At VIS Camps, we believe the best learning happens beyond the classroom. Our programmes inspire curiosity, resilience, and confidence through unforgettable experiences in the heart of the Swiss Alps.

Campers from around the world come together to learn, explore, and grow in a welcoming international community. Every activity is designed to encourage teamwork, leadership, creativity, and adventure.

Led by highly qualified camp leaders with over 10 years of educational experience, VIS Camps provide a safe, supportive environment where every camper is encouraged to thrive.

Each camp follows an exciting theme centred around Professor Horatius Tik Tok - The Lost Watchmaker of Verbiér and his adventures, bringing every session to life through immersive challenges and storytelling.
