

Robust

Translation Operating System

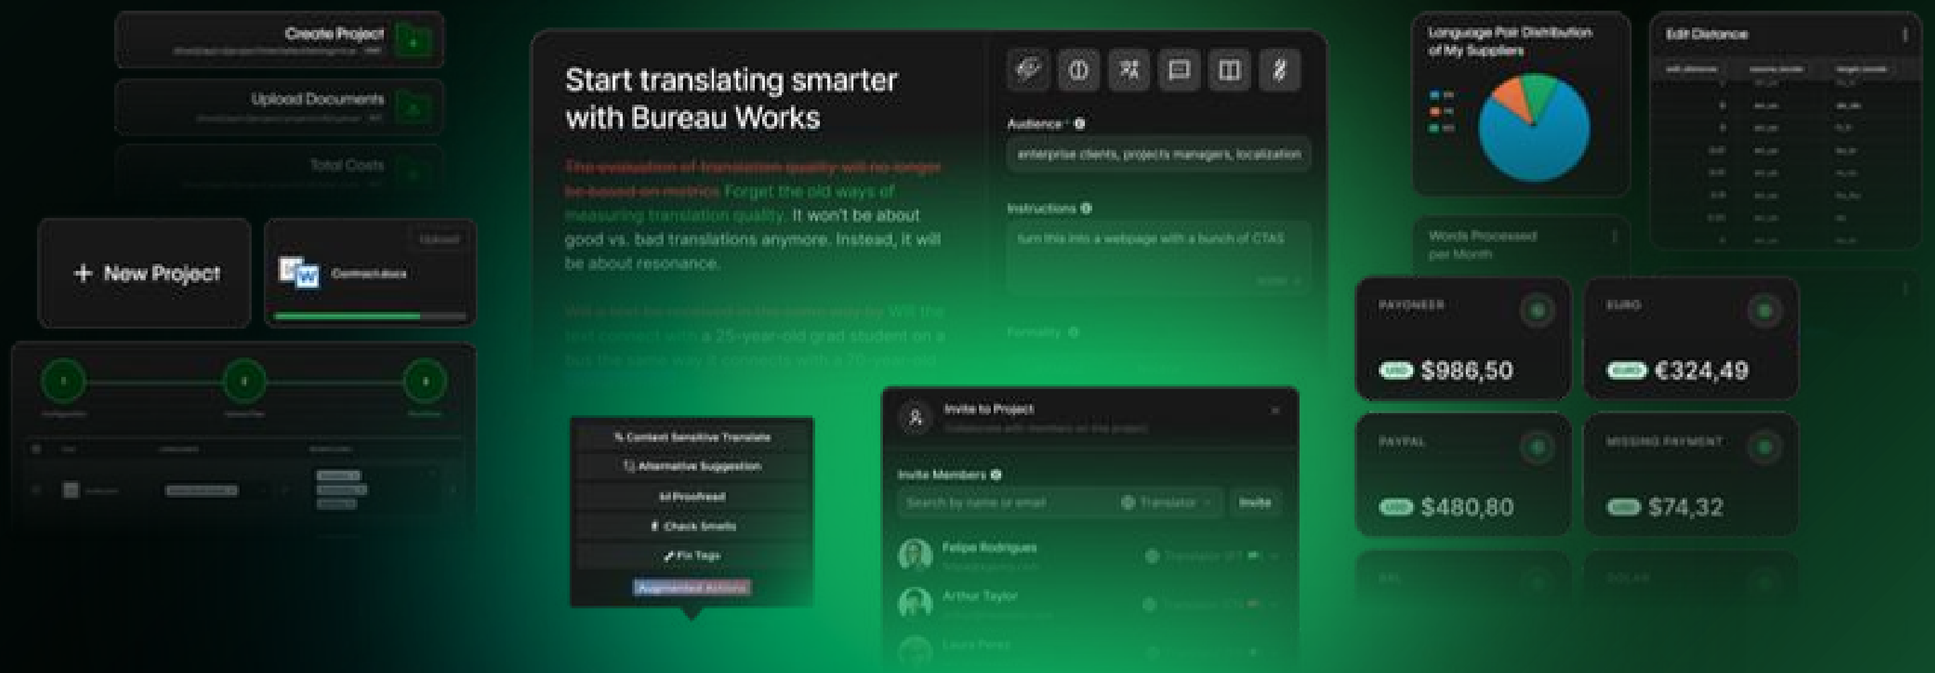

works

/ Our mission /

To break the machine is to create an environment that automates everything **that doesn't need to be handled by a human being.**

