

Imageperfect Refresh

Self-adhesive interior décor films

The Refresh Range

Colour	4
Wood	6
Marble	8
Textiles	10
Stone	12
Glitter & Mirror	14

Trends change and over time interiors can start to look tired. But an interior refresh project in today's environment brings a myriad of considerations. Businesses must minimise costs, increase efficiency and consider their environmental impact.

IP Refresh by Imageperfect offers cost-effective self-adhesive films in a wide selection of patterns. These conformable films, durable for up to 5-years, are perfect for businesses, homeowners and organizations seeking efficient, stylish interior décor solutions.

Refreshing existing surfaces is much better than throwing away and replacing. By wrapping items, you can offer a renovation with less down time, labour costs and waste.

Say goodbye to dust, noise, and hassle.

Cost-effective | Conformable applications | Sold by the metre

Thickness (film only): $\pm 200\mu\text{m}$ depending on the pattern

Colour

The range offers a selection of colours inspired by the latest interior design trends. Blend them with natural surfaces to create a lively atmosphere or use them as colourful accents to liven up monotonous rooms. And there's no need to paint and outgas the room, the installer just needs to prime the wall and apply. Colour transformation in a flash!

Black Matt

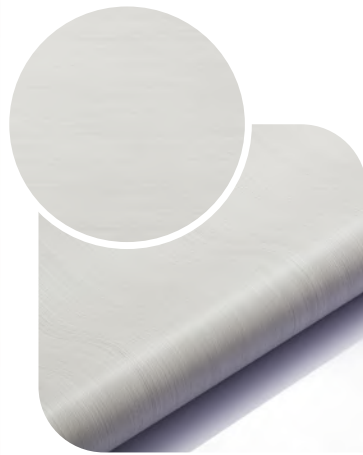

Wood

Wood creates a sense of well-being and cosiness with its natural look. Our range offers a wide array of forest-inspired textures that shape the tone of a room like only nature can. Use the various wood decors to bring surfaces to life. Refresh tables, doors, counters and walls to give them a rustic feel.

Antique Marble

White Marble

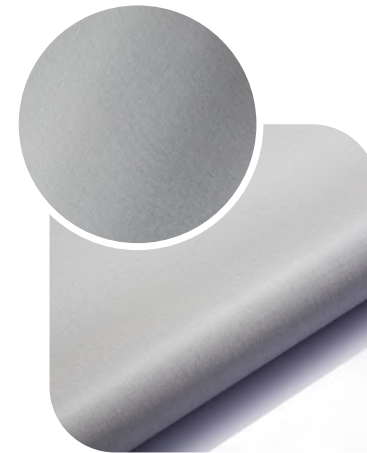

Textiles

Textiles remain a popular choice for interior design. IP Refresh offers natural-looking designs to enhance interior spaces with texture, softness, and subtle sophistication. Transform monotonous walls into something special, set a soothing atmosphere and benefit from the easy-to-clean surfaces in canteens or hotels.

Glitter & Mirror

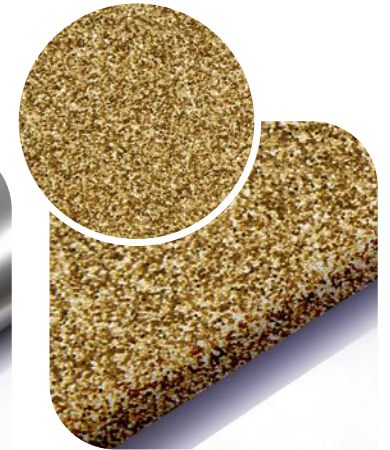

Glitter and Mirror films are designed to transform interior spaces with striking decorative effects. Glitter creates vibrant, eye catching surfaces that add sparkle, energy and visual impact, while Mirror delivers a stylish blurred reflective finish that enhances light and space. Ideal for retail, hospitality, commercial and residential environments, these conformable embossed PVC and PET films provide a simple way to refresh interiors with distinctive, attention grabbing finishes.
