TULOY FOUNDATION, INC.
Serving street children since 1993.

Tuloy Foundation, Inc. is committed to transform street children and disadvantaged children (9-18 years old) into responsible contributing members of society. But the rehabilitation of these children is a journey that requires more than reducing suffering through providing their basic needs like food, clothing, shelter and healthcare. In Tuloy, the children are holistically equipped to dream and make those dreams realized through positive values and spiritual formation they did not get from living in the streets. They are provided with basic literacy, technical vocational skills training and initial job placement they would find difficult to get on their own. All these are delivered with efficiency in an organized, caring way.

VISION

Street children **REDEEMED** from helplessness and **EMPOWERED** to choose right.

MISSION

We aim to be a center of excellence in the reintegration of street children into mainstream society through a comprehensive program of caring, healing and teaching.

President's Message

" I ask you to take on the participation in the committees with arms wide open as we only get out of it, what we put into it. "

It has been 18 years in the making but I am finally President of our Great Club. I am honoured to be in the position and will continue to see the example of the previous presidents I follow.

Firstly, I would like to note the tremendous work that IPP Roc has done not only during RY 2022-23 but also RY 2021-22. His tireless efforts have made our club stronger.

I have so far attended three Inductions of my classmates (TGP) inductions and formed some great bonds. I could say that we have great plans for RY 2023-24 but

need to be realistic and we are now in the rebuilding stage for our Club. Together with PDG Ed, we have formulated ways to get more participation from our members and strive to build Club spirit. I ask you to take on the participation in the committees with arms wide open as we only get out of it, what we put into it.

Looking forward to building our club, RCA together with all of you back and beyond the former glory days of the past.

DELAYED BUT DELIGHTFUL

News on Tuloy by Rotarian John Kerr

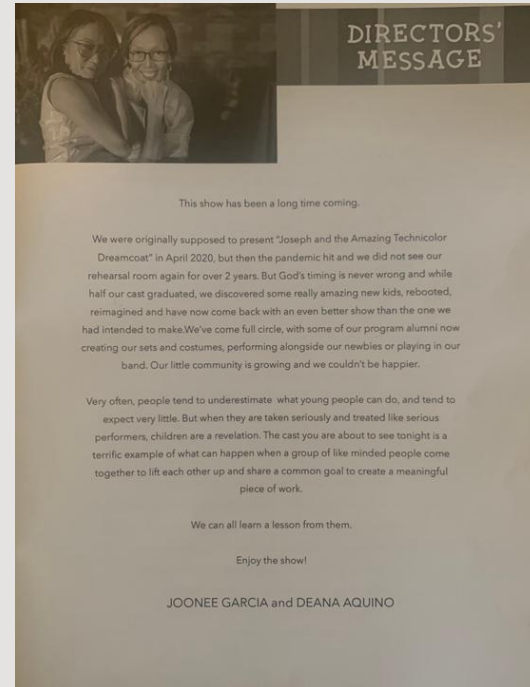

Tuloy held a fund-raising event last July 21st and 22nd covering 3 performances of 'Joseph and the Amazing Technicolor Dreamcoat' held at the RCBC Plaza Theatre in Makati.

The musical was a collaboration between the Rude Mechanicals Theater and Tuloy Foundation which is one of many events these 2 entities have put on through the past 8 years or so that continues to highlight the hidden talents of the Tuloy children whenever they are given an opportunity.

Two angels, Directors Joonee Garcia and Deana Aquino, were responsible for the outstanding production with Joonee contributing further musically as conductor and playing piano in the orchestral pit. The Directors' report says more than I ever could about the event and the positive outcome due to the 3 year delay caused by covid.

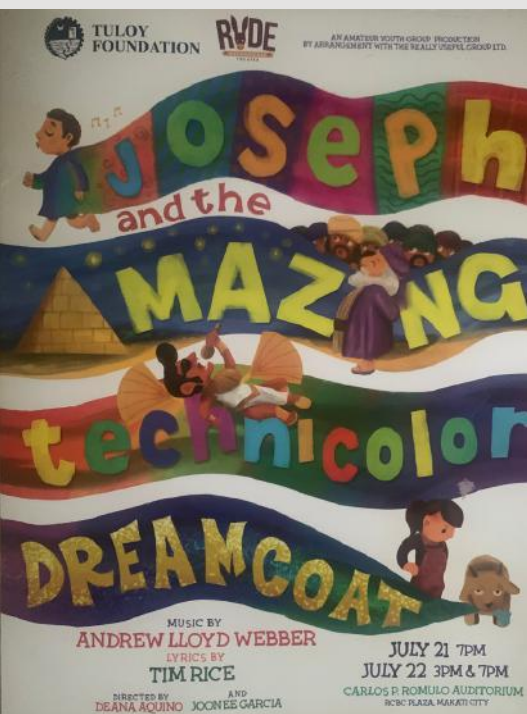

Over the 3 performances there was a 74% audience participation in the 1,350 seating capacity with some 1,000 people attending that together with their ticket sales and 16 very generous sponsors raised around P 1.7M

At the time of writing the net proceeds after costs were not available, but it was a tremendously successful fund-raising

event that went beyond money but also towards building the children's self-esteem, personal development and confidence.
