## Our School

Founded in 2008, Oberoi International School (OIS) is a private, co-educational day school with two campuses united by a shared purpose and educational vision.

We offer a holistic high school experience grounded in an inclusive, non-selective admissions policy that recognises the diverse learning, developmental and socio-emotional needs of each student. ## OUR COMMUNITY

OIS brings together students and families from diverse cultural, linguistic and socio-economic backgrounds, enriching school life with a breadth of perspectives and experiences. Our vibrant, family-oriented community includes highly educated parents and professionally accomplished families across sectors such as healthcare, technology, infrastructure and education. With a strong emphasis on educational opportunity and future pathways, many families look beyond national borders when exploring university options for their children. Strong parent engagement and meaningful home-school partnerships support a shared commitment to student learning, development and post-secondary readiness.

## OUR CURRICULUM

As an IB Continuum school, OIS offers the PYP, MYP and DP, ensuring continuity across the IB learning journey. Over 60% of students remain at OIS throughout their schooling. Our rigorous, holistic high school curriculum enables the vast majority of graduates to earn the IB Diploma, with personalised flexible pathways including the Bilingual Diploma, irregular Diploma, four HL subjects or individual IB courses alongside the OIS High School Diploma.

The academic year comprises two 18-week semesters, with 90-minute classes on a 4 x 4 schedule, dedicated advisory periods and 0.5 credits per course each semester. In recognition of academic achievement in the MYP, OIS awards IB Merit Scholarships to the top 15% students in each cohort.

## OUR STUDENTS

Guided by a vision of making a difference in the world, OIS students are encouraged to think critically, approach challenges analytically and apply their learning beyond the classroom. Travelling from across Mumbai, many students spend 2-3 hours commuting to and from school each day, developing independence, responsibility and resourcefulness as they manage their time and balance competing commitments. Through their involvement in school life, engagement with the wider community and pursuit of individual interests, they take initiative and develop a sense of responsibility for their choices and contributions. These experiences support students in shaping their own pathways and engaging thoughtfully with the opportunities and challenges of an increasingly interconnected world.
