A Place Where
Dreams Come True

Welcome

To the exciting world of playground and recreation, proudly brought to you by PGE.

Park Games Equipment,
founded in 1995, has grown into
one of the top playground equipment
and recreation facilities manufacturer
in the region.

ويفز للتجارة والمقاولات ك.م.م.
WAVES TRADING & CONTRACTING W.L.L.

Our Vision

Our vision is to create a nurturing play environment, comprising of play value and quality equipment in compliance with international safety standards.

Our Team

Park Games Equipment's team of directors, product designer, sales and marketing managers, finance and administration managers, product team are committed to provide highest standard of quality service and product to all our clients.

As such, we have continuously invested in Research & Development improvements to serve you better. We at PGE are proud that through our products, we can play a vital role in enriching the lives of children, teenagers and adults by promoting a fun-filled, active and healthy lifestyle.

All PGE products are designed, developed and manufactured in accordance to the International Safety standards; EN 1176: TUV of Germany, ASTM of USA, MS 966 of Malaysia and the Quality Management System of ISO 9001:2008.

We export throughout the globe, which includes countries like UAE, Saudi, Qatar, Bahrain, Oman, Singapore, Japan, Thailand, Philippines, Brunei, Vietnam, Indonesia.

Safety Standards and Warranty

PARK GAMES® provide warranties on all materials and workmanship for one year, excluding vandalism.

In addition, PARK GAMES® offers:

- Lifetime limited warranty on all Aluminium Post
- Lifetime limited warranty on all Stainless Steel Hardware
- 5 years limited warranty on Direct Bolting System
- 5 years limited warranty on all Galvanized & Powder Coated Components
- 5 years limited warranty on all Rotationally-Molded Components
- 5 years limited warranty on Plastisol Coated Components
- 1 year limited warranty on Ropes, Moving Parts, Swing Seats and Springs

This Warranty does not include any cosmetic issue. To the extent permitted by law, these warranties are applied in lieu of any other implied or expressed warranties or representations by any person, including any implied warranty of merchantability or fitness.

Products Liability Assurance

Park Games Equipment (PGE) has the extensive Product Liability Assurance coverage in the amount of RM500,000; another initiative by PGE to further protect customers and end users.

For further details, please contact our Customer Service department at (603) 7491 0278.

Material Specifications

Aluminium Upright Posts

'Park Games' Aluminium upright posts come in 3 sizes; 4 ½" (114mm) O.D for Kid Fun, 4" x 4" (102mm x 102mm) for Kid Fun SQ and 3 ½" (89mm) O.D for Kid Play and KP Cemerlang. The upright posts are made of 1/8" (±4mm) thickness aluminium tubing and coated with PEF ultra violet polyester powder coating which meet or exceed ASTM standards for impact resistance, corrosion protect, dent and adhesion. The integral part of 'Park Games' uprights is that it is complete with direct bolting system (factory installed), a system designed to perfect the accuracy required on site measurements and installation.

Plastisol Coated Products

All 'Park Games' plastisol coated products (decks, access ladder, suspension bridge, arch bridge and etc) are fabricated from perforated steel and coated with oven-cured Non-Slip Polyvinyl Chloride Plastisol Coating. 'Park Games' plastisol coating also works as an excellent cushion for children play on.

Stainless Steel Hardware & Safety Cap

All 'Park Games' hardware are temper proof stainless steel and further protected with UVPE safety caps. The UVPE safety caps not only works to eliminate the unattractive look of exposed and protruding hardware on playground equipment, I also minimize the possibility of vandalism.

Roto-molded Polyethylene Products

All 'Park Games' Roto-Molded Polyethylene products (slides, panels, playpod etc) are linear medium density material ultra violet stabilized and colour impregnated with a minimum of 6mm (1/4") thickness. The Polyethylene components are either double walled such as slide and nominal such crawl tube depending on equipment's requirements.

Metal Components

All 'Park Games' metal components (handrails, horizontal ladder, safety rails, etc) are fabricated from 1/8" (±4mm) thickness steel tubing come with approved welding finishes and hot dipped galvanized. The metal components are then electrostatically applied with polyester dry powder coating and oven cured at 200°C to meet ASTM D2794, on impact resistance and B117-73 on corrosion protection.