So that humans can intervene, at the right junctures, and through their intuition, creativity and rebellion, **positively disrupt the engine** that is working to their advantage.

/ THE MACHINE /

THE MOST ROBUST GLOBAL ENTERPRISE

Translation Operating System

GLOBAL BRANDS FACE A STRUCTURAL CHALLENGE

Scale with large teams

Complexity and chaos

✗

Scaling effectively

Minimizing cost, maximizing quality and predicability

✓

We build the machine

Excessive focus on AI

Overlooking the human component

✗

We can't become the machine

Authorship with intelligence

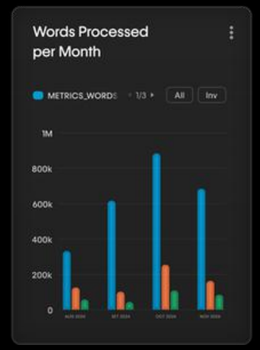

Combining human creativity with AI textual enrichment

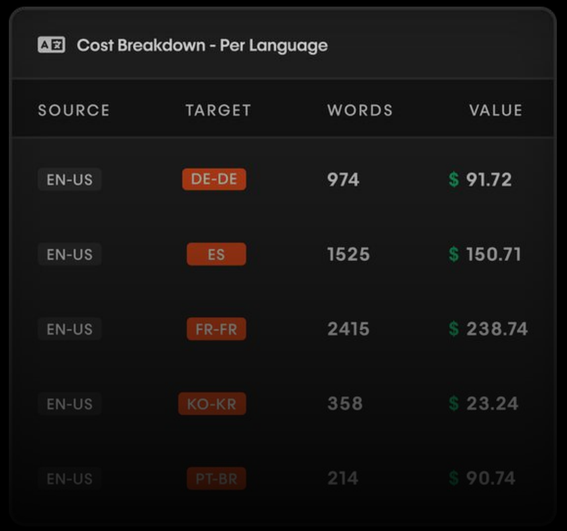

✓

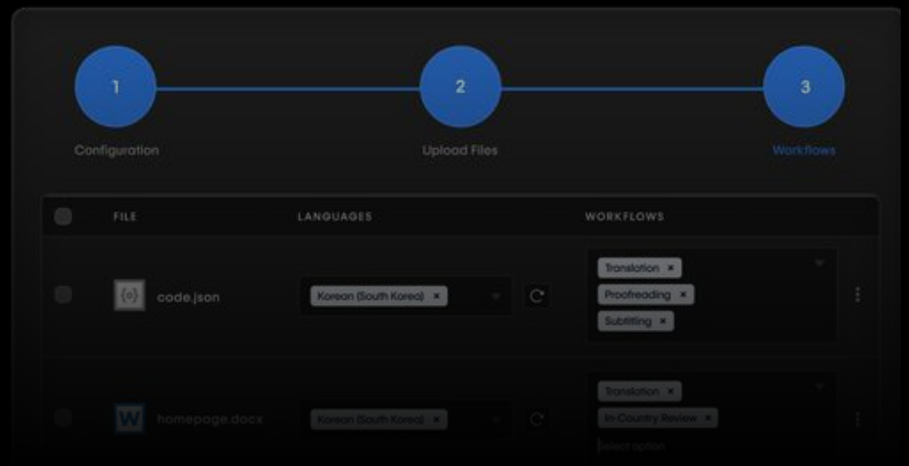

We break the machine

Our platform provides the framework for

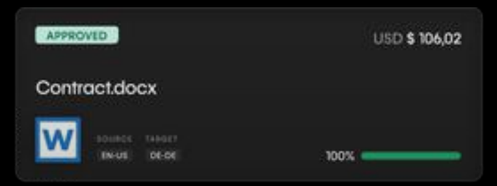

Translations at scale that unify cost, quality, workflow, and automation

