QUESTION? Do you struggle getting through on the phones to Main Dealers?

Don't get a call back when you leave a message?

Don't get a quick enough response when you send an email?

Do you want to communicate more efficiently/effectively with the Best in Class Main Dealers?

Are you based in the following postcodes:

BB/BL/CH (EXCLUDING CHI-4)/L/M/OL/SK/WA/WN

NWBS INTRODUCE A NEW COMMUNICATION TOOL

Simply Click on www.nwbs.uk and register for FREE on our New Website with the best in class Main Dealers in easy reach. (allow 24 hours for your registration to be processed)

Once registered and you have your username and password (within 24 hours of registering) just click on the franchise you need to contact for Parts Prices & Availability/Place Parts Orders/Ask Main Dealers questions or any other general enquiries and away you go, You can attach images/parts lists/estimates or any other documents.

When you send your enquiry you get an email back so you know the Dealer has got the email as you get a copy yourself so no ringing up two hours later "did you get the email I sent earlier"

Any questions give Neil a ring and if you feel we can improve the website please just let me know.

Try it Today

GDI Services

Specialists in OE Dealer Diagnostic Procedures,
ADAS Calibrations, Key Programming, Air Conditioning,
Resetting of Dashboard Warning Lights

ADAS 360 CALIBRATION SPECIALISTS

BYD • MG • JAECOO • OMODA • CHINESE EV & SUV PLATFORMS

Modern bodyshops are seeing more Chinese-built vehicles than ever – and with them comes a new level of ADAS complexity. Long working distances, oversized calibration mats, and strict environmental requirements mean most workshops simply aren't equipped to handle them.

We are.

Why Bodyshops Choose Us

- Full-size calibration facility with the space required for long-range radar and camera setups
- Correct lighting, floor level, and controlled environment for accurate static calibrations
 - Large-format OEM-spec calibration mats for BYD, MG, Omoda, Jaecoo and more
 - Over 100 successful calibrations completed across the latest Chinese EV and SUV platforms
- Fast turnaround to keep your workflow moving
- Full documentation & calibration reports for insurers and audit compliance

We Take Care of the Hard Part

Chinese ADAS systems demand precision. We provide a complete calibration service so your team can focus on repairs, confident that every vehicle leaves your shop safe, compliant, and correctly aligned.

Supporting Bodyshops Across the North West

If you're repairing **BYD, MG, Omoda, Jaecoo** or other Chinese models, we're ready to support you with a reliable, specialist calibration service.

GDI Is Now SERMI Approved

Secure Access • Faster Turnaround • Dealer-Level Capability

SERMI is now active, and secure authentication is required for an increasing number of diagnostic, programming, coding, ADAS & secure gateway operations. GDI is now fully SERMI approved, giving your bodyshop instant access to these restricted functions – on-site, with no delays.

What This Means for Your Bodyshop

- **SERMI-Restricted Functions Covered:** We handle all security-related programming, coding and diagnostics with full SERMI authentication.
- **Mobile OE Diagnostics & ADAS:** We come to you with dealer-level tools and credentials, keeping repairs moving without sending vehicles out.
- **No Dealer Delays:** Faster job completion, quicker invoicing, zero disruption.
- **No SERMI Admin for You:** No staff vetting, no registration, no compliance burden – we take care of it.
- **Experts in Chinese EVs & SUVs:** BYD, MG, Omoda, Jaecoo and more, plus full ADAS calibration capability.

We Support You With:

- Module programming & coding
- Key & immobiliser-linked functions
- Secure gateway access
- ADAS calibrations requiring authentication
- OE-level diagnostics across all major brands

SERMI-Approved Support, Delivered to Your Door.

GDI Mobile Diagnostics & ADAS – Dealer-level capability. Mobile convenience. SERMI compliant.

