LAMPOON
EDITION

to our pal willy

We, the senior class, lovingly dedicate this creatively humorous (?) yearbook to that paragon of wit and charm, Mr. Robert "Willy" Wilson. We can always count on Willy for a laugh, smile, insult, or perhaps even a bruise. Inside the classroom as well as out, he is our faithful mentor and trusted friend. Thanks for everything, Willy - WE LOVE YOU!

"A giggle a day keeps the gloomies away."
"Go play in traffic."

joan collins finds de-aging formula!

Throw away all the Ponds and Oil of Olay. Here is something that *really* works. Joan Collins' new de-aging cream has astounded the scientific community and here is the recipe so that you can make it yourself, right in the comfort and privacy of your own home.

1) Just combine 1 lb. of organic material with 3 drops of oil from

Evan Mecham's hair and the remains of Michael Jackson's 27 plastic surgery operations.

2) Cook this for 4 hours in a nuclear furnace.

3) Then rub it on your face.

It's almost guaranteed to work, or else you'll stay looking old.

zank sees alien

Mr. Jerry Zank of Phoenix, Arizona, has a strange and chilling story to tell. He claims to have been beamed up by an alien spaceship one evening while riding his bike home from work. "It was absolutely terrifying," recalls Jerry. "One minute I was just riding along, and the next I was being sucked up by this humongous flying saucer. When I got inside, I was sort of in shock ... until I spotted the alien. It was horrible, ten feet tall and green and slimy looking ..." Unfortunately, Jerry got hysterical at this point in the interview, so we can't tell you any more. But watch out. You could be next ...

rocker hopper goes straight.

After being one of the members of an outrageously offensive heavy metal band, Bennett Hopper decided to turn himself around. After dropping out of highschool at an early age, he knew in his heart that he could actually do something productive with himself. When he came to this revelation, Bennett proceeded to cut his hair and established a new, more conserva-

tive wardrobe. In the midst of this great turn-around, Bennett is now graduating from Phoenix Country Day highschool with an exceptional grade-point average, while the other two members of the band are serving time in prison for holding up record shops.

marilyn reincarnated!

Scientists have proof that Marilyn Monroe has come back to life and is living under the name Julia Diddy. Experts from Canada have photographic evidence of the miracle. What do we know about Julia? Where does she go in the afternoon? Does she go to ASU to learn, or to satisfy her fascination for intellec-

tuals? Has she met President Reagan? There are just too many questions without answers; scientists agree that she must be hiding *something*. Has Monroe returned? Weigh the evidence and decide for yourself.

jim and tammy pray for rock band

"These poor kids," mourns Tammy, referring to the world-renowned band Illusion. "We pray so hard for their souls, but they just don't seem to realize that with that music they play, they're practically begging to be taken to Hell."

freshmen

As usual, along with the start of the 1987-1988 school year, came a "fresh" batch of 9th graders. To the common public, they are known as Freshmen. But the more experienced high school students refer to them as S.H.M.E.N. (Short, Helpless, Measley, Eager, Nuisances). These inferior beings can easily be spotted in the quad, attempting to wear the "in" clothes. They can also be seen hanging around upperclassmen, fight-

ing for the honor of acceptance. Although innocent to begin with, by the end of the year, they are experienced students who have earned their Freshman name. Hopefully they will graduate from this lower level of human form into a higher level as they move closer to becoming honored seniors. On their four year journey uphill, we wish them well.

sophomores

The sophomores started out the 1987-1988 school year with high hopes - they were no longer freshmen. They didn't realize that sophomores get less attention than any other grade in the upper school. In fact, sophomores get *no* attention at all. Nobody cares about sophomores because they're too

young to drive and have off-campus like juniors, yet they're too old to be picked on and made fun of like freshmen. We can only hope that they made the best of their year of anonymity. It looks like they came through just fine - right guys?

juniors

To think that the juniors actually looked forward to becoming upperclassmen! Granted they were given the long-awaited privileges of off-campus and planning the Prom, but the question lies - was it worth the wait? Along with the fun also came SAT's, Achievement tests, AP classes, and the dreaded M.W.S.'s (Meetings With Schweik). The good times became overshadowed by pres-

sure, depression, and migraine headaches. But the junior class made it through the year! How? They were able to see through all the darkness a light at the end of the tunnel that became brighter as the year dragged on; soon they would become seniors, and all of their worries would be over!

Obviously these two haven't taken their SAT's yet.

INTENSE LOVE, READY OR NOT

If it weren't for bad luck
I'd have no luck at all.