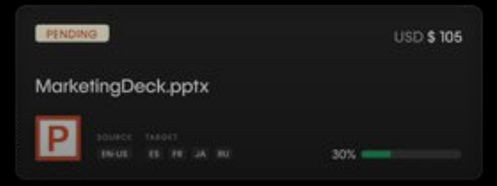

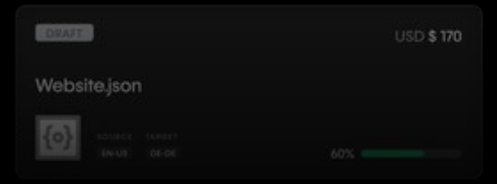

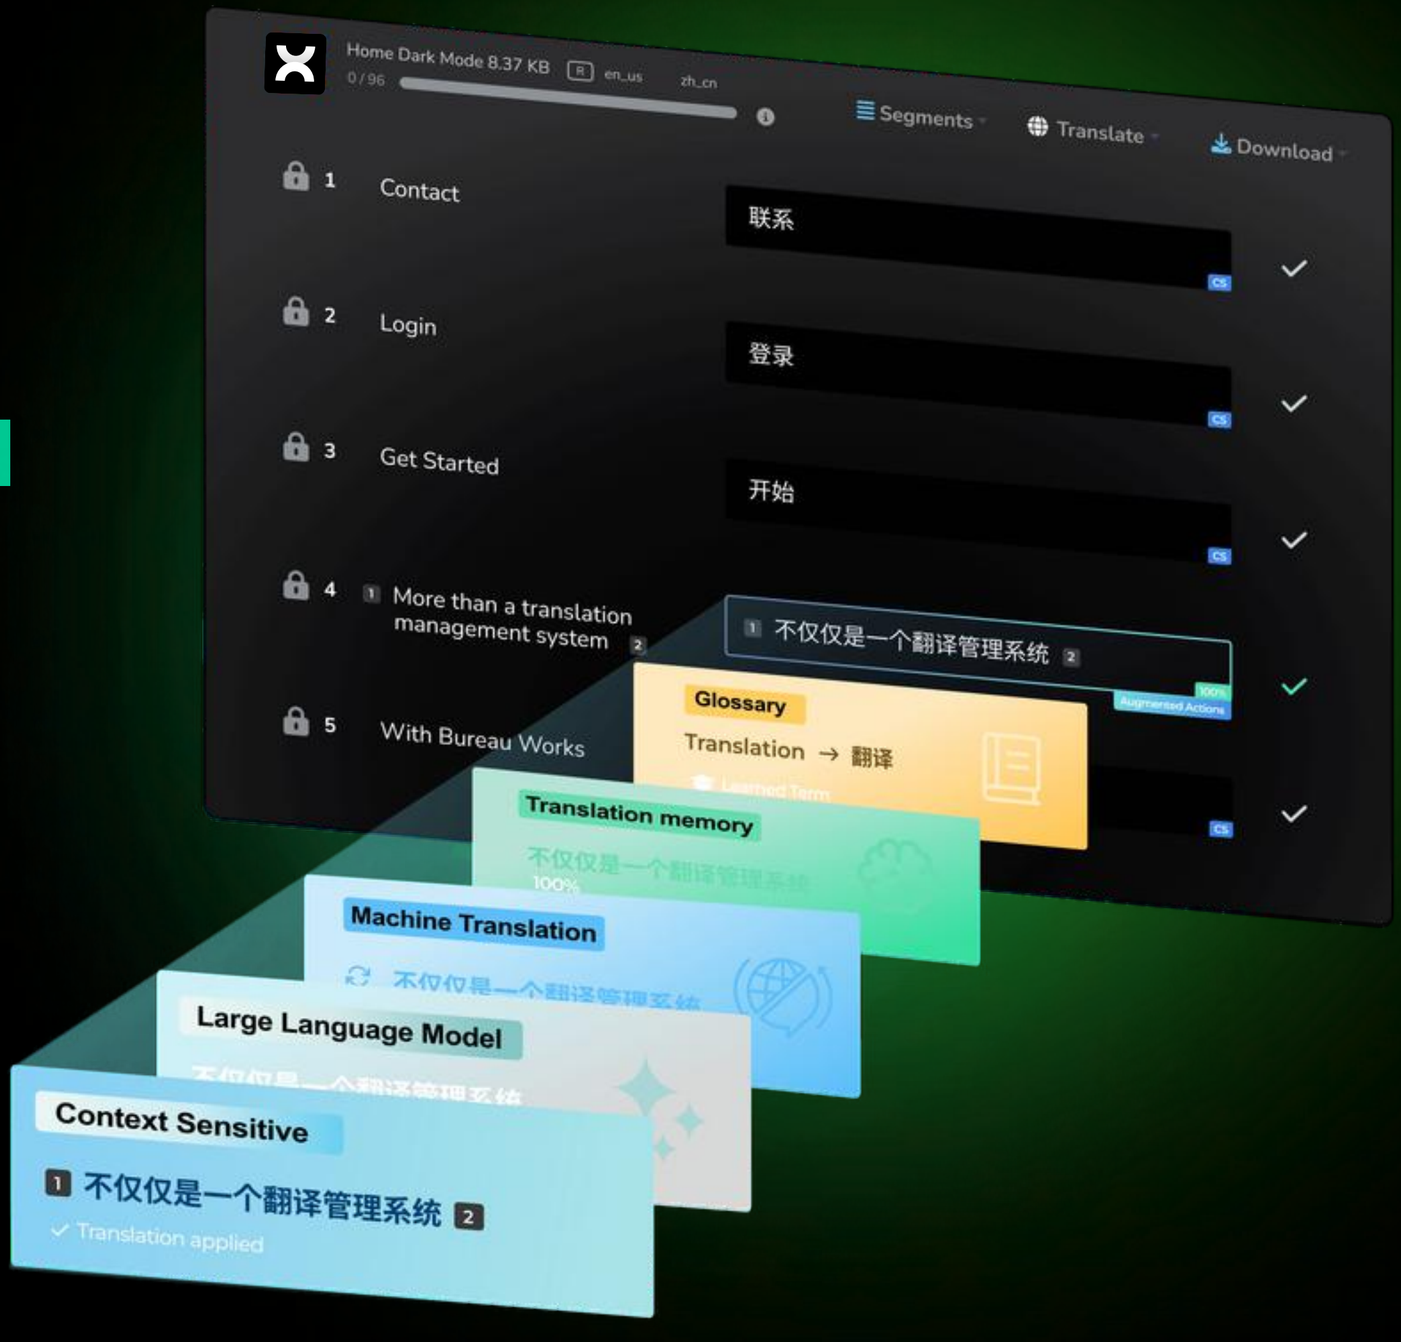

wxrks' context sensitive AI learns from human actions

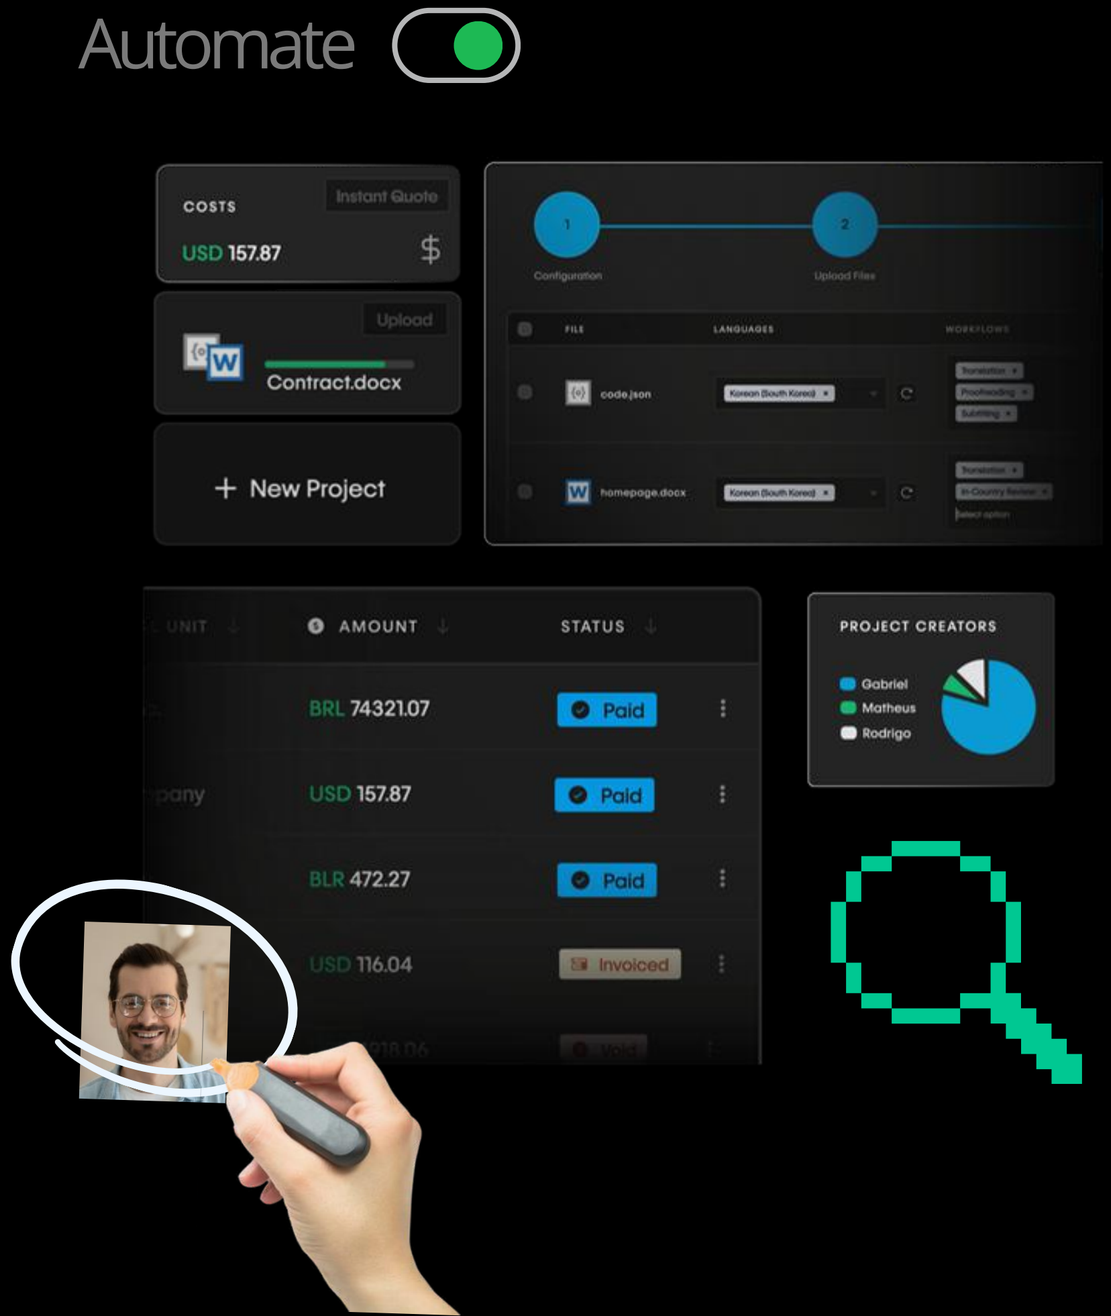

in run-time interpreting
meaning, tone, and purpose
to align suggestions
to user intent.