Polyethylene Roof

'Park Games' polyethylene roofs consists of multiple pieces of single or double walled polyethylene roof panels, bolted to the aluminium upright supported by galvanized polyester powder coated steel frames. The polyethylene material is ultra violet stabilized and colour impregnated to sustain durability even in the toughest climate and condition.

Material Specifications

Perforated Roofs

All 'Park Games' perforated roofs are coated with galvanized polyester powder. It consists of 4 sections that are strongly bolted to the aluminium uprights and further supported by galvanized powder coated steel frames. In-depth design research and studies on cultural elements/influence and etc had been carried out to achieve aesthetic value as well as to fulfil architectural requirement for all 'Park Games' roofs (eg: Tropicana, Combat & Helang).

See Saw

'Park Games' see saws are fabricated from polyester powder coating galvanized square and rectangular steel tubing bolted with spring coil spring made of 19mm (¾") steel rods and diameter of 175mm (7") while its seats are made of UV Stabilized High Density Polyethylene (HDPE).

Spring Items

'Park Games' spring items anti-pinch coil springs are of 175mm (16") of height. Springs are bolted to a steel plate, while all saddles are made of UV Stabilized HPDE and are quality checked, to be free of sharp edges.

Swing & Swing Seats

All 'Park Games' swings are fabricated from galvanized steel of 65mm (2 1/2") O.D, 11 gauge road tubing and coated with PEF ultra violet polyester powder coating. Swing hinges are fabricated from galvanized iron come with heavy duty ball-bearing to enhance smooth swing effects. The swing chains are galvanized steel coated with Polyvinyl Chloride Plastisol Coating, while the seats are of slash proof UV stabilized EPDM Belt Seats and Toddler Seats with tempered stainless steel reinforced from tamper proof stainless steel.

Composite Wood Products

'Park Games' uses imported Composite Wood products from USA which is made from PP plastic mixed with wood fibre which are known to be more durable as it does not warp under rain and shine. This material is used in our Outdoor Gym and Fitness as well as Outdoor Furniture where the warmth of wood is appreciated, but without the hassle and maintenance of real wood.

Rope & Rope Fittings

All 'Park Games' rope equipment uses imported 16mm/18mm 6 strand Nylon rope with reinforced steel core from Europe. Nylon (Poly-Amide) is an engineering plastic, known to be as strong as steel and also extremely durable against abrasion hence much superior to Polypropylene (PP) and Polyethylene (PE). Nylon also feels great to hold and secure to grip.

These ropes are connected to a special fitting which is made of solid aluminium, stainless steel or nylon providing the structure extra safety and durability.

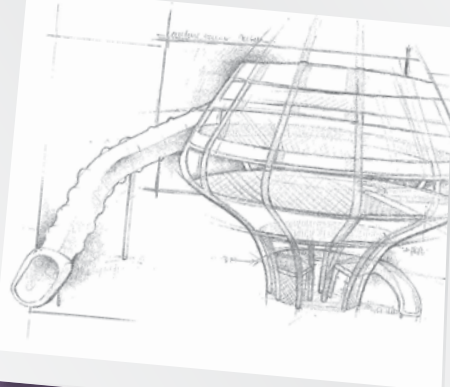

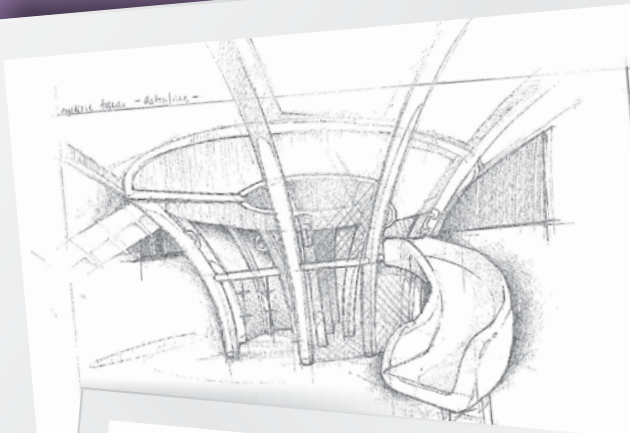

Customised Designs

We at Park Games Equipment truly takes pride with our customized design products. We enjoy challenging our team to come out with innovative products which be sure to WOW.

1. Brainstorming for new concepts and ideas

2. Working on sketches
