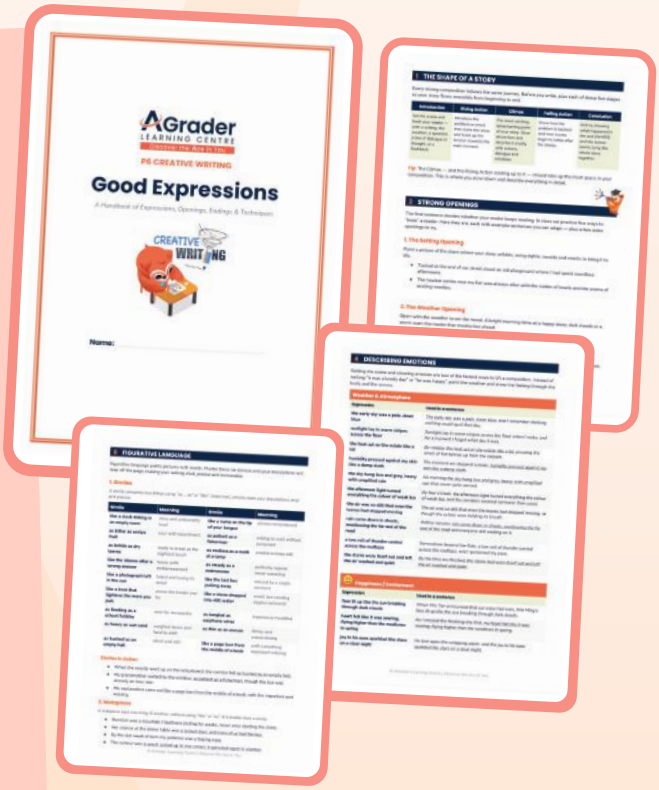
Creative Writing
P1 – P6

Building Strong Essay Skills through Creative Writing

Our **Creative Writing curriculum builds confident young writers** through clear modelling, guided practice to increase exposure and purposeful feedback so students develop strong habits of planning, applying the "show not tell" writing technique and revising with intent.

Power-Packed Word Banks

- ☑ Every new student will receive a **core word bank of high-impact phrases** (for emotions, settings, and more) to use meaningfully across their writing.
- ☑ **Weekly theme-based word banks** now include example sentences, helping students apply new phrases with ease even after lessons.
- ☑ **Revamped Primary 5 & 6 worksheets** introduce new segments such as topic essence and enhanced scaffolded writing tasks, making essay mastery more accessible and structured.



Extra Practice Options

- ☑ Additional optional sections at the back of worksheets allow students to **revisit skills independently,** reinforcing mastery at their own pace.

The AGrader Curriculum:

Structured for Success

ENG
Secondary English
Sec 1 to O Levels

Boost Language Mastery With Secondary English

Key Highlights

1 Decode the Question First

Every writing task opens with a Question Analysis — breaking the exam question down phrase by phrase (what each part means and what it's asking for) so students answer precisely and never drift off-point.

2 Plan-to-Write Scaffolds

PEEL planning grids, categorised sentence starters, and topic-specific "helping phrase" banks give students the actual language to build every part of an essay — from a clear thesis to a convincing rebuttal.

3 Worked Examples with Marks Shown

Guided model answers reveal the thinking behind each response and show exactly where marks are awarded — especially for the hardest inference and "use of language for impact" questions.

4 Exam-Style Texts & Current Affairs

Comprehension draws on engaging literary extracts and topical non-fiction, plus a weekly Current Affairs passage — building the wider reading and real-world awareness the exam rewards.

What's New in 2027

1 Bridging P6 to S1 (Secondary 1)

Extra grammar and vocabulary scaffolding eases the jump from primary to secondary English

2 Sharper Rebuttals

Building on our popular helping phrases, argumentative essay lessons now guide students to target the weakness in a counter-argument — not just add another point — so rebuttals genuinely persuade.

3 Step-by-Step Summary Practice

Shorter, sentence-by-sentence summary exercises now sit alongside the full 80-word task — so students master condensing and rephrasing one idea at a time before putting it all together.

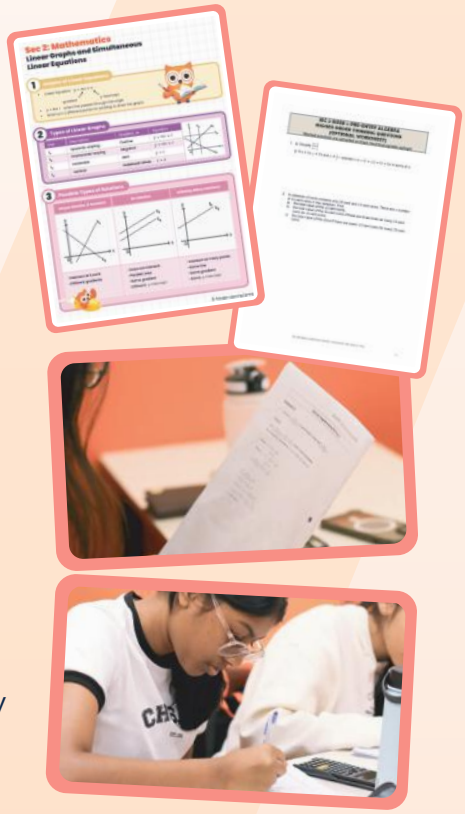
The AGrader Curriculum: *Structured for Success*

Secondary Math
Sec 1 to O Levels

Ace Secondary Math with Ease

Key Highlights



1 Coloured Termly Cheat Sheets

Concise, colour-coded summaries of key formulas and concepts, designed for quick revision, easy recall, and effective exam preparation.

2 Step-by-Step Scaffolding

Structured approach that introduces concepts through worked examples, followed by similar practice questions to reinforce understanding, and concludes with review exercises to consolidate learning.

3 Higher Order Thinking Questions

Challenging questions that extend students beyond the basics, developing problem-solving skills to tackle complex exam-style questions.

4 Regular Checkpoints

Built-in topical quizzes that monitor progress and identify learning gaps early before moving on to the next topic.

What's New in 2027

Enhanced Weekly Worksheets

Worksheet questions will be **redesigned to differ** from the **EverLoop practice questions,** allowing students to reinforce the **same concepts** through **new and varied questions.**

Practice & Rewards

Optional Higher-Order Thinking Questions now come with **Bonus Bucks** rewards, encouraging lower secondary students to take on challenging problem-solving questions while building confidence and strengthening their mathematical thinking.

O-Level Trend-Aligned Questions

Worksheets and questions are designed to follow the l**atest O-Level trends**, helping students become familiar with **exam-style questions** and **develop the skills** needed to excel.