/ The Operating System /

Beyond translation itself,
wxrks manages the full
operational stack:

- ✓ **workflow orchestration**
- ✓ **cost management**
- ✓ **quality control**
- ✓ **vendor oversight**
- ✓ **integrations**
- ✓ **and analytics.**

*****

Maximum focus on security, privacy and compliance

wxrks **integrates seamlessly with client ecosystems** while maintaining strict governance.

Our AI infrastructure is built so that **we never have to train on client data**.

SOC 2 Type 2

API-first

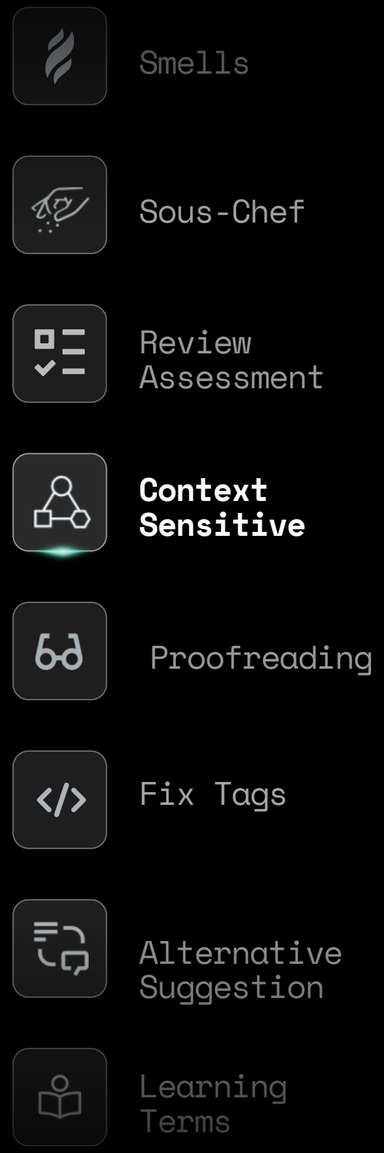

Cloud-native

Compliant architecture

/ THE INTELLIGENCE LAYER /

Augmented AI

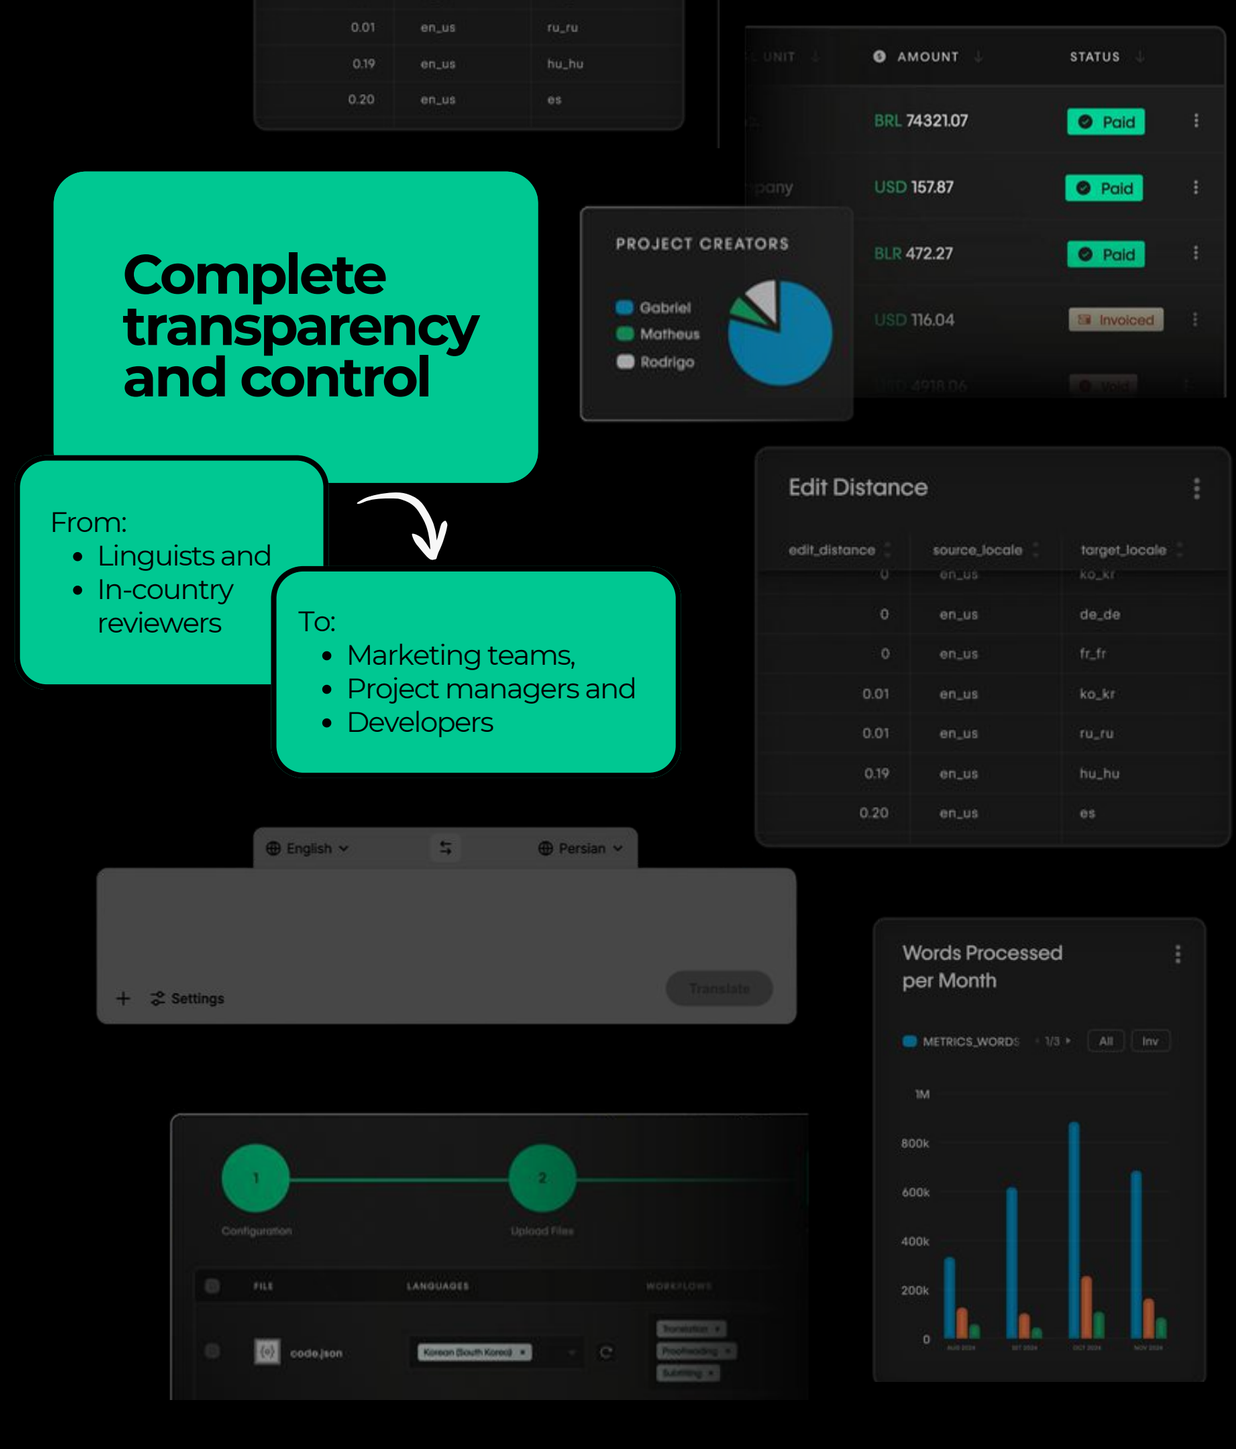

amplify human expertise
instead of replacing it.