UNLOCK MASSIVE EXPOSURE - ADVERTISE IN THE UK'S FASTEST-GROWING BODYSHOP NEWSLETTER

Running a successful car bodyshop or main dealer operation in today's market is tough. Labour rates are rising, parts costs fluctuate, and competition for repair work is fierce. While you focus on delivering flawless repairs and keeping customers happy, how do you make sure the right suppliers, tools, equipment providers, software companies, and industry partners know exactly who you are — and what you need?

The answer is targeted advertising — and it doesn't have to cost a fortune.

Our industry newsletter reaches over 800 bodyshops and main dealers directly via email twice every month. That's consistent, repeated exposure to decision-makers who buy paint, consumables, diagnostic tools, insurance management systems, training, PPE, and workshop equipment. On top of the direct email reach, every issue is shared widely on Facebook and LinkedIn, generating thousands of additional views from professionals across the UK collision repair sector. Many readers forward relevant issues to colleagues, amplifying your message even further.

For a limited time, we're offering full-page advertisements at a special offer.

That's right — a prominent full-page ad that showcases your product, service, special offer, or new innovation to hundreds of qualified buyers for less than you think.

Compare that to traditional trade magazines, where a single full-page colour ad can easily run into hundreds or even thousands of pounds. Our newsletter gives you high-frequency, highly targeted reach at a fraction of the normal cost — perfect for smaller suppliers, new entrants, regional distributors, or established brands looking to test the market without breaking the advertising budget.

What can you promote?

**New paint systems or consumables - Workshop tools and equipment
Software & estimating solutions - Training courses or apprenticeships
Insurance or finance packages - Special offers and bulk deals**

Each full-page ad is professionally designed (or supply your own artwork jpeg, png, pdf flattened) and placed in a clean, readable newsletter that professionals actually open and read because it contains useful industry news, tips, and insights.

Spots are limited per issue to keep the newsletter valuable and uncluttered for readers.

If you supply the bodyshop and dealer sector — or want to — this is one of the most cost-effective ways to generate genuine enquiries and build long-term relationships with workshops across the UK.

Ready to get in front of 800+ decision-makers + thousands of social views

Contact Neil today on 07917 868203 to book your full-page slot. Early bookings secure premium placement.

Don't stay invisible in a competitive market. Let the industry know you're here — and what you offer — **for less than you probably spend on coffee each week.**

Your next customer or supplier relationship could start with one simple advert.

COMPLETE RECOVERY SOLUTIONS

WE HAVE IT
COVERED!

NATIONAL AUTOMOTIVE CAREERS

WEEK 2026

20TH/24TH APRIL 2026

HEADLINE PARTNERS

THE BRITISH
MOTOR SHOW.

Auto
Windscreens
CLEARLY GOING PLACES SINCE 1977

School of Thought are already planning National Automotive Career Week 2026.

We are delighted to have The AA again as our headline partner and really excited to announce they are being joined in 2026 by The British Motorshow team.

This is the third edition from School of Thought and this is a great opportunity for businesses small and large to promote career opportunities through local advertising, websites and social media platforms like Facebook, Instagram and TikTok.

This is an opportunity for all sectors of the industry to really connect with schools and colleges but also with people from all walks of life looking for jobs within the industry, so whether you are a garage, bodyshop, dealer, parts distributor, engineering company, equipment supplier, software company or part of the supply chain get the date in the diary and start planning your own marketing campaign. Plan to attend a careers fair locally, give a young person a weeks work experience or arrange for a school to visit your business.

Simple actions that can make a real difference.

With Apprentice Week in February and Careers Week in March both supported by School of Thought National Automotive Careers Week from 20th-24th April 2026 is our week to make a noise and showcase everything from work experience, apprenticeships and even job opportunities on a National scale.

MOTOR CLAIM
GURU

All the best things are on the others side of Fear!

Are you a procrastinator? We all are!

Do you take MASSIVE ACTION on a daily basis? Or just keep doing what you have always done? How resilient to change are you?

We all get too comfy in our comfort zones, naturally, we do not like getting pushed out of them. Sometimes, we make choices, other times, these are forced upon us. Both require action to be taken, but what type of action?