I learned this, at least, by my experiment: that as one advances confidently in the direction of his dreams, and endeavors to live the life which he has imagined, he will meet with a success unexpected in common hours. He will put some things behind, will pass an invisible boundary; new universal and liberal laws will begin to establish themselves around and within him ... The laws of the universe will appear less complex, and solitude will not be solitude, nor poverty, poverty, nor weakness, weakness.

A black and white portrait of a young man with dark, wavy hair, looking slightly to his left. He is wearing a light-colored, ribbed turtleneck sweater. The background is out of focus, showing a tree trunk on the left and a building on the right.

A black and white photograph showing three individuals. On the left is a woman with short, curly hair, wearing glasses and a light-colored top. In the center is a man with a shaved head, wearing a light-colored shirt. On the right is a man with short hair and glasses, wearing a dark shirt. They are all looking towards the camera.

A black and white photograph of a young man with short, dark hair, wearing a white dress shirt and a dark tie. He is seated in what appears to be bleachers, with rows of empty seats visible behind him. He is looking directly at the camera with a slight smile and has his hands clasped together in front of him, as if clapping or cheering. The lighting is bright, suggesting an outdoor setting during the day.

This year, the Upper School Student Senate continued to fight the evils of bad business practices. Our first attack was against the deficit. We gave our strongest effort to put an end to any deficit spending by eliminating the debt left by our predecessors. Then, we scoured our government to ensure that there would be no diversion of funds. As we expected, the Senate was clean. No rebel uprisings were supported and all money was accounted for (aside from a small Swiss bank account). Most importantly, we lowered taxes while increasing the amount of welfare for the population. The Senate restrained fundraising and replaced it with welfare, in the form of services and events. Unlike other governments, the Senate is developing into a strong and healthy organization. P.S. - Death to communism!

swimming

"I think the PCDS swim team can beat Brophy and Xavier this year," said Barry Liden, captain. And he was right, our swimmers broke every record in the state. "We're AWESOME!" said Karyn, Drew commented, "We're out of control!"

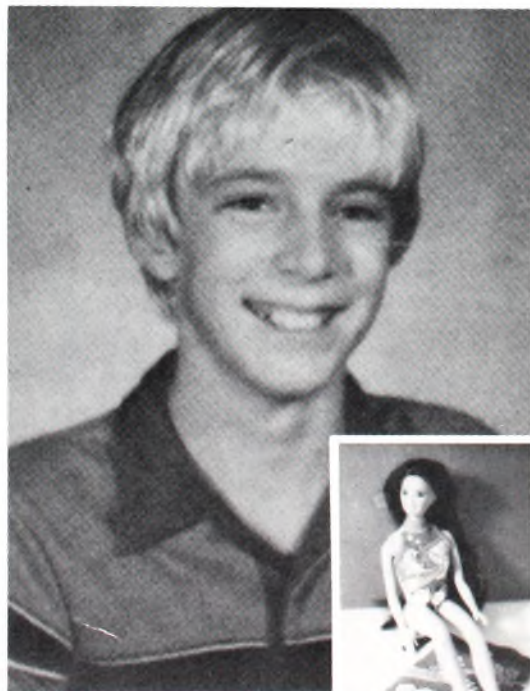

Daryl Sparks shattered Emily Wolf's 100 breaststroke record and won that event for six weeks straight. Greg broke Barry's freestyle record while Barry went on to place in the top six in the 100 breast at state. Karyn, Miko, Kristen and Julie set a new record in the 200 medley relay. Terri did a great job in the 500 freestyle, the longest event.

