The Burbage Booth Co

Hello from us...

We're Scott and Polly, the duo behind The Burbage Booth Co and we're so glad you're here!

We started the business back in 2020 (yes, during lockdown) with one clear idea in mind: to create a photo booth that looked beautiful enough to belong at the most stylish events, while producing photos that genuinely wow people. Not just a fun extra — but something that felt like part of the experience.

Fast forward a few hundred weddings, and we've had the pleasure of travelling the breadth of the UK, working in some of the countries most prestigious venues. There's also been the odd celebrity party and collaborations with incredible brands such as YSL, Viktor & Rolf, and No7.

We're still as passionate as we were when we started over 5 years ago and we bring this passion to every event we attend, ensuring you have the very best experience.

So if you're looking for a photo booth that brings a touch of class, a lot of fun, and unforgettable photos to your day, you're exactly where you need to be.

With love,

Scott & Polly x

Frequently Asked Questions

Is there a charge for travel expenses?

Up to 50 miles from LE9 Leicestershire there is no charge for travel expenses! Outside of 50 miles, we charge 50p per mile.

How much room is required?

The minimum floor space required for our booth is 3m x 3m. This is the minimum to fit in the booth, backdrop, props etc. and also to leave room for your guests to get in. We also require 2.5m height clearance.

How will my photos be printed?

We use top of the range Citizen Sublimation Dye printers and they come with a variety of options. Pick between a choice of sizes; from 2x6 strips, standard 6x4 or go supersize with our bespoke packages. You can also choose between colour, black and white or perhaps a bespoke style or 'filter'. All prints come in either glossy or matte.

Can I download the photobooth images?

After or during each event (depending on internet connectivity) we publish all of the photos in an online gallery, so you can share the link with all of your guests to relive all the magic moments captured from the night. Your photos are then available for you and your guest to download in high quality and share on social media. As well as this, we have a 'sharing kiosk' on the rear of the booth where you can scroll through the images from the night and email a copy to yourself there and then.

Do you provide staff for the event?

Yes, all of our booths come with at least one member of staff for your event. Our staff are there to set up/take down the equipment, manage the guestbook and engage with your guests to ensure they have the maximum amount of fun and get the best photos!

How long is the booth hire?

Our packages range from 2 - 4 hours but you can have as many hours as you want! You can purchase additional hours for £100 per hour. We arrive 1h 30mins to set up prior to each event, if you need us to come and get set up earlier in the day, we charge £50 for each idle hour.

Will our guests be able to view all of the photos?

Yes. Immediately after the photos have been taken they will be able to view a gallery on the rear screen of the booth. Guests can then decide to email the photos to themselves (subject to WiFi or 4G connection). As well as this, there will be a link available to guests to view the gallery from their own device.

How long do the booths take to set up?

We arrive to set up 1h 30mins before any event to give adequate time to set up. If you would like us to arrive earlier to set up, we charge £50 up to each idle hour.

Is it possible to choose between colour and black and white prints?

Yes you can choose between both options. You can also disable the choice given to guests if you'd prefer to stick to one aesthetic.

Can the booths go in a marquee?

Of course, as long as there is power (our extension lead stretches 20m) and you have adequate space. Please check our space requirements which can be found further up this page.

How many people can you fit in a booth?

Lots more than you would be able to in a traditional style booth! I think around 16 is our current record!

Can I supply my own guestbook?

Of course, just let us know beforehand.

Are you insured?

Yes we have public liability insurance and all electrical equipment is PAT tested.

What's the deal with the guestbook?

We have a white linen guestbook included with our Gold Package or you can upgrade to our luxury engraved wooden option (included with our platinum package). Both of these services are run by our staff who will ensure that you have a guestbook to remember. We will provide pens, adhesive and all other materials.

What choices of backdrop do you have?

We have a wide variety of backdrops in a number of different colours and styles. We also have upgrade options such as Flower Walls/Shimmer Walls etc. If you would prefer something more bespoke, just get in touch and we can discuss your options. Alternatively, if you have your own backdrop you would like to use then you are more than welcome.

How much power do you require?

We will need just one normal UK 13amp plug socket. Please let us know in advance if we need to run a long extension cable.