I have noticed over the last few years though that I have gotten tied up in doing work, rather than the MASSIVE ACTION I used to take. I have got “Comfy”.

Time to take MASSIVE ACTION. I am currently reading a book called “how to be brilliant” by Michael Heppel, I recommend it.

What in your life do you want to change? Work or personal?

Why don't you do it? FEAR!!!!!! , it could be as simple as putting an email off, as you know that as soon as you open it, your opening a tin of worms. It could be as big as leaving a relationship or leaving your job. Often, the fear we attach to things is much greater than the reality, other times it can be really painful whilst you are experiencing it, but if you do not push through it, your situation will NEVER change. Pain makes us change. We need it.

In Business, we can all do a “good” job, but we can no longer be good, we need to be “BRILLIANT”.

A few months ago I watched Steven Bartlett (Dragons Den) at the Apollo in Manchester(as you can see, I am always working on my own development through reading books, audio books or experiences), an Interesting comment was “ We often get told to not sweat about the small stuff”, but is the “small stuff” is where the gold is.

I could not agree more, attention to detail, CARING about the product or service you provide. The “it will do” attitude, won't if you want to be successful in business.

MOTOR CLAIM
GURU

You need to go to a level other people do not..BE BRILLIANT.

BRILLIANCE is about “Pushing that little extra,going just one step further,that extra mile,it is caring more,understanding more, researching more,delivering more by putting more effort that others don't and by achieving that, you will do a brilliant job” (quote c/o Michael Heppell's book).

Brilliant people take MASSIVE ACTION! That means you have to get off your backsides and “DO” or to coin Nike's ad “Just do it”.
The language we use to program ourselves is a hugely powerful tool in doing this,a powerful goal setting tool is to use the three ‘p's’. They need to be:

Personal
Positive
Present tense

When setting goals , YOU are the important part. It needs to be Personal,

You need to create them thinking “what's in it for me”.

And goals you set, start it with “ I am, I have, I will” ect.

It needs to be Positive.Avoid a word with a negative attachment, for example, a goal could be,

“I am no longer in debt”, which is a great goal, but more positively framed. “ I am financially free now”. What is the difference? One word can make a lot of difference!.

Gestalt

When I learned about how we learn, Gestalt is a powerful way of learning, naturally our brain wants to make order out of things, when you make goals in the present tense, your brain try's to make it work. It thinks, if that how it sounds, feels and look, how do I make it work?

This is why goals happen faster when set in the present tense.

The Master of this was Muhammad Ali, without a doubt the best goal setter out there, do you remember his affirmation? “I am the greatest”.

Take action, you will be too.

Tim Kelly MotorClaimGuru Ltd
MSOE MIRTE MIMI C.A.E. EngTech.

FREE ADVERTISING

****The Power of Free Advertising: Why Every Car Bodyshop Needs to Market Itself****

In today's competitive auto repair world, many car bodyshops still rely on word-of-mouth and hope for the best. Yet the truth is simple: great work alone isn't enough. Customers who need collision repairs, paint jobs, or dent fixes rarely drive around looking for signs—they open Google or their phone and search “car body shop near me.” Without advertising, even the most skilled technicians sit idle while competitors fill their bays. Advertising isn't a luxury; it's the lifeline that turns your expertise into steady revenue. The good news? Much of it can be completely free.

First, understand why advertising matters. Industry data shows that shops investing in basic marketing see far more jobs per week than those that don't. When potential customers face an accident or hail damage, they want fast, trustworthy options. Strong advertising puts your name at the top of their list, builds credibility through reviews and photos, and creates repeat business. Without it, you're invisible to the thousands of local drivers who need your services every month. Paid ads work, but they're not the only path—smart owners tap into free channels that deliver real results without touching the marketing budget.

The easiest and most powerful free tool is Google Business Profile. Claim and fully optimize it today. Add high-quality before-and-after photos of repairs, list every service (dent removal, frame straightening, custom paint), update hours, and encourage every satisfied customer to leave a review. Google rewards active profiles with better local map rankings. Many shops report a surge in calls simply after posting weekly updates or offers like “free courtesy shuttle.” It costs nothing and appears in searches 24/7.