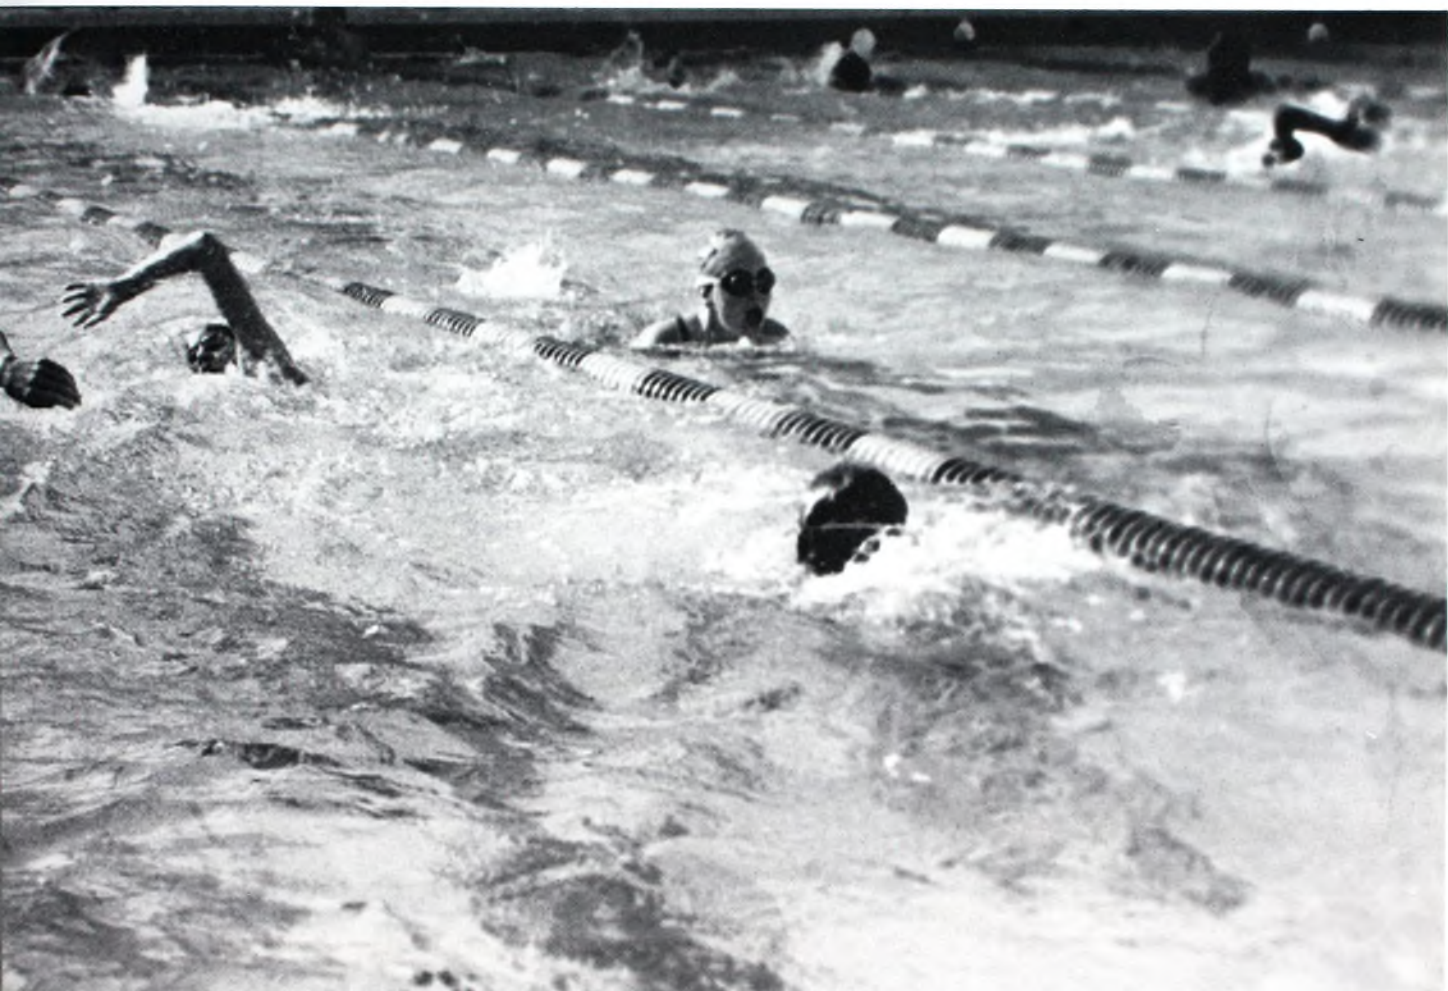

But the highlight of the season was when the boys relay shaved for state. Brandon, Barry, Greg and Drew whipped out the razors and shaved on down. The only casualty was Drew ... McFLY!

All in all it was a fun season (for everyone except Miko who got DQed in the 100 back at divisionals), lots of laughs and learning (except Brandon who could not stay on the blocks before the 100 fly). And one last plea from Barry: "Come out for the swim team next year ... forget soccer and volleyball ... swimming is sexier."

JED, honorary swim team member.
Thanks for helping the team out!

soccer

Champs or no champs, the varsity soccer team showed an impressive winning record once again. Many returning varsity players gave this year's team backbone, while the new and younger players lent it an added strength. The competition proved to be tougher than usual this year, but the Eagles hung in there and displayed their determination; continuing the PCDS tradition of excellence on the field. Throughout all of the games, the Eagle team kept the fans jumping out of their seats as the players soared to victory. Special recognition should go to the two team captains, Jason Hackett and Francisco Quinonez, for an excellent job in leading their team to victory.