/ The Experience /

Make localization accessible

with our platform's editors, dashboards, and user portals

/ Proof in Action /

Global Brands trust us with their content

They rely on wxrks to run global content operations.

Our programs don't just deliver tech, they deliver true partnership and success.

Coca-Cola EUROPACIFIC PARTNERS

zendesk

MOTOR HARLEY-DAVIDSON CYCLES

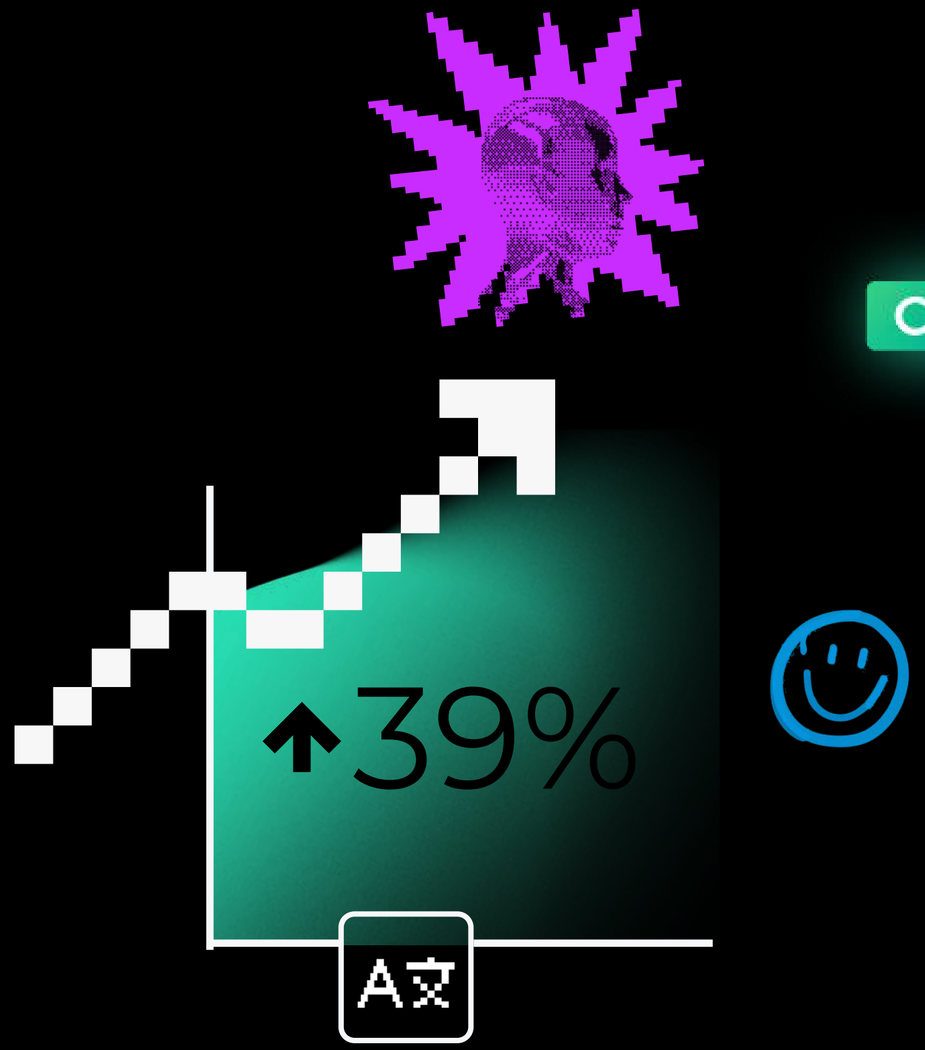

Uber

duolingo

/ The Outcome /

wxrks transforms
translation into a governed,
intelligent ecosystem

where brand expression scales globally, and human knowledge drives continuous improvement.