Social media is another zero-cost goldmine. Post on Facebook, Instagram, and TikTok: dramatic before-and-after videos, quick repair tips, or customer testimonials. A short reel of a smashed fender turning showroom-perfect can go viral locally and bring in direct messages from neighbors. Tag satisfied clients and ask them to share—user-generated content builds trust faster than any ad. Join Nextdoor, the free neighborhood app, and claim your business page. Locals post about accidents daily; a quick, helpful reply positions your shop as the go-to expert.

Don't overlook partnerships and community ties. Visit local insurance agents with donuts and business cards, offering referral perks like priority scheduling. Team up with towing companies, dealerships, or car washes for mutual referrals. Sponsor a little-league team or host a free car-care clinic at a community event—local news often covers these stories for free publicity. Encourage reviews at pickup time; a simple “leave us a Google review and get a free T-shirt” turns happy customers into walking billboards.

Consistency is key. Spend just 30 minutes a day on these free tactics and watch inquiries grow. Track what works by asking new customers how they found you. Advertising isn't about spending money—it's about being found when someone needs you most. Start today with your Google profile and one social post. Your bays will thank you, and your bottom line will prove it.

ALL-NEW, ALL-ELECTRIC TOYOTA C-HR+ ICON

GET THAT TOYOTA ELECTRIC FEELING

£283 + VAT
MONTHLY RENTAL*

£1,695 +VAT
INITIAL RENTAL*

RRG Group Fleet
191 Moorside Road,
Swinton, Manchester, M27 9LL
Tel: 0161 728 8235
www.rrg-group.com/fleet

Model shown is MY26 Toyota C-HR+ Icon Electric FWD 57.7kWh Auto £28,003.33+ VAT. Additional charges may apply on selected paint colours. Prices correct at time of being published. Fuel economy mpg (l/100km): n/a. CO₂ emissions: 0 g/km. Combined electric range 284 miles. Figures obtained after full battery charge. The Toyota C-HR+ is a battery electric vehicle requiring mains electricity for charging. Electric range figures were achieved using the WLTP test procedure and are provided for comparison purposes. Only compare CO₂ and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which depend on various factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. *Business Users Only. Initial rental and VAT applies. Non-ownership. Available on new hires of Toyota C-HR+ Icon when ordered and proposed for leasing between 1st April 2026 and 30th June 2026, registered and leased by 30th September 2026 through KINTO UK Limited (KINTO) Contract Hire (BCH), and registered by 30th September 2026 at participating centres. Advertised rental is based on a 36 month customer maintained contract at 5,000 miles per annum with an initial rental of £1695 + VAT. VAT is applicable to all rentals. All rentals are inclusive of vehicle excise duty (VED) cost. Price correct at time of calculation. Terms and conditions apply. Excess mileage charges will apply if the agreed mileage limit is exceeded. You will not own the vehicle at any point, and the vehicle must be returned at the end of the agreement. Other finance offers may be available but cannot be used in conjunction with this offer. Offer may be varied or withdrawn at any time. Available from participating Toyota Dealers. Hire subject to status and eligibility to UK residents aged 18 or over only and subject to availability from KINTO at participating Centres. Excess mileage, vehicle condition and other charges may be payable. All introducers are independent of KINTO and commonly introduce customers to a selected panel of providers including KINTO. KINTO will pay the introducer a commission for introducing you to them. Commission is calculated based on a fixed percentage of the basic list price of the vehicle you are leasing, with the percentage varying depending on whether you opt for maintenance. Any such amounts will not affect the amounts you pay to KINTO under your hire agreement. KINTO UK Limited, Registered Office: Building 1000, Lakeside, Western Road, Portsmouth, PO6 3EN. Registered in England with number 0837940. VAT Registration Number GB 338 4019 05. KINTO UK Limited is authorised and regulated by the Financial Conduct Authority under number 311776. KINTO is a registered trademark owned by Toyota Financial Services Corporation, Japan and used under licence by KINTO UK Limited.