The Champs!

Back row: Coach Vermen, Mike McClanahan, Andrew Honacker, Jason Hackett, Aron Drayer, Matt Rigberg, Gary Linhart, Brad Frith, Grant Mudge, Coach Holgerson, Rick Daley. Middle row: Paul Geantil, Steve Ticktin, Ian Hackett, Francisco Quinonez, David Jarrat, Scott Torrey, Tim Daley, Bennett Dorrance. Front row: Joel Rainey, Matt Fleck, Carter Richardson, Doug Matia, Daniel Durschlag, Billy DuMone, Dino Stathakis, Matt Richey.

volleyball

The volleyball team had a tough season this year, but they managed to pull through with a lot of hard work and high team spirit. There were more losses than there were wins, but most of the games were close in score, and every one was filled with exciting rallies. Jennifer Wilson, a third year player, claims that "with a little more practice, the team will be ready for a winning season next fall." Because of the talent shown by the individual team members, the fans and players will be looking forward to an even more successful future on the volleyball court. Hopefully. If not, well, we love them anyway.

basketball

The PCDS basketball teams played this season with style; however, winning was not our style. The men' and womens' varsity teams totalled for only three victories, all by the men. Our style could be seen best in hair styles. Brett Groh, Greg Anderson, Brett Walton, Kip Boetel, and of course coach Bob Hendrickson all sported the "Doo" for the sport. There were a few bright points this year; 3 pointers from Marla, with ferocious intensity added by Clarissa, boosted the girls' team. The mens' varsity finished tied for last in their new league, but with the inspired leadership of a dedicated coaching staff, the Eagles can change their band reputation. Any of the coaches would say that by "working the rock" and popping the J's", the Eagles can "drop the nuts" and "make gravy of the competition" next year.

Back row: Whitney, Jenny, Clarissa, Coach Heb, Magali, Marla, Adi, Tina. Front row: Julianne, Molly, Nikki.

Varsity: Coach Ellingston, Peter, Brett, Eric, Kip, Jed, Aron, Greg, Tom, Matt, Billy, Mike, Enda, Coach Hendrickson.

head's message

To the Class of 1988:

As individuals, each of you has shared your own talent and interests with the PCSD community. In different but very important ways your class as a whole, as a force in itself, has led and influenced others by example, style and enthusiasm, volunteering time, effort and ideas toward such significant contributions as a very successful student orientation program, the newly styled newspaper, the winning soccer team, and expanded community service.

Continue to be givers, wherever you go, and you will continue to be receivers. Use your positive experiences here to prepare for future challenges.

WE SCORE MORE

We have been told that all paths lead to truth- you have your path as a Hindu and someone else has his path as a Christian and another as a Muslim, and they all meet at the same door- which is, when you look at it, so obviously absurd. Truth has no path, and that is the beauty of truth, it is living. A dead thing has a path to it because it is static, but when you see that truth is something living, moving, which has no resting place, which is in no temple, mosque or church, which no religion, no teacher, no philosopher, nobody can lead you to- then you will also see that this living thing is what you actually are- your anger, your brutality, your violence, your despair, the agony and sorrow you live in. In the understanding of all this is the truth, and you can understand it only if you know how to look at those things in your life. And you cannot look through an ideology, through a screen of words, through hopes and fears.

So you see that you cannot depend upon anybody. There *is* no guide, no teacher, no authority. There is only you- your relationship with others and with the world- there is nothing else.

"tu eres el arquitecto de tu propio destino."

Ahora que comienza en realidad tu vida de adulto, puedes ver hacia atras y sentirte orgulloso del hombre en que te has convertido. Al volver a ver hacia adelante, veras el maravilloso futuro que te espera gracias a tus esfuerzos del pasado.

Felicidades hijo! Has sido un magnifico arquitecto. Sigue adelante y recuerda que siempre contaras con el apoyo y el amor incondicional de tus padres.

Que Dios te bendiga siempre y que tus pasos hacia una vida llena de dicha, de exito, de amor, y de paz.

Tus padres que to adoran.

GIVE
US ALL A
REVERENCE FOR
THE EARTH AS YOUR
OWN CREATION THAT WE
MAY USE ITS RESOURCES
RIGHTLY IN THE SERVICE
OF OTHERS AND TO
YOUR HONOR
AND GLORY

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and the ignorant; they too have their story. Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself to others, you may become vain or bitter; for always there will be greater or lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let not this blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is as perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at Peace with God, whatever you conceive Him to be. And whatever your labors and aspirations, in the noisy confusion of life keep peace in your soul. With all its shame, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.