At RRG Group, we pride ourselves on delivering tailored vehicle solutions for both private and business customers. Personal Contract Hire (PCH) and Business Contract Hire (BCH) have become increasingly popular alternatives for both private individuals and small/medium sized businesses respectively. Our goal is simple: to provide flexible, cost-effective, and hassle-free ways to get behind the wheel, all supported by our dedicated fleet department in Swinton.

With Personal Contract Hire, we offer individuals the opportunity to drive a brand-new vehicle with fixed monthly payments, making budgeting straightforward and predictable. There's no need to worry about depreciation or resale value, and customers can enjoy upgrading to newer models more frequently. This means access to the latest technology, improved efficiency, and enhanced safety features without long-term commitment.

For businesses, our Business Contract Hire solutions are designed to keep things efficient and professional. Whether managing a single vehicle or a full fleet, we help reduce upfront costs and simplify financial planning through fixed monthly rentals. BCH can also offer potential tax advantages, including VAT reclaim opportunities, while removing the administrative burden of vehicle ownership. This allows businesses to focus on their day-to-day operations while we take care of their fleet needs. Our experienced team works closely with each customer to understand their specific requirements, offering tailored advice on vehicles, contract terms, and mileage options. From the initial enquiry through to delivery and beyond, we provide a seamless, end-to-end service with ongoing support throughout the contract.

We're proud to offer a wide range of vehicle brands to suit every need, including Toyota, Lexus, Mazda, MG, Skoda, Kia, Peugeot, as well as the emerging Omoda and Jaecoo brands. Whether you're looking for a compact city car, a hybrid, a commercial vehicle, or a premium model, we have options to match your lifestyle or business demands.

At RRG Group, we believe contract hire is the future of driving- flexible, transparent, and tailored around you. With our expert team and extensive brand offering, we're here to make your journey simple and stress-free.

For more information on Toyota commercial vehicles, please visit: <https://www.rrgleasing.co.uk/van-leasing/toyota>

**Alzheimer's
Society**

Together we are help & hope
for everyone living with dementia

LANCASHIRE
MOTOR BODIES

Simon Wood of Lancashire Motor Bodies is looking for your support

Any plug or sponsorship NWBS readers could drum up would be greatly appreciated.

If companies want to sponsor me have an iron transfer logo they can send, I'll put it on the running shirt!

I am running on behalf of Alzheimer's Society who are working towards a world where dementia no longer devastates lives.

They do this by giving help to those living with dementia today, and providing hope for the future by campaigning to make dementia the priority it should be and funding groundbreaking research.

I am running the following:

Great Bristol Run Half Marathon
Great Birmingham Half Marathon
Great Manchester Half Marathon

Give Now

SECURING NON FAULT REPAIRS

5 Tips to securing non-fault repairs.

- 1: Ask some simple questions at the start of doing an estimate as to who was to blame for the accident – you will be surprised as to how willing customers are in providing their views, particularly if its not their fault.
- 2: Remind your customers that they paid for their insurance to cover them should they cause an accident, and not for the benefit of the other driver.
- 3: Advise them that should they claim on their policy, fault or non-fault, they will pay up front their excess amount.
- 4: Also confirm to them that their policy is effected if there is a claim . Even if its isn't their fault, their policy will have a claim registered against it, and this WILL affect their premium amount, come the time of renewal.
- 5: Finally make them aware that if they let their insurer choose the repairer, then they will only be offered a small courtesy car while their car is being repaired. However by following your recommendations, they will be provided with a vehicle similar in size to their own.

There is only one way to ensure that;

A: Your client doesn't pay an excess

B: They keep their insurance no claims status clean

C: They get provided with a like for like replacement vehicle

D: And they have all the hassle and stress taken away from them

and that's to allow a specialist company to take the claim directly to the third party insurers on their behalf. If you follow these steps you will secure more repairs, securing top labour rates, being paid in 24Hrs, and you will earn more from your hire commissions.
